Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the Illinois State Auditing Act (Act), and the *Audit Guide*. Those standards, the Act, and the *Audit Guide* require that we plan and perform the examination to obtain reasonable assurance about whether the State of Illinois, Office of the Comptroller – Fiscal Officer Responsibilities complied with the specified requirements in all material respects. An examination involves performing procedures to obtain evidence about whether the State of Illinois, Office of the Comptroller – Fiscal Officer Responsibilities complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance with the specified requirements, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the State of Illinois, Office of the Comptroller – Fiscal Officer Responsibilities' compliance with the specified requirements.

Our examination disclosed material noncompliance with the following specified requirements applicable to the State of Illinois, Office of the Comptroller – Fiscal Officer Responsibilities' during the year ended June 30, 2019.

Internal Control Over Compliance

Management of the State of Illinois, Office of the Comptroller – Fiscal Officer Responsibilities is responsible for establishing and maintaining effective internal control over compliance with the specified requirements (internal control).

Honorable Frank J. Mautino Auditor General State of Illinois

In planning and performing our examination, we considered the State of Illinois, Office of the Comptroller – Fiscal Officer Responsibilities' internal control to determine the examination procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the State of Illinois, Office of the Comptroller – Fiscal Officer Responsibilities' compliance with the specified requirements and to test and report on the State of Illinois, Office of the Comptroller – Fiscal Officer Responsibilities' internal control in accordance with the *Audit Guide*, but not for the purpose of expressing an opinion on the effectiveness of the State of Illinois, Office of the Comptroller – Fiscal Officer Responsibilities' internal control. Accordingly, we do not express an opinion on the effectiveness of the State of Illinois, Office of the Comptroller – Fiscal Officer Responsibilities' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with the specified requirements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that material noncompliance with the specified requirements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our examination, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

There were no immaterial findings that have been excluded from this report.

The purpose of this report is solely to describe the scope of our testing of internal control and the results of that testing based on the requirements of the *Audit Guide*. Accordingly, this report is not suitable for any other purpose.

STATE OF ILLINOIS OFFICE OF THE COMPTROLLER FISCAL OFFICER RESPONSIBILITIES SCHEDULE OF FINDINGS – GOVERNMENT AUDITING STANDARDS Year Ended June 30, 2019

FINDING 2019-001 - Late Payment of Statutorily Mandated Transfers

The Illinois Office of the Comptroller (Office) did not ensure all statutorily mandated transfers between State funds were made within established timeframes, as required.

The Office had a system in place to identify and record inter-fund transfers it was required to make. During the fiscal year ended June 30, 2019, the Office timely recorded, within the Statewide Accounting Management System (SAMS), the receivables and related payables for transfers of money in the State Treasury to be made between State of Illinois' funds. However, not all transfers were made timely. During fiscal year 2019, we noted 335 transfers between State funds that were made greater than 30 days after the statutorily mandated transfer date. Transfers that were made between one and 30 days after the statutorily mandated transfer date were excluded from the information provided in the following table. The following summary concerning late payment of statutorily mandated transfers highlights the delays of making such transfers in fiscal year 2019 compared to fiscal year 2018 and fiscal year 2017:

	Fiscal Year 2019	Fiscal Year 2018	Fiscal Year 2017
Number of late	335 transfers	339 transfers	472 transfers
transfers	(233 from GRF)	(231 from GRF)	(360 from GRF)
Range of days transfers were late	31 to 448 days *	31 to 447 days *	31 to 479 days*
Total volume of late	\$1.27 billion	\$1.36 billion	\$3.31 billion
transfers, in	(\$630 million from	(\$790 million from	(\$2.58 billion from
dollars	GRF)	GRF)	GRF)
Late transfers outstanding and paid after June 30	\$1.20 billion	\$1.14 billion	\$2.14 billion
	(\$570 million from	(\$583 million from	(\$1.42 billion from
	GRF)	GRF)	GRF)

^{*} Analysis prepared as of October 23 for fiscal years 2019, 2018, and 2017. Some transfers were completed after those dates.

