Ladies and Gentlemen:

We are responsible for the identification of, and compliance with, all aspects of laws, regulations, contracts, or grant agreements that could have a material effect on the operations of Illinois State University. We are responsible for and we have established and maintained an effective system of, internal controls over compliance requirements. We have performed an evaluation of the University's compliance with the following assertions during the year ended June 30, 2009. Based on this evaluation, we assert that during the year ended June 30, 2009, the University has materially complied with the assertions below.

- A. The University has obligated, expended, received and used public funds of the State in accordance with the purpose for which such funds have been appropriated or otherwise authorized by law.
- B. The University has obligated, expended, received and used public funds of the State in accordance with any limitations, restrictions, conditions or mandatory directions imposed by law upon such obligation, expenditure, receipt or use.
- C. The University has complied, in all material respects, with applicable laws and regulations, including the State uniform accounting system, in its financial and fiscal operations.
- D. State revenues and receipts collected by the University are in accordance with applicable laws and regulations and the accounting and recordkeeping of such revenues and receipts is fair, accurate and in accordance with law.
- E. Money or negotiable securities or similar assets handled by the University on behalf of the State or held in trust by the University have been properly and legally administered, and the accounting and recordkeeping relating thereto is proper, accurate and in accordance with law.

Yours very truly,

Illinois State University

Responses to the recommendations were provided by Mr. Greg Alt in a communication dated February 1, 2010.

Independent Accountant's Report on State Compliance, on Internal Control Over Compliance, and on Supplementary Information for State Compliance Purposes

Honorable William G. Holland Auditor General State of Illinois

and

Ms. Anne Davis Chair, Illinois State University Audit Committee

Compliance

As Special Assistant Auditors for the Auditor General, we have examined Illinois State University's compliance with the requirements listed below, as more fully described in the Audit Guide for Financial Audits and Compliance Attestation Engagements of Illinois State Agencies (Audit Guide) as adopted by the Auditor General, during the year ended June 30, 2009. The management of Illinois State University is responsible for compliance with these requirements. Our responsibility is to express an opinion on Illinois State University's compliance based on our examination.

- A. Illinois State University has obligated, expended, received, and used public funds of the State in accordance with the purpose for which such funds have been appropriated or otherwise authorized by law.
- B. Illinois State University has obligated, expended, received, and used public funds of the State in accordance with any limitations, restrictions, conditions or mandatory directions imposed by law upon such obligation, expenditure, receipt or use.
- C. Illinois State University has complied, in all material respects, with applicable laws and regulations, including the State uniform accounting system, in its financial and fiscal operations.
- D. State revenues and receipts collected by Illinois State University are in accordance with applicable laws and regulations and the accounting and recordkeeping of such revenues and receipts is fair, accurate and in accordance with law.
- E. Money or negotiable securities or similar assets handled by Illinois State University on behalf of the State or held in trust by Illinois State University have been properly and legally administered and the accounting and recordkeeping relating thereto is proper, accurate, and in accordance with law.

We conducted our examination in accordance with attestation standards established by the American Institute of Certified Public Accountants; the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the Illinois State Auditing Act (Act); and the Audit Guide as adopted by the Auditor General pursuant to the Act; and, accordingly, included examining, on a test basis, evidence about Illinois State University's compliance with those requirements listed in the first paragraph of this report and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Illinois State University's compliance with specified requirements.

In our opinion, Illinois State University complied, in all material respects, with the requirements listed in the first paragraph of this report during the year ended June 30, 2009. However, the results of our procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with criteria established by the Audit Guide, issued by the Illinois Office of the Auditor General and which are described in the accompanying schedule of findings as findings 09-1 and 09-2.

Internal Control

The management of Illinois State University is responsible for establishing and maintaining effective internal control over compliance with the requirements listed in the first paragraph of this report. In planning and performing our examination, we considered Illinois State University's internal control over compliance with the requirements listed in the first paragraph of this report as a basis for designing our examination procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Audit Guide, issued by the Illinois Office of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of the Illinois State University's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Illinois State University's internal control over compliance.

A *deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with the requirements listed in the first paragraph of this report on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a requirement listed in the first paragraph of this report will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over compliance described in findings 09-1 and 09-2 in the accompanying schedule of findings that we consider to be significant deficiencies in internal control over compliance. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

As required by the Audit Guide, immaterial findings excluded from this report have been reported in a separate letter to your office.

Illinois State University's responses to the findings identified in our examination are described in the accompanying schedule of findings. We did not examine Illinois State University's responses and, accordingly, we express no opinion on them.

