#### INDEPENDENT AUDITORS' REPORT

Honorable Frank J. Mautino Auditor General State of Illinois

### **Report on the Financial Statements**

As Special Assistant Auditors for the Auditor General, we have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the St. Clair County Regional Office of Education No. 50, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the St. Clair County Regional Office of Education No. 50's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the St. Clair County Regional Office of Education No. 50, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 15a through 15h, and the Schedule of the Employer's Proportionate Share of the Net Pension Liability - Teacher's Retirement System of the State of Illinois, Schedule of Employer Contributions - Teacher's Retirement System of the State of Illinois, Schedule of Employer Contributions - Illinois Municipal Retirement Fund, Schedule of Changes in the Net Pension Liability and Related Ratios - Illinois Municipal Retirement Fund, Schedule of Employer Contributions - Teacher's Health Insurance Security Fund, Schedule of the Employer's Proportionate Share of the Collective Net OPEB Liability - Teacher's Health Insurance Security Fund, and Schedule of Changes in the Regional Office of Education's Total OPEB Liability and Related Ratios - Post-Retirement Health Plan on pages 64 through 70 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the St. Clair County Regional Office of Education No. 50's basic financial statements. The combining schedules of accounts, budgetary comparison schedules, combining fund financial statements and the Schedule of Expenditures of Federal Awards, as required by Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining schedules of accounts, budgetary comparison schedules, combining fund financial statements and the Schedule of Expenditures of Federal Awards, as required by Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining schedules of accounts, budgetary comparison schedules, combining fund financial statements and the Schedule of Expenditures of Federal Awards, as required by Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) are fairly stated in all material respects in relation to the basic financial statements as a whole.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 30, 2019, on our consideration of the St. Clair County Regional Office of Education No. 50's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the St. Clair County Regional Office of Education No. 50's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering St. Clair County Regional Office of Education No. 50's internal control over financial reporting and compliance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Frank J. Mautino Auditor General State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of St. Clair County Regional Office of Education No. 50, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise St. Clair County Regional Office of Education No. 50's basic financial statements, and have issued our report thereon dated April 30, 2019.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered St. Clair County Regional Office of Education No. 50's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of St. Clair County Regional Office of Education No. 50's internal control. Accordingly, we do not express an opinion on the effectiveness of St. Clair County Regional Office of Education No. 50's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether St. Clair County Regional Office of Education No. 50's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the St. Clair County Regional Office of Education No. 50's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the St. Clair County Regional Office of Education No. 50's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Honorable Frank J. Mautino Auditor General State of Illinois

### Report on Compliance for Each Major Federal Program

We have audited St. Clair County Regional Office of Education No. 50's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of St. Clair County Regional Office of Education No. 50's major federal programs for the year ended June 30, 2019. The St. Clair County Regional Office of Education No. 50's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

### Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

## Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the St. Clair County Regional Office of Education No. 50's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the St. Clair County Regional Office of Education No. 50's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the St. Clair County Regional Office of Education No. 50's compliance.

### Opinion on Each Major Federal Program

In our opinion, the St. Clair County Regional Office of Education No. 50 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

## Report on Internal Control Over Compliance

Management of St. Clair County Regional Office of Education No. 50 is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the St. Clair County Regional Office of Education No. 50's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the St. Clair County Regional Office of Education No. 50's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended June 30, 2019

The discussion and analysis of St. Clair County Regional Office of Education #50's (ROE) financial performance provides an overall narrative review of the ROE's financial activities for the year ended June 30, 2019. The intent of this discussion and analysis is to look at the ROE's performance as a whole. Readers should also review the notes to the basic financial statements and the financial statements to enhance their understanding of the ROE's financial performance. Information contained in this section is qualified by the more detailed information contained elsewhere in the financial statements, notes to financial statements and any accompanying materials. To the extent this discussion contains any forward-looking statements of the ROE's plans, objectives, expectations and prospects, the actual results could differ materially from those discussed herein.

This section is a summary of the ROE's financial activities based on currently known facts, decisions, or conditions. It is also based on both the government-wide and fund-based financial statements. The results of the current year are discussed in comparison with the prior year.

