INDEPENDENT AUDITORS' REPORT

Honorable Frank J. Mautino

Auditor General

State of Illinois

Report on the Financial Statements

As Special Assistant Auditors for the Auditor General, we have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20 as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20, as of June 30, 2018, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 and Note 16 to the financial statements, in the year ended June 30, 2018, the Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20 implemented Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which caused a material change in comparability to prior year financial statements. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's basic financial statements. The supplementary information as listed in the table of contents is presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information as listed in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information as listed in the table of contents is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 17, 2019, on our consideration of the Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's internal control over financial reporting and compliance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Frank J. Mautino
Auditor General
State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's basic financial statements, and have issued our report thereon dated April 17, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's internal control. Accordingly, we do not express an opinion on the effectiveness of Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying Schedule of Findings and Responses as item 2018-001 that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matter that is required to be reported under *Government Auditing Standards* and which is described in the accompanying Schedule of Findings and Responses as item 2018-002.

Regional Office of Education #20's Responses to the Findings

Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Responses. Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

2018-001 Controls Over Financial Statement Preparation (Repeat of Finding 17-001, 16-001, 15-001, 14-002, 13-002, 12-02 and 11-02)

Criteria/specific requirement:

The Regional Office of Education #20 (ROE) is required to maintain a system of controls over the preparation of financial statements in accordance with generally accepted accounting principles (GAAP). The Regional Office's internal controls over GAAP financial reporting should include adequately trained personnel with the knowledge, skills, and experience to prepare GAAP based financial statements and include all disclosures as required by the Governmental Accounting Standards Board (GASB).

GASB Statement No. 34, *Basic Financial Statements – Management’s Discussion and Analysis – for State and Local Governments* (Statement), requires governments to present government-wide and fund financial statements as well as a summary reconciliation of the (a) total governmental funds balances to the net position of governmental activities in the Statement of Net Position, and (b) total change in governmental fund balances to the change in net position of governmental activities in the Statement of Activities. In addition, the Statement requires information about the government’s major and non-major funds in the aggregate, to be provided in the fund financial statements.

GASB Statements No. 68, *Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27 and No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68*, require governments to record and present net accrued pension liabilities/assets, deferred outflows of resources, deferred inflows of resources, and pension expenses. These standards further prescribe the methods and assumptions that are to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of service.

GASB Statements No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, and GASB Statement No. 85, *Omnibus 2017*, require governments to record and present net OPEB liabilities/assets, deferred outflows of resources, deferred inflows of resources, and OPEB expenses. These standards further prescribe the methods and assumptions that are to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of service.

Condition:

The Regional Office of Education #20 does not have sufficient internal controls over the financial reporting process. While the Regional Office maintains controls over the processing of most accounting transactions, there are not sufficient controls over the preparation of GAAP based financial statements for management or employees in the normal course of performing their assigned functions to prevent or detect financial statement misstatements and disclosure omissions in a timely manner.

SCHEDULE OF FINDINGS AND RESPONSES

Section II - Financial Statement Findings (Continued)

2018-001 Controls Over Financial Statement Preparation (Repeat of Finding 17-001, 16-001, 15-001, 14-002, 13-002, 12-02 and 11-02) (Continued)

During review of the Regional Office's financial information prepared by the ROE, auditors noted the ROE's financial information required material adjusting entries to accounts receivable, accounts payable, accrued payroll, interfund loans, and unavailable revenue in order to present its financial statements in accordance with generally accepted accounting principles. In addition, the ROE management did not have adequate controls to record and report net accrued pension and OPEB liabilities, deferred outflows of resources, deferred inflows of resources, and pension and OPEB expenses in accordance with GAAP. Proposed adjusting entries were approved and accepted by ROE management.

Effect:

The Regional Office of Education #20's management or its employees, in the normal course of performing their assigned functions, may not prevent or detect financial statement misstatements and disclosure omissions in a timely manner.

Cause:

According to Regional Office of Education #20's management, they did not timely hire and/or train their accounting personnel in order to comply with these requirements for fiscal year 2018.

Recommendation:

As part of internal control over the preparation of financial statements, the ROE should implement comprehensive preparation procedures to ensure that the financial statements are complete and accurate. These procedures should be performed by a properly trained individual possessing a thorough understanding of applicable GAAP, GASB pronouncements, and knowledge of the ROE's activities and operations.

Management's Response:

The Regional Office agrees. We have created a new position, Comptroller, in order to better prepare for FY 19 financial statement work, and beyond. Regional Office #20 will also be contracting with a retired CPA to assist in the preparation procedures to ensure complete and accurate work for the FY 19 audit. Moving forward, Regional Office #20 will have sufficient controls over preparation of GAAP based financial statements. This will help employees prevent or detect financial statement misstatements and disclosure omissions in a timely manner.

SCHEDULE OF FINDINGS AND RESPONSES

For the Year Ended June 30, 2018

Section II - Financial Statement Findings

2018-002 Delay of Audit

Criteria/specific requirement:

Regional Office of Education #20 is subject to 105 ILCS 5/2-3.17a which requires the Auditor General's office to cause an audit to be made, as of June 30th of each year, of the financial statements of all accounts, funds and other moneys in the care, custody or control of the regional superintendent of schools of each educational service region in the State and of each educational service center established in the School Code. The audit is to be conducted in accordance with Generally Accepted Governmental Auditing Standards.

In accordance with 105 ILCS 5/2-3.17a, the Auditor General has promulgated administrative rules and regulations to govern this process. Those rules, 74 Ill. Adm. Code 420.320 (c) (2), state that for audit purposes, each regional office of education and educational service center shall make available to the Auditor General or his designee all books and records deemed necessary to make and complete the required audits. The records shall be in auditable form by August 15 of the succeeding fiscal year. Financial reports are to be available no later than August 31 in order for the annual audit to be completed by an independent auditor selected by the Auditor General. Annual financial statements are to be prepared on an accrual basis of accounting in accordance with generally accepted accounting principles (GAAP).

In addition, prudent business practices and transparency require timely preparation and completion of financial statements.

Condition:

The Regional Office of Education #20 did not provide completed financial statements or financial records, in the form of a general ledger trial balance, in an auditable form by the August 31, 2018 deadline. Financial records provided were not prepared on an accrual basis in accordance with GAAP.

Effect:

When financial statements and records are not provided in a timely manner, delays in the audit occur and the usefulness of the financial statements and related findings resulting from the audit is impacted. Additionally, untimely financial statements could result in repercussions from granting agencies including a loss of funding.

