## FINDINGS, CONCLUSIONS, AND RECOMMENDATIONS

### LACK OF AN EFFECTIVE CHANGE MANAGEMENT CONTROL

The Illinois Gaming Board (Board) failed to implement an effective change management process to control changes to their applications and data.

Lacked effective change management procedures

The Board utilized a myriad of applications to carry out its duties of regulating the casinos and sports wagering in the State. During our review of the Board's change control procedures, we noted the procedures were minimal and did not document the basic controls over changes. Specifically, the procedures did not address:

- Procedures for requesting changes,
- Approval of changes,
- Testing requirements,
- Documentation requirements,
- Implementation reviews, and
- Proper segregation of duties.

(Finding 1, pages 18-19)

We recommended the Board develop a change management policy which details all aspects of the change management process.

Board accepted the recommendation

Board officials accepted the recommendation and stated they were working to implement the necessary improvements.