#### **2019 FINANCIAL HIGHLIGHTS**

- The ROE's net position is the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources and is used to measure the ROE's financial health. The deficit in net position of the ROE's governmental activities on June 30, 2019 was \$3,041,284. This deficit is due to the ROE recognizing a net pension and OPEB liabilities totaling \$1,461,519 and related deferred inflows of \$4,427,339. The deficit in net position decreased by \$732,406 or 19.4% from the deficit in net position of \$3,773,690 reported at June 30, 2018. The net position of the ROE's enterprise fund was \$174,560, representing a decrease of \$22,633 or 11.5% from fiscal year 2018. The total deficit in net position for the ROE primary government is \$2,866,724 which represents a decrease in the deficit by \$709,773 or 19.8% from fiscal year 2018. The governmental activities and overall decrease in deficit in net position is primarily due to changes in balances related to pension and OPEB plans. There was a decrease in the State of Illinois Teachers' Retirement System (TRS) net pension liability and OPEB liabilities. Further, TRS, IMRF and OPEB deferred outflows decreased by \$478,849, and TRS, IMRF, and OPEB deferred inflows increased by \$3,289,686.
- General governmental revenues account for \$2,002,571 in revenue, or 49.6% of all governmental revenues. Program specific revenues in the form of charges for services and grants and contributions accounted for \$2,032,420 or 50.4% of total governmental revenues.
- The ROE governmental activities had \$3,302,585 in expenses; only \$2,032,420 of these expenses were offset by operating grants and contributions. The ROE had adequate general revenues and other reserves to provide for the rest of the ROE's expenses.
- Among major funds, the General Fund had \$1,331,981 in revenues and \$1,381,694 in expenditures. The General Fund's fund balance decreased by \$49,713 or 6.8% from the prior year.
- No additional capital assets were purchased during the year. In the governmental activities, capital assets net of depreciation decreased by \$11,736. In the Enterprise Fund, capital assets net of depreciation decreased by \$374.
   For the combined total, capital assets net of depreciation decreased by \$12,110.
- The ROE has no long-term debt.

### **OVERVIEW OF FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the ROE's basic financial statements. The ROE's basic financial statements comprise of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended June 30, 2019

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of the ROE's finances, in a manner similar to a private-sector business. These statements are prepared using the accrual basis of accounting and include all assets and liabilities.

The Statement of Net Position presents information on all the ROE's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the ROE is improving or deteriorating.

The Statement of Activities presents information showing how the ROE's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal years.

The government-wide financial statements outline functions of the ROE that are principally supported by grants, contracts and contributions, and governmental activities. The governmental activities of the ROE include instructional services and administrative expenses. The government-wide financial statements can be found on pages 16 - 17 of this report.

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The ROE uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the ROE can be divided into two categories: governmental funds and proprietary funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the ROE's current financing requirements. Governmental Funds are reported using modified accrual accounting. This method of accounting measures cash and other assets that can be easily converted to cash. The Governmental Fund statements provide a detailed short-term view of the ROE's operations.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the ROE's current financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. These reconciliations are on pages 19 and 21, respectively.

The ROE maintains individual governmental funds in accordance with both the Regional Office of Education Accounting Manual and the Accounting Manual for Public School Districts issued by the Illinois State Board of Education. Information is presented separately in the governmental fund Balance Sheet and in the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances for all major funds. All non-major funds are combined together and presented in these reports as other non-major funds.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended June 30, 2019

The basic governmental fund financial statements can be found on pages 18 and 20.

**Proprietary funds.** The Enterprise/Local Workshop Fund holds any excess funds collected from Workshops and/or Technology Services. These funds are used solely to offset Workshop and Technology Services incurred due to less than anticipated registrations or more than anticipated materials and services. The ROE's proprietary statements can be found on pages 22 – 24.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 25 - 63 of this report.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information concerning the ROE's budget process.

Required Supplementary Information regarding the ROE's pension plans are included on pages 64 – 70 of this report.

The ROE does not adopt a combined annual operating budget for all funds, but does adopt individual budgets for some grants in the Education Fund. A budgetary comparison statement has been provided for those grants in the Education Fund. This supplemental information can be found on pages 83 - 93 of this report.

