INDEPENDENT AUDITORS' REPORT

Honorable Frank Mautino
Auditor General
State of Illinois

Report on the Financial Statements

As Special Assistant Auditors for the Auditor General, we have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the DuPage County Regional Office of Education No. 19, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the DuPage County Regional Office of Education No. 19's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the DuPage County Regional Office of Education No. 19, as of June 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with the auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the DuPage County Regional Office of Education No. 19's basic financial statements. The supplementary information as listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements.

The supplementary information as listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information as listed in the table of contents is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated March 19, 2018, on our consideration of the DuPage County Regional Office of Education No. 19's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the DuPage County Regional Office of Education No. 19's internal control over financial reporting and compliance.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Frank Mautino
Auditor General
State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the DuPage County Regional Office of Education No. 19, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the DuPage County Regional Office of Education No. 19's basic financial statements and have issued our report thereon dated March 19, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the DuPage County Regional Office of Education No. 19's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the DuPage County Regional Office of Education No. 19's internal control. Accordingly, we do not express an opinion on the effectiveness of the DuPage County Regional Office of Education No. 19's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the DuPage County Regional Office of Education No. 19's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the DuPage County Regional Office of Education No. 19's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the DuPage County Regional Office of Education No. 19's internal control or on the compliance. This report is an integral part of the audit performed in accordance with *Government Auditing Standards* in considering the DuPage County Regional Office of Education No. 19's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

DUPAGE COUNTY
REGIONAL OFFICE OF EDUCATION NO. 19
NOTES TO FINANCIAL STATEMENTS
June 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the DuPage County Regional Office of Education No. 19 (ROE) substantially comply with the rules prescribed by the Illinois State Board of Education (ISBE). These accounting policies conform to generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). The following is a summary of the significant accounting policies.

A. Reporting Entity

The ROE operates under the School Code (Articles 5/3 and 5/3A of Illinois Compiled Statutes, Chapter 105). The ROE encompasses DuPage County. The Regional Superintendent of Schools (Regional Superintendent) serves as chief administrative officer of the ROE and is elected pursuant to Article 3, Illinois Compiled Statutes, Chapter 105. The principal financial duty of the Regional Superintendent is to receive and distribute monies due to school districts from general state aid, state categorical grants, and various other sources.

The Regional Superintendent is charged with the responsibility for township fund lands; examinations and related duties; visitation of public schools; direction of teachers and school officers; to serve as the official advisor and assistant of school officers and teachers; to conduct teachers' institutes as well as to aid and encourage the formation of other teachers meetings and assist in their management; evaluate the schools in the region; examine evidence of indebtedness; file and keep returns of elections required to be returned to the Regional Superintendent's office; and file and keep the reports and statements returned by school treasurers and trustees.

The Regional Superintendent is also charged with the responsibilities of conducting a special census, when required; providing notice of money distributed to treasurers, board presidents, clerks, and secretaries of school districts on or before each September 30; maintenance of a map and numbering of the Regional Office of Education No. 19 districts; providing township treasurers with a list of district treasurers; to inspect and approve building plans which comply with State law; to perform and report on annual building inspections; investigate bus drivers for valid bus driver permits and take related action as may be required; to maintain a list of unfilled teaching positions and to carry out other related duties required or permitted by law.

The Regional Superintendent is responsible for inspection and approval or rejection of school treasurer's bonds. The Regional Superintendent is also required to provide the State Board of Education with an affidavit showing that the treasurers of school districts under his control are properly bonded.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Reporting Entity (Continued)

The Regional Superintendent is also responsible for apportionment and payment of funds received from the State for districts in the region, or see that no payments are made unless the treasurer has filed or renewed appropriate bond and that the district has certified publication of the annual financial report. The Regional Superintendent is required to provide opinions and advice related to controversies under school law.

For the period ended June 30, 2016, the ROE applied for, received, and administered numerous State and federal programs and grants in assistance and support of the educational activities of the school districts in Regional Office of Education No. 19.

The ROE reporting entity includes all related organizations for which they exercise oversight responsibility.

These are the only activities considered to be part of (controlled by or dependent on) the ROE, as determined by the application of the criteria set forth in Governmental Accounting Standards Board. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the Regional Office to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the Regional Office.

