INDEPENDENT ACCOUNTANT'S REPORT
ON STATE COMPLIANCE AND ON INTERNAL CONTROL OVER COMPLIANCE

Honorable Frank J. Mautino
Auditor General
State of Illinois

and

Board of Directors
Illinois Grain Insurance Corporation

Report on State Compliance

As Special Assistant Auditors for the Auditor General, we have examined compliance by the Illinois Grain Insurance Corporation (Corporation) with the specified requirements listed below, as more fully described in the *Audit Guide for Financial Audits and Compliance Attestation Engagements of Illinois State Agencies (Audit Guide)* as adopted by the Auditor General, during the two years ended June 30, 2023. Management of the Corporation is responsible for compliance with the specified requirements. Our responsibility is to express an opinion on the Corporation's compliance with the specified requirements based on our examination.

The specified requirements are:

- A. The Corporation has obligated, expended, received, and used public funds of the State in accordance with the purpose for which such funds have been appropriated or otherwise authorized by law.
- B. The Corporation has obligated, expended, received, and used public funds of the State in accordance with any limitations, restrictions, conditions, or mandatory directions imposed by law upon such obligation, expenditure, receipt, or use.
- C. The Corporation has complied, in all material respects, with applicable laws and regulations, including the State uniform accounting system, in its financial and fiscal operations.
- D. State revenues and receipts collected by the Corporation are in accordance with applicable laws and regulations and the accounting and recordkeeping of such revenues and receipts is fair, accurate, and in accordance with law.

- E. Money or negotiable securities or similar assets handled by the Corporation on behalf of the State or held in trust by the Corporation have been properly and legally administered and the accounting and recordkeeping relating thereto is proper, accurate, and in accordance with law.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the Illinois State Auditing Act (Act), and the *Audit Guide*. Those standards, the Act, and the *Audit Guide* require that we plan and perform the examination to obtain reasonable assurance about whether the Corporation complied with the specified requirements in all material respects. An examination involves performing procedures to obtain evidence about whether the Corporation complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance with the specified requirements, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the Corporation's compliance with the specified requirements.

In our opinion, the Corporation complied with the specified requirements during the two years ended June 30, 2023, in all material respects.

The purpose of this report is solely to describe the scope of our testing and the results of that testing in accordance with the requirements of the *Audit Guide*. Accordingly, this report is not suitable for any other purpose.

Report on Internal Control Over Compliance

Management of the Corporation is responsible for establishing and maintaining effective internal control over compliance with the specified requirements (internal control). In planning and performing our examination, we considered the Corporation's internal control to determine the examination procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the Corporation's compliance with the specified requirements and to test and report on the Corporation's internal control in accordance with the *Audit Guide*, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with the specified requirements on a timely basis. A material weakness in internal control is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that material noncompliance with the specified requirements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control is a deficiency,

or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our examination we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

As required by the *Audit Guide*, immaterial findings excluded from this report have been reported in a separate letter.

The purpose of this report is solely to describe the scope of our testing of internal control and the results of that testing based on the requirements of the *Audit Guide*. Accordingly, this report is not suitable for any other purpose.

ILLINOIS GRAIN INSURANCE CORPORATION
(A COMPONENT UNIT OF THE STATE OF ILLINOIS)
SCHEDULE OF FINDING – PRIOR FINDING NOT REPEATED
For the Two Years Ended June 30, 2023

A. **FINDING** (Grain Insurance Reserve Fund not funded)

During the prior examination, the Illinois Grain Insurance Corporation (Corporation) did not fund the \$2,000,000 Grain Insurance Reserve Fund as required by the Grain Code.

During the current examination, our testing indicated that the Illinois General Assembly amended the Grain Code and provided legislative relief from the statutory requirement to the Corporation. Pursuant to PA102-1071, effective June 10, 2022, the funding of the Grain Insurance Reserve Fund is now subject to appropriation, removing the automatic requirement of the State of Illinois remitting \$2,000,000 to the Corporation's Reserve Fund. The Reserve Fund is unfunded because \$2,000,000 was not in the Fiscal Years 2022 and 2023 budget that was signed into law. This finding is not repeated. (Finding Code No. 2021-001, 2019-001, 2017-001, 2015-001, 2013-001, 11-1, 09-1, 07-2, 05-2)
