## FINDINGS, CONCLUSIONS, AND RECOMMENDATIONS

### FAILURE TO IDENTIFY FINANCIAL STATEMENT REPORT ERROR

The Office did not identify a required adjustment necessary to ensure the Office's audited financial statements were accurately prepared.

Pension contributions subsequent to the measurement date were improperly excluded from the deferred outflow calculation A correction was made to increase the adjustment for deferred outflows for pensions on the Statement of Net Position and Governmental Funds Balance Sheet and to decrease the adjustment for general government expenditures on the Statement of Activities and Governmental Revenues, Expenditures and Changes in Fund Balances. The Office's pension contributions subsequent to the measurement date were improperly excluded from the deferred outflow calculation, resulting in an understatement of the deferred outflow balance of \$8.787 million as of June 30, 2016 and an overstatement of general government expenditures of \$8.787 million for the year ended June 30, 2016. (Finding 1, pages 62-63)

We recommended the Office implement internal control procedures to assess the risk of material misstatements of the Office's financial statements and to identify such misstatements during the financial statement preparation process.

Office agrees with our recommendation

Office officials agreed with the recommendation and stated the Office will review internal control procedures to ensure accurate financial statements are prepared, and will implement changes as necessary in order to asses and mitigate the risk of material misstatement.

#### **AUDITOR'S OPINION**

Our auditors stated the financial statements of the Office of the Secretary of State as of June 30, 2016, and for the year ended, are fairly stated in all material respects.