The districts have been determined not to be a part of the reporting entity after applying the manifesting of oversight, scope of public service, and special financing relationships criteria and are therefore excluded from the accompanying financial statements because the ROE does not control the assets, operations, or management of the districts. In addition, the ROE is not aware of any entity which would exercise such oversight as to result in the ROE being considered a component unit of the entity.

Based on this criteria, the expenditures paid through the funds of DuPage County, for operation of the ROE, are not included in the reporting entity since it is the county board that authorizes, oversees, and controls these expenditures.

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government. The effect of interfund activity has been removed from these statements. Governmental activities are supported by intergovernmental revenues and are reported separate from business-type activities, which rely to a significant extent on fees and charges for support.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-wide and Fund Financial Statements

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and reported in a single column.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay current liabilities. The ROE considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Revenues received more than 60 days after the end of the current period are deferred inflows of resources in the governmental fund financial statements, but are recognized as current revenues in the government-wide financial statements. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Revenues from local sources consist primarily of fees charged to school districts for services rendered by the ROE. Miscellaneous revenues are recorded when received in cash because they are generally not measurable until actually received. Grant funds from the State of Illinois are considered to be earned to the extent of expenditures made under the provisions of the grant. Investment earnings are recorded as earned since they are measurable and available.

REGIONAL OFFICE OF EDUCATION NO. 19
NOTES TO FINANCIAL STATEMENTS
June 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation
(Continued)

The proprietary fund type is accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets, deferred inflows of resources, liabilities and deferred outflows of resources associated with the operation of these funds are included on the Statement of Net Position. Proprietary fund type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total position. The accrual basis of accounting is utilized by the proprietary fund type. Under this basis of accounting, revenues are recognized when earned and expenses are recognized when the related liability is incurred.

The proprietary fund distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the ROE's policy to use restricted resources first, then unrestricted resources as they are needed. For unrestricted fund balances, assigned funds are used first, then unassigned, if any.

The ROE reports the following major governmental funds:

General Fund - The General Fund is used to account for and report all financial resources not accounted for and reported in another fund. The ROE's General Fund accounts include the following:

- Reading First - This program is designed to provide professional development for teachers in schools participating in the Reading First program.
- ROE Operations - Used to accumulate miscellaneous receipts used to support the day to day expenses of the ROE, including General State Aid.
- Regional Safe Schools and General State Aid - These funds provide programs for disruptive students who are eligible for suspension or expulsion. The programs provide individually designed curriculum, social skills training, career exploration and work experience opportunities, and opportunities to work toward re-entry into the traditional programs, if appropriate.
- Area I - This revenue is received from local sources and used for expenses incurred for Area I programs.

- Truant Minors in Need of Supervision (TMINS) - These funds provide programs for one of the Alternative Learning Opportunities Programs (ALOP) that provides an alternative learning environment and includes individualized instruction, small classes and counseling sessions.
- Superintendent Leadership Collaborative - These funds are designated for those superintendents who wish to join a superintendent network group in DuPage County.
- Personnel Administrators Coming Together - These funds are designated for those Personnel Administrators who wish to join a personnel network group in DuPage County.
- DuPage County Curriculum Directors - These funds are designated for those Curriculum Directors who wish to join a curriculum network group in DuPage County.
- ALOP Safe School and GED Tuition - Local Unrestricted ALOP Student Tuition and Student Fees charged by the DuPage ROE to those school districts within DuPage County who have transferred their students into a ALOP or GED program at the DuPage ROE.

Special Revenue Funds - Accounts for and reports the proceeds of specific revenue sources (other than fiduciary or major capital projects) that are restricted to expenditures for specified purposes. The ROE reported the following special revenue funds as major governmental funds:

- Institute Fund - This fund accounts for fees collected for the registration and renewal of teaching licenses. These fees are used to defray administrative expenses incidental to teachers' institutes, workshops, or meetings of a professional nature that are designed to promote the professional growth of teachers or for the purpose of defraying the expense of any general or special meeting of teachers or school personnel, which has been approved by the ROE. All funds generated remain restricted until expensed only on the aforementioned activities.

