Independent Accountant's Report on State Compliance, on Internal Control Over Compliance, and on Supplementary Information for State Compliance Purposes

Honorable Frank J. Mautino Auditor General State of Illinois

and

Board of Trustees Illinois State University

Compliance

As Special Assistant Auditors for the Auditor General, we have examined management's assertion the Illinois State University complied with the compliance requirements listed below, as more fully described in the Audit Guide for Financial Audits and Compliance Attestation Engagements of Illinois State Agencies (Audit Guide) as adopted by the Auditor General, during the year ended June 30, 2018. The Illinois State University's management is responsible for compliance with these requirements as described in its assertion. Our responsibility is to express an opinion on management's assertion regarding the Illinois State University's compliance based on our examination.

- A. The Illinois State University has obligated, expended, received, and used public funds of the State in accordance with the purpose for which such funds have been appropriated or otherwise authorized by law.
- B. The Illinois State University has obligated, expended, received, and used public funds of the State in accordance with any limitations, restrictions, conditions, or mandatory directions imposed by law upon such obligation, expenditure, receipt, or use.
- C. The Illinois State University has complied, in all material respects, with applicable laws and regulations, including the State uniform accounting system, in its financial and fiscal operations.
- D. State revenues and receipts collected by the Illinois State University are in accordance with applicable laws and regulations and the accounting and recordkeeping of such revenues and receipts is fair, accurate, and in accordance with law.
- E. Money or negotiable securities or similar assets handled by the Illinois State University on behalf of the State or held in trust by the Illinois State University have been properly and legally administered and the accounting and recordkeeping relating thereto is proper, accurate, and in accordance with law.

THE POWER OF BEING UNDERSTOOD AUDIT | TAX | CONSULTING Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants; the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the Illinois State Auditing Act (Act); and the Audit Guide as adopted by the Auditor General pursuant to the Act (the Audit Guide). Those standards, the Act, and the Audit Guide require that we plan and perform the examination to obtain reasonable assurance about whether management's assertion the Illinois State University complied with the specified requirements listed above is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about management's assertion the Illinois State University complied with the specified requirements listed above. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertion resulting from material noncompliance, whether due to fraud or error.

We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the Illinois State University's compliance with specified requirements.

In our opinion, in accordance with management's assertion, the Illinois State University complied, in all material respects, with the compliance requirements listed in the first paragraph of this report during the year ended June 30, 2018. However, the results of our procedures disclosed instances of noncompliance with the requirements, which are required to be reported in accordance with criteria established by the Audit Guide, issued by the Illinois Office of the Auditor General, and which are described in the accompanying schedule of findings and questioned costs as items 2018-001, 2018-002, and 2018-005 through 2018-009.

The Illinois State University's responses to the findings identified in our examination are described in the accompanying schedule of findings and questioned costs. The Illinois State University's responses were not subjected to the procedures applied in the compliance examination and, accordingly, we express no opinion on the responses.

The purpose of this report on compliance is solely to describe the scope of our testing and the results of that testing in accordance with the requirements of the Audit Guide issued by the Illinois Office of the Auditor General. Accordingly, this report is not suitable for any other purpose.

Internal Control

Management of the Illinois State University is responsible for establishing and maintaining effective internal control over compliance with the requirements listed in the first paragraph of this report. In planning and performing our examination, we considered the Illinois State University's internal control over compliance with the requirements listed in the first paragraph of this report to determine the examination procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Audit Guide, issued by the Illinois Office of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of the Illinois State University's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Illinois State University's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with the requirements listed in the first paragraph of this report on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a requirement listed in the first paragraph of this report will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency or a combination of deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance

compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as items 2018-001, 2018-002, and 2018-005 through 2018-009, that we consider to be significant deficiencies.

As required by the Audit Guide, immaterial findings excluded from this report have been reported in a separate letter to your office.

The Illinois State University's responses to the internal control findings identified in our examination are described in the accompanying schedule of findings and questioned costs. The Illinois State University's responses were not subjected to the procedures applied in the compliance examination and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Audit Guide, issued by the Illinois Office of the Auditor General. Accordingly, this report is not suitable for any other purpose.

Supplementary Information for State Compliance Purposes

As Special Assistant Auditors for the Auditor General, we have audited the financial statements of the business-type activities and discretely presented component units of the Illinois State University as of and for the year ended June 30, 2018, and have issued our report thereon dated November 30, 2018, which contained unmodified opinions on those financial statements. Our report includes a reference to other auditors who audited the financial statements of the Illinois State University's discretely presented component units, as described in our report on the Illinois State University's financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Illinois State University's basic financial statements. We have not performed any procedures with respect to the audited financial statements subsequent to November 30, 2018. The accompanying supplementary information for the year ended June 30, 2018, in Schedules 1 through 14 is presented for the purposes of additional analysis and is not a required part of the basic financial statements of the Illinois State University. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The accompanying supplementary information for the year ended June 30, 2018, in Schedules 1 through 14 has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information for the year ended June 30, 2018, in Schedules 1 through 14 is fairly stated in all material respects in relation to the basic financial statements as a whole for the vear ended June 30, 2018.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the Illinois State University's basic financial statements as of and for the year ended June 30, 2017 (not presented herein), and have issued our report thereon dated March 1, 2018, which contained an unmodified opinion on those financial statements. Our report includes a reference to other auditors, who audited the financial statements of the Illinois State University's discretely presented component unit, as described in our report on the Illinois State University's financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Illinois State University's basic financial statements. The accompanying supplementary information for the year ended June 30, 2017, in Schedules 1 through 14 is the responsibility of management and was derived from an relates directly to the underlying accounting and other records used to prepare the June 30, 2017, financial statements. The accompanying supplementary information for the year ended June 30, 2017, in Schedules 1 through 14, has been subjected to the auditing procedures applied by us and the other auditors in the audit of the June 30, 2017, basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information for the year ended June 30, 2017, in Schedules 1 through 14 is fairly stated in all material respects in relation to the basic financial statements as a whole from which it has been derived.

The accompanying supplementary information in the Analysis of Operations Section is presented for the purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Honorable Frank J. Mautino Auditor General State of Illinois

and

Board of Trustees Illinois State University

As Special Assistant Auditors for the Auditor General, we have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Illinois State University and its discretely presented component units, collectively a component unit of the State of Illinois, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Illinois State University's basic financial statements, and have issued our report thereon dated November 30, 2018. Our report includes a reference to other auditors who audited the financial statements of the Illinois State University's discretely presented component units, as described in our report on the Illinois State University's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Illinois State University's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Illinois State University's internal control. Accordingly, we do not express an opinion on the effectiveness of the Illinois State University's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings as items 2018-001 and 2018-002 that we consider to be significant deficiencies.