Cause:

According to Regional Office of Education #20's management, they did not timely hire and/or train their accounting personnel in order to comply with these requirements for fiscal year 2018.

2018-002 Delay of Audit

Recommendation:

The Regional Office of Education #20 should implement procedures to ensure compliance with 105 ILCS 5/2-3.17a and 74 Ill. Adm. Code 420.320 (c) (2). Annual financial statements should be compiled on an accrual basis of accounting in accordance with GAAP. These financial statements need to be presented to the Auditor General's independent auditors for audit by the August 31 deadline.

Management's Response:

Regional Office #20 agrees with the finding and will present financial statements in accordance with GAAP for FY19. Regional Office #20 is presently implementing a new position to meet compliance, as well as contracting with a retired CPA.

Condition:

The Regional Office of Education #20 does not have sufficient internal controls over the financial reporting process. While the Regional Office maintains controls over the processing of most accounting transactions, there are not sufficient controls over the preparation of GAAP based financial statements for management or employees in the normal course of performing their assigned functions to prevent or detect financial statement misstatements and disclosure omissions in a timely manner.

During review of the Regional Office's financial information prepared by the ROE, auditors noted the ROE's financial information required material adjusting entries to accounts receivable, accounts payable, accrued payroll, interfund loans, and unavailable revenue in order to present its financial statements in accordance with generally accepted accounting principles. Proposed adjusting entries were approved and accepted by ROE management.

Plan:

We are currently transitioning to a newly created position. The new position is Comptroller. The Comptroller has a good understanding of accounting principles relevant to the preparation of GAAP basis financial statements. Also, Regional Office #20 is presently negotiating a contractual position with a retired CPA to assist with implementation of the financial statement preparation process, so Regional Office #20 will better meet the GAAP requirements.

NOTES TO FINANCIAL STATEMENTS

For the Year Ended June 30, 2018

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20 was formed under the provisions of the State of Illinois, Illinois State Board of Education.

This summary of significant accounting policies of the Regional Office of Education #20 is presented to assist in understanding the Regional Office of Education #20's financial statements. The financial statements and notes are representations of the Regional Office of Education #20's management who is responsible for the integrity and objectivity of the financial statements. The Illinois Administrative Code, Title 23 - Subtitle A, Chapter 1, Section 110.115a, requires each Regional Office of Education to prepare annual financial statements in conformity with accounting principles generally accepted in the United States of America. These principles have been consistently applied in the preparation of the financial statements.

FINANCIAL REPORTING ENTITY

The Regional Office of Education #20 operates under the School Code (Articles 5/3 and 5/3A of Illinois Compiled Statutes, Chapter 105). The Regional Superintendent of Schools (Regional Superintendent) serves as chief administrative officer of the Regional Office of Education #20 and is elected pursuant to Article 3, Illinois Compiled Statutes, Chapter 105.

The Regional Superintendent is charged with responsibility for township fund lands; registration of the names of applicants for scholarships to State controlled universities; examinations and related duties; visitation of public schools; direction of teachers and school officers; to serve as the official advisor and assistant of school officers and teachers; to conduct teachers institutes as well as to aid and encourage the formation of other teachers' meetings and assist in their management; to evaluate the schools in the region; examine evidence of indebtedness; to file and keep the returns of elections required to be returned to the Regional Superintendent's office; and file and keep the reports and statements returned by school treasurers and trustees.

The Regional Superintendent is also charged with the responsibilities of conducting a special census, when required; providing notice of money distributed to treasurers, board presidents, clerks, and secretaries of the school districts on or before each September 30; maintenance of a map and numbering of the Regional Office of Education #20's districts; providing township treasurers with a list of district treasurers; to inspect and approve building plans which comply with State law; to perform and report on annual building inspections; investigate bus drivers for valid bus driver permits and take related action as may be required; to maintain a list of unfilled teaching positions and to carry out other related duties required or permitted by law.

The Regional Superintendent is responsible for inspection and approval or rejection of school treasurer's bonds. The Regional Superintendent is also required to provide the State Board of Education with an affidavit showing that the treasurers of school districts under his control are properly bonded.

The Regional Superintendent is also responsible for apportionment and payment of funds received from the State for the districts in the Regional Office of Education #20, or see that no payments are made unless the treasurer has filed or renewed appropriate bond and that the district has certified publication of the annual financial report. The Regional Superintendent is required to provide opinions and advice related to controversies under school law.

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2018

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

FINANCIAL REPORTING ENTITY (Continued)

For the period ended June 30, 2018, the Regional Office of Education #20 applied for, received, and administered numerous State and federal programs and grants in assistance and support of the educational activities of the school districts in Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties. Such activities are reported as a single special revenue fund (Education Fund).

SCOPE OF THE REPORTING ENTITY

The Regional Office of Education #20's reporting entity includes all related organizations for which they exercise oversight responsibility.

The Regional Office of Education #20 has developed criteria to determine whether outside agencies with activities which benefit the citizens of the Regional Office of Education #20, including districts or joint agreements which serve pupils from numerous regions, should be included in its financial reporting entity. The criteria include, but are not limited to, whether the Regional Office of Education #20 exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

The districts and joint agreements have been determined not to be a part of the reporting entity after applying the manifesting of oversight, scope of public service, and special financing relationships criteria and are therefore excluded from the accompanying financial statements because the Regional Office of Education #20 does not control the assets, operations, or management of the districts or joint agreements. In addition, the Regional Office of Education #20 is not aware of any entity, which would exercise such oversight as to result in the Regional Office of Education #20 being considered a component unit of the entity.

NEW ACCOUNTING PRONOUNCEMENTS

In 2018, the Regional Office of Education #20 implemented Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, and GASB Statement No. 85, *Omnibus 2017*. The Regional Office of Education #20 implemented these standards during the current year. The implementation of GASB Statement No. 75 established new financial reporting requirements for state and local governments which provide their employees with postemployment benefits other than pensions, including additional note disclosures and required supplementary information. GASB Statement No. 85 addresses certain practice issues identified during implementation and application of other GASB Statements, including GASB Statement No. 75.

GASB Statement No. 81, *Irrevocable Split-Interest Agreements*, and GASB Statement No. 86, *Certain Debt Extinguishment Issues* also became effective for the current year, but these statements had no impact on the Regional Office of Education #20's financial statements.