Additionally, a Schedule of Expenditures of Federal Awards is required by the Uniform Guidance and can be found on page 96 of this report.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

**Net Position.** Net position may serve over time as a useful indicator of government's financial position. In the case of the ROE, liabilities plus deferred inflows of resources exceeded assets plus deferred outflows of resources by \$2,866,724 as of June 30, 2019.

The ROE's Net Position includes assets of \$649,717 restricted for use in the Institute Fund, GED Fund, Bus Driver Training Fund and the National School Breakfast and Lunch account of the Education Fund. It also includes capital assets of \$18,907. However, the ROE's net position is severely impacted by the net liability of \$1,461,519 which includes \$69,291 for the State of Illinois Teachers' Retirement System (TRS), \$546,201 for Illinois Municipal Retirement Fund (IMRF) and \$846,027 for the OPEB liabilities as well as deferred inflows of \$3,806,777, \$76,123 and \$544,439 for TRS, IMRF and OPEB, respectively, which results in the negative net position of \$2,866,724.

The ROE's financial position is a product of several financial transactions including the net result of activities, the disposal of capital assets and the depreciation of capital assets. The following table presents a summary of the ROE's net position for the fiscal year ended June 30, 2019 compared to prior year.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended June 30, 2019

**Governmental activities.** The following table presents the cost of two major ROE functional activities: instructional services and administrative expenses. Administrative expenses include social work and guidance services, operation & maintenance, pupil transportation, planning and evaluation, and fiscal services. The table also shows each function's net cost (total cost less charges for services generated by the activities and grants provided for specific programs). The net cost shows the amount funded by the General Revenues. Instructional Services expenses decreased 47.5% due to the decrease in operating grants and state revenue as well as a significant decrease in the Employer's proportionate share of the net pension liability.

	Total	Net (Expense)
	Expenses	Revenue
Instructional services	\$ 2,128,785	\$ (96,365)
Administrative expense	1,173,800	(1,173,800)
Total expenses	\$ 3,302,585	\$ (1,270,165)

**Enterprise activities.** The following table presents the cost of the ROE's workshop fund. The majority of related expenses are salaries and benefits, contract labor and travel, and supplies and materials for the workshop seminars. The table also shows the fund's net cost (total cost less charges for services generated by the activities). Total expense are up from 2018 due to the increase in technology expenses as well as additional workshops offered due to the loss of Foundational Services funding.

### FINANCIAL ANALYSIS OF THE ROE'S FUNDS

As noted earlier, the ROE uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the ROE's governmental funds is to provide information on current inflows, outflows and balances of spendable resources. Such information is useful in assessing the ROE's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the ROE's net resources available for spending at the end of the fiscal year.

The financial performance of the ROE as a whole is reflected in its governmental funds. As the ROE completed the year, its governmental funds reported a combined fund balance of \$1,314,942 which is a decrease of only \$2,403 from the previous year.

The General Fund is the principal operating fund of the ROE. The fund balance of the General Fund for the fiscal year ending June 30, 2019, decreased by \$49,713 due to unavailable revenue. The fund balance of Other Governmental Funds showed a combined net increase of \$47,310. \$50,764 of this increase was in Institute Fund and was the result of higher than normal registration and application fees. Teachers pay fees on a 5 year cycle, which does not match the flow of teacher training expenses.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended June 30, 2019

**Enterprise Funds.** The net position reported in the Enterprise Fund as of June 30, 2019 was \$174,560, a decrease of \$22,633. The decrease was a result of an increase in technology salaries paid by the Enterprise Fund as well as additional workshops being offered. The remaining Enterprise funds provide a good reserve to ensure that the ROE can continue to offer high quality workshops for teachers and administrators and solid technology assistance to schools.

#### **BUDGETARY HIGHLIGHTS**

Over the course of the year, the ROE revised the budgets for most grant programs in the Education Fund. These budget adjustments were the result of revisions in the plan to accomplish specific goals and activities outlined in the grant programs.

A schedule showing the original and final budget amounts compared to the ROE's actual financial activity for the Education Fund grants is provided in this report as supplementary information.