THE POWER OF BEING UNDERSTOOD AUDIT | TAX | CONSULTING

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Illinois State University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Illinois State University's Responses to Findings

The Illinois State University's responses to the findings identified in our audit are described in the accompanying schedule of findings. The Illinois State University's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Illinois State University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Illinois State University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Federal Program, on Internal Control Over Compliance, and on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Honorable Frank J. Mautino Auditor General State of Illinois

and

Board of Trustees Illinois State University

Report on Compliance for Each Major Federal Program

We have audited the Illinois State University's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Illinois State University's major federal programs for the year ended June 30, 2018. The Illinois State University's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

The schedule of expenditures of federal awards and our audit described below does not include expenditures of federal awards for those agencies determined to be component units of the Illinois State University for financial statement purposes.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Illinois State University's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Illinois State University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

THE POWER OF BEING UNDERSTOOD AUDIT | TAX | CONSULTING We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Illinois State University's compliance.

Opinion on Each Major Federal Program

In our opinion, the Illinois State University complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2018-003 and 2018-004. Our opinion on each major federal program is not modified with respect to these matters.

Illinois State University's responses to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The Illinois State University's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control Over Compliance

Management of the Illinois State University is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Illinois State University's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Illinois State University's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance with a type of compliance over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses and significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as items 2018-003 and 2018-004 that we consider to be significant deficiencies.

The Illinois State University's responses to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The Illinois State University's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the business-type activities and discretely presented component units of the Illinois State University as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Illinois State University's basic financial statements. We issued our report thereon dated November 30, 2018, which contained unmodified opinions on those financial statements. Our report includes a reference to other auditors, who audited the financial statements of the Illinois State University's discretely presented component units, as described in our report on the Illinois State University's financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. We have not performed any procedures with respect to the audited financial statements subsequent to November 30, 2018. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain other additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Schedule of Findings For the Year Ended June 30, 2018

Current Findings – Government Auditing Standards

Finding 2018-001 Inadequate Control over Accounting and Financial Reporting

The Illinois State University (University) did not ensure certain transactions were properly reported within the University's financial statements.

During testing, we noted the following:

- During testing of the University's capital assets, we noted the University did not capitalize
 retainage which represents a portion of a construction contract withheld by the University and
 reported as a liability until the project is determined to be substantially completed of \$1,391,329
 on the Bond Student Center Revitalization Project. University management corrected this error in
 the University's final financial statements.
- The University did not properly capitalize capital asset additions of \$803,968 in the proper fiscal year. This amount was deemed immaterial by University management and was not corrected in the University's final financial statements; however, we determined this exception represented a significant deficiency in the University's internal control over financial reporting.

Governmental Accounting Standards Board Statement No. 34, Paragraph 18, *Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments*, notes the cost of a capital asset should include ancillary charges and be reported at historical cost.

In accordance with generally accepted accounting principles (GAAP), all of the University's assets, liabilities, revenues, and expenses should be properly reported in the University's financial statements. Further, the Fiscal Control and Internal Auditing Act (30 ILCS 10/3001) requires the University establish and maintain a system, or systems, of fiscal and administrative controls to provide assurance revenues, expenses, resources, and funds applicable to operations are properly recorded and accounted for to permit the preparation of reliable financial reports and to maintain accountability over the State's resources. Additionally, good internal controls over financial reporting include establishing and maintaining a system, or systems, of internal administrative controls to provide assurance the University's accounting functions comply with GAAP. Finally, a significant deficiency is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is important enough to merit attention by those charged with governance of the University.

University officials indicated these errors were due to employee oversight.

Failure to ensure all transactions are properly reported could result in a material misstatement of the University's financial statements and reduces the overall reliability of Statewide financial reporting. (Finding Code No. 2018-001, 2017-003)

Schedule of Findings (Continued) For the Year Ended June 30, 2018

Current Findings – Government Auditing Standards

Finding 2018-001 Inadequate Control over Accounting and Financial Reporting (Continued)

Recommendation

We recommend the University enhance its internal control over financial reporting to ensure transactions are properly reported, including capital asset additions and retainage.

University Response

The University agrees with the recommendation. Procedures relative to each of the noted exceptions have been modified to ensure against future occurrence.

Current Findings – Government Auditing Standards

Finding 2018-002 Information Security Related Weaknesses

The Illinois State University (University) had computer security related weaknesses.

The University relies on its computing environment for maintaining several critical, sensitive, and/or confidential systems used to meet the University's needs.

During our review, we identified the following security-related weaknesses:

- The University had policies and procedures related to user access management which had not been updated for several years and did not reflect the current environment.
- Access was not always timely removed upon employee termination. For example, we found one former Database Administrator had administrator access privileges within the University's network used to process credit card transactions. Additionally, we found one out of the 25 sampled of terminated users still had access to the University's network.
- Required quarterly user access reviews of the University's primary financial system were not formally documented. Additionally, University personnel stated the reviews performed did not include system administrators.
- Password change requirements stated in the University policy were not being enforced to all users. We found several thousand user-IDs, some of which had administrative access privileges, were not forced to change their passwords.
- Formal periodic reviews of firewall configuration rules were not performed.

Generally accepted information systems audit guidance endorses the development of computer security policies that adequately address the current technological environment and well-designed and well-managed controls to protect computer systems and data.

University management stated that changes to University-wide policies and procedures takes time for review and approvals by all parties concerned, thus contributing to the delay in making all of them current. The review of user access had been focused on non-IT administrators. With regard to the password policy, the University is transitioning to the use of an identity management tool across all applicable systems. The passwords are for mostly service accounts, not all of which can be transferred or changed. Finally, although informal reviews of firewall configurations are periodically performed, the University formally documents the review only when there are exceptions.

Failure to properly terminate user access, formally review access, enforce periodic password changes, or routinely review firewall configurations could result in unauthorized access and modification to University systems. (Finding Code No. 2018-002)

Current Findings – Government Auditing Standards

Finding 2018-002 Information Security Related Weaknesses (Continued)

Recommendation

We recommend the University enhance computing resource security and controls. Specifically, we recommend the University:

- Update the policies and procedures related to user access management to reflect the current environment. Additionally, policies and procedures should be periodically reviewed to reflect changes in process and new systems.
- Ensure that access of terminated employees is removed in a timely manner.
- Perform and document quarterly reviews as required and include all users, including system administrators, in the reviews.
- Ensure password requirements comply with policies and are consistently enforced to all users.
- Ensure firewall configurations are periodically reviewed and documented to ensure the configurations are adequate for safeguarding University computer resources.

University Response

The University agrees with the recommendation.

- Policies and procedures are being updated to reflect the current system environment.
- The University will continue to work on new off-boarding procedures to document terminated employees and remove access in a timely manner.
- The University will continue to perform quarterly access review, including administrators.
- The University is transitioning to the use of an identity management tool that will ensure our ULID password policy is enforced.
- The University will continue to perform its periodic review of firewall configurations and document exceptions as identified.