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2018

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of the Regional Office of Education #20's activities with most of the interfund activities removed. Governmental activities include programs supported primarily by State and federal grants and other intergovernmental revenues. The Regional Office of Education #20 has three business-type activities that rely on fees and charges for support.

The Regional Office of Education #20's government-wide financial statements include a Statement of Net Position and a Statement of Activities. These statements present a summary of governmental and business-type activities for the Regional Office of Education #20 accompanied by a total column. These statements are presented on an "economic resources" measurement focus as prescribed by GASB Statement No. 34. All of the Regional Office of Education #20's assets and deferred outflows of resources and liabilities and deferred inflows of resources, including capital assets, are included in the accompanying Statement of Net Position.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges for services and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental and proprietary funds are reported as separate columns in the fund financial statements.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, such as, payables, receivables and transfers. Interfund activities between governmental funds and proprietary funds appear as due to/due from on the Governmental Fund Balance Sheet and Proprietary Fund Statement of Net Position and as other resources and other uses on the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances and on the Proprietary Fund Statement of Revenues, Expenses and Changes in Fund Net Position.

All interfund transactions between governmental funds are eliminated on the government-wide financial statements. Interfund activities between governmental funds and business-type funds remain as due to/due from on the government-wide financial statements.

All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities.

The purpose of interfund borrowing and permanent transfers is to cover temporary or permanent short falls in cash flow within grant programs and funds.

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

GOVERNMENTAL FUND FINANCIAL STATEMENTS

Governmental Fund Financial Statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and nonmajor funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements and the net position and changes in net position presented in the government-wide financial statements.

The governmental fund financial statements have been prepared in accordance with generally accepted accounting principles on the modified accrual basis. Under modified accrual basis of accounting, revenues are recorded when susceptible to accrual i.e., both measurable and available. Revenue is considered to be available when they are collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Revenue received more than 60 days after the end of the current period is deferred in the governmental fund financial statements but is recognized as current revenue in the government-wide financial statements. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for prepaid expenses and other long-term obligations, which are recognized when paid.

Revenue received after the Regional Office's availability period are reported as deferred inflows of resources in the fund financial statements but are recognized as current revenue in the government-wide financial statements.

PROPRIETARY FUND FINANCIAL STATEMENTS

Proprietary fund financial statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position, and a Statement of Cash Flows for each major proprietary fund and nonmajor funds aggregated.

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The government-wide financial statements are reported using the "economic resources" measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor have been met.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (Continued)

The governmental funds financial statements focus on the measurement of spending or "financial flow" and the determination of changes in financial position, rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current position) is considered a measure of "available spendable resources." Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current position. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the Regional Office of Education #20; therefore, revenues are considered to be earned to the extent of expenditures made under the provisions of the grant. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually recoverable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria are met.

Under the terms of grant agreements, Regional Office of Education #20 funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted resources available to finance the program. It is Regional Office of Education #20's policy to first apply restricted funds to such programs, then unrestricted. For unrestricted funds, committed funds are used first, then assigned funds, then unassigned, if any.

FUND ACCOUNTING

The Regional Office of Education #20 uses funds to maintain its financial records during the year. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balances, revenues, and expenditures or expenses, as appropriate. The Regional Office of Education #20 uses governmental, proprietary, and fiduciary funds.

GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions of the Regional Office of Education #20 are typically reported. Governmental funds reporting focuses on the sources, uses and balances of current financial resources. Expendable assets and deferred outflows of resources are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities and deferred inflows of resources are assigned to the fund from which they will be paid. The difference between governmental fund assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is reported as a fund balance.

GOVERNMENTAL FUNDS (Continued)

As prescribed by GASB Statement No. 34, governmental and proprietary fund reporting focuses on the major funds, rather than on the fund type. There is a two-step process for determining if a fund should be reported as a major fund: 1) total assets plus deferred outflows of resources, liabilities plus deferred inflows of resources, revenues, or expenditures/expenses (excluding extraordinary items) of an individual fund are at least 10% of the corresponding total for the fund type, and 2) total assets plus deferred outflows of resources, liabilities plus deferred inflows of resources, revenues, or expenditures/expenses (excluding extraordinary items) of an individual fund are at least 5% of the corresponding total for the total of all governmental and proprietary funds combined. Funds that do not meet the major fund determination requirements are reported in aggregate as nonmajor funds. The Regional Office of Education #20 has presented all major funds that met the above qualifications.

The Regional Office of Education #20 reports the following major governmental funds:

General Fund - The General Fund is the operating fund of the Regional Office of Education #20. It is used to account for all financial resources in the Region except those required to be accounted and reported for in another fund. The following accounts are included in the General Fund:

General Budget – This fund is used for the general operation of the Regional Office and to cover expenses that are not paid for by other funds.

Truants Alternative General State Aid – These funds are used to account for the administration of monies to be used for the General State Aid Program.

Safe Schools State Aid – To account for General State Aid received from the Illinois State Board of Education based on the average daily attendance at the Safe School.

Special Revenue Funds – Special Revenue Funds are used to account for and report the proceeds of specific revenue sources (other than fiduciary and major capital projects) that are restricted to expenditures for specified purposes.

Major special revenue funds include the following:

Education Fund – This fund is used to account for and report the proceeds of specific revenue sources that are restricted by grant agreements or contracts to expenditures for specified purposes supporting education enhancement programs as follows:

ROE/ISC General Operations – This fund accounts for grant monies received and expended for general and administrative expenses.

Federal Special Education – Pre-School Discretionary – This fund is used to account for the monies received from the State (federal dollars) to promote increasing public awareness of the availability of services and locating, identifying and evaluating children suspected of having disabilities.

GOVERNMENTAL FUNDS (Continued)

Truants Alternative/Optional Education – This fund accounts for the proceeds from State grants expended under a program to reduce student truancy.

Regional Safe Schools – This fund is used to account for the monies received from the State. The program concentrates on the education of students who have been expelled from the school districts served by the Regional Office of Education #20.

Pilot Regional Safe School Cooperative Education Program – This program is used to account for grant monies received for, and payment of expenditures related to providing suspended or expelled youth at the Regional Safe School with alternative cooperative education including classroom work and experience in the private sector.

Title II - Teacher Quality - Leadership Grant – To account for monies passed through to the Professional Development Alliance.

