DIGEST FOOTNOTE

<u>#1 - Failure to Establish a Resource Development Bureau</u> - Previous Agency Response

2014 - The Agency agrees with the finding. However, as previously noted in the Agency's response to Fiscal Year 2011 Finding 11-17, Fiscal Year 2012 Finding 12-9, and Fiscal Year 2013 Finding 2013-10, the Agency respectfully submits that although Section 1-70 of the Illinois Power Agency Act requires hiring of a Chief of the Resource Development Bureau, the Agency believes that hiring for this position would not be a prudent use of State resources at this time. This is because there is, and will be, no need for the Agency to develop generation pursuant to Section 1-80 of the Illinois Power Agency Act in the short to medium term. As a result, the Agency believes there would be no substantive work for the Resource Development Bureau to undertake for the foreseeable future.

The Agency continues to express its concern regarding the hiring of a Bureau Chief for the Resource Development Bureau.