Current Findings – Federal Compliance

Finding 2018-003	Noncompliance with Institutional Eligibility Requirements
Federal Agency:	Department of Education
Program Name:	Student Financial Assistance
CFDA Numbers:	84.007, 84.033, 84.038, 84.063, 84.268, 84.379, 93.364
Program Expenditures	:: \$140,860,057
Questioned Costs:	None

The Illinois State University (University) did not meet certain reporting requirements to the Secretary of the U.S. Department of Education (Secretary).

During testing, we noted one of one (100%) changes in the University's Board of Trustees during the examination period was not reported to the Secretary.

The Code of Federal Regulations (Code) (34 C.F.R. § 600.21(a)) requires the University to report, within 10 days of an occurrence, any changes in its governance to the Secretary. Further, the Code (2 C.F.R. § 200.303(a)) requires the University establish and maintain effective internal control over federal awards to provide reasonable assurance the University is managing its federal awards in compliance with federal statutes, regulations, and the terms and conditions of a specific grant.

University officials indicated this condition was due to human error.

Failure to report a change in the University's governance to the Secretary within 10 days of occurrence represents noncompliance with the Code and could impact the University's institutional eligibility under the Higher Education Act of 1965. (Finding Code 2018-003)

Recommendation

We recommend the University adopt procedures to ensure changes in its governance are timely reported to the Secretary.

University Response

Although the University understands the auditors' interpretation, we would note that this interpretation is not consistent with the U.S. Department of Education published guidance for the following reasons:

- 34 CFR 600.21(a)(9) requires a change in governance to be reported within 10 days. Neither the regulations nor the guidance define the term change in governance.
- The available analogous examples for changes requiring reporting include a change in a person's ability to substantially affect the actions of the institution, including a person representing at least 25% ownership rights or the CEO or CFO. 34 CFR 600.21(a)(6) The student trustee represents one of eight board members and is required to change annually by State statute. For a change of control representing a voting interest, a 25% change in voting interest is the U.S. Department of Education regulatory standard. 34 CFR 600.31(c)(3)(iii).

Schedule of Findings (Continued) For the Year Ended June 30, 2018

Current Findings – Federal Compliance

Finding 2018-003 Noncompliance with Institutional Eligibility Requirements (Continued)

University Response (Continued)

- Question 20 from the E-App indicates that public universities are not required to complete that section, an indication that reporting Board members has not been required.
- The examples of changes at public institution are defined as a new governing authority (i.e., a completely new governing body, not one member). See IFAP, Vol. 2-118.

The University has requested the U.S. Department of Education provide guidance on this point and will put procedures in place to report changes consistent with that guidance and reported on the E-app system in a timely manner.

The U.S. Department of Education has been provided with the most current changes in Board of Trustees.

Schedule of Findings (Continued) For the Year Ended June 30, 2018

Current Findings – Federal Compliance

Finding 2018-004	Noncompliance with Eligibility Requirements
Federal Agency:	Department of Education
Program Name:	Student Financial Assistance
CFDA Numbers:	84.007, 84.033, 84.038, 84.063, 84.268, 84.379, 93.364
Program Expenditures	: \$140,860,057
Questioned Costs:	None

The Illinois State University (University) did not timely report status changes in student enrollment to the U.S. Department of Education (Department) on the National Student Loan Data System for Students (NSLDS).

During testing, we noted two of forty (5%) students selected for withdrawal testing enrollment status change were reported 116 and 126 days late. The sampling methods used in performing this testing were not statistically valid.

The Code of Federal Regulations (Code) (34 C.F.R. § 685.309(b)(2)) requires the University to report within 30 days after the school discovers a student has ceased to be enrolled on at least a half-time basis. Further, the Code (2 C.F.R. § 200.303(a)) requires the University establish and maintain effective internal control over federal awards to provide reasonable assurance the University is managing its federal awards in compliance with federal statutes, regulations, and the terms and conditions of a specific grant.

University officials indicated these errors were due to human error.

Failure to report a change in student enrollment to the Department within 30 days of occurrence represents noncompliance with the Code and could impact the University's institutional eligibility under the William D. Ford Federal Direct Loan Program. (Finding Code 2018-004)

Recommendation

We recommend the University adopt procedures to ensure changes in student enrollment are timely reported to the Department.

University Response

The University agrees with the recommendation. The University will ensure enrollment changes are reported in compliance with the Regulations.

Current Findings – State Compliance

Finding 2018-005 Noncompliance with the Student Transfer Achievement Reform Act

The Illinois State University (University) did not fully implement the Student Transfer Achievement Reform Act (Act).

During testing, we noted the following:

• The University did not ensure all of its majors allowed for students transferring under the Act to take no more than 60 additional credit hours to complete the student's program of study.

The Act (110 ILCS 150/20(a)) requires the University to not require students transferring pursuant to the Act to take more than 60 additional semester units beyond the lower-division major requirements for majors requiring 120 semester units, provided the student remains enrolled in the same program of study and completed the University's major transfer requirements.

• The University has not entered into agreements with the State of Illinois, Board of Higher Education (Board) to exempt majors which require more than 120 credit hours to graduate from the requirements of the Act.

The Act (110 ILCS 150/20(a)) allows the University to exempt certain high unit majors from the Act by entering into an agreement between the University's Board of Trustees and the Board of Higher Education.

According to University officials, the following majors are not in compliance with the requirements of the Act described in the preceding two bullet points:

- 1) Accountancy BS/MPA Accountancy and Information Systems
- 2) Accountancy BS/MPA Professional Accountancy
- 3) Elementary Education Bilingual/Bicultural Teacher Education
- 4) Biological Sciences Biology Teacher Education
- 5) Business Education Business Teacher Education
- 6) Business Education Training and Development
- 7) Early Childhood Education
- 8) Elementary Education
- 9) History Social Sciences Teacher Certification
- 10) Middle Level Teacher Education
- 11) Music Education Choral/General/Keyboard
- 12) Music Education Choral/General/Vocal
- 13) Music Education Instrumental/Band
- 14) Music Education Instrumental/Orchestra
- 15) Special Education Specialist in Deaf and Hard of Hearing
- 16) Theatre Dance Teacher Education
- 17) Theatre Theatre Teacher Education

Current Findings – State Compliance

Finding 2018-005 Noncompliance with the Student Transfer Achievement Reform Act (Continued)

Good internal controls over compliance include establishing and maintaining a system, or systems, of internal administrative controls to provide assurance the University's operations comply with applicable laws, rules, and regulations.

University officials indicated this condition was due to other competing priorities.

Failure to ensure all majors comply with the Act and majors requiring coursework beyond 120 credit hours are exempted pursuant to an agreement between the University's Board of Trustees and the Board represents noncompliance with the Act and could result in students (1) not being able to complete their studies in a timely manner and (2) incurring additional higher education costs. (Finding Code No. 2018-005)

Recommendation

We recommend the University implement controls to ensure that all majors allow for students to take no more than 60 additional credit hours in accordance with the Act. Also, we recommend the University enter into agreements with the Board to exempt majors requiring more than 120 credit hours from the requirements of this Act.