Title II - Teacher Quality – This program is used to account for federal grant monies received for, and payment of, expenditures related to providing teachers and principals training in teacher and principal evaluations.

System of Support – This fund is used to account for the monies received from the State (federal dollars) to provide improvement support to schools in academic early warning and academic watch status as well as to assist other schools whose performance makes placement on the lists in the near future likely.

McKinney-Vento Education For Homeless Children and Youth – This fund is used to account for the monies received from the State (federal dollars) for assisting school districts in identifying and providing assistance to at-risk students.

National and State School Breakfast and Lunch – This program is used to account for State and federal grant monies received for, and payment of, expenditures to provide breakfast and lunch to students enrolled at the Regional Safe School Program.

Institute Fund – This fund accounts for fees from registrations. These funds are used to help pay certain administrative expenses incurred to conduct workshops and for general meetings with teachers and other school personnel. All funds generated remain restricted until expended only on the aforementioned activities.

Additionally, the Regional Office of Education #20 reports the following nonmajor special revenue funds:

Bus Driver/Transportation – This fund accounts for State and local receipts and expenses as a result of training school district bus drivers.

GOVERNMENTAL FUNDS (Continued)

General Education Development – To account for the Regional Office of Education’s administration of the GED Testing Program. Revenues are received from testing and diploma fees.

PROPRIETARY FUNDS

Proprietary funds account for revenues and expenses related to services provided to organizations within the region on a cost-reimbursement basis. Enterprise funds are proprietary funds that are financed and operated in a manner similar to private business enterprises, where the intent is that the costs of providing goods or services to external entities or the general public on a continuing basis should be financed or recovered primarily through user charges. The Regional office of Education #20 reports the following major enterprise fund:

Harrisburg Project – This fund is used to account for the contract that creates and maintains computer software and provides an electronic exchange of data for the school districts with other entities.

The Regional Office of Education #20 reports the following nonmajor enterprise funds:

Local Workshops – To account for the fees and local revenues received and related disbursements incurred while performing the corresponding program services. This fund also accounts for revenues and expenditures associated with fingerprinting conducted by the Regional Office.

Fingerprinting – This fund accounted for revenues and expenditures associated with fingerprinting conducted by the Regional Office. For fiscal year 2018, the fingerprinting activity was accounted for in the Local Workshops fund and this fund was closed.

FIDUCIARY FUNDS

Fiduciary funds are used to account for assets held by the Regional Office of Education #20 in a trustee capacity or an agent for individuals, private organizations, other governmental units, and/or other funds.

School Facility Occupation Tax – This fund receives monies from the State Comptroller for the School Facilities Occupation Tax for Edwards, Hamilton, Hardin, Saline, White, and Wabash County school districts. The monies are then forwarded directly to the school districts. The Regional Office of Education #20 has agreements with all entities that receive distributions from this fund to keep all accumulated interest.

Ohio and Wabash Valley Regional Vocational System – This fund receives money for the Ohio and Wabash Valley Regional Vocational System. The Regional Office acts as the fiscal agent and distributes the monies upon receipt.

Eastern Illinois University Cohort – This fund receives money for tuition from teachers who are taking graduate level courses through Eastern Illinois University. The Regional Office remits the money collected to Eastern Illinois University upon receipt of their invoice.

GOVERNMENTAL FUND BALANCES

Fund Balance is the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources in a governmental fund. The following types of fund balances may be presented in the Governmental Funds Balance Sheet and Governmental Funds Combining Schedule of Accounts:

Nonspendable Fund Balance - the portion of a Governmental Fund's net position that are not available to be spent, either short term or long term in either form or through legal restrictions. The Regional Office of Education #20 has no nonspendable fund balances.

Restricted Fund Balance - the portion of a Governmental Fund's net position that are subject to external enforceable legal restrictions. The National and State School Breakfast and Lunch account's fund balance is restricted by grant agreement or contract. The following accounts' fund balances are restricted by Illinois statute: Institute Fund and Bus Driver/Transportation.

Committed Fund Balance - the portion of a Governmental Fund's net position with self-imposed constraints or limitations that have been placed at the highest level of decision making. The Regional Office of Education #20 has no committed fund balances.

Assigned Fund Balance - the portion of a Governmental Fund's net position to denote an intended use of resources. The accounts presented with assigned fund balances are specified for a particular purpose by the Regional Superintendent. The following accounts' fund balances are assigned: Truants Alternative General State Aid and Safe Schools State Aid.

Unassigned Fund Balance - available expendable financial resources in a governmental fund that are not designated for a specific purpose. The following accounts' fund balances are unassigned: General Budget, Truants Alternative/Optional Education, Regional Safe Schools, Pilot Regional Safe School Cooperative Education Program, and General Education Development.

NET POSITION

Equity is classified as net position and displayed in three components:

Net investment in capital assets - Consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net position - Consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

Unrestricted net position - The net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

BUDGET INFORMATION

The Regional Office of Education #20 acts as the administrative agent for certain grant programs that are accounted for in the Education Fund. Certain programs have separate budgets and are required to report to the Illinois State Board of Education or other granting authority; however, none of the annual budgets have been legally adopted, nor are they required to do so. Certain programs within the Education Fund do not have separate budgets.

Comparisons of budgeted and actual results for the following programs are presented as supplementary information: ROE/ISC General Operations, Federal Special Education - Pre-School Discretionary, Truants Alternative/Optional Education, Regional Safe Schools, Pilot Regional Safe School Cooperative Education Program, Title II Teacher Quality Leadership Grant, Title II - Teacher Quality, System of Support, and McKinney-Vento Education for Homeless Children and Youth.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents consists of cash on deposit. The Regional Office of Education #20 considers all liquid investments with a maturity of three months or less when purchased to be cash equivalents. Investments with original maturities of more than three months are reported as investments.

INVENTORY

Inventory is not recorded. The cost is recorded as an expenditure at the time individual inventory items are purchased.

CAPITAL ASSETS

Capital assets purchased or acquired with an original cost of \$500 or more and estimated useful lives of greater than one year are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Computer Equipment	3 - 5 years
Office Equipment and Furniture	5 - 10 years
Building Improvements	10 - 20 years

POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

For purposes of measuring the Regional Office of Education #20's OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Regional Office of Education #20's OPEB Plan and additions to/deductions from the Regional Office of Education #20's fiduciary net position have been determined on the same basis as they are reported by the Regional Office of Education #20's Plan. For this purpose, the Regional Office of Education #20's Plan recognizes benefit payments when due and payable in accordance with the benefit terms. The Regional Office of Education #20's OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense for the Regional Office of Education #20's single-employer defined benefit OPEB plan have been actuarially determined using the Alternative Measurement Method.