- Education Fund - This fund accounts for and reports proceeds from sources that are restricted by grant agreements or contracts to expenditures for specified purposes supporting education enhancement programs as follows:
 - Regional Safe Schools - These grant funds provide programs for disruptive students who are eligible for suspension or expulsion. The programs provide individually designed curriculum, social skills training, career exploration and work experience opportunities, and opportunities to work toward re-entry into the traditional programs, if appropriate.
 - Early Childhood Parenting Program - Accounts for monies received for, and payment of, expenditures for developing and operating programs for parents of young children.
 - Truants' Alternative Program - Accounts for grant monies received for, and payment of, expenditures of providing support services and evaluating compliance with recommendations to DuPage County Truants and their parents.
 - McKinney Education for Homeless Children - This grant provides funds for providing information to schools, community members and government entities about the educational rights of homeless students.
 - Workforce Investment Act - These funds provide programs for the Workforce Investment Act.
 - Title I - Grants to Local Educational Agencies - ROE #56 (System of Support (RESPRO)) - Grant monies in this fund are used to provide professional development activities to schools that are on Illinois' Academic Watch List. To be on the list, students in the buildings have not made Adequate Yearly Progress for at least two years. The funding sources for this grant are Title I, Title II, and State appropriated monies.
 - Technology for Success - These funds provide a coordinated, statewide support infrastructure which assists school districts in planning for, implementing, assessing results and educating staff in the use of technology and telecommunications in curricular, instructional and administrative functions.
 - Social Emotional Learning Standards Professional Development Program (SEL-PDP) - This program provides training and technical assistance to incorporate social-emotional learning standards into daily instructions.
 - Illinois New Principal Mentoring - These funds are intended to help support the State-wide program to ensure that every new principal in Illinois receives a high-quality mentoring experience that focuses on professional development experiences and enhances a new principal's leadership. In this program, new leaders receive mentoring from proven, trained mentors who are paired with new principals based on geography, grade level, and need.

- Regional School Board Petition Grant - The Regional School Board Petition Grant upholds an account utilized for monies funded by residents within DuPage County who submit a petition against a DuPage County School District/s regarding annexation or detachment boundary matters. These funds are allocated to pay fees for publication, attorneys, court reporters and transcripts/manuscripts needed for board meetings and possible hearings by the Regional Board of School Trustees.

Nonmajor Special Revenue Funds - All other special revenue funds not classified under Education Fund are grouped under this fund for financial statement presentation.

- General Education Development - These funds are provided for the processing of applications for the high school level Test of General Educational Development and the issuance of diplomas upon the successful completion of the examination. Statutes require excess funds to be transferred into the Institute Fund.
- Bus Driver Training - These funds are collected from the issuance of school bus driver permits and are used to sponsor instructional training courses for school bus drivers.
- Supervisory - These funds are an annual appropriation of State common school funds for the expenses incurred in providing supervisory services.

Proprietary Funds

Proprietary Funds - Account for activities whose costs are funded by fees and charges. These fees and charges are paid by external users for goods or services.

The ROE reported the following proprietary funds as major funds:

- Teacher Inservice for DuPage Educators - This program is used for graduate courses offered to DuPage educators and administrators.
- Local Services - These funds are associated with workshops conducted by the ROE. In addition, this fund accounts for the revenues and expenses of the Administrator's Academy and Gifted Planning Activities.

The ROE reported the following proprietary fund as nonmajor:

- Criminal Background Investigation - These funds are used to account for the assessments received from the school district to pay for the processing of fingerprinting the substitute teachers and expenditures incurred providing the service to the school districts.

DUPAGE COUNTY
REGIONAL OFFICE OF EDUCATION NO. 19
NOTES TO FINANCIAL STATEMENTS
June 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available.

Nonexchange transactions, in which the ROE receives value without directly giving value in return, include grants and donations. On an accrual basis, revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the ROE must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the ROE on a reimbursement basis. On a modified basis, revenue from non-exchange transactions must be available before it can be recognized.

E. Cash and Cash Equivalents

Cash consists of demand deposits. The ROE considers highly liquid investments (including restricted assets) with an original maturity of three months or less when purchased to be cash equivalents. There were no investments to be reported as fair value as of June 30, 2016.

F. Due From Other Governments

Due from other governmental units and agencies is reported at gross with no allowance for uncollectibles since management believes the amount of any uncollectible accounts is immaterial.

G. Capital Assets

Capital assets, which include building improvements and furniture and equipment, are reported in the applicable governmental column in the government-wide financial statements.

