FINDINGS, CONCLUSIONS, AND RECOMMENDATIONS

INADEQUATE CONTROLS OVER TIME REPORTING

The Authority did not approve payroll reports timely.

During our testwork of 40 Weekly Attendance Reports prepared during the fiscal year ended June 30, 2021, we noted the following:

• Twenty (50%) reports were not approved by the designated Department Director within two weeks of the related pay period end date. Specifically, we noted the review timeframe ranged from 1 to 104 days subsequent to the pay period end date.

• Four (11%) reports were not approved by the designated Department Director within two weeks of the related pay period end date. Specifically, we noted the review timeframe ranged from 2 to 7 days subsequent to the pay period.

• One (3%) report was not approved by the designated Department Director and Department Timekeeper. (Finding 9, pages 28-29)

We recommended the Authority enforce existing policies and procedures to ensure payroll is approved timely.

Authority agreed with the auditors

Authority officials agreed with the recommendation.

INADEQUATE CONTROLS OVER I-9 FORMS

The Authority has not established adequate controls over the appropriate completion of I-9 Forms for employees hired by the Authority.

During our review of 40 employees, we noted the following:

• Nine employees (23%) did not fully complete section 1 of the I-9 Form as there was no indication as to whether the employee used a preparer, translator, or other individual to assist in completing Form I-9 on or before their respective hire date.

• Five employees (13%) failed to date section 1 of the I-9 Form by their respective hire date.

• Five employees (13%) dated and completed the I-9 Form prior to their hire date.
Authority agreed with the auditors

Two employees (5%) failed to sign section 1 of the I-9 Form. (Finding 10, page 30)

We recommended the Authority enhance their controls over the process for preparing and reviewing I-9 forms to ensure compliance with U.S. Citizen and Immigration Services requirements.

Authority officials agreed with the recommendation.

**IMPROPER ACCRUAL OF COMPENSATED ABSENCES**

The Authority did not properly accrue for compensated employee absences.

During our testwork of 30 employees’ accrued compensated absences (i.e. vacation and sick leave) liability balances during the fiscal year ended June 30, 2021, we noted the following:

- Five accruals were calculated incorrectly resulting in the vacation balance being understated. Specifically, we noted the hours ranged from 2.50 to 26.50 and in total 65 hours and $2,922.

- Three vacation payouts were calculated incorrectly resulting in an overpayment. Specifically, we noted three payouts had an overpayment of $2,354.

- Two accruals were calculated incorrectly resulting in the vacation balance being overstated. Specifically, we noted the hours ranged from 43 to 45 and in total 88 hours and $4,874.

- Two sick accruals were calculated incorrectly resulting in the sick balance being understated. Specifically, we noted the sick hours ranged from 4 to 42.50 hours and in total were understated by 46.50 hours and $2,178. (Finding 11, page 31)

We recommended the Authority enforce existing policies and procedures to ensure proper review of the calculation of accrued compensated absences. We also recommended the Authority review the accuracy of its prior compensated absence payouts and determine whether additional payments or recoupments are warranted and legal.

Authority officials agreed with the recommendation.

The remaining findings are reportedly being given attention by Authority personnel. We will review the Authority’s progress toward the implementation of our recommendations in our next examination.
