We are responsible for the identification of, and compliance with, all aspects of laws, regulations, contracts, or grant agreements that could have a material effect on the operations of the University. We are responsible for and we have established and maintained an effective system of, internal controls over compliance requirements. We have performed an evaluation of the University's compliance with the following assertions during the year ended June 30, 2007. Based on this evaluation, we assert that during the year ended June 30, 2007, the University has materially complied with the assertions below.

- A. The University has obligated, expended, received and used public funds of the State in accordance with the purpose for which such funds have been appropriated or otherwise authorized by law.
- B. The University has obligated, expended, received and used public funds of the State in accordance with any limitations, restrictions, conditions or mandatory directions imposed by law upon such obligation, expenditure, receipt or use.
- C. The University has complied in all material respects, with applicable laws and regulations, including the State uniform accounting system, in its financial and fiscal operations.
- D. State revenues and receipts collected by the University are in accordance with applicable laws and regulations and the accounting and recordkeeping of such revenues and receipts is fair, accurate and in accordance with law.

- E. Money or negotiable securities or similar assets handled by the University on behalf of the State or held in trust by the University have been properly and legally administered, and the accounting and recordkeeping relating thereto is proper, accurate and in accordance with law.

Very truly yours,

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
COMPLIANCE REPORT SUMMARY  
Year Ended June 30, 2007**

**Office of the Auditor General**

Thomas L. Kizziah  
Kathleen Devitt

Audit Manager  
Audit Manager, Information Systems

The responses were provided by University personnel for publication by Heather Haberaecker, Executive Assistant Vice President for Business and Finance at Chicago.

**Independent Accountant's Report on State Compliance  
and on Internal Control Over Compliance  
for State Compliance Purposes**

Honorable William G. Holland  
Auditor General  
State of Illinois

**Compliance**

As Special Assistant Auditors for the Auditor General, we have examined the University of Illinois' compliance with the requirements listed below, as more fully described in the Audit Guide for Financial Audits and Compliance Attestation Engagements of Illinois State Agencies (Audit Guide) as adopted by the Auditor General, during the year ended June 30, 2007. The management of the University of Illinois is responsible for compliance with these requirements. Our responsibility is to express an opinion on the University of Illinois' compliance based on our examination.

- A. The University of Illinois has obligated, expended, received, and used public funds of the State in accordance with the purpose for which such funds have been appropriated or otherwise authorized by law.
- B. The University of Illinois has obligated, expended, received, and used public funds of the State in accordance with any limitations, restrictions, conditions, or mandatory directions imposed by law upon such obligation, expenditure, receipt, or use.
- C. The University of Illinois has complied, in all material respects, with applicable laws and regulations, including the State uniform accounting system, in its financial and fiscal operations.
- D. The State revenues and receipts collected by the University of Illinois are in accordance with applicable laws and regulations and the accounting and recordkeeping of such revenues and receipts is fair, accurate, and in accordance with law.
- E. Money or negotiable securities or similar assets handled by the University of Illinois on behalf of the State or held in trust by the University of Illinois have been properly and legally administered and the accounting and recordkeeping relating thereto is proper, accurate, and in accordance with law.

We conducted our examination in accordance with attestation standards established by the American Institute of Certified Public Accountants; the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the Illinois State Auditing Act (Act); and the Audit Guide as adopted by the Auditor General pursuant to the Act; and, accordingly, included examining, on a test basis, evidence about the University of Illinois' compliance with those requirements listed in the first paragraph of this report and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the University of Illinois' compliance with specified requirements.

In our opinion, the University of Illinois complied, in all material respects, with the aforementioned requirements during the year ended June 30, 2007. However, the results of our procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with criteria established by the Audit Guide, issued by the Illinois Office of the Auditor General and which are described in the accompanying schedule of State findings and questioned costs as items 07-9, 07-10, and 07-11. As required by the Audit Guide, immaterial findings relating to instances of noncompliance excluded from this report have been reported in a separate letter to your office.

## **Internal Control**

The management of the University of Illinois is responsible for establishing and maintaining effective internal control over compliance with the requirements listed in the first paragraph of this report. In planning and performing our examination, we considered the University of Illinois' internal control over compliance with the aforementioned requirements in order to determine our examination procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Audit Guide, issued by the Illinois Office of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of the University of Illinois' internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University of Illinois' internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses as defined below. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with the requirements listed in the first paragraph of this report on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to comply with the requirements listed in the first paragraph of this report such that there is more than a remote likelihood that noncompliance with a requirement that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 07-9, 07-10, and 07-11 to be significant deficiencies.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a requirement listed in the first paragraph of this report will not be prevented or detected by the entity's internal control. We did not consider any of the deficiencies described in the accompanying schedule of findings and questioned costs to be material weaknesses. As required by the Audit Guide, immaterial findings relating to internal control deficiencies excluded from this report have been reported in a separate letter to your office.