Supplementary Information for State Compliance Purposes

As Special Assistant Auditors for the Auditor General, we have audited the basic financial statements of Illinois State University and its discretely presented component unit, collectively a component unit of the State of Illinois, as of and for the year ended June 30, 2009, and have issued our report thereon dated February 10, 2010. Our report was modified to include a reference to other auditors. Other auditors audited the financial statements of the University's discretely presented component unit, as described in our report on the University's financial statements. The accompanying supplementary information, as listed in the table of contents as Supplementary Information for State Compliance Purposes, is presented for purposes of additional analysis and is not a required part of the basic financial statements of Illinois State University. The 2009 Supplementary Information for State Compliance Purposes, except for that portion marked "unaudited" on which we express no opinion, has been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, in our opinion, based on our audit and the report of other auditors, is fairly stated in all material respects in relation to the basic financial statements for the year ended June 30, 2009, taken as a whole.

We have also previously audited, in accordance with auditing standards generally accepted in the United States, Illinois State University's basic financial statements for the year ended June 30, 2008. In our report dated January 14, 2009, we expressed unqualified opinions on the basic financial statements of Illinois State University. In our opinion, the 2008 Supplementary Information for State Compliance Purposes, except for the portion marked "unaudited" is fairly stated in all material respects in relation to the basic financial statements for the year ended June 30, 2008, taken as a whole.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, the Board of Trustees of Illinois State University, University management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Clipton Gunderson LLP

Peoria, Illinois February 10, 2010

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

Honorable William G. Holland Auditor General State of Illinois

and

Ms. Anne Davis Chair, Illinois State University Audit Committee

As Special Assistant Auditors for the Auditor General, we have audited the basic financial statements of Illinois State University and its discretely presented component unit, collectively a component unit of the State of Illinois, as of and for the year ended June 30, 2009, and have issued our report thereon dated February 10, 2010. Our report was modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the University's discretely presented component unit, as described in our report on the University's financial statements. This report does not include the results of other auditor's testing of internal controls over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Illinois State University's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Illinois State University's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Illinois State University's internal control over financial control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Illinois State University's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, the Board of Trustees of Illinois State University, University management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Clipton Gunderson LLP

Peoria, Illinois February 10, 2010

Report on Compliance With Requirements Applicable to Each Major Program and on Internal Control Over Compliance and Schedule of Expenditures of Federal Awards in Accordance With OMB Circular A-133

Honorable William G. Holland Auditor General State of Illinois and

Ms. Anne Davis Chair, Illinois State University Audit Committee

Compliance

We have audited the compliance of Illinois State University with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2009. Illinois State University's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the Illinois State University's management. Our responsibility is to express an opinion on Illinois State University's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Illinois State University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Illinois State University's compliance with those requirements.

In our opinion, Illinois State University complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2009.

Internal Control Over Compliance

The management of Illinois State University is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Illinois State University's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Illinois State University's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the basic financial statements of Illinois State University and its discretely presented component unit, collectively a component unit of the State of Illinois, as of and for the year ended June 30, 2009, and have issued our report thereon dated February 10, 2010. Our report was modified to include a reference to other auditors. Other auditors audited the financial statements of the University's discretely presented component unit, as described in our report on the University's financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise Illinois State University's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, the Board of Trustees of Illinois State University, University management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

CURRENT FINDINGS - STATE

09-1. Finding: <u>Time Sheets Not Maintained in Compliance With the State Officials and</u> <u>Employees Ethics Act</u>

Illinois State University's (University) policies did not require positive time reporting for all of its employees in compliance with the State Officials and Employees Ethics Act (Act).

We noted that University policy 1.1.12 only requires positive time reporting for hourly civil service employees, student workers, and Board of Trustee Members. Faculty, exempt civil service and academic employees were only required to submit benefit usage cards that identified leave time (vacation, sick, etc.) used to the nearest tenth hour, and did not report actual hours worked.

The Act requires the University (through policies adopted by the Illinois Board of Higher Education (IBHE)) to adopt personnel policies consistent with the Act. The Act (5 ILCS 430/5-5(c)) states, "the policies shall require State employees to periodically submit time sheets documenting the time spent each day on official State business to the nearest quarter hour." The IBHE adopted personnel policies for public universities on February 3, 2004 in accordance with the Act.

According to University officials, the University has purchased a new Human Resource Information System that will address time and labor reporting issues; however, the system has not yet been fully implemented.

By not requiring positive time reporting sheets from all its employees, the University is not in compliance with the Act. (Finding Code Nos. 09-1, 08-1, 07-1, 06-2, 05-04)

Recommendation

We recommend the University revise its policy and require all employees to submit time sheets in compliance with the Act.

University Response

The University is currently implementing a new Human Resource Information System (HRIS) which includes a time and labor reporting component. Implementation of positive time reporting for all employees with the exception of faculty is scheduled for completion by July 1, 2010. Inclusion of positive time reporting for faculty is scheduled as part of the second implementation phase.