University Response

The University agrees with the recommendation. The University will work with the Illinois Board of Higher Education to ensure proper compliance.

Schedule of Findings (Continued) For the Year Ended June 30, 2018

Current Findings – State Compliance

Finding 2018-006 Inadequate Control over Property and Equipment

The Illinois State University (University) lacked adequate control over its property deletions.

During testing, we noted the following:

Twenty-three of 40 (58%) deletions tested, totaling \$212,166, were removed from the University's property listing between 36 and 276 days after the item was traded-in, scrapped, transferred to the Department of Central Management Services (CMS) or identified as stolen or missing. Of the 23 noted items, nine items totaling \$189,952 exceeded the University's capitalization policy for inclusion as capital assets on the University's Financial Statements. Of those nine items, one item totaling \$19,965 was disposed in fiscal year 2017, but the transaction to adjust the asset's original cost, accumulated depreciation, depreciation expense and any associated gain or (loss) on the transaction was not recorded until fiscal year 2018.

The Code (44 III. Admin. Code 5010.400) requires the University adjust its property records within 30 days of acquiring, changing or deleting an equipment item. Additionally, in accordance with generally accepted accounting principles (GAAP), a capital asset should be reported at original cost, with an offset of an accumulation of each year's depreciation expense, until the capital asset is disposed of by a government.

- Four of 40 (10%) deletions tested, totaling \$23,709, did not have approval from CMS for disposal. Two of the noted items, a round baler and a mower, were traded-in by the University. The other two noted items, a 50" plasma television and an incubator, were scrapped by the University. The Code (44 III. Admin. Code 5010.610) requires the University to obtain approval from the Property Control Division within CMS prior to disposing of equipment by trading in the equipment or scrapping items with no value. Further, the State Property Control Act (30 ILCS 605/4) requires the University be accountable for the supervision, control and inventory of its property to the Director of CMS.
- One of six (17%) missing and stolen equipment deletions tested, totaling \$850, did not have adequate monitoring and analysis over the potential exposure of sensitive information. During our discussions with University officials concerning this laptop, they were ultimately unable to determine if confidential information had been exposed.

The Personal Information Protection Act (815 ILCS 530/12) requires the University to notify State residents at no charge for a breach of security over system data without reasonable delay following the discovery of the breach and, depending on the size of the breach, notify consumer reporting agencies and the State's Attorney General.

Schedule of Findings (Continued) For the Year Ended June 30, 2018

Current Findings – State Compliance

Finding 2018-006 Inadequate Control over Property and Equipment (Continued)

Further, the Fiscal Control and Internal Auditing Act (30 ILCS 10/3001) requires the University to establish and maintain a system, or systems, of internal fiscal and administrative controls to provide assurance resources applicable to operations are properly recorded and accounted for to permit the preparation of accounts and reliable financial and statistical reports and to maintain accountability over the State's resources.

In addition, good internal controls over compliance include establishing and maintaining a system, or systems, of internal administrative controls to provide assurance the University's operations comply with applicable laws, rules, and regulations.

University officials indicated these conditions were due to oversight.

Failure to ensure disposed equipment is approved for disposal and timely removed from the University's property records represents noncompliance with State laws and regulations and increases the risk capital assets will not be fairly presented on the University's financial statements. (Finding Code No. 2018-006)

Recommendation

We recommend the University implement controls to ensure that deletions are removed from the property listing in a timely manner, approval is obtained from CMS prior to trading in or scrapping equipment, and monitoring lost or stolen equipment for sensitive information.

University Response

The University agrees with the recommendation. The University will monitor procedures to ensure more timely and accurate reporting of disposals of property and equipment.

Current Findings – State Compliance

Finding 2018-007 Noncompliance with the University Faculty Research and Consulting Act

The Illinois State University (University) did not always ensure compliance with the University Faculty Research and Consulting Act and University policies regarding outside employment.

During fiscal year 2018, faculty members reported 125 instances of outside employment to the University Provost. During testing, we noted the following:

- 67 of 125 (54%) cases of outside employment had the Request for Approval of Secondary/Outside Employment Form (Form PERS 927) approved by the University's Provost between one to 459 days late.
- 48 of 123 (39%) cases of outside employment did not have the Annual Report of Secondary/Outside Employment Form (Form PERS 928) submitted by the faculty member by the deadline of August 31, 2018. The total number of cases was reduced to reflect two employees who retired prior to the due date of the Form PERS 928.

The University Faculty and Research Consulting Act (110 ILCS 100/1) prohibits full-time University faculty members from undertaking, contracting for, or accepting anything of value in return for research or consulting services for any person other than the University unless the faculty member:

- a) has submitted a request to the University President, or designee, which includes an estimate of the amount of time involved;
- b) received the prior written approval of the University President, or designee, to perform the outside research or consulting services; and,
- c) submits to the University President, or designee, an annual statement of the amount of time actually spent on outside research or consulting services.

The University President has designated the University's Provost as his designee for approvals and recordkeeping.

In accordance with University Policy 3.3.7, all forms of secondary/outside employment by a faculty member require the prior written approval of the faculty member's department chairperson, dean, and the University Provost before the faculty member can accept outside employment. Further, the instructions for the Form PERS 928 require faculty members with secondary/outside employment submit the Form PERS 928 "no later than August 31 of the following fiscal year for timely routing to the Office of the Provost."

In addition, good internal controls over compliance include establishing and maintaining a system, or systems, of internal administrative controls to provide assurance the University's operations comply with applicable laws, rules, and regulations.

University officials indicated these conditions were due to employee oversight.

Schedule of Findings (Continued) For the Year Ended June 30, 2018

Current Findings – State Compliance

Finding 2018-007 Noncompliance with the University Faculty Research and Consulting Act (Continued)

Failure to ensure faculty members with outside research, consulting services, or employment obtain written pre-approval from the University Provost and file annual reports with the University Provost about the amount of time spent during the preceding fiscal year on outside research, consulting services, or employment represents noncompliance with the University Faculty Research and Consulting Act and University Policy 3.3.7. (Finding Code No. 2018-007, 2017-005, 2016-003, 2015-002, 2014-003, 2013-005, 12-5)

Recommendation

We recommend the University Provost implement internal controls to ensure faculty members with outside research, consulting services, or employment receive written pre-approval to conduct the requested activity and annually disclose the time spent on these activities in accordance with State law and University policy.

University Response

The University agrees with the recommendation and will continue to assess the faculty research and consulting approval process. Additional modifications will be made to ensure more timely approvals and annual disclosures of outside research, consulting and employment activities.

Current Findings – State Compliance

Finding 2018-008 Inadequate Controls over Procurement and Contracting Functions

The Illinois State University (University) did not exercise adequate internal controls over its procurement and contracting functions, including circumventing competitive selection requirements.

