Public Utilities Act

Public Utilities Act (220 ILCS 5/8-403.1)

. . . .

(k) Beginning January 1, 2000, and each January 1 thereafter, each city, village, or incorporated town that received distributions from the Municipal Economic Development Fund, continued to hold any of those distributions, or made expenditures from those distributions during the immediately preceding year shall submit to a financial and compliance and program audit of those distributions performed by the Auditor General at no cost to the city, village, or incorporated town that received the distributions. The audit should be completed by June 30 or as soon thereafter as possible. The audit shall be submitted to the State Treasurer and those officers enumerated in Section 3-14 of the Illinois State Auditing Act. If the Auditor General finds that distributions have been expended in violation of this Section, the Auditor General shall refer the matter to the Attorney General. The Attorney General may recover, in a civil action, 3 times the amount of any distributions illegally expended. For purposes of this subsection, the terms "financial audit," "compliance audit", and "program audit" have the meanings ascribed to them in Sections 1-13 and 1-15 of the Illinois State Auditing Act.
