FINDINGS, CONCLUSIONS, AND RECOMMENDATIONS

CONTRACTS NOT SIGNED TIMELY

The Illinois State Fair (ISF) did not have signed and dated contracts in place with State Fair vendors prior to the vendors performing services at the 2008 and 2008 ISF.

20% of contracts tested for the 2009 Fair were not signed and dated before the start of the contract The ISF entered into contractual agreements with vendors to provide services at the 2009 and 2008 State Fairs. During the fiscal year ended September 30, 2009, we noted 6 out of 30 (20%) contracts tested were not signed and dated before the start of the contract. During the fiscal year ended September 30, 2008, we noted 2 of 30 (7%) contracts tested were signed but not dated.

ISF officials stated that during the 2009 fair the large volume of contracts entered into and the fact that vendors often don't return contracts until the last minute can make it difficult to have them all executed by the agency in a timely manner. ISF officials said the exceptions to dating the contracts in the 2008 fair were due to oversight. (Finding #1, page 9)

We recommended the ISF implement procedures to ensure contracts are properly signed and dated before services are rendered.

ISF agrees with auditors

ISF officials agreed with the finding and stated they were re-instituting their Contract Tracking Database so staff can keep better track of all contracts.

FINANCIAL RESULTS OF THE FAIR

Fair expenditures exceed revenues by \$2,798,718 and \$3,728,917 for the years ended September 30, 2009 and 2008, respectively. (page 12)