During testing, we noted the following:

• The University's purchase of a lawn mower circumvented the competitive selection requirements of the Illinois Procurement Code (Code) by misapplying the small purchase exception. During our testing of 40 equipment deletions, we noted one (3%) deleted item was a lawn mower that was traded-in by the University to a vendor as part of financing the purchase of a new lawn mower. After a trade-in allowance of \$8,500 was applied against the \$104,900 purchase price of the lawn mower, the University paid the vendor \$96,400 in cash.

The Code (30 ILCS 500/1-5) states the State's general policy to apply the principles of competitive bidding and economical procurement practices to all purchases and contracts entered into by the State. Further, the Code (30 ILCS 500/20-20(a)) specifically exempts small purchases from competitive source selection if the amount of an individual procurement does not exceed \$100,000.

- Three of 25 (12%) contracts tested, totaling \$6,792,541 in obligations related to fiscal year 2018, had errors or omissions, including the following:
 - o One noted contract, totaling \$393,041, did not have a completed Contract-Obligation Document (Form C-23) on file with the Office of the State Comptroller (Comptroller).

The Statement Accounting Management System (SAMS) (Procedure 15.20.10) requires the University to file a Form C-23 to obligate contracts entered into by the University.

o One noted contract, totaling \$60,800, did not include the vendor's financial interest disclosures.

The Code (30 ILCS 500/50-35(a)) requires all bids and offers from responsive bidders, offerors, vendors or contractors to submit to the University a disclosure of the entity's financial interests if the annual value of the potential agreement exceeds \$50,000.

One noted contract, totaling \$6,338,700 in contractual obligations related to fiscal year 2018, was for a permanent improvement project that will be constructed over several years, totaling \$18,690,000. We noted the Form C-23 filed with the Comptroller by the University reported the total value of this contract over all fiscal years associated with the construction project as \$8,690,000.

SAMS (Procedure 15.20.10) requires the University disclose the maximum contract amount of the agreement for both the current fiscal year and future fiscal years on the contract's Form C-23 filed with the Comptroller.

Current Findings – State Compliance

Finding 2018-008 Inadequate Controls over Procurement and Contracting Functions (Continued)

In addition, good internal controls over compliance include establishing and maintaining a system, or systems, of internal administrative controls to provide assurance the University's operations comply with applicable laws, rules, and regulations.

University officials indicated its purchase of the lawn mower did not go through the competitive selection due to a misunderstanding of whether the cost of a procurement was determined before or after the value of a trade-in item. Additionally, University officials indicated the remaining conditions were due to human error and oversight.

The competitive bidding process is essential to maintaining the integrity of the State's procurement process, as this method of procurement serves as a key control to ensure the State receives the most qualified vendors to provide goods and services at competitive prices. Bypassing this process jeopardizes the effectiveness of the University's procurement function, increases the risk the University will pay a higher cost for the products or services procured, and represents noncompliance with the Code. Further, failure to obtain financial disclosures from vendors increases the risk undisclosed conflicts may exist and represents noncompliance with the Code. Finally, failure to file complete and accurate Form C-23s hinders the ability of the Comptroller to track State obligations and represents noncompliance with SAMS. (Finding Code No. 2018-008)

Recommendation

We recommend the University apply the requirements of the competitive bidding process to all purchases over \$100,000, regardless of trade in offsets. In addition, the University should strengthen its internal controls over contracting to ensure vendors disclose financial interests when necessary and all Form C-23s are correctly completed and filed with the Comptroller.

University Response

The University agrees with the recommendations. Policies have been reviewed and adjusted to reflect current procurement requirements.

Current Findings – State Compliance

Finding 2018-009 Noncompliance with the State Officials and Employees Ethics Act

The Illinois State University (University) did not require positive time reporting for all employees in compliance with the State Officials and Employees Ethics Act (Act).

During testing, we noted University Policy 1.12 only requires positive time reporting for non-faculty employees. The faculty and graduate students within academic positions, academic/professional employees and some civil service employees do not report actual hours worked and are only required to report benefit usage time (vacation, sick, etc.) used to the nearest quarter hour.

The Act requires the Board of Higher Education (Board), with respect to State employees of public universities, to adopt and implement personnel policies. The Act (5 ILCS 430/5-5(c)) states, "The policies shall require State employees to periodically submit time sheets documenting the time spent each day on official State business to the nearest quarter hour." The Board adopted personnel policies for public universities on February 3, 2004, in accordance with the Act. The University has not fully incorporated these policies into the University's policies.

In addition, good internal controls over compliance include establishing and maintaining a system, or systems, of internal administrative controls to provide assurance the University's operations comply with applicable laws, rules, and regulations.

University officials indicated they continue to work with faculty to bring the University into compliance with the Act.

By not requiring time sheets from all of its employees, the University does not have complete documentation of time spent by employees on official State business as contemplated by the Act. (Finding Code No. 2018-009, 2017-007, 2016-004, 2015-003, 2014-005, 2013-007, 12-6, 11-5, 10-2, 09-1, 08-1 07-1, 06-2, 05-4)

Recommendation

We recommend the University revise its policy and require all employees submit time sheets in compliance with State law.

University Response

The University agrees with the recommendation to comply with the Act and will continue to work towards a feasible solution to incorporate compliance.

Prior Findings Not Repeated

A. Finding – Inadequate Control over Reporting Restricted Accounts

During the prior engagement, the Illinois State University (University) did not ensure restrictions from revenue bond covenants were properly reflected within the University's financial statements.

During the current engagement, we did not identify any similar issues regarding the reporting of restricted balances within the financial statements. (Finding Code No. 2017-001)

B. Finding – Noncompliance with Bond Covenants

During the prior engagement, the Illinois State University (University) did not comply with its revenue bond covenants.

During the current engagement, our sample testing did not identify any similar issues regarding noncompliance with the University's bond covenants. (Finding Code No. 2017-002)

C. Finding – Noncompliance with the Illinois Vehicle Code

During the prior engagement, the Illinois State University (University) did not request an appropriation for its proportion of collegiate license plates sold to support scholarships for its in-State students.

During the current engagement, we noted the University requested an appropriation for its proportion of collegiate license plates sold. (Finding Code No. 2017-004)

D. Finding – Noncompliance with the Illinois Human Rights Act

During the prior engagement, the Illinois State University (University) did not comply with certain provisions of the Illinois Human Rights Act (Act).