CURRENT FINDINGS - STATE

09-2. Finding: Inadequate Procedures for Disposal of Confidential Information

The University had not assured adequate University-wide procedures existed for disposal of confidential information. In addition, security controls over computer equipment maintained within the University Warehouse were inadequate.

Although the University had established various policies relating to the security of confidential information, the University failed to establish and implement University-wide procedures for adequately disposing of confidential information.

We found the University:

- Had not performed a risk assessment of its computing environment to identify confidential or personal information to assure such information is protected from unauthorized disclosure. The Personal Information Protection Act (815 ILCS 530) requires that entities identify and protect all nonpublic personal information.
- Had not installed disk encryption software on its laptop computers.
- Had not formally approved procedures regarding the University's responsibilities, as stated in the Personal Information Protection Act, for the prompt investigation and notification in the event of a breach of personal information.

While performing walkthroughs at the University, we noted the following:

- Health Information Management Office Personal information and personal health information in unsecured recycling bins.
- Health and Environmental Safety Employees time report within an unsecured waste can.
- Comptrollers Office Personal information such as University credit card numbers, account information, name, address, and social security numbers in an unsecured bin.
- Payroll Office Payroll inquiry screen prints in unsecured recycling bins.
- Cross-cut shredders were not always used to shred confidential documents within Health Services as required by the Health Information Portability and Accountability Act.
- Bins having the capability of being locked were not always secured.

In addition, we found weaknesses in the procedures for wiping confidential information from computers and electronic media. During our review, we noted the following:

• We selected a sample of seven computers that had a certification label affixed to determine if the unit had been properly wiped. In one case, the computer had not been properly wiped even though a label was affixed and it was available for reissuance.

CURRENT FINDINGS - STATE

09-2. Finding: Inadequate Procedures for Disposal of Confidential Information (Continued)

- Several boxes containing hard-drives, diskettes, and mainframe cartridges that were waiting to be degaussed. While most of this media was maintained within a secured room, one box containing hard-drives was found in an unsecured location.
- Inconsistent use of certification labels to show a computer was wiped made it difficult for staff to determine if computers had been properly wiped. During our visit, we noted staff had to rescan several computers that had been wiped due to the lack of labels.
- The University had not assured adequate physical security controls over computer equipment maintained within the University Warehouse. During a walkthrough of the Warehouse we noted computer equipment, including computers that had not yet been wiped (to remove) confidential information, monitors, removed hard-drives, and computers that had been wiped and available for re-issuance were not adequately secured.

The University had the responsibility to assure confidential information is protected from accidental or unauthorized disclosure.

University personnel stated that, while staff is fully aware of proper disposal procedures, human error led to the instances of improper disposal noted above. While there are processes that collect personal information as defined in Personal Information Protection Act, specifically social security numbers and credit card numbers, a comprehensive risk assessment in conjunction with the items identified as "highly secure" has not been undertaken. In addition, appropriate governance groups have not yet formally approved current draft procedures for response to a breach of personal information. University personnel stated they were aware of the security risks and are planning to establish a caged area for securing computer equipment prior to wiping and restricted access to computer equipment prior to re-issuance. However, funding had not been secured for establishing adequate physical security necessary for securing computers prior to being wiped and available for re-issuance.

Confidential and personal identifiable information collected and maintained by the University should be adequately secured at all times. As such, it is the University's responsibility to ensure adequate procedures for safeguarding all confidential information have been established, effectively communicated to all personnel, and continually enforced. Inherent within this responsibility is the requirement of adequate disposition of all confidential information that is no longer needed. Failure to establish adequate procedures to protect and timely dispose of confidential information and to enforce compliance with established procedures can lead to such information being compromised. (Finding Code No. 09-2)

CURRENT FINDINGS - STATE

09-2. Finding: Inadequate Procedures for Disposal of Confidential Information (Continued)

Recommendation

We recommend the University assess its procedures for safeguarding and subsequent disposal of all confidential information. University-wide procedures for properly disposing confidential information should be established. Once established, the Department should effectively communicate the procedures to all University personnel, and enforce compliance with its procedures ensuring all confidential information is kept secured until no longer needed, and then properly disposed.

We also recommend the University:

- Perform a comprehensive risk assessment of its computer environment and data maintained to ensure adequate security controls, including adequate physical and logical access restrictions, have been established to safeguard its computer resources.
- Encrypt personal or confidential data.
- Obtain formal approval of the policies and procedures regarding security breaches.
- Establish adequate physical security over all computer equipment maintained within its Warehouse.

University Response

The University concurs with the recommendation to assess its procedures for safeguarding and subsequent disposal of all confidential information and is in the process of securing an area so that only authorized personnel can access the wiping stations and move equipment in and out.

The University will write new procedures that will include the development and production/acquisition of clear, concise labels and accompanying wiping logs.