The University of Illinois' responses to the findings identified in our examination are described in the accompanying schedule of findings and questioned costs. We did not examine the University of Illinois' responses and accordingly, we express no opinion on them.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, the University Board of Trustees, and University management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**Report on Compliance With  
Requirements Applicable to Each Major Program and on  
Internal Control Over Compliance and Schedule of Expenditures  
of Federal Awards in Accordance With OMB Circular A-133**

Honorable William G. Holland  
Auditor General  
State of Illinois

**Compliance**

We have audited the compliance of the University of Illinois with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement*, that are applicable to each of its major federal programs for the year ended June 30, 2007. The University of Illinois' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the University of Illinois' management. Our responsibility is to express an opinion on the University of Illinois' compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the University of Illinois' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the University of Illinois' compliance with those requirements.

In our opinion, the University of Illinois complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2007. However, the results of our auditing procedures disclosed an instance of noncompliance with those requirements, which is required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying schedule of findings and questioned costs as item 07-8.

## **Internal Control Over Compliance**

The management of the University of Illinois is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the University of Illinois' internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University of Illinois' internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses as defined below. However, as discussed below, we identified a certain deficiency in internal control over compliance that we consider to be a significant deficiency.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 07-8 to be a significant deficiency.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control. We did not consider the deficiency described in the accompanying schedule of findings and questioned costs to be a material weakness.

The University of Illinois' responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the University of Illinois' responses and, accordingly, we express no opinion on them.

## **Schedule of Expenditures of Federal Awards**

We have audited the financial statements of the business-type activities and the aggregate discretely presented component units of the University of Illinois as of and for the year ended June 30, 2007, and have issued our report thereon dated February 8, 2008. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the University of Illinois' basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, the University Board of Trustees, University management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Dollar threshold used to distinguish between Type A and Type B programs: \$3,000,000

Auditee qualified as low-risk auditee?  Yes  No

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2007**

**Current Findings – Federal Compliance**

**07-8 Finding:      Inaccurate Amount Reported on the Fiscal Operations Report  
and Application to Participate (FISAP) (Chicago Campus)**

Federal Agency: Department of Education  
Program Name: Student Financial Aid – Perkins Loan Program  
Grant: Perkins Loan  
CFDA # 84.038

Questioned Costs: None

The Chicago Campus reported an erroneous amount on their fiscal year 2006 FISAP to the Federal government.

During our testing of the fiscal year 2006 FISAP we determined that an amount being reported by the University could not be verified in the general ledger system. The amount reported as principal outstanding on Federal Perkins Loans was \$1,232, but should have been \$1,232,318. Corrected reports have been filed with the federal government.

The instructions for the FISAP require reporting the “principal amount outstanding on these loans”. Amounts reported on the FISAP should be accurate and verifiable.

The University stated that their source documentation was accurate and that the error was a clerical, data entry error.

Inaccurate reporting is a violation of the reporting requirements of the Department of Education. (Finding Code No. 07-8)

**Recommendation:**

We recommend that the current review process be updated to ensure that the amounts reported to funding agencies are accurate.

**University Response:**

Accepted. The University will improve its review procedures in order to prevent typographical errors.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2007**

**Current Findings – State Compliance**

**07-9 Finding:           Contracts and Real Estate Leases Not Filed Timely  
(Urbana and Chicago Campuses)**

Contracts and real estate leases were not filed with the State of Illinois, Office of the Comptroller and Secretary of State on a timely basis.

Of fifty contracts and real estate leases tested, twenty-two (44%) were not filed timely with the Office of the Comptroller. The late filings ranged from three days to one hundred twenty-two days late.

Of twenty-five real estate leases tested, fourteen (56%) were not filed timely with the Secretary of State. The late filings ranged from one day to three hundred seventy-three days late.

The Illinois Procurement Code (30 ILCS 500/20-80(b)) and the Statewide Accounting Management System (Procedure 15.10.40) require State agencies to file contracts for professional and artistic services exceeding \$5,000 and all other contracts and leases exceeding \$10,000 with the State Comptroller within 15 calendar days after execution. In addition, the Illinois State Finance Act (30 ILCS 105/9(a)) requires State agencies to file all real estate leases with the office of the Secretary of State within 15 calendar days after execution.

The University's process for contract review and approvals can lead to delays in the filing of contracts and leases.

Failure to file contracts and real estate leases with the Office of the Comptroller and Secretary of State on a timely basis is not in compliance with State statutes and regulations. (Finding Code Nos. 07-9, 06-5, 05-4, 04-8)

**Recommendation:**

We recommend the University revise its procedures to ensure all applicable contracts and real estate leases are filed with the Office of the Comptroller and Secretary of State in accordance with State statutes and related guidelines.