#### **CAPITAL ASSETS AND DEBT ADMINISTRATION**

**Capital Assets.** As of June 30, 2019, the ROE's total capital assets at cost for Governmental Activities and Business-type Activities were \$444,619 and \$38,486 respectively, including furniture and equipment. This amount represents a decrease of \$67,576 for the Governmental Activities and a decrease of \$712 for the Business-type Activities from the previous year. There were no capital asset additions during fiscal year 2019. Capital asset deletions during fiscal year 2019 totaled \$67,576 and \$712 for Governmental Activities and Business-type activities, respectively.

Total accumulated depreciation as of June 30, 2019 for Governmental Activities and Business-type Activities was \$426,076 and \$38,122 respectively, and total depreciation expense for Governmental Activities and Business-type Activities for the fiscal year 2019 was \$11,736 and \$374 respectively, and prior depreciation on assets deleted in fiscal year 2019 was \$67,576 for Governmental Activities and \$712 for Business-type Activities, resulting in total Investment in Capital Assets at June 30, 2019 for Governmental Activities and Business Type Activities of \$18,543 and \$364 respectively. Overall, net capital assets decreased \$11,736 for Governmental Activities and decreased \$374 for Business-type Activities compared to June 30, 2018.

Additional information on the ROE's capital assets can be found in Note 3 on pages 37 – 38 of this report.

**Debt Administration.** At June 30, 2019, the ROE had no long term debt.

### **Current Issues**

The St. Clair County ROE is financially stable. The ROE has committed itself to financial excellence for many years. In addition, the ROE's system of financial planning, budgeting and internal financial controls is well regarded.

The ROE plans to continue its sound fiscal management to meet the challenges of the future and insure that taxpayer dollars are spent properly and in accordance with its mission to provide quality services to students, teachers, administrators, parents and community members.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended June 30, 2019

The Net Pension Liability reflected in the financial statements highlights the serious problems in the State of Illinois Teachers' Retirement System pension fund. Beginning with fiscal year 2015, each employer is showing a prorated portion of the State's pension liability on its government wide financial statements. This amounts to \$615,492 of net pension liabilities for the ROE in fiscal year 2019, which includes \$69,291 for TRS and \$546,201 for IMRF.

The unassigned fund balance of the ROE has been sufficient to handle the most recent economic downturn and state budget impasses. State funding for core grant programs has decreased significantly. The Safe School program and ROE School Services grant have each been cut 65% since 2009. In addition, General State Aid continues to be prorated, further reducing funds available for the Safe School Program. The ROE continues to charge tuition to offset the shortfall in Safe School and this has covered the deficit in this program for 2019. A Professional Development Coop continues to provide adequate funding for workshops requested by school districts. These measures will allow the ROE to maintain all services for the coming year without exhausting limited reserves.

The ROE will be looking for ways to reallocate existing resources to meet the needs of schools in a climate of decreasing and late revenue.

#### NOTES TO FINANCIAL STATEMENTS

For the Year Ended June 30, 2019

#### 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Regional Office of Education No. 50 was formed under the provisions of the State of Illinois, Illinois State Board of Education.

This summary of significant accounting policies of the Regional Office of Education No. 50 is presented to assist in understanding the Regional Office of Education No. 50's financial statements. The financial statements and notes are representations of the Regional Office of Education No. 50's management who is responsible for the integrity and objectivity of the financial statements. The Illinois Administrative Code, Title 23 - Subtitle A, Chapter 1, Section 110.115a, requires each Regional Office of Education to prepare annual financial statements in conformity with accounting principles generally accepted in the United States of America. These principles have been consistently applied in the preparation of the financial statements.

#### FINANCIAL REPORTING ENTITY

The Regional Office operates under the School Code (Articles 5/3 and 5/3A of *Illinois Compiled Statutes,* Chapter 105). The Regional Office of Education No. 50 encompasses St. Clair County. The Regional Superintendent of Schools (Regional Superintendent) serves as chief administrative officer of the Regional Office of Education No. 50 and is elected pursuant to Article 3, *Illinois Compiled Statutes,* Chapter 105.

The Regional Superintendent is charged with responsibility for township fund lands; registration of the names of applicants for scholarships to State controlled universities; examinations and related duties; visitation of public schools; direction of teachers and school officers; to serve as the official advisor and assistant of school officers and teachers; to conduct teachers institutes as well as to aid and encourage the formation of other teachers' meetings and assist in their management; to evaluate the schools in the region; examine evidence of indebtedness; to file and keep the returns of elections required to be returned to the Regional Superintendent's office; and file and keep the reports and statements returned by school treasurers and trustees.