In concert with the installation of the locked, fenced in area at the Warehouse, the University will also develop a formal set of procedures for delivering, staging, wiping, recording, accounting for, reissuing and disposing of institutionally-owned physical electronic media. A communications plan will be developed and shared with the University community with special emphasis on institutional IT support staff who start the disposal process.

The University concurs with the recommendation to perform a comprehensive risk assessment. Processes involving Social Security numbers are currently performed in accordance with Illinois State University Policy 1.13 - Identity Protection. Processes involving credit cards are currently performed in accordance with Illinois State University Policy 7.5.2 - University Acceptance of Credit Cards. The University intends to conduct a comprehensive risk assessment in conjunction with the items identified as "highly secure" is needed.

CURRENT FINDINGS - STATE

09-2. Finding: Inadequate Procedures for Disposal of Confidential Information (Continued)

University Response (Continued)

Encryption has been installed and utilized on systems storing and transmitting ACH information. The University is developing data classification and corresponding security procedures for each level of data classification. The highest level will incorporate encryption technologies.

The Campus Technology Policy & Planning Council, in concert with the office of General Counsel, is working through the final form of the language for Illinois State Policy 9.8 - Policy and Procedures on Information Access and Security and Policy 9.9 - Policy on Identification and Classification of Institutional Data (noted in Response 1 above).

The University concurs with the recommendation to establish adequate physical security and has commenced a project to erect a locked, fenced in an area at the rear of the Warehouse Road complex. This fenced area will house all non-wiped physical electronic media and wiping will occur within this space. Once media have been appropriately wiped, those devices may be disposed of, relocated to spaces outside of the secured fenced area or reissued.

STATE OF ILLINOIS ILLINOIS STATE UNIVERSITY FINDINGS AND RECOMMENDATIONS For the Year Ended June 30, 2009

PRIOR FINDINGS NOT REPEATED

A. Finding: Inadequate Disaster Contingency Planning

In the prior review, we noted the University did not have an adequately developed contingency plan for its network infrastructure, network authentication, e-mail and Web services.

During the current review, we found the University had updated its plan and specific recovery procedures, had done testing in July and December of 2008, and is pursuing a remote alternate recovery facility that appears adequately distanced from the University's primary computer operations. (Finding Code Nos. 08-2, 07-3, 06-3)

STATE OF ILLINOIS ILLINOIS STATE UNIVERSITY SUPPLEMENTARY INFORMATION FOR STATE COMPLIANCE PURPOSES

TOTAL EXPENDITURES OF FEDERAL AWARDS			<u>\$ 121,446,461</u>	\$ 416,560

** - Research and Development Cluster

NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity for the year ended June 30, 2009, and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements due to specific reporting requirements prescribed by OMB Circular A-133.

NOTE 2 - LOANS OUTSTANDING

The University had the following loan balances outstanding at June 30, 2009. These loan balances outstanding are also included in the federal expenditures presented in this schedule.

	Outstanding Balance at <u>June 30, 2009</u>
Nursing Student Loans Perkins Loan Program	\$ 357,066 <u>10,415,532</u>
Total loans outstanding	<u>\$ 10,772,598</u>

There were no administrative costs charged to the Perkins Loan Program.

NOTE 3 - GUARANTEED STUDENT LOANS - NONCASH EXPENDITURES OF FEDERAL AWARDS

During the audit period, the University processed the following amounts of new loans under the Federal Direct Student Loans Program:

Direct Student Loans Program	\$ 70,080,764
Direct Parent Loan for Undergraduate Students Program (PLUS)	<u>17,399,686</u>
Total	<u>\$ 87,480,450</u>

There were no administrative costs charged to the loan program.

NOTE 4 - FOOD DISTRIBUTION PROGRAM - NONCASH EXPENDITURES OF FEDERAL AWARDS

During the audit period, the University received \$9,671 of food commodities provided by the United States Department of Agriculture, and distributed through the Food Distribution Program that is administered by the Illinois State Board of Education.

NOTE 5 - INSURANCE - NONCASH EXPENDITURES OF FEDERAL AWARDS

During the audit period, there was no Federally-funded insurance in effect.