COMPENSATED ABSENCES

Employees of the Regional Office of Education #20 are permitted to accumulate earned but unused vacation benefits. Accumulated unused vacation benefits are accrued as incurred in the government-wide financial statements. Governmental funds record accumulated unused vacation benefits payable only when due for payment, such as an employee retires or resigns. Accrued but unused vacation time in the amount of \$45,038 is included on the government-wide financial statements at June 30, 2018 which is an increase of \$5,921 from the June 30, 2017 balance of \$39,117. During the year ended June 30, 2018, Regional Office of Education #20 employees earned \$55,643 and used or forfeited \$49,722 of vacation benefits. The entire balance of the Regional Office of Education #20 compensated absences liability is reported as long-term in the governmental activities column of the Statement of Net Position.

Sick leave accumulates as far as time available but is not reimbursable to employees upon termination. Therefore, no accruals or reserves have been established.

ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

UNEARNED REVENUE

The Regional Office of Education #20 reports unearned revenue in the governmental fund Balance Sheet. Unearned revenue arises when grant funds are received in advance of expenditure.

REVENUE FROM FEDERAL AND STATE GRANTS

Revenues from federal and State grant awards are recorded net of the amount due to the State or federal agency for unused portion of the grant or the amount carried over to the following fiscal year project. Amounts due to the State or federal agency are carried over to the following year project and are recorded as liabilities.

DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

GASB Statement No. 65 reclassified as deferred outflows of resources or deferred inflows of resources certain items that were previously reported as assets and liabilities. Decreases in net position or fund balances that relate to future periods are reported as deferred outflows of resources. Increases in net position or fund balances that relate to future periods are reported as deferred inflows of resources. When an asset is recorded in the governmental fund financial statements but the revenue is not available, the Regional Office reports a deferred inflow of resources until such time as the revenue becomes available. *Available* means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Revenues are not available if they are received more than 60 days after the end of the fiscal year.

2 DEPOSITS AND INVESTMENTS

The Illinois Compiled Statutes authorize the Regional Office of Education #20 to make deposits and invest in U.S. Government, State of Illinois and municipal securities, certificates of deposit or time savings deposits insured by the FDIC, mortgage notes, bonds, or debentures issued by the Federal Housing Administration, bonds and other obligations of the Federal National Mortgage Association, commercial paper rated within the three highest classifications by at least two standard rating services, credit union shares, and the Illinois Public Treasurer's Investment Pool.

BANK DEPOSITS

At June 30, 2018, the carrying amount of the Regional Office of Education #20's government-wide and agency fund deposits were \$627,936 and \$391,996, respectively. The government-wide and agency fund bank balances were \$631,931 and \$391,996, respectively. Of the total bank balances as of June 30, 2018, \$501,000 was secured by federal depository insurance, \$72,334 was invested in Illinois Funds Money Market Fund, \$450,593 was collateralized by securities pledged by the Regional Office of Education #20's financial institution in the name of the Regional Office.

CUSTODIAL CREDIT RISK

Custodial credit risk for deposits with financial institutions is the risk that, in the event of bank failure, the ROE's deposits may not be returned to it.

To guard against custodial credit risk for deposits with financial institutions, the Regional Office of Education #20's investment policy requires that deposits with financial institutions in excess of FDIC limits be secured by some form of collateral, by a written agreement, and held at an independent, third-party institution in the name of the Regional Office of Education #20.

INVESTMENTS

The Regional Office of Education #20 does not have a formal investment policy, as its only investments are internally pooled in the Illinois Funds Money Market Fund. At June 30, 2018, the Regional Office of Education #20 had investments with carrying and fair values of \$72,334 invested in the Illinois Funds Money Market Fund. This amount is included in cash and cash equivalents in the financial statements.

CREDIT RISK

At June 30, 2018, the Illinois Funds Money Market Fund had a Standard and Poor's AAAM rating. The pool is audited annually by an outside independent auditor and copies of the report are distributed to participants. Although not subject to direct regulatory oversight, the fund is administered by the Illinois State Treasurer in accordance with the provision of the Illinois Public Funds Investment Act, 30 ILCS 235. All investments are fully collateralized.

INTEREST RATE RISK

The Illinois Funds Money Market Fund, created by the Illinois General Assembly, enables custodians of public funds an investment option with a competitive rate of return on fully collateralized investments and immediate access to the funds. The investment policy of the Illinois Funds Money Market Funds states that, unless authorized specifically by the Treasurer, a minimum of 75% of its investments shall have less than one-year maturity and no investment shall exceed two years maturity.

CONCENTRATION OF CREDIT RISK

Unless specifically authorized by the Treasurer, the Illinois Funds Money Market Fund's investment policy limits investment categories to not exceed 25% of the portfolio with the exception of cash equivalents and U.S. Treasury securities. Further certificates of deposit cannot exceed 10% of any single financial institution's total deposits.

3 CAPITAL ASSETS

In accordance with GASB Statement No. 34, the Regional Office of Education #20 has reported capital assets in the government-wide Statement of Net Position. Purchases are reported as capital outlay in the governmental fund statements. Purchases are capitalized when purchased for business-type activities. The following table provides a summary of changes in capital assets, accumulated depreciation, and investment in capital assets for the year ended June 30, 2018:

4 DEFINED BENEFIT PENSION PLAN - ILLINOIS MUNICIPAL RETIREMENT FUND

IMRF PLAN DESCRIPTION

The Regional Office of Education #20's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The Regional Office of Education #20's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this note. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

BENEFITS PROVIDED

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

EMPLOYEES COVERED BY BENEFIT TERMS

As of December 31, 2017, the following employees were covered by the benefit terms:

	IMRF
Retirees and Beneficiaries currently receiving benefits	25
Inactive Plan Members entitled to but not yet receiving benefits	31
Active Plan Members	17
Total	<u>73</u>

CONTRIBUTIONS

As set by statute, the Regional Office of Education #20's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The Regional Office of Education #20's annual contribution rate for calendar year 2017 was 11.97%. For the fiscal year ended June 30, 2018, the Regional Office of Education #20 contributed \$107,654 to the plan. The Regional Office of Education #20 also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

NET PENSION LIABILITY

The Regional Office of Education #20's net pension liability was measured as of December 31, 2017. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

ACTUARIAL ASSUMPTIONS

The following are the methods and assumptions used to determine total pension liability at December 31, 2017:

- The **Actuarial Cost Method** used was Entry Age Normal.
- The **Asset Valuation Method** used was Market Value of Assets.
- The **Inflation Rate** was assumed to be 2.5%.
- **Salary Increases** were expected to be 3.39% to 14.25%, including inflation.
- The **Investment Rate of Return** was assumed to be 7.50%.
- **Projected Retirement Age** was from the Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2017 valuation according to an experience study from years 2014 to 2016.