During the current engagement, our sample testing did not identify any noncompliance of the Act. (Finding Code No. 2017-006)

Supplementary Information for State Compliance Purposes For the Years Ended June 30, 2018 and 2017

Summary

Supplementary information for state compliance purposes presented in this section of the report includes the following:

Notes to the Schedule of Expenditures of Federal Awards For the Year Ended June 30, 2018

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity for the year ended June 30, 2018, and is presented on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowable or are limited as to reimbursement. The information in this schedule is presented in accordance with the requirements of the Uniform Guidance. Because the schedule presents only a selected portion of the operations, it is not intended to and does not present the financial position, changes in net position, or cash flows of the University. The University has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

Note 2. Catalog of Domestic Assistance Numbers (CFDAs)

The University agreed the CFDA numbers and program names as of August 28, 2018, as they are currently listed on the Schedule of Expenditures of Federal Awards, to the listing at https://catalog.data.gov/dataset/catalog-of-federal-domestic-assistance-cfda.

Note 3. Loans Outstanding at Fiscal Year-End

The University had the following loan balances outstanding at June 30, 2018, for programs that are administered directly. Loans outstanding at the beginning of the year and loans made during the year are included in the federal expenditures presented in the schedule.

	E	utstanding Balance at ne 30, 2018
Nursing Student Loans, CFDA 93.364 Perkins Loan Program, CFDA 84.038	\$	529,371 8,245,970
Total loans outstanding	\$	8,775,341

There were no administrative costs charged to the Perkins Loan Program.

Schedule 1

State of Illinois Illinois State University

Notes to the Schedule of Expenditures of Federal Awards For the Year Ended June 30, 2018

Note 4. Total New Federal Student Loans

During the audit period, the University processed the following amounts of new loans under the Federal Direct Student Loans Program:

Direct Student Loans Porgram, CFDA 84.268	\$ 74,149,182
Direct Parent Loan for Undergraduate Students Program (PLUS),	
CFDA 84.268	 30,516,349
Total	\$ 104,665,531

There were no administrative costs charged to the loan program.

Note 5. Insurance Disclosure

During the audit period, there was no federally-funded insurance in effect.

Note 6. Depository Library

The University's Milner Library serves as a depository library in the U.S. Government Publishing Office's Federal Depository Library Program (CFDA 40.001, Depository Libraries for Government Publications). The University is the legal custodian of government publications received under this program; however, these publications remain the property of the federal government.

Note 1: Expenditure authority, appropriations, expenditures, and lapsed balances were obtained from the State Comptroller records as of September 30, 2018, and have been reconciled to University records.

Note 2: Expenditure amounts are vouchers approved and paid by the University and submitted to the Office of the State Comptroller for payment to the vendor.

Note 3: The Circuit Court of St. Clair County in *AFSCME Council 31 v. Munger* (15 CH 475) ordered the State Comptroller, in the absence of enacted annual appropriations, to "draw and issue warrants accomplishing payment of wages (for all State employees) at their normal rates of pay." As Public Act 009-0524 stated appropriation authority granted by the General Assembly does not supersede any court order directing the expenditure of funds, the University was able to submit vouchers to pay its court-ordered involuntary withholding payroll payments previously processed through the State Treasury within Fund 007 in full without a maximum expenditure limit during fiscal year 2017.

Note 4: Public Act 99-0524 authorized the University to pay fiscal year 2016 costs using its fiscal year 2017 appropriations for non-payroll expenditures. The Analysis of Operations section of this report on page 74 includes information from University management about the number of invoices and the total dollar amount of invoices held by the University submitted against its fiscal year 2017 appropriation.

Note: The information above is prepared on an accrual basis.

Indirect cost reimbursements are expended, pursuant to allocations of funds within the University's budget as adopted by the Board of Trustees, to pay for the costs of grants and contracts operations and to pay for overhead expenses of the University. Indirect cost reimbursements are expended in a manner consistent with the formula under which such reimbursements are determined.

Based on the requirements of the *University Guidelines*, patents and royalties do not meet the definition of indirect cost reimbursements and are excluded from this calculation as well as the indirect cost carryforward.

Analysis of Operations Functions and Planning Program For the Year Ended June 30, 2018 (Unaudited)

The Illinois State University was founded in 1857 as the first public institution of higher education in the State. The documents establishing the University as a teacher education institution were drafted by Abraham Lincoln. The University is a multi-purpose institution with degree programs at the bachelor's, master's, and doctoral levels.

The basic purpose and function of academic programming at the University is stated in the *Mission Statements* portion of the University's *Academic Plan*, which is updated and submitted annually to the State of Illinois, Board of Higher Education. The *Mission Statements* include: (1) the *Illinois State University Mission Statement*, (2) *Board of Trustees Statement of Goals for 2019*, and (3) *College Mission Statements*.

The Academic Plan submitted during our audit period is for fiscal years 2018-2023 and can be found at <u>https://provost.illinoisstate.edu/downloads/Academic_Plan%20_2018-2023_BoT_10-19-18.pdf.</u> It includes: (1) an identification of institutional priorities; (2) the University's strategic plan, *Educate*·*Connect*·*Elevate: Illinois State – The Strategic Plan for Illinois' First Public University 2018-2023*; and, (3) specific curricular initiatives set forth by those responsible for academic planning within the University.

The Academic Plan also includes academic unit (college) objectives for fiscal year 2019 and program reviews for the departments in the University being reviewed in the most recent review cycle. Program reviews contain recommendations for enhancing the programs being examined as well as plans for monitoring progress toward the fulfillment of these recommendations. During fiscal year 2018, program reviews were completed on the following programs: B.S. in Environmental Health, B.S. in Health Information Management, B.S., M.S. and Ph.D. in Biological Sciences, B.S. in Communication Sciences and Disorders, M.A. and M.S. in Speech-Language Pathology, Au.D. Doctor of Audiology, B.S.N., M.S.N. and Ph.D. of Nursing, and Post-Master's Certificate Family Nurse Practitioner. Reviews were also completed for the following Research and Service Centers: Center for Child Welfare and Adoption Studies and Center for Insurance and Risk Management (Katie School).

Compilation of the University's *Academic Plan* is coordinated through the Office of the Associate Provost, whose functions also ensure cohesion between the *Academic Plan* and the University's strategic plan: *Educate*·Connect·Elevate: Illinois State – The Strategic Plan for Illinois' First Public University 2018-2023.

• Educate Connect Elevate is the University's multi-year strategic plan. It has articulated seven core values (learning and scholarship, individualized attention, diversity and inclusion, integrity, civic engagement, respect, and collaboration) that support four goals and thirteen corresponding action items addressed by the campus community. University progress is summarized on the accomplishments section of the *Strategic Plan* website, <u>strategicplan.illinoisstate.edu</u>.

