FINDINGS, CONCLUSIONS, AND RECOMMENDATIONS

INADEQUATE INTERNAL CONTROLS RELATED TO REVIEW OF FINANCIAL STATEMENTS

The Office had inadequate internal controls over the Office's Illinois Funds Program financial statement review process.

During testing of the Office's Illinois Funds Program financial statements, various errors were identified in the draft financial statements provided, specifically:

- In the Notes to the Financial Statements, Note 2. Deposits and Investments, the fiscal year 2019 table summarizing the fair value of investments held at June 30, 2019 overreported the carrying amount for Farm Credit Discount Notes by \$358,530,000. The amount was reported as \$398,366,722 but should have been \$39,836,722. As a result, total deposits and investments reported in Note 2 as of June 30, 2019 were also overstated by \$358,530,000.
- In the Notes to the Financial Statements, Note 2. Deposits and Investments, the fiscal year 2020 table summarizing the Illinois Funds' investments within the fair value hierarchy reported carrying value instead of fair value for all investments. The total amount reported was understated by \$1,279,211 as the amount reported was \$7,000,331,688 but should have been \$7,001,610,899.
- In the Notes to the Financial Statements, Note 2. Deposits and Investments, the Credit Risk Note incorrectly included information from fiscal year 2018 as fiscal year 2019 information.
- On the Statement of Fiduciary Net Position, the fiscal year 2019 unamortized premiums and unaccreted discounts for Supranational Notes and Corporate Bonds were switched. The amount reported for Supranational Notes should have been \$532,523 but was reported as \$601,188 and the amount for Corporate Bonds should have been \$601,188 but was reported as \$532,523.
- On the Statement of Fiduciary Net Position, Certificates of Deposit did not include the interest accrued since purchase date of \$65,400.
- In the Notes to the Financial Statements, Note 5. Related Parties cash balance disclosures for the Illinois Funds' Administrative Fund were not updated

In Note 2, the fair value of investments held at June 30, 2019 was overstated by \$358,530,000

In Note 2, the investments within the fair value hierarchy were understated by \$1,279,211

In Note 2, the Credit Risk Note incorrectly included information from fiscal year 2018

On the Statement of Fiduciary Net Position, Certificates of Deposit did not include accrued interest of \$65,400 for fiscal year 2020. The prior year fiscal year report (2019 and 2018) balances were reported as June 30, 2020 and 2019 balances.

- On the Condensed Statement of Fiduciary Net Position by Investor Type, Net Position did not agree to the amount report for Net Position on the Statement of Fiduciary Net Position or the amount reported on the Condensed Statement of Changes in Fiduciary Net Position by Investor Type. The amount did not agree by \$1.
- On the Statement of Fiduciary Net Position, the unamortized premium for fiscal year 2019 Supranational Notes was reported as a discount.
- On the Statement of Fiduciary Net Position, the Money Market Mutual Funds did not disclose the unamortized premium, of \$470,032. In addition, the Notes to the Financial Statements, Note 1. Summary of Significant Accounting Policies, did not properly disclose the presentation of Money Market Mutual Funds.

The Office has corrected all errors noted above. (Finding 1, pages 49-50)

We recommended the Office improve controls over the financial reporting process of the Illinois Funds Program, specifically:

- Verify accuracy of all information reported.
- Verify prior fiscal year information reported within the financial statements, notes and supplementary information agrees to the prior fiscal year audit report.
- Verify all amounts within the financial statements, notes, and supplementary information have been updated.
- Verify amounts reported agree between statements and note schedules.

The Office accepted the recommendation and stated they will examine review procedures of both current and prior financial statement information and footnotes for improvement.

On the Statement of Fiduciary Net Position, the Money Market Mutual Funds did not disclose the unamortized premium, of \$470,032

The Office accepts the finding

AUDITOR'S OPINION

The auditors stated the financial statements of the Office of the Treasurer, The Illinois Funds as of and for the year ended June 30, 2020, are fairly stated in all material respects.

This financial audit was conducted by Crowe LLP.