ACTUARIAL ASSUMPTIONS (Continued)

- For **Non-Disabled Retirees**, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates for **Mortality** (for non-disabled retirees) were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience.
- For **Disabled Retirees**, an IMRF-specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives.
- For **Active Members**, an IMRF-specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.
- The **long-term expected rate of return** on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2017:

Asset Class	Portfolio Target Percentage	Long-Term Expected Real Rate of Return
Equities	37%	6.85%
International Equity	18%	6.75%
Fixed Income	28%	3.00%
Real Estate	9%	5.75%
Alternative Investments	7%	
Private Equity		7.35%
Hedge Funds		5.05%
Commodities		2.65%
Cash Equivalents	1%	2.25%
Total	100%	

SINGLE DISCOUNT RATE

A Single Discount Rate of 7.50% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.50%, the municipal bond rate is 3.31%, and the resulting single discount rate is 7.50%.

5 TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS

The Regional Office of Education #20 participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <http://trsil.org/financial/cafrs/fy2017>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling 888-678-3675, option 2.

BENEFITS PROVIDED

TRS provides retirement, disability, and death benefits. Tier 1 members have TRS or reciprocal system services prior to January 1, 2011. Tier 1 members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service. Disability and death benefits are also provided.

BENEFITS PROVIDED (Continued)

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different from Tier 1.

Essentially all Tier 1 retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. The earliest possible implementation date is July 1, 2019.

CONTRIBUTIONS

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2017 was 9.0 percent of creditable earnings.

The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the Regional Office of Education #20.

ON BEHALF CONTRIBUTIONS TO TRS

The State of Illinois makes employer pension contributions on behalf of the Regional Office of Education #20. For the year ended June 30, 2018, the State of Illinois contributions recognized by the Regional Office of Education #20 were based on the State's proportionate share of collective net pension liability associated with the Regional Office of Education #20, and the Regional Office of Education #20 recognized revenue and expenditures of \$246,451 in pension contributions from the State of Illinois.

2.2 FORMULA CONTRIBUTIONS

Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ending June 30, 2018 were \$2,406 and are deferred because they were paid after the June 30, 2017 measurement date.

FEDERAL AND SPECIAL TRUST FUND CONTRIBUTIONS

When TRS members are paid from federal and special trust funds administered by the Regional Office of Education #20, there is a statutory requirement for the Regional Office of Education #20 to pay an employer pension contribution from those funds. Under Public Act 100-340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2018, the employer pension contribution was 10.10 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2018, no salaries were paid from federal and special trust funds therefore there were no required employer contributions.

EMPLOYER RETIREMENT COST CONTRIBUTIONS

Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The Regional Office of Education #20 is required to make a one-time contribution to TRS for members retiring under the Early Retirement Option (ERO). The payments vary depending on the member's age and salary. The maximum employer ERO contribution under the program that ended June 30, 2016 is 146.5 percent and applies when the member is age 55 at retirement.

For the year ended June 30, 2018, the Regional Office of Education #20 paid no employer contributions under the ERO program.

The Regional Office of Education #20 is also required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary. A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2018, the Regional Office of Education #20 made no payments to TRS for employer contributions due on salary increases in excess of 6 percent and no payments for sick leave days granted in excess of the normal annual allotment.

PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS

At June 30, 2018, the Regional Office of Education #20 reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for State pension support provided to the employer. The State's support and total are for disclosure purposes only. The amount recognized by the employer as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the employer were as follows:

Employers proportionate share of the net pension liability	\$ 36,376
State's proportionate share of the net pension liability associated with the employer	<u>2,504,201</u>
Total	<u>\$ 2,540,577</u>

The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2016, and rolled forward to June 30, 2017. The Regional Office of Education #20's proportion of the net pension liability was based on the Regional Office of Education #20's share of contributions to TRS for the measurement year ended June 30, 2017, relative to the contributions of all participating TRS employers and the State during that period. At June 30, 2017, the Regional Office of Education #20's proportion was 0.0000476138 percent, which was an increase of 0.0000019599 percent from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the Regional Office of Education #20 recognized pension expense of \$246,451 and revenue of \$246,451 for support provided by the State.

For the year ended June 30, 2018, the Regional Office of Education #20 recognized pension expense of \$3,764. At June 30, 2018, the Regional Office of Education #20 reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

ACTUARIAL ASSUMPTIONS

The total pension liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation:	2.50 percent
Salary increase:	Varies by amount of service credit
Investment rate of return:	7.00 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the RP-2014 White Collar Table with adjustments as appropriate for TRS experience. The rates are used on a fully-generational basis using projection table MP-2014. The same assumptions were used in the June 30, 2016 actuarial valuation.

ACTUARIAL ASSUMPTIONS (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
U.S. equities large cap	14.4%	6.94%
U.S. equities small/mid cap	3.6%	8.09%
International equities developed	14.4%	7.46%
Emerging market equities	3.6%	10.15%
U.S. bonds core	10.7%	2.44%
International debt developed	5.3%	1.70%
Real estate	15.0%	5.44%
Commodities (real return)	11.0%	4.28%
Hedge funds (absolute return)	8.0%	4.16%
Private Equity	14.0%	10.63%
	<u>100%</u>	

DISCOUNT RATE

At June 30, 2017, the discount rate used to measure the total pension liability was 7.0 percent, which was a change from the June 30, 2016 rate of 6.83 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and state contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2017 was projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. Tier 1's liability is partially funded by Tier 2 members, as the Tier 2 member contribution is higher than the cost of Tier 2 benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

At June 30, 2016, the discount rate used to measure the total pension liability was 6.83 percent. The discount rate was lower than the actuarially-assumed rate of return on investments that year as well because TRS's fiduciary net position and the subsidy provided by Tier 2 were not sufficient to cover all projected benefit payments.