General capital assets are not capitalized in the funds used to acquire or construct them. Instead, capital acquisition and construction are reflected as expenditures in governmental funds. All purchased capital assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated capital assets are valued at their acquisition value on the date received. The ROE records all capital items, which are individually greater than \$2,000, with a useful life of greater than one year, as capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

**DUPAGE COUNTY
REGIONAL OFFICE OF EDUCATION NO. 19
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Capital Assets (Continued)

Depreciation is computed using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Furniture and equipment	5-10
Building improvements	20

Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of carrying amount or the fair value less costs to sell.

H. Unearned Revenue

Grants and assistance received from other governmental units are generally recognized as revenues in the period when all eligibility requirements, as defined by GASB 33, have been met. Any resources received before eligibility requirements are met are reported as unearned revenues.

I. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net positions of the Teachers' Retirement System of the State of Illinois (TRS) and Illinois Municipal Retirement Fund (IMRF) and additions to/deductions from TRS' and IMRF's fiduciary net positions have been determined on the same basis as they are reported by TRS and IMRF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

J. Unavailable Revenue

Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Unavailable revenue in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Unavailable revenue consist of receivables not collected within 60 days after year end.

K. Deferred Outflows of Resources/Deferred Inflows of Resources

Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension expense and contributions from the employer after the measurement date but before the end of the employer's reporting period.

Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. Deferred inflows of resources in the governmental funds consist of unavailable revenue. Deferred inflows of resources in the Statement of Net Position relate to pensions and consist of the unamortized portion of the net difference between expected and actual experience, changes of assumptions, and the net difference between projected and actual earnings on pension plan investments.

L. Net Position

In the government-wide financial statements net position is displayed in three components:

Net investment in capital assets - Consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of borrowings that are attributable to the acquisition of those assets.

Restricted net position - Consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

Unrestricted net position - The net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

M. Fund Balance

Fund Balance is the net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources in a Governmental Fund. The following types of fund balances may be presented in the Governmental Funds Balance Sheet and Governmental Funds Combining Schedule of Accounts:

Nonspendable - The portion of a Governmental Fund's fund balance that is not available to be spent, either short term or long term, in either form or through legal restrictions. The nonspendable fund balance reported is nonspendable in form for prepaid expenses.

M. Fund Balance (Continued)

Restricted - The portion of a Governmental Fund's fund balance that is subject to external enforceable legal restrictions. The following fund balances are restricted by grant agreements or contracts: System of Support (RESPRO), Social Emotional Learning Standards Professional Development Program (SEL-PDP), Illinois New Principal Mentoring, Teacher Mentoring Pilot Program, ROE/ISC Operations, Illinois Partnership Advancing Rigorous Training, Spelling Bee and Regional School Board Petition Grant. The following funds are restricted by Illinois Statute: Institute Fund, General Education Development, Bus Driver Training and Supervisory.

Committed - The portion of a Governmental Fund's fund balance with self-imposed constraints or limitations that have been placed at the highest level of decision making. There are no accounts presenting a committed fund balance.

Assigned - The portion of a Governmental Fund's fund balance to denote an intended use of resources. The accounts presented with assigned fund balance are specified for a particular purpose by the Regional Superintendent. There are no accounts presenting an assigned fund balance.

Unassigned - Available expendable financial resources in a Governmental Fund that are not designated for a specified purpose. The unassigned fund balance is made up of the following accounts: Reading First, ROE Operations, Area I, Truant Minors in Need of Supervision (TMINS), Superintendent Leadership Collaborative, Personnel Administrators Coming Together, DuPage County Curriculum Directors, ALOP Safe School and GED Tuition, Regional Safe Schools, Early Childhood Parenting Program, Truants' Alternative Program, McKinney Education for Homeless Children, Workforce Investment Act, Technology for Success, Career & Technical Education Improvement, Title II Teacher Quality Leadership, Parents As Teachers/Early Childhood Parenting Program - Keeneyville, and RSSPCE.

N. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Interfund Activity

Interfund activity is reported as either loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or between proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

P. Budgetary Data

The ROE did not formally adopt a budget for the year ended June 30, 2016 and is not legally required to do so; subsequently, the accompanying financial statements are not presented on a budgetary basis whereby budget and actual revenues and expenditures are compared; however, the Illinois State Board of Education requires budgets for certain State and Federal programs. These budgets were used to prepare Budgetary Comparison Schedules for the following programs:

Special Revenue Funds:

- Education Fund:
 - Regional Safe Schools
 - Early Childhood Parenting Program
 - Truants' Alternative Program
 - Career & Technical Education Improvement
 - ROE/ISC Operations
 - Title II Teacher Quality Leadership
 - Title II Teacher Quality

Q. New Accounting Pronouncements

In 2016, DuPage County Regional Office of Education No. 19 implemented Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*; GASB No. 73, *Accounting and Financial Reporting for Pensions and Related Assets that are Not Within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statement 67 and 68*; and GASB No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. These statements had no significant impact on the financial statements for DuPage County Regional Office of Education No. 19.

R. Subsequent Events

Management has evaluated subsequent events through the date these financial statements were available for issuance, and determined that there were no significant non-recognized subsequent events through that date.

NOTE 2 - CASH AND CASH EQUIVALENTS

The ROE has adopted an investment policy to invest in those instruments as defined: bonds, notes certificates of indebtedness, treasury bills and other securities now or hereafter issued by the United States of America, its agencies and allowable instrumentalities, interest bearing savings accounts, interest bearing certificates of deposit or interest bearing time deposits, or any other investments constituting direct obligations of any bank as defined by the Illinois Banking Act, certificates of deposit with federally insured institutions that are collateralized or insured at levels to the organization in excess of the \$250,000 provided by the Federal Deposit Insurance Corporation coverage limit, collateralized repurchase agreements; commercial paper meeting all requirements, the Illinois Public Treasurer's Investment pool, the Illinois School District Liquid Asset Fund, investments may be made only in those savings banks or savings and loan association which are insured by the FDIC, investments that are considered as derivatives are specifically excluded from the approved investments.

Bank Deposits

Custodial Credit Risk - Custodial credit risk for deposits with financial institutions is the risk that, in the event of bank failure, the ROE's deposits may not be returned to it. The ROE's investment policy requires deposits in excess of FDIC limits to be secured by collateral or private insurance held in safekeeping at a third party institution and evidenced by a written agreement. At June 30, 2016, the bank balance of the ROE totaled \$4,537,219. All of the bank balances are covered by federal depository insurance, collateral held by the ROE, or by a repurchasing agreement. The securities underlying the repurchase agreement are held in safekeeping by the selling institution not in the ROE's name, which exposes the securities to custodial credit risk. The fair value of the securities underlying the repurchase agreement was \$2,472,868 as of June 30, 2016.

Investments

Custodial Credit Risk - Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the ROE will not be able to recover the value of its investments that are in possession of an outside party. The ROE currently does not have a policy for custodial credit risk for investments.

NOTE 2 - CASH AND CASH EQUIVALENTS (CONTINUED)

Investments (Continued)

Interest Rate Risk - The interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment; generally, the longer the maturity of the investment, the greater the sensitivity of its fair value to changes in market interest rates. The ROE currently does not have an Interest Rate Risk policy; however, it is the ROE's practice to reduce its exposure to the risk by structuring the ROE's portfolio so that securities mature to meet the ROE's cash requirements for ongoing operations. As of June 30, 2016, all of the ROE's investments have investment maturities of less than three months.

Another practice the ROE uses to reduce the Interest Rate Risk is to utilize the Illinois Funds Money Market Fund, which was created by the Illinois General Assembly, and enables custodians of public funds an investment option with competitive rate of return on fully collateralized investments and immediate access to the funds.

Credit Risk - Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. The ROE does not have the credit risk policy; however, it is the ROE's practice to limit its exposure to credit risk by investing in money markets that invest in U.S. Treasury cash reserves.

Concentration of Credit Risk - Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single user. The ROE does not have a policy that specifically addresses concentration of risk. As of June 30, 2016, the ROE had approximately 64% of its investment portfolio in repurchase agreements with a local bank that was fully collateralized by U.S. agency obligations. The investment in money market funds, which is 31% of total investments, consists only of short-term U.S. Treasury securities. The investment in the Illinois Funds investment pool is subject to the Illinois Fund's investment policy, which limits investment categories to not exceed 25% of the portfolio, with the exception of cash equivalents and U.S. Treasury securities.

Assets under capital lease amounted to \$45,823, and the related accumulated depreciation amounted to \$32,076.

The ROE leases office space for its Lombard and Addison operations. The agreements generally require the ROE to pay executor costs. Rental expense for the year ended June 30, 2016 was \$200,554.

