Independent Auditors' Report on Supplementary Information
For State Compliance Purposes

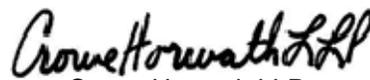

Honorable William G. Holland
Auditor General, State of Illinois
and Board of Trustees
Southern Illinois University

As Special Assistant Auditors for the Auditor General, we have audited the basic financial statements of Southern Illinois University as of and for the year ended June 30, 2011, and have issued our report thereon dated April 2, 2012 (issued under separate cover). That audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. We did not audit its aggregate discretely presented component units. The component unit financial statements were audited by other auditors whose reports thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the discretely presented component unit, is based on the reports of other auditors. The basic financial statements of Southern Illinois University and its aggregate discretely presented component units are collectively, a component unit of the State of Illinois. The accompanying supplementary information, as listed in the table of contents as Supplementary Information for State Compliance Purposes, is presented for purposes of additional analysis and is not a required part of the basic financial statements of Southern Illinois University. Such information, except for that portion marked "unaudited" on which we express no opinion, has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, except for the effects on the financial schedules for entities and auxiliary enterprises of not reporting accumulated depreciation and depreciation expense on capital assets, such information is fairly stated, in all material respects in relation to the basic financial statements for the year ended June 30, 2011, taken as a whole.

We have also previously audited, in accordance with auditing standards generally accepted in the United States of America, Southern Illinois University's 2010 and 2009 basic financial statements. Those audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. In our reports dated February 25, 2011 and February 19, 2010 based on our audits and the reports of other auditors, we expressed an unqualified opinion on the respective financial statements of Southern Illinois University and its aggregate discretely presented component units. In our opinion, the 2010 and 2009 Supplementary Information for State Compliance Purposes, except for the portion marked "unaudited" on which we express no opinion, has been subjected to the auditing procedures applied in the audit of the basic financial statements and except for the effects on the financial schedules for entities and auxiliary enterprises of not reporting accumulated depreciation and depreciation expense on capital assets, such information is fairly stated, in all material respects, in relation to the 2010 and 2009 basic financial statements taken as a whole.

The supplementary financial information referred to above includes only the financial activities of Southern Illinois University, the primary unit. Financial activities of University Related Organizations are not included.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, and the University Board of Trustees and management, and is not intended to be and should not be used by anyone other than these specified parties.

EXPLANATION OF SIGNIFICANT VARIATIONS IN ASSETS AND LIABILITIES

June 30, 2011 and 2010

Following are the changes in assets and liabilities between June 30, 2011 and June 30, 2010, which involved increases or decreases of at least 10% and \$1,500,000 or more.

	Fiscal Year <u>2011</u>	Fiscal Year <u>2010</u>	<u>Difference</u>
Cash and Cash Equivalents	\$ 98,251,928	\$ 81,665,668	\$ 16,586,260

The increase in cash and cash equivalents is primarily attributable to the Edwardsville campus. At Edwardsville, increases in enrollment, tuition, and fees resulted in increased Income Fund cash of \$7.5 million. Also, cash related to Edwardsville repair and replacement funds increased \$5.5 million over fiscal year 2010.

Reimbursement Due from State Treasurer	\$ 97,416,482	\$ 84,270,336	\$ 13,146,146
---	---------------	---------------	---------------

The increase is due to the State of Illinois' financial situation resulting in slower reimbursements from the State Comptroller for payroll expenses. At Carbondale, the amount owed for payroll expenses increased \$13.3 million from fiscal year 2010. The amount owed to the Edwardsville campus for payroll expenses increased \$1.9 million. These increases were partially offset by decreased reimbursements due for service charges on both campuses. Carbondale service expense reimbursements decreased \$1.8 million while service expense reimbursements at Edwardsville decreased \$400,000.

Accounts Receivable, Net	\$ 60,869,098	\$ 51,249,402	\$ 9,619,696
--------------------------	---------------	---------------	--------------

The increase is primarily due to a \$9.7 million receivable at School of Medicine associated with Medicaid reimbursements.

Due from Related Organizations	\$ 5,244,633	\$ 3,110,694	\$ 2,133,939
--------------------------------	--------------	--------------	--------------

The increase is primarily related to the Physicians & Surgeons program at School of Medicine. At the end of fiscal year 2010, Physicians & Surgeons owed the University \$2.5 million while at the end of fiscal year 2011, the amount owed the University was \$4.9 million. The increase is related to increased clinical activities and the timing of payments to the University.