Investment income	7,207,850	6,509,333	698,517	10.73%	7
Capital appropriations	5,769,786	10,178,571	(4,408,785)	-43.31%	8
Capital grants and gifts	996,695	298,909	697,786	233.44%	9

Notes

- 1 Student tuition and fees increased by \$14,951,121. This increase was largely a result of the University's 9.14% increase in tuition and fees for FY 2009.
- 2 Institutional support expenses increased by \$3,458,805. This increase can be mainly attributed to an increase in personal service expenses of \$1,663,018 and an increase in contractual expenses of \$1,219,282.
- 3 Student aid increased as a result of an increase of \$1,509,498 in funding from the University's Income Fund and an increase in funding of \$1,059,458 from Pell Grants.
- 4/5 Payments on behalf of the University increased by \$ 6,087,434. The state's payments for SURS benefits and insurance benefits increased by \$4,879,462 and \$1,207,972 respectively.
- 6 Laboratory school revenue decreased by \$1,227,724. Beginning mid April, the State of Illinois used ARRA funding in the amount of \$1,315,788 to replace regular State Funding.
- 7 Investment revenue increased by \$698,517. Although interest income actually decreased by \$1,811,034 for this fiscal year, the increase in fair market value of the investments at June 30 provided an increase in investment income of \$2,509,551.
- 8 Capital appropriations decreased by \$4,408,785. The following projects started prior to 2009 had decreases in funding of \$1,434,031, \$2,207,200, and \$653,349, respectively: the Southeast Chilled Water Zone, Life/Safety Improvements, and Abatement in Stevenson and Turner buildings.
- 9 Capital grants and gifts increased by \$697,786. In 2009 the following grants were received by the University: Biology \$220,600 for a nuclear magnetic resonance system; Agriculture \$232,400 for wind energy; and the University Laboratory Schools received \$288,780 in state funding for remodeling.

STATE OF ILLINOIS ILLINOIS STATE UNIVERSITY ANALYSIS OF SIGNIFICANT VARIATIONS IN CERTAIN ASSET AND LIABILITY ACCOUNTS June 30, 2009

Amounts shown below are for general analytical purposes. Significant items impacting the University's financial position and operations are also discussed in the Management's Discussion and Analysis section of the financial statements.

		al Year	Increase	% of	
	<u>2009</u>	<u>2008</u>	<u>(Decrease)</u>	<u>Change</u>	<u>Notes</u>

Capital assets, net	354,782,582	307,374,562	47,408,020	15.42%	9
Other noncurrent assets	2,400,000	-	2,400,000	100.00%	10
LIABILITIES					
Current liabilities:					
Accounts payable and accrued liabilities	18,662,417	16,609,551	2,052,866	12.36%	11
Deferred revenue	6,489,343	7,380,579	(891,236)	-12.08%	12
Certificates of participation	820,298	-	820,298	100.00%	13

Notes

- 1 Cash and cash equivalents decreased by \$20,880,334. This resulted from the delay of reimbursements from the state.
- 2 Restricted cash and cash equivalents decreased by \$26,239,043. This was a result of payments for major construction and rehabilitation projects on campus.
- 3 Investments increased by \$12,892.241 as a result of the change in the mix of investments held by the University during 2009.
- 4 Accounts receivable increased by \$2,007,098 as a result of the increase in the tuition and fee rates.
- 5 Appropriations receivable from the state. This is a reflection of the lagging repayments from the state.
- 6 Inventories increased primarily as a result of increased natural gas inventory.
- 7 Increase is the result of \$300,000 current portion of prepaid rent under contract with the Foundation.
- 8 Long-term investments decreased by \$23,157,383. One of the contributing factors is the change in the investment mix between short-term and long-term investments. The other cause is the lateness of the state's appropriation payments.
- 9 Net capital assets increased by \$47,408,020. This increase is a result of the various construction and rehabilitation projects on the campus which included rehabilitation of the East Campus Residence Halls, construction of a parking deck, a new chiller, and the Student Fitness and Kinesiology Recreation (SFKR) Building.
- 10 Increase is the result of \$2,400,000 noncurrent portion of prepaid rent under contract with the Foundation.
- 11 Accounts payable and accrued liabilities increased by \$2,052,866. This is a result of the retainage on construction and rehabilitation projects on campus including the chiller plant, the rehabilitation of East Campus Residence Halls, the parking deck and the SFKR Building.
- 12 Deferred revenue decreased by \$891,236. This is a result of grants and contracts.
- 13 Certificates of participation increased by \$820,298 for the current portion as a result of a reclassification of the first payment on the COPS due April 1, 2010.

STATE OF ILLINOIS ILLINOIS STATE UNIVERSITY COMPARATIVE SCHEDULE OF RECEIVABLES AND AGED ANALYSIS OF RECEIVABLES June 30, 2009 and 2008

AGED ANALYSIS OF ACCOUNTS RECEIVABLE AND UNCOLLECTIBLE ACCOUNTS

The University did not have an aged analysis of accounts receivable; however, accounts receivable other than tuition, room and board, and fees receivable are generally less than 180 days old and considered to be collectible. An allowance for doubtful accounts of \$1,209,200 and \$1,104,111 at June 30, 2009 and 2008, respectively, has been established for tuition receivable deemed uncollectible. An allowance for doubtful accounts of \$614,968 and \$586,730 at June 30, 2009 and 2008, respectively, has been established for room and board receivable deemed uncollectible. An additional allowance for doubtful accounts of \$487,137 and \$469,942 at June 30, 2009 and 2008, respectively, has been established for fees receivable deemed uncollectible.