Also, during fiscal year 2019, we noted 196 late transfers, totaling \$2.60 billion, between State funds that were made between 1 and 30 days after the statutorily mandated transfer date.

STATE OF ILLINOIS OFFICE OF THE COMPTROLLER FISCAL OFFICER RESPONSIBILITIES SCHEDULE OF FINDINGS – GOVERNMENT AUDITING STANDARDS Year Ended June 30, 2019

Furthermore, the following table contains the number and amount of late transfers still outstanding as of October 23, 2019, relating to fiscal years 2018, 2017, and 2016.

	Fiscal Year 2018	Fiscal Year 2017	Fiscal Year 2016
Number of late transfers			
outstanding as of 10/23/19	141	130	30
Amount of late transfers			
outstanding as of 10/23/19	\$743 million	\$1.004 billion	\$225 million

The transfers noted above are mandated by various State statutes that contain the required funds, amounts, and timeline.

Office management stated, as they did during the prior examinations, that the late payment of transfers occurred due to cash management decisions and prioritization that was required due to the lack of available cash in the State Treasury. Further, some statutory provisions relating to transfers contain language such as "as soon as practicable" or "as soon as possible" which management feels should give them more time to complete the transfers.

Failure to make inter-fund transfers within applicable timeframes represents noncompliance with State law, and untimely transfers of monies may have delayed the receiving fund's use of appropriated funds. (Finding Code No. 2019-001, 2018-001, 2017-001, 2016-001, 2015-001, 2014-001, 2013-001, 12-1, 11-1, 10-1, 09-1)

RECOMMENDATION

We recommend the Office make transfers within timeframes established by applicable statute. While we realize that the lack of available funds in the State Treasury requires prioritization and cash management decisions, we recommend the Office continue in its efforts to make transfers in as timely a manner as possible.

OFFICE RESPONSE

The Office accepts the recommendation. The Office will continue in its effort to make the required transfers to the extent possible given all the competing payments from limited resources in the state treasury. Unfortunately, due to continued fiscal circumstances that are outside of the control of the Illinois Office of Comptroller, this repeated finding is outgrowth from the fact that the state did not have a complete budget for two years and is still facing a significant backlog of bills in the billions. In order to manage under this dire fiscal situation, the Office must continue to engage in cash management strategies that can maximize the use of limited state funds while also attempting to minimize the consequences of not having enough resources to address various pending vouchers and transfers held at the Office. Until the backlog of unpaid bills is significantly reduced, the timeliness of lower prioritized transfers will continue to be an audit finding.

STATE OF ILLINOIS OFFICE OF THE COMPTROLLER FISCAL OFFICER RESPONSIBILITIES AGENCY FUNCTIONS AND PLANNING PROGRAM (NOT EXAMINED) SYSTEM NARRATIVE FISCAL YEAR 2019

Office Functions

The Office's "Fiscal Officer Functions," as set forth in the Illinois Compiled Statutes (ILCS), are as follows:

- 1. Development and maintenance of a uniform accounting system for the use of all State agencies (15 ILCS 405/7).
- 2. Preaudit of invoice-vouchers to verify that adequate documentation and sufficient unexpended appropriations exist before a state warrant is drawn (15 ILCS 405/9).
- 3. Authorization of payment into and out of funds held by the State Treasurer and establishment and dissolution of all State "Imprest" and/or "Petty Cash" funds (various references).
- 4. Storage and retrieval of State financial records including invoice-vouchers and supporting documents, payrolls, contracts, leases, and canceled warrants (various references).
- 5. Accumulation and reporting of State agencies' financial information regarding funds held by the State Treasurer, receipts and expenditures of locally held funds, fixed assets, accounts receivable, and bonded indebtedness (various references).
- 6. Dissemination of Statewide fiscal information to constitutional officers and the general public through the preparation of periodic financial reports (various references).

