OFFICE OF THE AUDITOR GENERAL WILLIAM G. HOLLAND

INDEPENDENT ACCOUNTANTS' REPORT ON STATE COMPLIANCE, ON INTERNAL CONTROL OVER COMPLIANCE, AND ON SUPPLEMENTARY INFORMATION FOR STATE COMPLIANCE PURPOSES

Honorable William G. Holland Auditor General State of Illinois

Compliance

We performed a limited scope compliance examination of the State of Illinois Department of Human Services – Jacksonville Developmental Center's (Center) compliance with the requirements listed below, as more fully described in the Audit Guide for Performing Financial Audits and Compliance Attestation Examinations of Illinois State Agencies (Audit Guide) as adopted by the Auditor General, during the two years ended June 30, 2005. The management of the State of Illinois Department of Human Services - Jacksonville Developmental Center is responsible for compliance with these requirements. Our responsibility is to express an opinion on the State of Illinois Department of Human Services - Jacksonville Developmental Center's compliance based on our examination.

- A. The State of Illinois Department of Human Services Jacksonville Developmental Center has obligated, expended, received, and used public funds of the State in accordance with the purpose for which such funds have been appropriated or otherwise authorized by law.
- B. The State of Illinois Department of Human Services Jacksonville Developmental Center has obligated, expended, received, and used public funds of the State in accordance with any limitations, restrictions, conditions or mandatory directions imposed by law upon such obligation, expenditure, receipt or use.
- C. The State of Illinois Department of Human Services Jacksonville Developmental Center has complied, in all material respects, with applicable laws and regulations, including the State uniform accounting system, in its financial and fiscal operations.
- D. The State revenues and receipts collected by the State of Illinois Department of Human Services Jacksonville Developmental Center are in accordance with applicable laws and regulations and the accounting and recordkeeping of such revenues and receipts is fair, accurate and in accordance with law.
- E. Money or negotiable securities or similar assets handled by the State of Illinois Department of Human Services Jacksonville Developmental Center on behalf of the State or held in trust by the State of Illinois Department of Human Services Jacksonville Developmental Center have been properly and legally administered and the accounting and recordkeeping relating thereto is proper, accurate, and in accordance with law.

Our limited scope compliance examination of the Center was limited to the following areas of the Audit Guide:

Chapter 8 - Personal Services Expenditures

Chapter 9 - Contractual Services Expenditures

Chapter 11 – Commodities Expenditures

Chapter 17 - Revenues, Refunds and Receivables

Chapter 18 - Appropriations, Transfers and Expenditures

Chapter 22 - Review of Agency Functions and Planning Program

Chapter 30 – Auditing Compliance With Agency Specific Statutory Mandates

The areas of the Audit Guide not examined at the Center have had procedures performed on a Department-wide basis through the compliance examination of the Department of Human Services Central Office, and accordingly, any findings from the results of those procedures have been included in the Department of Human Services – Central Office compliance report.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants; the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the Illinois State Auditing Act (Act); and the Audit Guide as adopted by the Auditor General pursuant to the Act; and, accordingly, included examining, on a test basis, evidence about the State of Illinois Department of Human Services – Jacksonville Developmental Center's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the State of Illinois Department of Human Services - Jacksonville Developmental Center's compliance with specified requirements.

In our opinion, the State of Illinois Department of Human Services - Jacksonville Developmental Center complied, in all material respects, with the aforementioned requirements during the two years ended June 30, 2005.

There were no immaterial findings relating to instances of noncompliance that have been excluded from this report.

Internal Control

The management of the State of Illinois Department of Human Services - Jacksonville Developmental Center is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws and regulations. In planning and performing our limited scope compliance examination, we considered the State of Illinois Department of Human Services - Jacksonville Developmental Center's internal control over compliance with the aforementioned requirements in order to determine our examination procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Audit Guide, issued by the Illinois Office of the Auditor General.

Our consideration of internal control over compliance with the aforementioned requirements would not necessarily disclose all matters in internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws and regulations that would be material in relation to one or more of the aforementioned requirements being examined may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving internal control over compliance that we consider to be material weaknesses.

There were no immaterial findings relating to internal control deficiencies that have been excluded from this report.

Supplementary Information for State Compliance Purposes

Our examination was conducted for the purpose of forming an opinion on compliance with the requirements listed in the first paragraph of this report. The accompanying supplementary information as listed in the table of contents as Supplementary Information for State Compliance Purposes is presented for purposes of additional analysis. We have applied certain limited procedures as prescribed by the Audit Guide, as adopted by the Auditor General, to the 2005 and the 2004 Supplementary Information for State Compliance Purposes, except for information on the Schedule of State Property, Analysis of Accounts Receivable, Employee Overtime, Shared Resources, Center Utilization, Annual Center Statistics and Service Efforts and Accomplishments on which we did not perform any procedures. However, we do not express an opinion on the supplementary information.

