FINDINGS, CONCLUSIONS, AND RECOMMENDATIONS

INTERNAL CONTROL OVER FINANCIAL STATEMENT PREPARATION

The Regional Office of Education #38 did not have sufficient internal controls over the financial reporting process.

The Regional Office of Education #38 is required to maintain a system of controls over the preparation of financial statements in accordance with generally accepted accounting principles (GAAP). Regional Office internal controls over GAAP financial reporting should include adequately trained personnel with the knowledge and expertise to prepare and/or thoroughly review GAAP based financial statements to ensure they are free of material misstatements and include all disclosures as required by the Governmental Accounting Standards Board (GASB).

The Regional Office of Education #38 did not have sufficient internal controls over the financial reporting process. The Regional Office maintains its accounting records on the cash basis of accounting. While the Regional Office maintains controls over the processing of most accounting transactions, there are not sufficient controls over the preparation of the GAAP based financial statements for management or employees in the normal course of performing their assigned functions to prevent or detect financial statement misstatements and disclosure omissions in a timely manner.

In their review of the Regional Office's accounting records, auditors noted that numerous adjustments were required to present financial statements in accordance with GAAP. In addition, the financial statements did not contain disclosures as required by GAAP.

Regional Office officials stated they were aware of their responsibility to properly prepare financial statements in accordance with GAAP. However, their funding was recently reduced and they don't have the resources to hire additional staff to ensure the reports are properly prepared. (Finding 12-1, pages 10 and 11) **This finding was first reported in 2007.**

The auditors recommended that, as part of internal control over the preparation of financial statements, including disclosures, the Regional Office of Education #38 should implement a comprehensive preparation and/or review procedure to ensure the financial statements, including disclosures, are complete and accurate. Such procedures should be performed by a properly trained individual(s) possessing a thorough understanding of GAAP, GASB pronouncements, and knowledge of the Regional Office of Education's activities and operations.

The Regional Office of Education #38 responded that it understands the nature of this finding and realizes that this circumstance is not unusual in an organization of this size. Management is currently confident with the abilities of the accounting staff to prepare cash basis financial information as needed for reporting throughout the year. The Regional Office noted that management will review year-end reporting controls annually and investigate the cost of training staff to reach an appropriate level of expertise to do a comprehensive preparation and/or review of financial statements. Management will pursue additional training when it is considered cost beneficial, since training costs would take away from the funds available to provide educational services for the schools in the region. (For previous Regional Office response, see Digest Footnote #1.)

AUDITORS' OPINION

Our auditors state the Regional Office of Education #38's financial statements as of June 30, 2012 are fairly presented in all material respects.
