FINDINGS THIS AUDIT:

FINDINGS LAST AUDIT: 0

INTRODUCTION

This digest covers the financial statement audit of the State Universities Retirement System (System) as of and for the year ended June 30, 2021. The System's compliance examination covering the year ended June 30, 2021, will be issued in a separate report at a later date.

The System's total pension liability was \$52.297 billion at June 30, 2021. The net pension liability at June 30, 2021, was \$28.529 billion, which is the difference between the System's fiduciary net position of \$23.768 billion and the total pension liability. The System's funded ratio was 45.45%. The criteria used for computing pension liability information in the financial report in accordance with GASB Statement No. 67 differs from the criteria used to compute the actuarial accrued liability and actuarial unfunded liability under the State's funding plan; therefore, this information under the State's funding plan is no longer reported in the financial statements. There were no findings reported under *Government Auditing Standards* in our audit.