Notes receivable are presented in the balance sheets at June 30, 2009 and 2008 as follows:

	<u>2009</u>	<u>2008</u>
Current Noncurrent	\$ 902,641 	\$ 995,951 <u> 9,145,673</u>
	<u>\$ 9,946,575</u>	<u>\$ 10,141,624</u>

STATE OF ILLINOIS ILLINOIS STATE UNIVERSITY ANALYSIS OF OPERATIONS AGENCY FUNCTIONS AND PLANNING PROGRAM June 30, 2009

Illinois State University was founded in 1857 as the first public institution of higher education in the State. The documents establishing Illinois State as a teacher education institution were drafted by Abraham Lincoln. Illinois State is a multi-purpose institution with degree programs at the bachelor's, master's, and doctoral levels.

The basic purpose and function of academic programming at Illinois State University is stated in the *Mission Statements* portion of the University's *Academic Plan*, which is updated and submitted annually to the Illinois Board of Higher Education. The *Mission Statements* include: (1) the *Illinois State University Board of Trustees Vision Statement for the Year 2014*, (2) *University Mission Statement*, and (3) *College Mission Statements*.

The Academic Plan submitted during our audit period is for fiscal years 2009-2014 and can be found at http://www.provost.ilstu.edu/downloads/academic_plan/AcademicPlan2009-2014.pdf. It includes: (1) an identification of institutional priorities; (2) the University's strategic plan, *Educating Illinois 2008-2014 Priorities for Illinois' First Public University*; and (3) specific curricular initiatives set forth by those responsible for academic planning within the University.

The Academic Plan also includes academic unit (college) objectives for fiscal year 2010 and program reviews for the departments in the University being reviewed in the most recent review cycle. Program reviews contain recommendations for enhancing the programs being examined as well as plans for monitoring progress toward the fulfillment of these recommendations. During fiscal year 2009, program reviews were completed on the following programs: B.S., M.S. in Chemistry, B.S. in Geology, M.S. in Hydrogeology, B.S. in Physics, B.A., B.S., M.A., M.S. in Arts, Bachelor of Fine Arts and Master of Fine Arts in Art.

Compilation of the University's *Academic Plan* is coordinated through the Office of the Associate Provost, whose functions also ensure cohesion between the *Academic Plan* and the University's strategic plan: *Educating Illinois: 2008-2014 Priorities for Illinois' First Public University*.

• *Educating Illinois* is the University's multi-year strategic plan. It has articulated five core values (individualized attention, public opportunity, active pursuit of learning and scholarship, diversity, and civic engagement) that support 5 goals and 27 corresponding action items addressed by the campus community. University progress is summarized on the accomplishments section of the *Educating Illinois* Website, www.illinoisstate.edu/educatingillinois.

Other university-wide planning documents and processes include the following:

• Resource Allocation and Management Program (RAMP) for Operations and Grants Resource Requirements is a five-year plan that includes a comparison to the preceding two fiscal years. Among the data included are a summary of operations costs by function and source of funds, summary of staff requirements and earnings, projected enrollments, and tuition and fees. Detailed information by various departments and programs is included.

STATE OF ILLINOIS ILLINOIS STATE UNIVERSITY ANALYSIS OF OPERATIONS AGENCY FUNCTIONS AND PLANNING PROGRAM June 30, 2009

- Resource Allocation and Management Program (RAMP) Capital Requirements Plan is also a five-year planning program that includes a summary of capital requirements by budget category. These requirements are detailed as to building or components of buildings as well as other capital projects planned for the University.
- The Master Plan: Achieving Distinctiveness and Excellence in Form, Function and Design at Illinois State University 2000-2020 defines the future physical development of facilities, grounds, technology, and infrastructure. This plan is the basis for those recommendations in Resource Allocation and Management Program (RAMP) Capital Requirements Plan.
- Additionally, the Facilities Condition Assessment provides quantitative information on the condition of physical structures and current and projected maintenance needs. Results from this are used to inform the Master Plan and Capital RAMP.

Location of Agency: Normal, Illinois Agency Head: Dr. C. Alvin Bowman, President

This is the employment information reported to the State of Illinois Board of Higher Education. Staff years are computed by dividing an employee's number of months of employment during the fiscal year by 12 and multiplying that number by a factor of one for full-time and multiplying by the percentage of appointment for part-time. One example of staff year computation is as follows:

One full-time employee employed 12 months of the fiscal year counts as one staff year.