On August 28, 2013, the DuPage County Regional Office of Education No. 19 entered into a lease agreement for its Addison Operations. The agreement commenced on July 1, 2013 and terminates on June 30, 2018. The agreement provides for a renewal option to extend up to June 30, 2021. The lease calls for annual rent of \$98,466, payable in equal monthly installments. Annual rent increases on and as of July 1, 2014 and July 1 of each successive year of the lease term by three percent (3%) or the most recently published CPI applicable to the City of Chicago, whichever is greater, but in no event more than five percent (5%) per year.

On May 13, 2014 the DuPage County Regional Office of Education No. 19 entered into a lease agreement for its Lombard Operations. The agreement commenced on July 1, 2014 and terminates on June 30, 2019. The lease calls for annual rent of \$98,264, payable in equal quarterly installments. Annual rent increases will be determined by the Lessor's Board of Education, not to exceed five percent (5%) per year.

At June 30, 2016 future minimum payments under noncancelable operating leases with remaining terms in excess of one year were as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2017	\$ 215,933

NOTE 5 - SALARIES AND PENSION PLAN CONTRIBUTIONS

The salaries of the Regional Superintendent and the Assistant Regional Superintendent are paid by the State of Illinois. The salaries of DuPage County employees that work for the Regional Office of Education No. 19 are paid by DuPage County. DuPage County pays for these employees' salaries as well as the employer contributions made to postretirement medical plans (OPEB) and the Illinois Municipal Retirement Fund (IMRF). Postretirement medical plans (OPEB) obligations for DuPage County Regional Office of Education No. 19 employees are included in DuPage County's postretirement medical plans (OPEB) obligation. IMRF pension plan obligations for DuPage County Regional Office of Education No. 19 employees are included in the statistics IMRF provides to DuPage County.

NOTE 6 - RETIREMENT FUND COMMITMENTS

Teachers' Retirement System of the State of Illinois

Plan description

DuPage County Regional Office of Education No. 19 participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active nonannuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <http://trs.illinois.gov/pubs/cafr>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 877-0890, option 2.

Benefits provided

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service. Disability and death benefits are also provided.

Tier II members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

REGIONAL OFFICE OF EDUCATION NO. 19
NOTES TO FINANCIAL STATEMENTS

NOTE 6 - RETIREMENT FUND COMMITMENTS (Continued)

Teachers' Retirement System of the State of Illinois (Continued)

Essentially all Tier I retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Contributions

The state of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2016, was 9.4 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by DuPage County Regional Office of Education No. 19.

On behalf contributions to TRS. The state of Illinois makes employer pension contributions on behalf of DuPage County Regional Office of Education No. 19. For the year ended June 30, 2016, state of Illinois contributions recognized by DuPage County Regional Office of Education No. 19 were based on the state's proportionate share of the collective net pension liability associated with DuPage County Regional Office of Education No. 19, and DuPage County Regional Office of Education No. 19 recognized revenue and expenditures of \$351,287 in pension contributions from the state of Illinois.

2.2 formula contributions. Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2016, were \$3,886 and are deferred because they were paid after the June 30, 2015 measurement date.

Federal and special trust fund contributions. When TRS members are paid from federal and special trust funds administered by DuPage County Regional Office of Education No. 19, there is a statutory requirement for DuPage County Regional Office of Education No. 19 to pay an employer pension contribution from those funds. Under a policy adopted by the TRS Board of Trustees that has been in effect since the fiscal year ended June 30, 2006, employer contributions for employees paid from federal and special trust funds will be the same as the state contribution rate to TRS. Public Act 98-0674 now requires the two rates to be the same.

NOTE 6 - RETIREMENT FUND COMMITMENTS (CONTINUED)

Teachers' Retirement System of the State of Illinois (Continued)

For the year ended June 30, 2016, the employer pension contribution was 36.06 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2016, salaries totaling \$25,258 were paid from federal and special trust funds that required employer contributions of \$9,108. These contributions are deferred because they were paid after the June 30, 2015 measurement date.

Employer retirement cost contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. DuPage County Regional Office of Education No. 19 is required to make a one-time contribution to TRS for members retiring under the Early Retirement Option (ERO). The payments vary depending on the member's age and salary. The maximum employer ERO contribution under the current program is 146.5 percent and applies when the member is age 55 at retirement. For the year ended June 30, 2016, DuPage County Regional Office of Education No. 19 paid no employer contributions under the ERO program.