7 DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

Deferred Outflows of Resources – Deferred outflows of resources in the Statement of Net Position represent a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension and OPEB expense and contributions from the employer after the measurement date but before the end of the employer's reporting period.

Deferred Inflows of Resources – Deferred inflows of resources in the Governmental Funds Balance Sheet represent an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year.

Deferred inflows of resources are reported in the governmental fund financial statements as unavailable revenue and represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources consist of grant receivables not collected within sixty days after year end.

Deferred inflows of resources in the Statement of Net Position consist of the unamortized portion of components of the net pension liability and OPEB liabilities that will reduce pension and OPEB expense in future years.

8 RISK MANAGEMENT

The Regional Office of Education #20 is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Regional Office of Education #20 has purchased commercial insurance to cover these risks. No losses have been incurred in excess of the amounts covered by insurance over the past three years.

9 OPERATING LEASES

The Regional Office of Education #20 leases its office facilities. The lease term is from August 1, 2017 to July 31, 2021. The monthly rental payments are \$2,410 under the lease. The Regional Office of Education #20 is responsible for all utility bills and trash removal.

The Regional Office of Education #20 leased office space for an Alternative School in Norris City, Illinois. This is a month to month lease with monthly rental payments of \$1,000 per month.

During the year ended June 30, 2018, rentals under lease obligations were \$40,920.

Future minimum rentals expense is as follows:

Years Ending June 30,	
2019	\$ 28,290

10 ON BEHALF PAYMENTS

The State of Illinois paid the following salaries, benefits, and contributions on behalf of the Regional Office of Education #20:

Regional Superintendent Salary	\$ 110,208
Regional Superintendent Fringe Benefit (Includes State paid insurance)	33,306
Assistant Regional Superintendent Salary	99,192
Assistant Regional Superintendent Fringe Benefit (Includes State paid insurance)	1,438
Total	\$ 244,144

Salary and benefit data for the Regional Superintendent and Assistant Regional Superintendent was calculated based on data provided by the Illinois State Board of Education (ISBE). These amounts have been recorded in the accompanying financial statements as State revenue and expenditures.

The Regional Office of Education #20 also recorded \$246,451 and \$35,552 in revenue and expenses as on-behalf payments from ISBE for the Regional Office's share of the State's Teachers' Retirement System (TRS) pension expense and the State's Teacher's Health Insurance Security Fund (THIS) OPEB expense in the Statement of Activities, respectively. In addition, the Regional Office of Education #20 has not included any on behalf payments related to the State's TRS pension expense and THIS OPEB expense for the Regional Superintendent or Assistant Regional Superintendent.

13 TEACHER'S HEALTH INSURANCE SECURITY FUND

THIS PLAN DESCRIPTION

The Regional Office of Education #20 participates in the Teachers' Health Insurance Security (THIS) fund. The THIS fund is a non-appropriated trust fund held outside the State Treasury, with the State Treasurer as custodian. Additions deposited into the Trust are for the sole purpose of providing the health benefits to retirees, as established under the plan, and associated administrative costs. The THIS fund is a cost-sharing multiple-employer defined benefit post-employment healthcare plan that covers retired employees of participating employers throughout the State of Illinois, excluding the Chicago Public School System. THIS health coverage includes provisions for medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits. Annuitants may participate in the State administered Preferred Provider Organization plan or choose from several managed care options. As a result of the Governor's Executive Order 12-01, the responsibilities in relation to THIS were transferred to the Department of Central Management Services (Department) as of July 1, 2013. The Department administers the plan with the cooperation of the Teachers' Retirement System (TRS).

BENEFITS PROVIDED

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 required all active contributors to TRS who are not employees of the State to make a contribution to the THIS Fund.

A percentage of employer required contributions in the future will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

ON-BEHALF CONTRIBUTION TO THE THIS FUND

The State of Illinois makes employer retiree health insurance contributions on behalf of the Regional Office of Education #20. For the year ended June 30, 2018, State of Illinois contributions recognized by the Regional Office of Education #20 were based on the State's proportionate share of the collective net OPEB liability associated with the Regional Office of Education #20, and recognized revenue and expenditures of \$35,552 in OPEB contributions from the State of Illinois.

EMPLOYER CONTRIBUTIONS TO THIS FUND

The Regional Office of Education #20 also makes contributions to the THIS Fund. The employer THIS Fund contribution was 0.88 percent during the year ended June 30, 2018, and 0.84 and 0.80 percent during the years ended June 30, 2017 and 2016, respectively. For the year ended June 30, 2018, the Regional Office of Education #20 paid \$3,651 to the THIS Fund, which was 100 percent of the required contribution. For the years ended June 30, 2017 and 2016, the Regional Office of Education #20 paid \$2,841 and \$2,401 to the THIS Fund, respectively, which was 100 percent of the required contribution.

FURTHER INFORMATION ON THE THIS FUND

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General: <http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp>. The current reports are listed under "Central Management Services." Prior reports are available under "Healthcare and Family Services."

ACTUARIAL ASSUMPTIONS

The total OPEB liability was determined by an actuarial valuation as of June 30, 2016, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified.

Inflation:	2.75 percent
Salary increase:	Depends on service and ranges from 9.25% at 1 year of service to 3.25% at 20 or more years of service. Salary increase includes a 3.25% wage inflation assumption
Investment rate of return:	0%, net of OPEB plan investment expense, including inflation
Healthcare cost trend rates:	Actual trend used for fiscal year 2017. For fiscal years on and after 2018, trend starts at 8.00% and 9.00% for non-Medicare costs and post-Medicare costs, respectively, and gradually decreases to an ultimate trend of 4.50%. Additional trend rate of 0.59% is added to non-Medicare costs on and after 2020 to account for the Excise Tax.

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table, adjusted for TRS experience. For disabled annuitants mortality rates were based on the RP-Disabled Annuitant table. Mortality rates for pre-retirement were based on the RP-2014 White Collar Table. All tables reflect future mortality improvements using Projection Scale MP-2014.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2014.

SINGLE DISCOUNT RATE

Projected benefit payments are required to be discounted to their actuarial present values using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

Since the THIS fund is financed on a pay-as-you-go basis, the sponsor has selected a discount rate consistent with the 20-year general obligation bond index described above. The discount rates are 2.85 percent as of June 30, 2016, and 3.56 percent as of June 30, 2017.

