#### INDEPENDENT ACCOUNTANTS' REPORT ON STATE COMPLIANCE, ON INTERNAL CONTROL OVER COMPLIANCE, AND ON SUPPLEMENTARY INFORMATION FOR STATE COMPLIANCE PURPOSES

Honorable William G. Holland Auditor General State of Illinois

And

Board of Trustees
Illinois Mathematics and Science Academy
Aurora, Illinois

#### Compliance

As Special Assistant Auditors for the Auditor General, we have examined the State of Illinois, Illinois Mathematics and Science Academy's compliance with the requirements listed below, as more fully described in the Audit Guide for Financial Audits and Compliance Attestation Engagements of Illinois State Agencies (Audit Guide) as adopted by the Auditor General, during the year ended June 30, 2013. The management of the State of Illinois, Illinois Mathematics and Science Academy is responsible for compliance with these requirements. Our responsibility is to express an opinion on the State of Illinois, Illinois Mathematics and Science Academy's compliance based on our examination.

- A. The State of Illinois, Illinois Mathematics and Science Academy has obligated, expended, received, and used public funds of the State in accordance with the purpose for which such funds have been appropriated or otherwise authorized by law.
- B. The State of Illinois, Illinois Mathematics and Science Academy has obligated, expended, received, and used public funds of the State in accordance with any limitations, restrictions, conditions or mandatory directions imposed by law upon such obligation, expenditure, receipt or use.
- C. The State of Illinois, Illinois Mathematics and Science Academy has complied, in all material respects, with applicable laws and regulations, including the State uniform accounting system, in its financial and fiscal operations.
- D. State revenues and receipts collected by the State of Illinois, Illinois Mathematics and Science Academy are in accordance with applicable laws and regulations and the accounting and recordkeeping of such revenues and receipts is fair, accurate and in accordance with law.
- E. Money or negotiable securities or similar assets handled by the State of Illinois, Illinois Mathematics and Science Academy on behalf of the State or held in trust by the State of Illinois, Illinois Mathematics and Science Academy have been properly and legally administered and the accounting and recordkeeping relating thereto is proper, accurate, and in accordance with law.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants; the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the Illinois State Auditing Act (Act); and the Audit Guide as adopted by the Auditor General pursuant to the Act; and, accordingly, included examining, on a test basis, evidence about the State of Illinois, Illinois Mathematics and Science Academy's compliance with those requirements listed in the first paragraph of this report and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the State of Illinois, Illinois Mathematics and Science Academy's compliance with specified requirements.

In our opinion, the State of Illinois, Illinois Mathematics and Science Academy complied, in all material respects, with the compliance requirements listed in the first paragraph of this report during the year ended June 30, 2013.

#### **Internal Control**

Management of the State of Illinois, Illinois Mathematics and Science Academy is responsible for establishing and maintaining effective internal control over compliance with the requirements listed in the first paragraph of this report. In planning and performing our examination, we considered the State of Illinois, Illinois Mathematics and Science Academy's internal control over compliance with the requirements listed in the first paragraph of this report to determine the examination procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Audit Guide, issued by the Illinois Office of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of the State of Illinois, Illinois Mathematics and Science Academy's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the State of Illinois, Illinois Mathematics and Science Academy's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with the requirements listed in the first paragraph of this report on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a requirement listed in the first paragraph of this report will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

As required by the Audit Guide, immaterial findings excluded from this report have been reported in a separate letter to your office.

#### Supplementary Information for State Compliance Purposes

Our examination was conducted for the purpose of forming an opinion on compliance with the requirements listed in the first paragraph of this report. The accompanying supplementary information for the year ended June 30, 2013 in Schedules 1 through 12 and the Analysis of Operations Section is presented for purposes of additional analysis. We have applied certain limited procedures as prescribed by the Audit Guide as adopted by the Auditor General to the June 30, 2013 accompanying supplementary information in Schedules 1 through 12. However, we do not express an opinion on the accompanying supplementary information.

We have not applied procedures to the June 30, 2012 accompanying supplementary information in Schedules 4 through 10, Schedule 12 and in the Analysis of Operations Section, and accordingly, we do not express an opinion or provide any assurance on it.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, Academy management, and the Academy's Board of Trustees and is not intended to be and should not be used by anyone other than these specified parties.