DuPage County Regional Office of Education No. 19 is also required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary. A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2016, DuPage County Regional Office of Education No. 19 did not make any employer contributions to TRS due on salary increases in excess of 6 percent or for sick leave days granted in excess of the normal annual allotment.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2016, DuPage County Regional Office of Education No. 19 reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for state pension support provided to the employer. The state's support and total are for disclosure purposes only. The amount recognized by the employer as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the employer were as follows:

Employer's proportionate share of the net pension liability	\$ 643,615
State's proportionate share of the net pension liability associated with the employer	4,287,726
Total	\$ 4,931,341

The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2014 and rolled forward to June 30, 2015. DuPage County Regional Office of Education No. 19's proportion of the net pension liability was based on DuPage County Regional Office of Education No. 19's share of contributions to TRS for the measurement year ended June 30, 2015, relative to the projected contributions of all participating TRS employers and the state during that period. At June 30, 2015, DuPage County Regional Office of Education No. 19's proportion was 0.0009824668 percent, which was a decrease of 0.0000197906 percent from its proportion measured as of June 30, 2014.

For the year ended June 30, 2016, DuPage County Regional Office of Education No. 19 recognized pension expense of \$351,287 and revenue of \$351,287 for support provided by the state. For the year ended June 30, 2016, DuPage County Regional Office of Education No. 19 recognized pension income of \$98,138. At June 30, 2016, DuPage County Regional Office of Education No. 19 reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>

\$12,994 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2017	\$ (150,919)

2019	(150,919)
2020	<u>(14,791)</u>
Total	<u>\$ (467,548)</u>

Actuarial assumptions

The total pension liability in the June 30, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.00 percent
Salary increases	Varies by amount of service credit
Investment rate of return	7.50 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the RP-2014 White Collar Table with adjustments for TRS experience. The rates are used on a fully-generational basis using projection table MP-2014.

The actuarial assumptions for the years ended June 30, 2015 and 2014 were different. The actuarial assumptions used in the June 30, 2015 valuation were based on the 2015 actuarial experience analysis. The investment return assumption remained at 7.5 percent, salary increase assumptions were lowered, retirement rates were increased, mortality updates were made and other assumptions were revised. The actuarial assumptions used in the June 30, 2014 valuations were based on updates to economic assumptions adopted in 2014 which lowered the investment return assumption from 8.0 percent to 7.5 percent. The salary increase and inflation assumptions were also lowered from their 2013 levels.

NOTE 6 - RETIREMENT FUND COMMITMENTS (CONTINUED)

Teachers' Retirement System of the State of Illinois (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
U.S. large cap	18%	7.53%
Global equity excluding U.S.	18	7.88
Aggregate bonds	16	1.57
U.S. TIPS	2	2.82
NCREIF	11	5.11
Opportunistic real estate	4	9.09
ARS	8	2.57
Risk parity	8	4.87
Diversified inflation strategy	1	3.26
Private equity	14	12.33
Total	100%	

Discount rate

At June 30, 2015, the discount rate used to measure the total pension liability was a blended rate of 7.47 percent, which was a change from the June 30, 2014 rate of 7.50 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and state contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2015 was not projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. Tier I's liability is partially-funded by Tier II members, as the Tier II member contribution is higher than the cost of Tier II benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. Despite the subsidy, all projected future payments were not covered, so a slightly lower long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

At June 30, 2014, the discount rate used to measure the total pension liability was 7.50 percent. The discount rate was the same as the actuarially-assumed rate of return on investments that year because TRS's fiduciary net position and the subsidy provided by Tier II were sufficient to cover all projected benefit payments.

Sensitivity of DuPage County Regional Office of Education No. 19's proportionate share of the net pension liability to changes in the discount rate

The following presents DuPage County Regional Office of Education No. 19's proportionate share of the net pension liability calculated using the discount rate of 7.47 percent, as well as what DuPage County Regional Office of Education No. 19's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.47 percent) or 1-percentage-point higher (8.47 percent) than the current rate.

Illinois Municipal Retirement Fund

The DuPage County Regional Office of Education No. 19 contributes, through DuPage County, to the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer public employee retirement system. However, the Regional Office of Education No. 19's participation in IMRF is equivalent to a cost sharing multiple-employer pension plan since only one actuarial valuation is performed for both DuPage County and the Regional Office of Education No. 19 combined. All disclosures for an agent plan can be found in DuPage County's annual financial report.