Analysis of Operations Functions and Planning Program (Continued) For the Year Ended June 30, 2018 (Unaudited)

Other university-wide planning documents and processes include the following:

- Resource Allocation and Management Program (RAMP) for Operations and Grants Resource Requirements is a five-year plan that includes a comparison to the preceding two fiscal years. Among the data included are a summary of operations costs by function and source of funds, summary of staff requirements and earnings, projected enrollments, and tuition and fees. Detailed information by various departments and programs is included.
- Resource Allocation and Management Program (RAMP) Capital Requirements Plan is also a fiveyear planning program that includes a summary of capital requirements by budget category. These requirements are detailed as to building or components of buildings, as well as other capital projects, planned for the University.
- *Master Plan: 2010-2030 Looking to the Future* defines the future physical development of facilities, grounds, technology, and infrastructure. This plan is the basis for those recommendations in *Resource Allocation and Management Program (RAMP) Capital Requirements Plan.*
- Additionally, the Facilities Condition Assessment provides quantitative information on the condition of
 physical structures and current and projected maintenance needs. The results from this assessment
 are used to inform the Master Plan and Capital RAMP.

Auxiliary Facilities, Activities, and Accounting Entities For the Year Ended June 30, 2018 (Unaudited)

A listing of the University's auxiliary facilities, activities, accounting entities, their purposes, and their sources of revenue for the year ended June 30, 2018, are provided below.

Indirect Cost Support

These accounts are supported by indirect cost reimbursements or accounts that receive funding as a byproduct of federal, State, and private grants. The funds pay for administrative costs, physical plant cost (including utilities), and grant proposals.

Unrestricted Local Funds

Continuing Education and Public Services

These activities are established primarily to provide noncredit services to individuals and groups external to the institution. These activities include community services programs and cooperative extension services. Included in this category are conferences, institutes, general advisory services, reference bureaus, radio and television, consulting, alumni activities, and similar non-instructional services to particular sectors of the community.

Sales and Services of Educational Activities

Sales and services of educational activities support instruction and help demonstrate classroom or related educational techniques to students. Revenue is from services and materials furnished which are incidental to the department. Receipts are from testing, cartographic services, book sales, sales of instructional materials, and public opinion services.

Student Programs and Services - University

These programs are supported by student activity fees, gate receipts from athletic events, and income from concerts and performances sponsored by the students.

In addition to the intercollegiate athletics programs, the funds sponsor a variety of student functions including speakers, acquisition of art objects, legal assistance, and grants-in-aid.

Student Programs and Services – Laboratory Schools

These programs are supported by student activity fees, gate receipts from athletic events, and participation fees for clubs and camps.

Auxiliary Facilities, Activities, and Accounting Entities (Continued) For the Year Ended June 30, 2018 (Unaudited)

Field Trips and Foreign Study

These activities are supporting program costs for primarily credit courses at an off-campus site or at a foreign educational institution. The supporting costs include housing, transportation, printing, advertising, admissions, and other related program costs.

Income Fund

The income fund is supported by tuition, registration fees, academic support fees, library fines, and other miscellaneous income.

Service Departments

These departments provide services to various University departments on a charge-back basis. Rates are established and reviewed periodically to operate each service department on a break-even basis.

Restricted Auxiliary Facilities Funds

Student Housing

Accounts for the University's student residence halls and dining facilities whose construction was financed through the issuance of revenue bonds. The primary sources of revenue are room and board income, interest, food stores' sales, bakery sales, and laundry and vending machine commissions.

Student Activities

Accounts for the University's student union, athletic facilities, golf course, center for performing arts, and related facilities whose construction was financed through the issuance of revenue bonds. The primary sources of revenue are student fees and merchandise and service sales.

Parking Services

This account supports the development and maintenance of campus parking lots and decks. The source of funds is from parking permits, meters, fines, and rentals.

Analysis of Significant Variations in Revenues and Expenses (Continued) For the Years Ended June 30, 2018 and 2017 (Unaudited)

All variances greater than \$1,500,000 and more than 15% from fiscal year 2017 are discussed below. Refer to the Analysis of Significant Variations in Revenues and Expenses on page 61 for the actual dollar changes.

Explanations of significant variances:

- (A) Federal grants and contracts The increase is due to the University receiving several large federal grants during the fiscal year.
- (B) Operating expenses The allocation of SURS and group insurance benefits paid on behalf of the University by the State are allocated based on appropriated funds payroll. During fiscal year 2018, the University reported a larger appropriation which was paid over multiple operating expense functions versus primarily instruction during fiscal year 2017.
- (C) Auxiliary facilities expense The increase was due to a write-off of expenses related to the South Campus demolition. In addition, this increase included non-capitalizable asset additions from the purchase of Cardinal Court.
- (D) State Appropriations The increase is due to the budget impasse at the end of fiscal year 2017. The 2017 budget was enacted July 6, 2017, and included appropriations of \$33,935,700 that were then included in the fiscal year 2018 revenue, as well as an increased fiscal year 2018 appropriation.
- (E) Payments on behalf of the University Foundation The decrease was due to Foundation payroll being included in gifts and donations versus payments on behalf.
- (F) Interest expense The increase was due to the purchase of Cardinal Court in December 2017 with bond financing.
- (G) Nonoperating state grants The increase is due to the State of Illinois funding the Monitary Assistance Program (MAP) grant program during fiscal year 2018. During fiscal year 2017, MAP was not funded until July 2017; therefore, the revenue was not reported until fiscal year 2018.

All variances greater than \$1,500,000 and more than 15% from fiscal year 2017 are discussed below. Refer to the Analysis of Significant Variations in Assets, Deferred Outflows of Resources and Liabilities on page 63 for the actual dollar changes.

Explanations of significant variances:

- (A) Cash and cash equivalents and Investments The increase is due to additional appropriations received from the State of Illinois during fiscal year 2018. In addition, the change in investments is due to the mix of targeted maturity dates.
- (B) Accounts receivable, net The decrease is due to funds owed from the Monetary Assistance Program (MAP) being received during fiscal year 2018.
- (C) Capital assets not depreciated and accounts payable The increase is due to the University working on a large renovation to the Bone Student Center as well as Watterson Dining Center that was not completed as of year-end. The related project retainage was included in accounts payable at year-end.
- (D) Assets held in custody for others and deposits and Revenue bonds payable During fiscal year 2018, the University purchased Cardinal Court from the Collegiate Housing Foundation with the issuance of revenue bonds. Assets that were held on in custody for CHF were applied to pay down debt originally held by CHF.
- (E) Effective fiscal year 2018, GASB Statement 75 required the University to establish a liability for other post-employment benefits.

Employment Statistics (Full-Time Equivalent) (Continued) For the Years Ended June 30, 2018 and 2017 (Unaudited)*

This is the employment information reported to the Illinois Board of Higher Education. Staff years are computed by dividing the employees' number of months of employment during the fiscal year by 12 and multiplying that number by a factor of one for full-time and multiplying by the percentage of appointment for part-time. Examples of staff year computations are as follows:

- 1 full-time employee employed 12 months of the fiscal year counts 1 staff year
- 1 full-time employee employed 6 months of the fiscal year counts .5 staff year
- 1 one-third time employee employed 12 months of the fiscal year counts .33 staff year
- 1 one-third time employee employed 6 months of the fiscal year counts .17 staff year

Bookstore Information For the Year Ended June 30, 2018 (Unaudited)

The University has a contractual arrangement for bookstore operations on campus. The University's contract is for the period July 1, 2013, through June 30, 2018. The contract with the bookstore requires commissions to be paid to the University based on the following terms:

- 1. 11.0% of gross sales up to \$2,000,000; plus
- 2. 12.0% of gross sales from \$2,000,000 to \$2,500,000; plus
- 3. 14.0% of gross sales over \$2,500,000.