### STATE OF ILLINOIS ILLINOIS MATHEMATICS AND SCIENCE ACADEMY NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2013

#### Note 1 – Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of the Illinois Mathematics and Science Academy for the year ended June 30, 2013 and is presented on the cash basis of accounting.

#### Note 2 – Description of Grant Programs

The following is a brief description of the grant programs included in the Schedule of Expenditures of Federal Awards:

#### U.S. Department of Education, Office of Educational Research and Improvement

Twenty-First Century Community Learning Centers (CFDA #84.287C)
The purpose of this program is to create community learning centers that provide academic enrichment opportunities for children, particularly students who attend high-poverty and low-performing schools. The program is intended to help students meet state and local student standards in core academic subjects, such as reading and math; to offer students a broad array of enrichment activities that complement their regular academic programs; and to offer literacy and other educational services to the families of participating children.

#### U.S. Department of Education. Office of Elementary and Secondary Education

Improving Teacher Quality State Grants (CFDA #84.367A)
The purpose of this program is to provide grants to State educational agencies (SEAs), local educational agencies (LEAs), State agencies for higher education (SAHEs) and, through SAHEs, to eligible partnerships in order to increase student academic achievement through such strategies as improving teacher and principal quality and increasing the number of highly qualified teachers in the classroom.

Travel	43,585	54,911	(11,326)	(21%)

Academy management provided the following explanations for the significant variations identified above.

#### **Education Assistance Fund-007**

#### Electronic Data Processing

The decrease in electronic data processing expenditures was due to a FY12 network upgrade to increase the Academy's network capacity and improve the performance of its virtual environment. The upgrade work was not repeated in FY13.

#### Income Fund – 768

#### Travel

The increase in travel expenditures was due to an increase in statewide travel by the Academy's Statewide Student Initiative program which offers statewide programming for students in the areas of Science, Technology, Engineering and Mathematics (STEM) literacy, 21st Century Skills, and Scientific Inquiry.

#### **Commodities**

The increase in commodities expenditures was due to expansion of the IMSA Fusion program from FY12 to FY13. The increase was also due to a shift in commodities expenditures related to the Academy's Statewide Student Initiative program from the Education Assistance Fund and Special Purposes Trust Fund to the IMSA Income Fund.

### STATE OF ILLINOIS ILLINOIS MATHEMATICS AND SCIENCE ACADEMY ANALYSIS OF SIGNIFICANT VARIATIONS IN EXPENDITURES FOR THE YEAR ENDED JUNE 30, 2013

#### Income Fund – 768

#### **Telecommunication Services**

The increase in telecommunications expenditures was due to a decrease in the Academy's Education Assistance Fund telecommunications appropriation. Some FY13 expenditures shifted to the IMSA Income Fund.

#### Special Purposes Trust Fund - 359

#### Personal Services

The decrease in personal services expenditures was due to the conclusion in FY12 of several grants for the Academy's Problem Based Learning program to deliver programs for the Illinois Innovation Talent Project.

#### Retirement

The decrease in retirement expenditures was due to the conclusion in FY12 of several grants for the Academy's Problem Based Learning program to deliver programs for the Illinois Innovation Talent Project.

#### Employer's Contribution for Insurance

The decrease in the employer's contribution for insurance was due to the conclusion in FY12 of several grants for the Academy's Problem Based Learning program to deliver programs for the Illinois Innovation Talent Project.

#### **Contractual Services**

The decrease in contractual services expenditures was due to the conclusion in FY12 of several grants for the Academy's Problem Based Learning program to deliver programs for the Illinois Innovation Talent Project.

#### Travel

The decrease in travel expenditures was due to the conclusion in FY12 of several grants for the Academy's Problem Based Learning program to deliver programs for the Illinois Innovation Talent Project.

### STATE OF ILLINOIS ILLINOIS MATHEMATICS AND SCIENCE ACADEMY ANALYSIS OF SIGNIFICANT VARIATIONS IN RECEIPTS FOR THE YEAR ENDED JUNE 30, 2013

The Comparative Schedule of Cash Receipts on page 19 documents the revenue generating activities for fiscal years 2012 and 2013.