Plan Administration

All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members.

The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable. Investments are reported at fair value.

Benefits Provided

IMRF provides two tiers of pension benefits. Employees hired prior to January 1, 2011, are eligible for Tier 1 benefits. For Tier 1 employees, pension benefits vest after eight years of service. Participating members who retire at age 55 (reduced benefits) or after age 60 (full benefits) with eight years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after 10 years of service. Participating members who retire at age 62 (reduced benefits) or after age 67 (full benefits) with 10 years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute.

Contributions

Participating members are required to contribute 4.50% of their annual salary to IMRF. DuPage County and the Regional Office of Education No. 19 are required to contribute the remaining amounts necessary to fund IMRF as specified by statute. The employer contribution rate for the calendar year ended 2015 was 12.88% of covered payroll. For the year ended June 30, 2016, salaries totaling \$338,830 were paid that required employer contributions of \$43,654, which was equal to the Regional Office of Education's actual contributions.

Net Pension Liability

At June 30, 2016, the Regional Office of Education No. 19 reported a liability of \$317,849 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Regional Office of Education No. 19's proportion of the net pension liability was based on the Regional Office of Education No. 19's actual contribution to the plan for the year ended June 30, 2016 relative to the actual contributions of DuPage County as a whole. At June 30, 2016, the Regional Office of Education No. 19's proportion was 0.15%, which was a decrease of 0.01% from its proportion measured as of June 30, 2015.

Actuarial Assumptions

The Regional Office of Education No.19's net pension liability was measured as of December 31, 2015 (most recent available) and the total pension liability was used to calculate the net pension liability was determined by an actuarial valuation performed as of the same date using the following actuarial methods and assumptions.

Actuarial valuation date	December 31, 2015
Actuarial cost method	Entry-age normal
Assumptions	
Inflation	3.5%
Salary increases	3.75% to 14.50%
Interest rate	7.50%
Cost of living adjustments	3.00%
Asset valuation method	Market Value

Actuarial Assumptions – Continued

For nondisabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustments that were applied for nondisabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

Discount Rate

The discount rate used to measure the total pension liability was a blended rate of 7.47%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that DuPage County contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate.

Based on those assumptions, the IMRF's fiduciary net position was not projected to be available to make all projected future benefit payments of current plan members. Therefore, expected rate of return of 7.50% was blended with the index rate of 3.57% for tax exempt general obligation municipal bonds rated AA or better at December 31, 2015 to arrive at a discount rate of 7.47% used to determine the total pension liability.

NOTE 7 - OTHER POSTEMPLOYMENT BENEFITS

Teachers Health Insurance Security Fund

DuPage County Regional Office of Education No. 19 participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS).

Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

Teachers Health Insurance Security Fund (Continued)

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the state to make a contribution to the THIS Fund.

The percentage of employer required contributions in the future will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

- **On-behalf Contributions to the THIS Fund.** The state of Illinois makes employer retiree health insurance contributions on behalf of DuPage County Regional Office of Education No. 19. State contributions are intended to match contributions to the THIS Fund from active members which were 1.07 percent of pay during the year ended June 30, 2016. State of Illinois contributions were \$7,168, and DuPage County Regional Office of Education No. 19 recognized revenue and expenditures of this amount during the year. State contributions intended to match active member contributions during the years ended June 30, 2015 and June 30, 2014 were 1.02 and 0.97 percent of pay, respectively. State contributions on behalf of DuPage County Regional Office of Education No. 19's employees were \$6,700 and \$4,914, respectively.
- **Employer Contributions to the THIS Fund.** DuPage County Regional Office of Education No. 19 also makes contributions to the THIS Fund. DuPage County Regional Office of Education No. 19 THIS Fund contribution was 0.80 percent during the year ended June 30, 2016 and 0.76 and 0.72 percent during the years ended June 30, 2015 and June 30, 2014, respectively. For the year ended June 30, 2016, DuPage County Regional Office of Education No. 19 paid \$5,360 to the THIS Fund, which was 100 percent of the required contribution. For the years ended June 30, 2015 and June 30, 2014, DuPage County Regional Office of Education No. 19 paid \$4,992 and \$3,647, respectively, which was 100 percent of the required contributions.
