REGIONAL SUPERINTENDENT
During Audit Period: Honorable David Demler Currently: Honorable David Demler

FINDINGS, CONCLUSIONS, AND RECOMMENDATIONS

CONTROLS OVER FINANCIAL STATEMENT PREPARATION

The Regional Office of Education #22 did not have sufficient internal controls over the financial reporting process.

The Regional Office of Education #22 is required to maintain a system of controls over the preparation of financial statements in accordance with generally accepted accounting principles (GAAP). Regional Office internal controls over GAAP financial reporting should include adequately trained personnel with the knowledge and expertise to prepare and/or thoroughly review GAAP based financial statements to ensure that they are free of material misstatements and include all disclosures as required by the Governmental Accounting Standards Board (GASB).

The Regional Office of Education #22 did not have sufficient internal controls over the financial reporting process. The Regional Office maintains its accounting records on the cash basis of accounting. While the Regional Office maintains controls over the processing of most accounting transactions, there are not sufficient controls over the preparation of the GAAP based financial statements for management or employees in the normal course of performing their assigned functions to prevent or detect financial statement misstatements and disclosure omissions in a timely manner. For example, auditors, in their review of the Regional Office's accounting records, noted the following:

- The Regional Office's financial information required numerous adjusting entries to present the financial statements in accordance with generally accepted accounting principles.
- The Regional Office did not have adequate controls over the maintenance of complete records of accounts receivable, accounts payable, or deferred revenue. While the Regional Office did maintain records to indicate the balances of accounts payable, accounts receivable, and deferred revenue, no entries were provided to reconcile the Regional Office of Education #22's grant activity, such as posting grant receivables and deferred revenue.

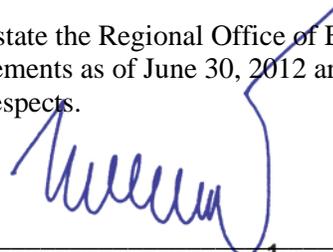

According to Regional Office officials, they did not have adequate funding to hire and/or train their accounting personnel in order to comply with these requirements. (Finding 12-01, pages 10a-10b) **This finding was first reported in 2007.**

The auditors recommended that, as part of its internal control over the preparation of financial statements, including disclosures, the Regional Office of Education #22 should implement a comprehensive preparation and/or review procedure to ensure that the financial statements, including disclosures, are complete and accurate. Such procedures should be performed by a properly trained individual(s) possessing a thorough understanding of applicable generally accepted accounting principles, GASB pronouncements, and knowledge of the Regional Office of Education's activities and operations.

The Regional Office of Education #22 responded that it understands the nature of this finding and realizes that this circumstance is not unusual in an organization of this size. The Regional Office noted that it accepts the degree of risk associated with this condition because the added expense of seeking additional accounting expertise to prepare and/or review financial statements would take away from the funds available to provide educational services for the schools in the region. (For previous Regional Office response, see Digest Footnote #1.)

AUDITORS' OPINION

Our auditors state the Regional Office of Education #22's financial statements as of June 30, 2012 are fairly presented in all material respects.

WILLIAM G. HOLLAND
Auditor General

DIGEST FOOTNOTES

#1: Controls Over Financial Statement Preparation - Previous Regional Office Response

In its prior response in 2011, the Regional Office of Education #22 responded that it understands the nature of this finding and realizes that this circumstance is not unusual in an organization of this size. The Regional Office accepts the degree of risk associated with this condition because the added expense of seeking additional accounting expertise to prepare and/or review financial statements would take away from the funds available to provide educational services for the schools in the region. The Regional Office responded that in an attempt to correct this finding the Regional Office will continue to send the Controller to various trainings to better understand accrual accounting and reporting under generally accepted accounting principles (GAAP). In addition, the Regional Office made an attempt to solicit help in preparing financial statements from the new County accountant. The Regional Office noted that the County accountant has since resigned and the position has not been filled. That source is no longer available to the Regional Office.