STATE OF ILLINOIS ILLINOIS STATE UNIVERSITY ANNUAL COST STATISTICS June 30, 2009 and 2008

(Unaudited)

Following is a computation of cost per full-time equivalent student:

	<u>2009</u>	<u>2008</u>
Total education and general expenses/expenditures from current appropriated funds Expenses/expenditures from locally held University	\$ 83,211,717*	\$ 83,240,881*
Income Fund	114,816,394	95,110,371
	198,028,111	178,351,252
Full-time equivalent students	÷18,614	÷ <u>18,258</u>
COST PER FULL-TIME EQUIVALENT STUDENT	<u>\$ 10,639</u>	<u>\$ </u>

* Amount represents total General Fund expenses less the amount for payments on behalf of the University.

STATE OF ILLINOIS ILLINOIS STATE UNIVERSITY EMERGENCY PURCHASES For the Years Ended June 30, 2009 and 2008

In Fiscal Year 2009, the University had three emergency purchases. Turner Hall had exterior brick work completed in the amount of \$95,500. Watterson Towers had new showers installed in the amount of \$84,000. Both purchases were made for health and safety issues. The South Campus chiller had a compressor and motor replacement installed as an emergency procurement in the amount of \$70,000.

In Fiscal Year 2008, the University had two emergency purchases. The University Farm purchased a combine in the amount of \$49,500. This purchase was made due to limited time pricing. Also, the University purchased a recycling truck in the amount of \$35,570. This purchase was made to avoid health issues.

STATE OF ILLINOIS ILLINOIS STATE UNIVERSITY BOOKSTORE INFORMATION For the Year Ended June 30, 2009

(Unaudited)

The University has a contractual arrangement for bookstore operations on campus. The University's contract was for the period May 15, 2001 through June 30, 2006 and has been extended for the period July 1, 2006 through June 30, 2011. The contract with the bookstore requires commissions to be paid to the University based on the following terms:

- 1. 9.0% of gross sales up to \$3,000,000; plus
- 2. 10.0% of gross sales from \$3,000,000 to \$3,500,000; plus
- 3. 12.0% of gross sales over \$3,500,000

Bookstore gross sales and University commissions were as follows:

<u>Fiscal Year</u>	Bookstore Sales	<u>Commission</u>
2009	\$ 2,938,367	\$ 264,453
2008	\$ 3,225,494	\$ 292,549
2007	\$ 3,324,936	\$ 302,493

The contract with the bookstore gives the contractor exclusive rights to sell books on campus, however there is a competing bookstore near campus.

STATE OF ILLINOIS ILLINOIS STATE UNIVERSITY AUXILIARY FACILITIES, ACTIVITIES, AND ACCOUNTING ENTITIES Year Ended June 30, 2009

A listing of the University's Auxiliary Facilities, Activities, Accounting Entities, their purposes, and their sources of revenue for the year ended June 30, 2009 are provided below.

Indirect Cost Support

These accounts are supported by indirect cost reimbursements or accounts that receive funding as a by-product of federal, state, and private grants. The funds pay for administrative costs, physical plant cost (including utilities), and grant proposals.

Current Unrestricted Local Funds

Continuing Education and Public Service

These activities are established primarily to provide noncredit services to individuals and groups external to the institution. These activities include community services programs and cooperative extension services. Included in this category are conferences, institutes, general advisory services, reference bureaus, radio and television, consulting, alumni activities, and similar non-instructional services to particular sectors of the community.

Sales and Services of Educational Activities

Sales and services of educational activities support instruction and help demonstrate classroom or related educational techniques to students. Revenue is from services and materials furnished which are incidental to the department. Receipts are from testing, cartographic services, book sales, sales of instructional materials, and public opinion services.

Student Programs and Services

These programs are supported by student activity fees, gate receipts from athletic events, and income from concerts and performances sponsored by the students.

In addition to the intercollegiate athletics programs, the funds sponsor a variety of student functions including speakers, acquisition of art objects, legal assistance, and grants-in-aid.

Field Trips and Foreign Study

These activities are supporting program costs for primarily credit courses at an off-campus site or at a foreign educational institution. The supporting costs include housing, transportation, printing, advertising, admissions, and other related program costs.

STATE OF ILLINOIS ILLINOIS STATE UNIVERSITY AUXILIARY FACILITIES, ACTIVITIES, AND ACCOUNTING ENTITIES Year Ended June 30, 2009

Service Departments

These departments provide services to various University departments on a charge-back basis. Rates are established and reviewed periodically to operate each service department on a break-even basis.

Auxiliary Facilities

Student Housing

Accounts for the University's student residence halls and dining facilities whose construction was financed through the issuance of revenue bonds. The primary sources of revenue are room and board income, interest, food stores' sales, bakery sales, and laundry and vending machine commissions.