Bookstore gross sales and University commissions were as follows:

Fiscal Year	Boo	Bookstore Sales		mmission
2018	\$	2,551,254	\$	314,945
2017		2,999,562		349,939
2016		2,882,019		333,483

The University received a guaranteed commission of \$314,945, \$27,769 above the calculated commissions based on the terms of the contract.

The contract with the bookstore gives the contractor exclusive rights to sell books on campus; however, there is a competing bookstore near campus.

Summary of Foundation Transactions with the University For the Years Ended June 30, 2018 and 2017 (Unaudited)

The University recognizes Illinois State University Foundation as a University-Related Organization as defined in the <u>University Guidelines</u>.

During fiscal years 2018 and 2017, Illinois State University engaged the Foundation, under contract, to provide development and fundraising services. In addition, the University contributed services and expenditures in the amount of \$2,457,018 and \$2,446,698 during fiscal years 2018 and 2017, respectively. As required by contract, the Foundation fully repaid the University using funds considered unrestricted for purposes of the computations per <u>University Guidelines</u>. There was no cumulative unreimbursed subsidy for fiscal years 2018 and 2017. During fiscal years 2018 and 2017, the Foundation contributed services and expenditures of \$8,811,223 and \$8,893,470, respectively, that were for the direct and/or indirect support of the University.

The Foundation is a related organization formed to support in various ways the University's instructional, research and public service missions. Effective July 1, 2017, the Foundation renewed the Support Agreement, for an additional one year, with the University Board of Trustees (acting for and on behalf of the University) whereby the University agrees to provide to the Foundation fair and reasonable compensation in exchange for development and fundraising services up to a maximum value. The maximum value under the agreement was \$2,595,000 and \$2,518,000, respectively, for the years ended June 30, 2018 and 2017. Under terms of the agreements, the University provided in-kind support in the form of personnel, office space, office equipment, computer support and communication services estimated at \$2,457,018 and \$2,446,698 during fiscal years 2018 and 2017, respectively. During these years, the direct and/or indirect support of the University, as well as the scholarships provided by the Foundation, exceeded the valued provided by the University under the agreement.

As of June 30, 2018 and 2017, the Foundation had payables to the University of \$157,860 and \$985,244, respectively. In addition, at June 30, 2018 and 2017, the Foundation had no receivables from the University.

In fiscal year 2009, Launching Futures, LLC acquired real estate for approximately \$6.3 million that was being leased by the University from an outside party. Once the sales contract was signed, the University continued to lease the property from the seller until the initial closing. The acquired real estate serves as the University's Alumni Center. To assist with construction improvement costs, the University made a \$3 million prepaid rent payment in July 2008. Launching Futures, LLC leases the property to the University at \$19,167 per month. Also, the University and Foundation are amortizing the \$3 million prepaid rent over a ten-year period at \$300,000 per year. The prepaid rent was fully amortized as of June 30, 2018.

During fiscal years 2018 and 2017, the Foundation contributed services and expenditures of \$5,936,803 and \$6,332,443, respectively, that were for the direct and/or indirect support of the University. The Foundation also contributed \$2,874,420 and \$2,561,027, respectively, in student aid, scholarships, and awards to the University. These amounts were applied directly to the students' University accounts.

Summary of INTO NA Transactions with the University For the Years Ended June 30, 2018 and 2017 (Unaudited)

The Illinois State University Global, LLC (Global) was established on March 8, 2018. Global is a University Related Organization (URO) as defined under the University Guidelines adopted by the State of Illinois' Legislative Audit Commission in 1982, as amended. Global was formed as a single member LLC of which the University is the sole owner. The University contributed \$25,000 to Global. Based on this financial relationship, Global is blended into the University's financial information (see page 89 for the diagram of the INTO/ISU Corporate structure).

Global exists for the purpose of promoting the development of the Illinois State University's efforts to promote global engagement and internationalization, so that the University can impart the necessary knowledge, and skills students will need to effectively engage in the global community and support the University's distinctive excellence in teaching, learning, scholarship, creativity, research, and public service.

Global's current year activity on the Statement of Revenues, Expenses and Changes in Net Position reflected the \$25,000 loss from INTO ISU. Global's initial \$25,000 investment in INTO ISU is reduced to \$0 on its balance sheet at year-end based on its equity investment. There are no other balances at year-end.

On March 22, 2018, Global entered into a joint venture with INTO North America, Inc. (INTO NA) to establish INTO Illinois State University, LLC (INTO ISU). Each member contributed \$25,000 towards the members' capital account, appointed three members to the INTO ISU Board, and holds an equal (50%) equity stake in INTO ISU. The Joint Venture agreement specifically applies the \$50,000 towards partnership equity. INTO ISU is discretely presented on the University's financial statements.

INTO ISU is an independent organization and is required to report in a separate column to emphasize that it is an entity legally separate from the University. INTO ISU serves as the primary entity to implement the partnership with INTO NA. INTO ISU is responsible, in partnership with INTO NA and the University, with recruiting international students, offering English language instruction courses that serve as a pathway to University degree programs, and serving our new international students. INTO ISU provides continuous support by managing the areas of the students' cultural experience, English language courses, and eventual matriculation to the University.

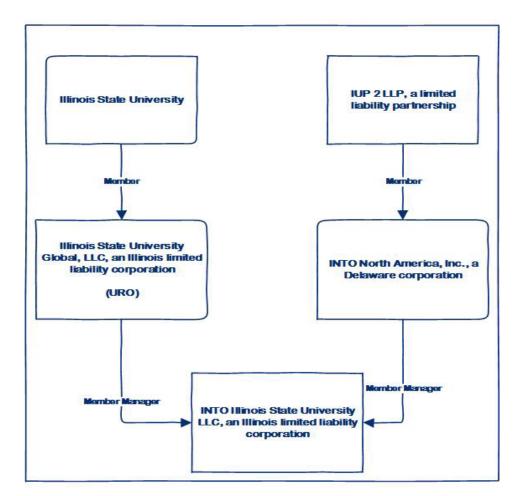

INTO NA supports INTO ISU by providing management, marketing, and administrative services to INTO ISU. By partnering with INTO ISU, the University can support the recruitment of the best and brightest international student talent to the University, enhance the diversity of our University community, inspire our students to become global citizens, extend the University's global reach, broaden the University's global brand identity and recognition, provide an economic stimulus for the broader community, and contribute to the growth of the University. INTO NA is a wholly owned subsidiary of INTO University Partnership Limited (IUP), a British limited liability partnership.