We have not applied procedures to the 2003 Supplementary Information for State Compliance Purposes, and accordingly, we do not express an opinion thereon.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, Center and Department of Human Services management, and is not intended to be and should not be used by anyone other than these specified parties.

STATE OF ILLINOIS DEPARTMENT OF HUMAN SERVICES JACKSONVILLE DEVELOPMENTAL CENTER FINDINGS, RECOMMENDATIONS AND CENTER RESPONSES

For the Two Years Ended June 30, 2005

Prior Findings Not Repeated

05-1. **FINDING** (Inadequate controls over leaves of absence)

During the prior period, the Center did not have adequate controls to monitor individuals on leaves of absence. Employees were on a leave of absence longer than 120 days and were determined to be permanently and totally disabled for employment by their physician.

During the current period, the Center established controls and monitored individuals on leaves of absence. In addition, the individuals noted in the prior year finding resigned, retired, or were discharged by the Center. (Finding Code No. 03-1)

05-2. **FINDING** (Improper maintenance of petty cash funds)

During the prior period, the Center did not properly maintain two of its petty cash funds. The two funds were not reconciled to bank statements from March 2003 through June 2003. Petty Cash Usage Reports for both petty cash funds were filed 18 days late.

During the current period, the Center adjusted its procedures for the two petty cash funds. The two funds were reconciled to bank statements on a monthly basis, and an annual reconciliation was performed by someone other than the custodian of the fund. In addition, the Petty Cash Usage Reports for both funds were filed timely with the Office of the Comptroller. (Finding Code No. 03-2)

STATE OF ILLINOIS DEPARTMENT OF HUMAN SERVICES JACKSONVILLE DEVELOPMENTAL CENTER DESCRIPTION OF LOCALLY HELD FUNDS

For the Two Years Ended June 30, 2005

The locally held funds of the Center are grouped into two fund categories. These are nonappropriated funds with the exception of the Living Skills Fund which is an appropriated fund. The funds are not held in the State Treasury and are described as follows:

1. Governmental Funds

General Revenue Funds

The General Revenue Funds consist of the Living Skills Fund and Petty Cash account. This fund and account are used to record the activity of monies received from the State's General Revenue Fund for designated purposes.

The Living Skills Fund (SAMS fund number 1214) was established to provide behavioral modification programs for residents. The source of revenue is State appropriation. This appropriation is then expended by distributing reward payments that are earned by residents by achievement of desired behavioral modifications.

The Petty Cash account is maintained for the purpose of making change, purchasing items of small cost, payment of postage due, and for other nominal expenditures that cannot be administered economically and efficiently through the customary vouchering system. Reimbursements to the account are from State general revenue appropriations for contractual services.

Special Revenue Funds

The Special Revenue Funds consists of the DHS Other Special Trusts Fund and the DHS Rehabilitation Fund. These funds are used to account for the proceeds of a specific revenue source that are legally restricted to expenditures for specific purposes.

The DHS Other Special Trust Fund (SAMS fund number 1139) was established to provide for the special comfort, pleasure and amusement of the residents. The primary sources of revenue for the fund is a percentage of vending machine commissions and monies donated for resident use. Also, any unclaimed Resident's Trust Fund balance of a resident separated from the Center for two years is transferred to this fund with the provision that the resident is entitled to the money upon application. These funds are then used for activities and materials to help fulfill the recipients' needs in these areas.

STATE OF ILLINOIS DEPARTMENT OF HUMAN SERVICES JACKSONVILLE DEVELOPMENTAL CENTER DESCRIPTION OF LOCALLY HELD FUNDS

For the Two Years Ended June 30, 2005

The DHS Rehabilitation Fund (SAMS fund number 1144) was established to provide workshop services for individuals with the potential for gainful employment and independent living and for long-term employment of persons capable of working in a sheltered environment. The source of revenue is payments for contractual services provided by residents to outside enterprises for workshop production. Expenditures are for materials, supplies, and resident wages for work performed.

2. Fiduciary Fund Type

Agency Fund

The Agency Fund consists of the DHS Resident's Trust Fund. Agency funds are used to account for assets held in a trustee capacity or as an agent for individuals, private organizations, other governments or other funds.

The DHS Resident's Trust Fund (SAMS fund number 1143) is maintained as a depository for funds of residents while in residence at the Center. The fund also is used to receive Social Security monies obtained to pay for resident billings. Disbursements from the fund consist primarily of withdrawals of monies for recipients' personal use at the Center or when discharged as well as payments to the Department of Human Services Central Office for care and treatment charges billed to the recipient.

Operation of Automotive Equipment	\$57,431	\$73,889	\$(16,458)	(22.27%)

EMPLOYEE RETIREMENT CONTRIBUTIONS PAID BY EMPLOYER

The decrease in Employee Retirement Contribution expenditures in FY05 was due to the State ceasing to pay the Employee's portion of the State Employee Retirement Contribution in FY05.