Student Activities

Accounts for the University's student union, athletic facilities, golf course, center for performing arts, and related facilities whose construction was financed through the issuance of revenue bonds. The primary sources of revenue are student fees and merchandise and service sales.

Parking Services

This account supports the development and maintenance of campus parking lots and decks. The source of funds is from parking permits, meters, fines, and rentals.

STATE OF ILLINOIS ILLINOIS STATE UNIVERSITY SUMMARY OF FOUNDATION PAYMENTS TO THE UNIVERSITY Years Ended June 30, 2009 and 2008

The University recognizes Illinois State University Foundation as a University-Related Organization as defined in the University Guidelines 1982 as Amended 1997.

During fiscal years 2009 and 2008, Illinois State University engaged the Foundation, under contract, to provide fund raising services. As provided in the contractual agreement, the University advanced funds to the Foundation of \$260,000 in fiscal years 2009 and 2008. In addition, the University contributed services and expenditures in the amount of \$1,650,600 and \$1,468,276 during fiscal years 2009 and 2008, respectively. As required by contract, the Foundation fully repaid the University, using funds considered unrestricted for purposes of the computations per University Guidelines 1982 as Amended 1997. In addition, the Foundation gave the University non-qualifying restricted funds. Presented below is a summary of all funds that the Foundation gave to the University during fiscal years 2009 and 2008. There was no cumulative unreimbursed subsidy for fiscal years 2009 and 2008.

	<u>2009</u>	<u>2008</u>
Totally unrestricted funds	<u>\$ 93,047</u>	<u>\$ 136,052</u>
Funds restricted only as to campus, college, or department, and generally available for ongoing University operations:		
Given to a particular college	582,704	415,301
Given to a particular department Funds restricted:	2,580,363	2,104,503
Given for scholarships	1,806,780	1,811,877
Given for certain programs	2,825,555	2,483,196
Other restricted funds	52,339	70,384
Total funds considered restricted	7,847,741	6,885,261
Total funds provided to the University by the Foundation	<u>\$ 7,940,788</u>	<u>\$ 7,021,313</u>

During the performance of our procedures, we noted no other independent organizations related to the University.

STATE OF ILLINOIS ILLINOIS STATE UNIVERSITY NONINSTRUCTIONAL FACILITIES RESERVE For the Years Ended June 30, 2009 and 2008

Non-instructional Facilities Reserve Account (Development Reserve)

The Board of Regents, on behalf of Illinois State University, established a Non-instructional Facility Reserve on January 22, 1987, by transferring \$1,250,000 of available revenue from the 1985B Bond Series to be held for use to acquire additional student recreational space. The Board also approved the use of interest derived from the investment of the reserve for the lease of additional student recreational space until such time as the purchase of additional space is approved by the Board. The balance of the Development Reserve at June 30, 2009, is \$1,301,497.

On May 12, 2006, the Board of Trustees authorized the planning and design of a new student recreation center. Construction for the project began in 2008 and is estimated to be completed by the Fall of 2010.

STATE OF ILLINOIS ILLINOIS STATE UNIVERSITY DISCLOSURE OF SUPPORT WHICH AUXILIARY FACILITIES AND ACTIVITIES HAVE RECEIVED DURING THE YEAR FROM STATE APPROPRIATED FUNDS June 30, 2009

Certain student employees are paid from funds of the Federal College Work-Study Program. In accordance with long standing public policy in Illinois, approximately \$3,874,632 of group insurance expense and \$1,931,744 of retirement plan contributions were also paid from State appropriated funds during the year ended June 30, 2009. These amounts are shown in the University's financial statements as "Payments on behalf of the University."

The Illinois Institute for Entrepreneurship Education (IIEE) was created by an act of the Illinois General Assembly in 1988. The purpose of the IIEE is to foster growth and development of entrepreneurship by educating Illinois citizens to the viability of entrepreneurship as a career option and to the role and contributions of entrepreneurs in economic development and job creation. The IIEE is mandated to reach all areas of the State, all ages, all ethnic groups, and income levels.

The IIEE's goals are to help remedy the deficiencies in the preparation of entrepreneurship education teachers, increase the quality and quantity of entrepreneurship education programs, improve instructional materials, and prepare personnel to serve as leaders and consultants in the field of entrepreneurship education and economic development.

The IIEE was created under the oversight of Illinois State University and, by working cooperatively with the University, the IIEE offers Illinois teachers two university accredited graduate courses in entrepreneurship.

The IIEE has a thirteen-member board of directors representing education, commerce and industry, government, and labor.

To more effectively reach its markets, the Institute has established three distinct operational divisions: Community Economic Development, Youth Enterprise Development, and Teacher Education and Training.

The current Director of the IIEE is Ida Manning, located at 409 N. Racine, Chicago, Illinois 60642, telephone (312) 587-9296.