**University Response:**

Accepted. The University will continue to monitor and examine its procedures to ensure contracts and leases are filed in compliance with State statutes and related administrative rules.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2007**

**Current Findings – State Compliance**

**07-10 Finding:            Contracts and Real Estate Leases Not in Accordance With Guidelines (Urbana and Chicago Campuses)**

Contracts and real estate leases were not in accordance with guidelines of the State of Illinois, Office of the Comptroller.

We examined 25 contracts and 25 real estate leases from all areas of the University. The following problems were noted:

- 5 leases were executed after the lease term began. The lease executions ranged from 13 days to 110 days late.
- 5 contracts were executed subsequent to the performance of services. The contract executions ranged from 11 days to 157 days late.
- 5 leases omitted the federal identification number and did not include a Legal Status Disclosure Certification for the lessor.
- 1 lease did not include the Debt Certification Clause, the Environmental Protection Act Clause, the Felony Certification Clause, and the Environmental Barriers Act Clause.

The Illinois Procurement Code (30 ILCS 500 et seq.) and Statewide Accounting Management System (Procedure 15.20.40) require all real estate leases to include certain clauses and certifications. In addition, the University of Illinois Business and Financial Policies and Procedures (Section 2.3) and good business practices require all contracts and leases to be fully executed prior to the beginning of the lease term or the commencement of services.

University personnel stated that the review and approval process may get delayed within the vendor's or the University's departments causing the final approval to be after the start of the contract or lease term. University personnel also overlooked some of the procedures required to enter into lease agreements.

University personnel intentionally omitted the Federal Taxpayer's Identification Number and Legal Status Disclosure Certification on all leases for a portion of fiscal year 2007 due to concerns about privacy. However, the University later reinstated the procedure of including the clause until such time that a policy change can be determined.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2007**

**Current Findings – State Compliance**

**07-10 Finding:            Contracts and Real Estate Leases Not in Accordance With  
Guidelines (University Wide) - continued**

Failure to fully execute a contract or lease prior to the commencement of services or lease term leaves the University vulnerable to unnecessary liabilities and potential legal issues. In addition, failure to include all appropriate clauses and certifications in real estate leases results in noncompliance with State statutes and regulations. (Finding Code Nos. 07-10, 06-7, 05-5, 04-5, 03-6)

**Recommendation:**

We recommend that the University establish appropriate procedures to ensure all contracts and leases are completed, approved, and executed prior to the start of the services and lease term. Further, the University should review procedures to ensure all appropriate clauses and certifications are obtained prior to execution for all real estate lease agreements.

**University Response:**

Accepted. The University will continue to examine its routing procedures to ensure that contracts and leases are approved and executed prior to the start of the services and lease terms. The University Offices of Real Estate Planning and Services now use standard lease templates which include all appropriate clauses and certifications, and the certifications and clauses on the lease templates will be reviewed and updated at least annually.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2007**

**Current Findings – State Compliance**

**07-11 Finding: Time Sheets Not Required (University Administration)**

The University did not require all employees to submit time sheets as required by the State Officials and Employees Ethics Act (Act).

The Act (5 ILCS 430/1-5) defines “State agency” to include “public institutions of higher learning...” and defines “State employee” to be “any employee of a State agency.” The Act required the Illinois Board of Higher Education (IBHE), with respect to State employees of public universities, to adopt and implement personnel policies. The Act (5 ILCS 430/5-5(c)) states, “The policies shall require State employees to periodically submit time sheets documenting the time spent each day on official State business to the nearest quarter hour; contractual State employees may satisfy the time sheets requirement by complying with the terms of their contract, which shall provide for a means of compliance with this requirement.” The IBHE adopted personnel policies for public universities on February 3, 2004 in accordance with the Act. The University has not incorporated these policies into the University’s policies.

During the current year, we selected 25 employees across all three campuses and noted that 5 did not file timesheets in compliance with the Act. Based upon inquiry of University management, employees classified as board members, faculty, and academic professionals generally track their time using a “negative” timekeeping system whereby the employee is assumed to be working unless noted otherwise.

University management stated their Human Resources Office is working on a positive time reporting policy and reporting system for academic professional and exempt civil service employees. University Administration plans to pilot the system during Fiscal Year 2008 to as many employee groups as possible.

By not requiring appropriate time sheets from its employees, the University is not in compliance with the Act. (Finding Code Nos. 07-11, 06-6, 05-6)

**Recommendation:**

We recommend the University continue its efforts to amend its policies to require all employees to submit time sheets in compliance with the Act.