STATE CONTRIBUTION TO STATE EMPLOYEES' RETIREMENT SYSTEMS

State Contribution to State Employees' Retirement Systems expenditures increased in FY05 due to the State discontinuing payments into the State Employees' Retirement in FY04 as a result of Public Act 93-0665 (Act), which became effective in March 2004. The Act suspended contribution payments from March through June of FY04. However, contributions resumed in FY05. In addition, the overall State employee retirement rate increased from 13.4% in FY04 to 16.1% in FY05.

TRAVEL

The increase in travel expenditures was due to Senate Bill 472, which required surveys to be performed at other developmental centers and staff at Jacksonville were selected to conduct these surveys. In addition, another developmental center was under decertification by the Department of Public Health and upper management was sent to monitor the center for a week.

EOUIPMENT

The decrease in equipment expenditures was due to the Center purchasing a lawnmower, two buses and furniture for living areas in FY04 and these same or like expenditures were not necessary during FY05.

OPERATION OF AUTOMOTIVE EQUIPMENT

The decrease in operation of automotive equipment was due to the Center having several old State vehicles needing repairs during FY04 and the repairs were not needed in FY05.

CENTER FUNCTIONS AND PLANNING PROGRAM

Center Functions

The Illinois Department of Human Services (DHS) - Jacksonville Developmental Center (Center) is located at 1201 South Main Street, Jacksonville, Illinois. The Center was established in 1847 as the first mental health center in the State of Illinois.

The Center now serves persons with developmental disabilities. Individuals are admitted to the Center following referrals from DHS. Referrals are made only after home, community and other potentially less restrictive options are clearly determined not to be in the best interest of the individual. The focus of the services is to return the person served to the community and the organization accomplishes this through a close partnership with many community providers. The Center also provides extensive technical assistance and crisis intervention services for individuals, parents, service providers, and community agencies. The Center's staff members help locate appropriate community alternatives for individuals who are ready to leave the Center for re-entry into the community.

The Center has two residential units (Bushnell/Dix/Hill/Jones and Gillespie), each encompassing several homes or "living areas" in five different buildings. Individual living arrangements are based on the individual's preference and need for training and support. Training programs focus on teaching basic skills that enable the individual to exercise choice, increase control over life experiences and to function more independently on a daily basis. The majority of persons living at the Center have extensive need for supports and training related to maladaptive behavior. With few exceptions, persons living at the Center have their needs for training met, in part, by attendance at day programs. In addition to three different community agencies that provide day program services to persons at the Center, the Center operates its own educational and vocational training program to serve those who cannot be accommodated by community agencies.

Center Planning Program

The Center has developed a formal management system to address the rules, regulations and Administrative Directives of the Department of Human Services and various other standards. The Center uses a "committee" process as part of its management system. Committees are comprised of staff and others who meet to carry on specific activities involving critical and creative thinking. Official committees include committees and subcommittees. The Center's Director appoints individuals to serve on the Center Council and the Executive Committee. The Center Council then establishes and approves standing committees and subcommittees. The Center also has Boards and Task Forces that are appointed by and function under the direction of the Center's Director. Task forces have a limited scope and tend to be developed to obtain short-term results.

For the Two Years Ended June 30, 2005

The Center Council functions as the Center's governance authority providing communication and direction regarding operations and services. A primary function of the Council is facilitating and coordinating action to achieve and maintain compliance with state laws and regulations, Intermediate Care Facilities for the Mentally Retarded (ICFMR) standards, accreditation standards, DHS Administrative Directives and Center Policies and Procedures. The Council ensures the annual review of Center policy and oversees and reviews, on an annual basis, the Center's Governance and Management System Plan.

Included in the current strategic plan are goals that have been developed in order to achieve the objective stated in the Center's Mission Statement. The Center's current long-range goals were established in FY04. The long-range goals address eight areas of facility enhancement:

- Transition Planning
- Network Involvement
- Staffing
- Living Area/Residential
- Staff Development
- Treatment Strategies
- Physical Environment, and
- Ouality Enhancement

The long-range goals were established by the Center's Director in consultation with administrative staff and are reviewed annually as part of the planning process.

Each year the Center's five year goals are translated into shorter, annual goals and objectives. Annual goals and objectives are developed by the Center's Director in consultation with other Center administrative staff. The objectives are then presented to the Executive Committee and the Center Council for approval. Each objective is assigned to a person who is responsible for developing strategies, coordinating efforts and reporting progress toward meeting the objective. In addition, a member of the Executive Committee is assigned as a monitor to oversee the progress of each objective, recommend adjustments in strategy, and monitor the ongoing success of the efforts to ensure continued benefits to the Center. All objectives and their status are reviewed quarterly by the Executive Committee with a semi-annual report made to the Center Council.

Auditor's Assessment

The Center has established formal written long and short-term goals with respect to its functions and programs. The Center's planning program appears adequate for meeting the statutorily defined functions of the Center.