Significant variations in receipts are considered to be those varying between years by more than 20% and amounting to \$20,000 or more. Academy management provided the following explanations for the significant variations in receipts.

#### Special Purposes Trust Fund – 359

#### Other Illinois State Agency Grant Funds

The decrease was due to the conclusion in fiscal year 2012 and nonrenewal of multiple grants from the Department of Commerce and Economic Opportunity, Illinois Department of Transportation and the State Board of Education for the Academy's Problem Based Learning program to deliver programs for the Illinois Innovation Talent Project.

#### Federal Grant Funds

The decrease was due to the conclusion in fiscal year 2012 and nonrenewal of a grant from the U.S. Department of Education for the Academy's Problem Based Learning program to deliver programs for the Illinois Innovation Talent Project.

#### **Private Donations**

The decrease was due to the conclusion in fiscal year 2012 of private grants supporting the Academy's outreach programs, promise programs and energy center.

#### Income Fund - 768

#### Student Activity Fees

The increase is due to growth in registration for the Academy's statewide student summer programs as well as rate increases associated with the Academy's residential program.

### STATE OF ILLINOIS ILLINOIS MATHEMATICS AND SCIENCE ACADEMY ANALYSIS OF SIGNIFICANT LAPSE PERIOD SPENDING FOR THE YEAR ENDED JUNE 30, 2013

Our testing of lapse period expenditures for the fiscal year ended June 30, 2013 disclosed the following appropriation line items with significant (20% and \$10,000 or more) lapse period expenditures, as shown below:

	OTAL <u>NDITURES</u>	E PERIOD NDITURES	PERCENTAGE
Education Assistance Fund – 007			
Equipment Electronic Data Processing	\$ 531,678 32,875	\$ 167,409 12,238	31% 37%

Special Purposes Trust Fund – 359 Contractual Services Equipment	246,366 75,045	68,855 36,038	28% 48%

Academy management provided the following explanations for the significant lapse period expenditures identified above.

#### **Education Assistance Fund – 007**

#### Equipment

Lapse period expenditures included classroom and residential hall furniture, household equipment, instructional equipment, and computer network equipment purchased at the conclusion of the academic school year.

#### Electronic Data Processing

Lapse period expenditures included network computing equipment purchased at the conclusion of the academic school year to scale network performance and reliability.

#### Income Fund – 768

#### **Commodities**

Lapse period expenditures include instructional materials and supplies for delivery of summer statewide student and educator programs.

#### <u>Special Purposes Trust Fund – 359</u>

#### Contractual Services

Lapse period expenditures included program evaluation payments for the Academy's Coolhub.IMSA collaboration program, and other services for the Academy's delivery of summer statewide student and educator programs funded by private and state grant dollars.

#### Equipment

Lapse period expenditures included training materials and educational equipment for the IMSA Energy Center funded by private grant dollars.

### STATE OF ILLINOIS ILLINOIS MATHEMATICS AND SCIENCE ACADEMY ANALYSIS OF OPERATIONS FOR THE YEAR ENDED JUNE 30, 2013

(Not Examined)

The Illinois Mathematics and Science Academy (Academy) is located at 1500 Sullivan Road, Aurora, Illinois 60506-1000. During Fiscal Year 2013, the senior administration consisted of:

- Dr. Glenn McGee, President (retired June 30, 2013)
- Diana Sharp, Chief Academic Officer/Principal
- Patrick Furlong, Vice President for Business and Finance/Chief Financial Officer/Treasurer to the Board of Trustees
- Catherine Veal, Vice President Strategy and Advancement/Secretary to the Board of Trustees
- Mary Spreitzer Vice President for Human Resourses
- Michelle Kolar Executive Director, Professional Field Services

#### **Functions**

The Academy was established in 1985 as a result of action by the State Legislature (105 ILCS 305). The internationally recognized Academy develops creative, ethical leaders in science, technology, engineering and mathematics. As a teaching and learning laboratory created by the State of Illinois, the Academy enrolls academically talented Illinois students (grades 10-12) in its advanced, residential college preparatory program, and it serves thousands of educators and students in Illinois and beyond through innovative instructional programs that foster imagination and inquiry. The Academy also advances education through research, groundbreaking ventures and strategic partnerships.