**University Response:**

Partially accepted. The University will amend its policies before the end of FY2008 to require all academic professional and exempt civil service employees to submit time sheets as required by the Ethics Act. Implementation of the policy will begin during FY2008.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2007**

**Prior Findings Not Repeated**

**State Compliance**

**07-12 Finding:           University Publications (University Administration)**

During the prior examination, we noted the University did not include information required by the Illinois Procurement Code on publications printed for the University. (Finding Code No. 06-4, 05-8)

During our current examination, we noted a legislative change to this statute which excludes publications printed by University units and University publications not paid for with State appropriated funds, effective August 13, 2007.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
FINANCIAL RELATED INFORMATION SUMMARY  
Year Ended June 30, 2007**

Financial related information presented in this section of the report includes the following:

- Financial Related Schedules:
  - Schedule of Expenditures of Federal Awards
  - Attachments to Schedule of Expenditures of Federal Awards
  - Notes to the Schedule of Expenditures of Federal Awards

The Schedule of Expenditures of Federal Awards presented in this section has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in the auditor's opinion, it is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The findings and auditor's reports on compliance testing and questioned costs and internal control related to federal awards are presented in the Compliance Report section of this report.

Y - Cluster, program, or award tested as a major program

N - Not tested as a major program

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
Year Ended June 30, 2007**

**NOTE 1 - SCOPE OF AUDIT PURSUANT TO OMB CIRCULAR A-133**

All federal grant operations of the University of Illinois (University) are included in the scope of the audit pursuant to Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* (Single Audit). The Single Audit was performed in accordance with the provisions of the *OMB Circular A-133 Compliance Supplement*. Testing of all applicable compliance requirements, as described in the Compliance Supplement, was performed in accordance with the guidance provided by the Compliance Supplement. For programs not included in the Compliance Supplement, compliance testing was performed in accordance with the compliance requirements determined by researching the statutes, regulations, and grant agreements governing the individual programs or by researching the *Catalog of Federal Domestic Assistance*. Additionally, some agencies have developed audit guidance for programs not included in the Compliance Supplement. The University's major programs for which compliance testing was performed are as follows:

- Research and Development Cluster
- Student Financial Aid Cluster
- Homeland Security Cluster
- Basic and Applied Sciences (ONR)
- Headstart

The Department of Education has been designated as the University's cognizant agency for the Single Audit.

**NOTE 2 - FISCAL PERIOD AUDITED**

Single Audit testing procedures were performed for program transactions occurring during the fiscal year ended June 30, 2007, in accordance with OMB Circular A-133.

**NOTE 3 - BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards includes the federal awards activity of the University of Illinois for the year ended June 30, 2007, and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

The schedule designates federal awards as direct, pass-through, or indirect. Direct awards represent federal funding awarded directly to the University by a federal funding agency. Pass-through awards are federal awards passed through a State of Illinois department or agency to the University. Indirect awards represent federal awards passed to the University through nongovernmental entities or governmental entities other than the State of Illinois.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
Year Ended June 30, 2007**

**NOTE 4 - MAJOR PROGRAMS**

In accordance with OMB Circular A-133, major programs of the University are an individual award or a number of awards in a category of federal awards determined to be major using a risk-based approach. The risk-based approach includes consideration of such criteria as current and prior audit experience, oversight by federal agencies and pass-through entities, and the inherent risk of the federal program. Under the risk-based approach, programs are classified as either "Type A" or "Type B." A Type A program is determined pursuant to formulas based on total federal awards expended. For the University, all programs with federal awards expended exceeding \$3 million are identified as Type A programs. Federal programs not identified as Type A programs are Type B programs.

**NOTE 5 - STUDENT LOAN PROGRAMS**

As disclosed in the non-cash federal awards section of the schedule of expenditures of federal awards, the Federal Direct Student Loan Program (84.268) administered by the University awarded approximately \$144.2 million at the Urbana campus and \$129.2 million at the Chicago campus. The value of federal loans issued at the Springfield campus under the Federal Family Education Loans Program (84.032) totaled approximately \$13.7 million.

There were no federal capital contributions received for the year ended June 30, 2007 under the Federal Perkins Loan Program (Perkins), for the Health Professions Student Loans Program (HPSL), and for the Loans to Disadvantaged Students (LDS). The values of new loans issued to students for the year ended June 30, 2007 were approximately \$12.1 million for Perkins (84.038), \$1.5 million for HPSL (93.342), \$.2 million for LDS (93.342), \$.1 million for NFLP (93.264), and \$.2 million for Nursing Student Loans (93.364). The total loan balances outstanding at June 30, 2007 were approximately \$41.4 million for Perkins, \$7.7 million for HPSL, \$.5 million for LDS, \$.2 for NFLP, and \$.6 for Nursing Student Loans.
