State of Illinois Office of the Auditor General

WILLIAM G. HOLLAND AUDITOR GENERAL

> Iles Park Plaza 740 E. Ash Street Springfield, IL 62703 (217) 782-6046

# **SYNOPSIS**

 The System failed to properly calculate investment manager fees in accordance with contractual terms. We identified an instance where the System calculated an investment manager's fee incorrectly. The error resulted in an overpayment of \$11,489.

In addition, the System's internal auditor examined 35 additional management fee calculations during the fiscal year and noted three fees were incorrectly calculated. These three incorrectly calculated fees resulted in cumulative overpayments of \$713,604.

• The System decided to conclude its risk management overlay program in November 1996, and terminated its contract with its former Chief Investment Officer.

{Financial Data and Activity Measures are summarized on the reverse page.}

#### **INTRODUCTION**

This digest covers our State compliance audit of the System for the year ended June 30, 1997. A financial audit covering the year ended June 30, 1997 is issued under a separate cover.

#### FINDINGS, CONCLUSIONS, AND RECOMMENDATIONS

## **INCORRECT INVESTMENT MANAGER FEES**

The System failed to ensure investment manager fees were properly calculated in accordance with contractual terms. The System contracts with investment management companies for portfolio management services. We reviewed 15 investment manager quarterly fee calculations totaling \$6,371,012, noting one quarterly fee was incorrectly calculated, resulting in an overpayment of \$11,489.

In addition, the System's internal auditor examined 35 additional management fee calculations during the fiscal year and noted three fees were incorrectly calculated. These three incorrectly calculated fees resulted in cumulative overpayments of \$713,604.

Sound internal controls require that payments be made according to contractual terms and should only be for services received and benefits derived. The System's current process puts it at risk of making overpayments when compensating their investment managers. (Finding 2, page 15)

We recommended the System:

- Calculate all fees in accordance with the terms and conditions of the investment management agreements;
- Standardize the manager fee payment process;
- Design spreadsheets to facilitate the review and recalculation process;
- Show all the necessary calculations on the face of the spreadsheet;
- Document reviews, recalculations and benchmark confirmations to ensure they are proper and timely.

Investment manager was overpaid \$11,489

Internal auditor identified \$713,604 in overpayments

#### **OTHER FINDING**

The remaining finding was less significant and the System's response indicates that it is addressing the condition. We will review the System's progress in implementing our recommendations in our next audit.

Mr. John Bauman, Chief Operating Officer, provided responses to our recommendations on January 12, 1998.

#### **RELATED TRANSACTION**

On September 1, 1994, the System entered into a contract with Zimmerman Investment Management Company (ZIMCO). The president of ZIMCO is the former Chief Investment Officer of the System who resigned his position effective August 31, 1994. While employed by the System, the former Chief Investment Officer was responsible for overseeing the entire System investment program, including development of currency hedging and risk management overlay programs which were managed "in-house." The fiscal year 1995 and 1996 audits disclosed this related transaction.

The System paid ZIMCO approximately \$872,000 in FY97, \$2.9 million in FY96 and \$2.5 million in FY95. During this time, ZIMCO was responsible for hedging domestic equity, domestic fixed income and international equity investments. In addition, ZIMCO ran a currency overlay program and an enhanced equity index program.

The services ZIMCO provided to the System during fiscal year 1997 involved hedging domestic equity and international equity portfolios. The System decided to conclude its risk management overlay program in November 1996, at the recommendation of its external investment consultant. The System terminated its contract with ZIMCO on November 15, 1996. According to

The System concluded its risk management program in November 1996. The System terminated its contract with ZIMCO on November 15, 1997. information provided by the System, losses on the three programs managed by ZIMCO during FY97 totaled \$33,796,000. This figure is derived from the information on page 52 of the report.