#### Background

The Academy's legislative mandate is to "provide excellence in mathematics and science education in order to nourish an informed citizenry, assure technological skills for the work force, and assist in the preparation of professionals to serve the interests of Illinois in such fields as engineering, research, teaching, and computer technology". The Academy serves as a catalyst and laboratory for the advancement of teaching. The primary role of the Academy is to offer a uniquely challenging education for students talented in the areas of mathematics and science. Both high school and college levels of instruction are authorized along with "other programs deemed necessary to assure the elements of a strong general education required of creative scientists". The Academy's second legislative charge is to stimulate further excellence for all Illinois schools in mathematics and science. By legislative act, the Academy's location in the Fox River Valley was established in close proximity to the national science laboratories based in Illinois.

Students who have completed the equivalent of the 9<sup>th</sup> grade are admitted to the Academy by competitive examination. Minimal fees established by the Academy's Board are charged. Budget proposals for State Appropriations are submitted to the Illinois Board of Higher Education for each fiscal year.

(Not Examined)

The Academy is governed by a 17 member Board of Trustees consisting of 13 appointed voting members and 4 positional non-voting members. The members, specified in the Illinois Mathematics and Science Academy Law (105 ILCS 305/3), include:

- Three representatives of the scientific community in Illinois, appointed by the Governor.
- Three representatives of the Illinois private industrial sector, appointed by the Governor.
- Two representatives of the general public at large, appointed by the Governor.
- Two representatives of Higher Education, one of whom must be a Dean of Education, appointed by the Executive Director of the Illinois Board of Higher Education.
- Three representatives of Secondary Education, one of whom must be a mathematics or science teacher, appointed by the State Superintendent of Education.
- Four ex-officio nonvoting members, the State Superintendent of Education, the Executive Director of the Illinois Community College Board, the Executive Director of the Board of Higher Education, and the Superintendent of Schools in the school district in which the Academy is located.

Board members serve a 6-year term. A chair is elected from among the members for a 2-year term.

#### The Board is authorized to:

- Accept donations, bequests, or other forms of financial assistance from any public or private person or agency.
- Purchase equipment and make improvements to facilities.
- Adopt rules, regulations and policies for the conduct of the business of the Board.
- Award certificates and issue diplomas for successful completion of programs.
- Select a Director who shall be the chief administrative officer of the Academy and who shall administer the rules, regulations and policies adopted by the Board. The Director is the chief administrative officer of the Board, responsible for all administrative functions, duties and needs of the Board.
- Determine faculty and staff positions necessary for the efficient operation and select personnel for such positions.
- Prepare and adopt an annual budget.
- Enter into contracts and agreements.
- Perform such other functions as are necessary.
- Delegate to the Director such administrative powers as deemed appropriate.
- Lease or purchase real and personal property, subject to provisions of State Law.
- Establish criteria for eligibility of applicants for enrollment.
- Determine subjects and extracurricular activities to be offered.
- Pay salaries and expenses out of funds appropriated or otherwise made available.
- Exercise budgetary responsibility.
- Prescribe and select free schoolbooks provided by funding from the General Assembly.
- Adopt programs of study and rules, bylaws, and regulations for the conduct of students and for the government of the school and programs.
- Employ such personnel as may be needed, establish policies governing their employment and dismissal, and fix the amount of their compensation.

The Board of Trustees meets at least 6 times a year. Day-to-day operations are directed under an administrative organization structure adopted by the President. The organizational structure consists of senior administrators as listed above. Each senior administrator has additional administrative leadership positions reporting to him/her. Authority for administrating budget expenditures and staff relations has been delegated to the various appropriate organizational levels.

The Academy relies on the Board of Higher Education, legal counsel, and other key contacts to stay informed of law and regulation changes applicable to its activities. Representatives from the Academy attend meetings at the Board of Higher Education in order to receive information pertinent to the Academy's activities.