Budgeting

Planning and budgeting of the Office begins at the senior staff level. To begin the process, each year in late September the Director of Budget and Payroll solicits budget information from the Assistant Comptrollers. The Assistant Comptrollers will obtain from Departmental Directors information on operational needs, initiatives, and resource levels needed. Typically, the Departmental Director begins with the current cost to maintain current levels of services. He/she will then adjust this amount to arrive at the current year's budget proposal. Decreases from current costs may be made when inefficient or duplicative functions are identified. Increases are first made for required additions to services or cost increases. Further additions are prioritized and built upon the required increases in step fashion as in zero-based budgeting. In determining the current year's budget, the Departmental Director will request input from his/her staff managers and supervisors. Other considerations when determining increases and decreases include determining adequacy of the present staffing, possible salary increases, and any new departmental changes in procedures which may require both financial and human resources. Once departmental budgets are completed, they are returned to the Director of Budget and Payroll.

STATE OF ILLINOIS OFFICE OF THE COMPTROLLER FISCAL OFFICER RESPONSIBILITIES AGENCY FUNCTIONS AND PLANNING PROGRAM (NOT EXAMINED) SYSTEM NARRATIVE FISCAL YEAR 2019

The Director of Budget and Payroll in conjunction with the Assistant Comptroller for Fiscal Policy, reviews each department's needs and prepares a recommendation report for amendments to various budget line items. The recommendations are sent to the Comptroller. After a preliminary meeting with appropriate staff to discuss the recommendations, the Director of Budget and Payroll and the Assistant Comptrollers meet with the Comptroller for a final review of the budget. Once the Comptroller has approved the Office's budget, it is presented to the Governor's Office of Management and Budget, which will include it in the State Budget Book.

The Comptroller will present the Office's budget to the General Assembly. The final budget as approved by the General Assembly and signed into law by the Governor is returned to the Comptroller where the Director of Budget and Payroll allocates the money actually appropriated to the Office for the year. This process is normally concluded in June.

The Directors are responsible for reporting potential budget issues to the Assistant Comptroller and/or the Director of Budget and Payroll. The budget staff reviews all Office expenditures on an ongoing basis to ensure adherence to the strategic budget plan.

Strategic Long Range Plan

Management conducts strategic planning by continually monitoring and evaluating adherence of Office activities to overall short and long-term objectives. The overall objectives are based on the following general goals:

- To increase the effectiveness of manual processes which cannot be eliminated and enhance the usefulness and timeliness of work results as well as reduce associated costs.
- 2. To increase the effectiveness of automated processes by enhancing the usefulness and timeliness of information as well as reduce the associated costs.
- 3. To increase the efficiency of the Office's various facilities in order to enhance the effectiveness of overall activities.
- 4. To maintain a quality work force through the recruitment, selection and training process.

These goals are consistent with the Office's main mission i.e., to provide fiscal information for the purpose of promoting the integrity of public policy decisions, and to efficiently manage and report on the State's accounts.

STATE OF ILLINOIS OFFICE OF THE COMPTROLLER FISCAL OFFICER RESPONSIBILITIES AGENCY FUNCTIONS AND PLANNING PROGRAM (NOT EXAMINED) SYSTEM NARRATIVE FISCAL YEAR 2019

The Office's key programmatic priorities and strategic objectives are as follows.

- 1. Funds management and processing of state payrolls, vendor payments, and fund transfers.
- 2. Statewide accounting system management and financial reporting, including preparation of the Comprehensive Annual Financial Report (CAFR).
- 3. State agency collaboration on financial reporting, payroll, and administrative issues.
- 4. Management of the Cemetery Care and Burial Trust Division, Local Government Reporting, and the Local Government Debt Recovery Program.
- 5. Public accountability reporting of the Service Efforts and Accomplishments (SEA).

As a mechanism for evaluating Office activities in relation to strategic objectives, the Office has developed a project management infrastructure for Statewide Accounting Management System (SAMS) and an Internal Service Efforts and Accomplishments (S.E.A.) Public Accountability Program. These mechanisms include formal guidelines for the review, coordination, and approval of activities and include participation by upper administration personnel.
