FINDINGS, CONCLUSIONS, AND RECOMMENDATIONS

INADEQUATE CONTROLS OVER FINANCIAL CLOSE AND REPORTING

Need to improve controls over reporting distributions

The Illinois State Board of Investment (Board) recorded a fiscal year 2016 distribution of \$1,200,000 in fiscal year 2015.

During our testing over distributions, we noted that a distribution to the Illinois Power Agency in the amount of \$1,200,000 was recorded in fiscal year 2015 in error. The funds were not distributed to the Illinois Power Agency until fiscal year 2016. An audit adjustment of \$1,200,000 was recorded by the Board to correct the error.

Failure to record transactions in the proper period could result in inaccurate financial statements. (Finding 1, page 26)

We recommended the Board review their procedures for monitoring significant transactions occurring near the end of their fiscal year in order to help identify and record transactions in the proper fiscal year.