Inventories	\$ 9,600,488	\$ 7,335,455	\$ 2,265,033
-------------	--------------	--------------	--------------

The increase can be attributed to the Edwardsville campus. In fiscal year 2011, textbook services at Edwardsville had increased net book purchases of \$2.2 million.

Accounts Payable	\$ 34,515,211	\$ 38,572,249	\$ (4,057,038)

The decrease in accounts payable can be attributed to the Saluki Way construction project on the Carbondale campus. Accounts payable related to the Saluki Way project decreased \$4 million as project was completed at the end of fiscal year 2011.

Accrued Payroll	\$ 11,987,032	\$ 9,317,627	\$ 2,669,405
-----------------	---------------	--------------	--------------

ANALYSIS OF SIGNIFICANT ACCOUNT BALANCES
CASH AND CASH EQUIVALENTS AND INVESTMENTS

June 30, 2011

The University has pooled its operating cash and investments to provide for efficiencies and economies in their management. Proceeds related to revenue bonds and certificate of participation financing activities are pooled to the extent allowed under covenants. Investment income earned on the operating cash and investments, including realized gains and losses resulting from the sale or other disposition of investments, is distributed on a quarterly basis to the pooled participants based upon their respective aggregate balances over the prior three-month period.

Investments are reported at fair value. The fair value is determined to be the amount, usually quoted market prices, at which financial instruments could be exchanged in a current transaction between willing parties. The investment with the Public Treasurer's Investment Pool (The Illinois Funds) is at fair value, which is the same value as the pool shares. Also, certain money market investments having a remaining maturity of one year or less at time of purchase and non-negotiable certificates of deposit with redemption terms that do not consider market rates are carried at amortized cost. The calculation of realized gain is independent of the calculation of the net increase in the fair value of investments.

At June 30, 2011, all balances related to the deposits of the University were covered by federal depository insurance or collateral held by an agent in the University's name.

ANALYSIS OF INDIRECT COST RECOVERIES

Year ended June 30, 2011

The indirect costs incurred in relation to grants and contracts are reimbursed by a portion of such grants and contracts received from governmental agencies and private sources. The indirect costs incurred and the subsequent reimbursements of such costs are accounted for in the University's general ledger as current unrestricted general funds. The reimbursement funds are needed for the following purposes:

- To provide monies for the prefunding of grants and contracts (i.e., expenditures made before grant monies are received);
- To fund central research administrative costs and research-related indirect costs; and
- To fund facility development programs and activities relative to obtaining new contracts.

The University uses as its authority the State Finance Act (30 ILCS 105/6a-2) for retaining and expending indirect cost reimbursement funds on a local basis.

University Functions and Planning Program

Southern Illinois University (SIU) is a comprehensive university with medical, dental, law, nursing and pharmacy schools, and with degree programs from the associate to the professional and doctoral levels. It primarily serves the citizens of Illinois, but its students come from all 50 states and many foreign countries. It is the only senior system of higher education serving the people of the southern half of the State of Illinois. It has two main campuses, Southern Illinois University Carbondale and Southern Illinois University Edwardsville. The University's President is Glenn Poshard.

SIU Carbondale offers an extensive inventory of baccalaureate, graduate and professional degrees and research programs. Its public service and continuing education components are geared to serve the surrounding region of small communities, farms and mines. SIU Edwardsville has a strong inventory of baccalaureate programs, with selective masters and professional degrees and research programs. The stated goals of the University are: (1) to maintain the high quality of its programs of instruction, research, and public service; (2) to judiciously monitor the development of, and additions to, these programs; and (3) to sustain, through these programs, its educational, research and public service contributions to the people of Southern Illinois, the State of Illinois, and the nation.

Each campus has established planning procedures for developing new and expanded programs and associated budget requests. The formal planning document is the Resource Allocation Management Plan (RAMP) required by the Illinois Board of Higher Education (IBHE). After approval by the President and the SIU Board of Trustees, the Plan is transmitted to the IBHE for consideration and approval. The IBHE coordinates the Plan with the goals and objectives of other State universities, with the needs of Illinois citizens (as defined by the four goals of the Illinois Public Agenda), and with available resources. The Plan represents the formal long-term and short-term goals for the University. Included in the Plan are requests for substantial changes in academic programs and requests for capital and deferred maintenance funds, as well as funds for personnel and operating needs.