#### <u>Planning</u>

The IMSA Board of Trustees approved the current strategic plan in its May 2007 meeting and completed the plan in January 2008. In February 2009 and June 2009 the planning team met to review progress, reexamine internal and external factors, revise portions of the plan, and incorporate new or updated objectives and strategies, or delete those accomplished or no longer relevant. The final, updated Strategic Plan was approved by IMSA's Board of Trustees on July 21, 2009. The Academy continued to follow this plan during Fiscal Year 2013. However, the Board expects the development of a new strategic plan will take place once a new President is hired in Fiscal Year 2014.

The mission statement is as follows:

The mission of the Illinois Mathematics and Science Academy®, the world's leading teaching and learning laboratory for imagination and inquiry, is to ignite and nurture creative, ethical scientific minds that advance the human condition, through a system distinguished by profound questions, collaborative relationships, personalized experiential learning, global networking, generative use of technology and pioneering outreach.

The Academy's mission statement is supported by the following six strategies:

- 1. Develop the whole person.
- 2. Require students to pursue personalized plans of study, based on integrated learning experiences and assessed on the basis of individual mastery.
- 3. Expand the development, delivery, support and evaluation of IMSA's products and services grounded in imagination and inquiry.
- 4. Generate scholarship that discovers, integrates, applies and transfers knowledge produced by work.
- 5. Develop innovation and entrepreneurial talent and capacity.
- Diversify funding to provide reliable and flexible financing.

### STATE OF ILLINOIS ILLINOIS MATHEMATICS AND SCIENCE ACADEMY SERVICE EFFORTS AND ACCOMPLISHMENTS FOR THE YEAR ENDED JUNE 30, 2013

(Not Examined)

The internationally recognized Illinois Mathematics and Science Academy® (IMSA) develops creative, ethical leaders in science, technology, engineering and mathematics. As a teaching and learning laboratory created by the State of Illinois, IMSA enrolls academically talented Illinois students (grades 10-12) in its advanced, residential college preparatory program, and it serves thousands of educators and students in Illinois and beyond through innovative instructional programs that foster imagination and inquiry. IMSA also advances education through research, groundbreaking ventures and strategic partnerships.

- Student Inquiry and Research (SIR) is an integral part of the academic program that enables students to work independently with peers, prominent scholars and worldrenowned scientists to pursue their own compelling questions of interest, conduct research or invent products.
- Members of the class of 2013 won gold in the International Mathematics Olympiad, received an outstanding award at the High School Mathematical Contest in Modeling (HiMCM), and captured the IHSA Scholastic Bowl State Championship for the third year in a row. They also received recognition from national and international competitions including the Intel Science Talent Search, Illinois Council of Teachers of Mathematics Contest, Siemens Award Competition, Harvard/MIT Math Tournament, and the National Hispanic Recognition Program.
- IMSA Alumni include co-founders of YouTube, PayPal, Netscape, and Yelp, as well as technology experts at Google, Microsoft, and Facebook. They are also doctors leading breakthroughs in neurological disorders and cancer treatments and scientists at national laboratories. They are leaders in education at Harvard, MIT, the University of Illinois, and other prestigious universities, recent Rhodes scholarship winners and Fulbright grantees.
- Members of IMSA's faculty and staff are models of professional growth and achievement.
  They include presidential award winners, published authors, and a Nobel Laureate in
  physics. In academic year 2011-12, all faculty members had advanced degrees, with 51%
  holding doctorate degrees; and 33% certified by the National Board of Professional
  Teaching Standards (NBPTS), the highest standard for excellence in the teaching
  profession.
- IMSA delivers statewide professional development programs to teachers and enrichment programs to students in grades 3-12 at the Aurora campus and throughout Illinois, integrating science, mathematics and engineering with the use of technology. IMSA has three field offices, located in Chicago, the Metro East region, and Rock Island, that offer inquiry-based, hands-on programs to Illinois teachers and students. Since 1997, IMSA has served more than 86,582 students in its student outreach programs and more than 23,344 educators in its educator programs.
- The IMSA Problem-Based Learning Network customizes professional development for K-16 teachers in problem-based learning (PBL), which engages students in a deep understanding of Science, Technology, Engineering, and Math (STEM) concepts through relevant, authentic problems.