^b One percentage point increase in healthcare trend rates are 9.00% in 2018 decreasing to an ultimate trend rate of 6.09% in 2025, for non-Medicare coverage, and 10.00% in 2018 decreasing to an ultimate trend rate of 5.50% in 2027 for Medicare coverage.

OPEB LIABILITIES, OPEB EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO OPEB

At June 30, 2018, the Regional Office of Education #20 reported a liability for its proportionate share of the net OPEB liability that reflected a reduction for State OPEB support provided to the Regional Office of Education #20. The amount recognized by the Regional Office of Education #20 as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the Regional Office of Education #20 were as follows:

The collective net OPEB liability was measured as of June 30, 2017, and the total OPEB liability used to calculate the collective net OPEB liability was determined by an actuarial valuation as of June 30, 2016, and was rolled forward to the June 30, 2017 measurement date. The Regional Office of Education #20's proportion of the collective net OPEB liability was based on a projection of the Regional Office of Education #20's long-term share of contributions to the OPEB plan relative to the projected contributions of the Regional Office of Education #20, actuarially determined. At June 30, 2017, the Regional Office of Education #20's proportion was 0.001470 percent, which was an increase of 0.000181 percent from its proportion measured as of June 30, 2016 (0.001289 percent). The State's support and total are for disclosure purposes only.

For the year ending June 30, 2018, the Regional Office of Education #20 recognized OPEB expense of \$35,552 and revenue of \$35,552 for support provided by the State. For the year ending June 30, 2018, the Regional Office of Education #20 recognized OPEB expense of \$34,943. At June 30, 2018, the Regional Office of Education #20 reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

PLAN DESCRIPTION

In addition to providing the pension and OPEB benefits described, the Regional Office of Education #20 also provides postemployment healthcare benefits (OPEB) for retired employees through a single employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the Regional Office of Education #20 and can be amended by the Regional Office of Education #20 through its personnel manual, except for the implicit subsidy which is governed by the State Legislature and Illinois Compiled Statutes (ILCS). The plan is not accounted for as a trust fund since an irrevocable trust has not been established by the Regional Office of Education #20. The plan does not issue a separate report.

BENEFITS PROVIDED

The Regional Office of Education #20 provides continued medical and prescription drug insurance coverage at the blended employer rate to all eligible retirees in accordance with Illinois Compiled Statutes, which creates an implicit subsidy of retiree health insurance. To be eligible for benefits, an employee must qualify for retirement in accordance with the requirements established by the Illinois Municipal Retirement Fund. Employees hired prior to January 1, 2011, Tier I employees, are eligible for retirement at age 55 with 35 years of service or age 60 with 8 years of service, and are eligible for early retirement at age 55 with 8 years of service. Employees hired after December 31, 2010, Tier 2 employees, are eligible for retirement at age 62 with 35 years of service or age 67 with 10 years of service, and are eligible for early retirement at age 62 with 10 years of service. Participants in the plan, including spouses and surviving spouses, are eligible to remain on the plan until age 65 when Medicare becomes the primary insurer.

EMPLOYEES COVERED BY BENEFIT TERMS

At June 30, 2018, the following employees were covered by the benefit terms:

TOTAL OPEB LIABILITY

The Regional Office of Education #20's total OPEB liability of \$ 72,596 was measured as of June 30, 2017, and was determined by an actuarial valuation as of that date.

ACTUARIAL ASSUMPTIONS AND OTHER INPUTS

The total OPEB liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified.

Inflation:	2.5 percent
Payroll growth:	3.5 percent wage inflation plus increases depending on age and service ranging from 0.4 percent to 7 percent
Discount rate:	3.56 percent
Healthcare cost trend rates:	9.0 percent for the fiscal year ended June 30, 2018, and decreasing 0.5 percent per year to an ultimate rate of 5.0 percent for the fiscal year ending June 30, 2026

Changes of assumptions

For the 2017 and 2016 measurement years, the assumed investment rate of return was 7.0 percent, including an inflation rate of 2.5 percent and a real return of 4.5 percent. Salary increases were assumed to vary by service credit.

For the 2015 measurement year, the assumed investment rate of return was 7.5 percent, including an inflation rate of 3.0 percent and real return of 4.5 percent. Salary increases were assumed to vary by service credit. Various other changes in assumptions were adopted based on the experience analysis for the three-year period ending June 30, 2014.

For the 2014 measurement year, the assumed investment rate of return was also 7.5 percent, including an inflation rate of 3.0 percent and a real return of 4.5 percent. However, salary increases were assumed to vary by age.

Notes to Schedule:

Summary of Actuarial Methods and Assumptions Used in the Calculation of the 2017 Contribution Rate*

Valuation Date:

Notes Actuarially determined contribution rates are calculated as of December 31 each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine 2017 Contribution Rates:

<i>Actuarial Cost Method:</i>	Aggregate entry age normal
<i>Amortization Method:</i>	Level percentage of payroll, closed
<i>Remaining Amortization Period:</i>	26-year closed period
<i>Asset Valuation Method:</i>	5-year smoothed market; 20% corridor
<i>Wage Growth:</i>	3.5%
<i>Price Inflation:</i>	2.75%, approximate; No explicit price inflation assumption is used in this valuation.
<i>Salary Increases:</i>	3.75% to 14.5%, including inflation
<i>Investment Rate of Return:</i>	7.5%
<i>Retirement Age:</i>	Experience-based table of rates that are specific to the type of eligibility condition; last updated for the 2014 valuation pursuant to an experience study of the period 2011 to 2013.
<i>Mortality:</i>	RP-2014 Blue Collar Health Annuitant Mortality Table, adjusted to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

Other Information:

Notes: There were no benefit changes during the year.

* Based on Valuation Assumptions used in the December 31, 2015, actuarial valuation; note two year lag between valuation and rate setting.

This schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, information is presented for those years for which information is available.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
Teacher's Health Insurance Security Fund
For the Year Ended June 30, 2018

1 CHANGES OF BENEFIT TERMS

In the June 30, 2018 actuarial valuation, there have been no changes of benefit terms from the prior period.

2 CHANGES OF ASSUMPTIONS

Because this is implementation year of GASB 74/75, the beginning Total OPEB Liability is based on the same assumptions, data and plan provisions as the ending Total OPEB Liability. For the purpose of developing changes in OPEB Liability for GASB 74/75 reporting, there have been no changes in assumptions from the prior period.