The IBHE has established an eight-year program review schedule whereby all academic programs are reviewed on a recurring cycle. Performance measures (i.e., number of graduates, credit hours generated, cost per credit hour and quality of instruction and research) are reviewed by the SIU Office of Academic Affairs and internal and external consultants. Specific recommendations are made for improvement, expansion or deletion of programs. Progress in implementing recommendations is monitored by the Office of Academic Affairs at both the campus and system levels and by the IBHE.

University Functions and Planning Program - continued

The campuses have also developed an evaluation process whereby research and public service centers and institutes are reviewed on a recurring eight-year cycle. Other non-academic areas (i.e., student services) participate in either formalized five-year reviews utilizing internal and external consultants, or respond to specific IBHE-mandated "focus" reviews which are part of IBHE's evaluation process.

The University has a budget and planning process that: (1) establishes University priorities and shifts resources to those priorities that advance the mission of the institution; (2) identifies resources to address unexpected expenses and emergencies to avoid major resource reallocations during the year; (3) builds a structure to identify resources for planned asset maintenance (facilities, equipment and professional development); and (4) enhances accountability over budget changes and resource use through a set of decision rules, ensuring appropriate level of review.

SIU has a deep commitment to excellence in teaching, scholarly creative activities, service and the achievement of these objectives while offering an affordable educational experience for all students.

Quarterly performance reports are made to the Board of Trustees, which assist in ensuring that appropriate review is given to significant budget changes and that budget goals are met. An annual report is also made to the Board which presents accomplishments related to the goals established for the fiscal year and summarizes overall financial results.

Credit Hour Productivity

	Credit Hours (1)	Staff Years (2)	Productivity (3)
Carbondale	439,616 hours	1,214 years	362 hours
Edwardsville	361,207 hours	691 years	523 hours

Source: This information was obtained from Christine Blackburn (Carbondale) and Phil Brown (Edwardsville) of Institutional Research and Studies. These numbers come from the credit hour productivity report filed annually with IBHE. The report used was a preliminary report.

The University defines the above statistics as follows:

- (1) *Credit Hours* – The hours reported are those included in the IBHE annual cost study series and are only those supported by State appropriations. Credit hours generated by faculty and staff whose appointments are on non-state lines are not included in this report and neither are the staff years of appointment.
- (2) *Staff Years* – Staff years are defined as persons-months divided by 12. Included are those in the reporting category of instruction. As such, staff years recorded on staff statistical reports as Direct-Instruction, Indirect-Instruction, Department-Research, and a portion of Administration is included. Activities in Organized Research, Extension and a portion of Administration are excluded.
- (3) *Productivity* – Productivity is the result of dividing the credit hours by staff years. The ratio is used by the IBHE as a measure of instructional load or faculty productivity. In the past it has been used by the IBHE as a basis of PIPS (Productivity Improvements in Personal Services) budget adjustments. It has also been used by the IBHE in evaluating any requests which are made for additional staff as part of the Resource Allocation Management Plan Process.

CARBONDALE

The Carbondale campus is engaged in an agreement with an outside vendor for their bookstore services. The original contract term was from May 2, 2001 through May 31, 2006 with options for two year renewals for two years each. The University subsequently extended those renewals and is currently operating under an extension of the contract with Follett until December 31, 2011. The bookstore had annual gross sales of \$3,401,545 in fiscal year 2011. The University received \$306,139 in commissions from bookstore operations. The terms of the commission are stated below.

- The outside vendor will pay the Carbondale campus for whichever amount is greater between
 - An annual commission of 9% of all gross revenues up to \$3,500,000.
 - 10% of all gross revenue between \$3,500,000 and \$5,000,000.
 - 11% of all gross revenue over \$5,000,000.

Or

- A guaranteed annual payment of \$250,000.

Exclusive rights to sell textbooks on the SIUC campus are given to the vendor. However, the vendor has competition of two nearby bookstores located off-campus.

EDWARDSVILLE

The Edwardsville campus rents textbooks to its students. The Textbook Service Department and the University Center Bookstore had annual sales of \$546,947 and \$2,254,302, respectively in fiscal year 2011.