The Regional Superintendent is also charged with the responsibilities of conducting a special census, when required; providing notice of money distributed to treasurers, board presidents, clerks, and secretaries of the school districts on or before each September 30; maintenance of a map and numbering of the Regional Office of Education No. 50's districts; providing township treasurers with a list of district treasurers; to inspect and approve building plans which comply with State law; to perform and report on annual building inspections; investigate bus drivers for valid bus driver permits and take related action as may be required; to maintain a list of unfilled teaching positions and to carry out other related duties required or permitted by law.

The Regional Superintendent is responsible for inspection and approval or rejection of school treasurer's bonds. The Regional Superintendent is also required to provide the State Board of Education with an affidavit showing that the treasurers of school districts under her control are properly bonded.

The Regional Superintendent is also responsible for apportionment and payment of funds received from the State for the districts in the Regional Office of Education No. 50, or seeing that no payments are made unless the treasurer has filed or renewed appropriate bonds and that the district has certified publication of the annual financial report. The Regional Superintendent is required to provide opinions and advice related to controversies under school law.

## FINANCIAL REPORTING ENTITY (Continued)

For the period ended June 30, 2019, the Regional Office of Education No. 50 applied for, received, and administered several State and federal programs and grants in assistance and support of the educational activities of the school districts in Regional Office of Education No. 50. Such activities are reported as a single major special revenue fund (i.e. within the Education Fund).

#### SCOPE OF THE REPORTING ENTITY

The Regional Office of Education No. 50's reporting entity includes all related organizations for which they exercise oversight responsibility.

The Regional Office of Education No. 50 has developed criteria to determine whether outside agencies with activities which benefit the citizens of the Regional Office of Education No. 50, including districts or joint agreements which serve pupils from numerous regions, should be included in its financial reporting entity. The criteria include, but are not limited to, whether the Regional Office of Education No. 50 exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

The districts and joint agreements have been determined not to be a part of the reporting entity after applying the manifesting of oversight, scope of public service, and special financing relationships criteria and are therefore excluded from the accompanying financial statements because the Regional Office of Education No. 50 does not control the assets, operations, or management of the districts or joint agreements. In addition, the Regional Office of Education No. 50 is not aware of any entity, which would exercise such oversight as to result in the Regional Office of Education No. 50 being considered a component unit of the entity.

#### **NEW ACCOUNTING PRONOUNCEMENTS**

In 2019, the Regional Office of Education No. 50 implemented Governmental Accounting Standards Board (GASB) Statement No. 83, *Certain Asset Retirement Obligations* and GASB Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*. These statements had no impact on the Regional Office of Education No. 50's financial statements.

### GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of the Regional Office of Education No. 50's activities with most of the interfund activities removed. Governmental activities include programs supported primarily by State and federal grants and other intergovernmental revenues. The Regional Office of Education No. 50 has one business-type activity that relies on fees and charges for support.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (Continued)

The Regional Office of Education No. 50's government-wide financial statements include a Statement of Net Position and a Statement of Activities. These statements present a summary of governmental and business-type activities for the Regional Office of Education No. 50 accompanied by a total column. These statements are presented on an "economic resources" measurement focus as prescribed by GASB Statement No. 34. All of the Regional Office of Education No. 50's assets and deferred outflows of resources and liabilities and deferred inflows of resources, including capital assets, are included in the accompanying Statement of Net Position. The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges for services and (2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and proprietary funds are reported as separate columns in the fund financial statements.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, such as, payables, receivables and transfers. Interfund activities between governmental funds and between governmental funds and proprietary funds appear as due to/due from other funds on the governmental fund Balance Sheet and proprietary fund Statement of Net Position and as other financing sources and other uses on the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances and on the proprietary fund Statement of Revenues, Expenses, and Changes in Fund Net Position. All interfund transactions between governmental funds are eliminated on the government-wide financial statements. Interfund activities between governmental funds and business-type funds remain as due to/due from on the government-wide financial statements.

All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities. In the Statement of Activities, internal service fund transactions have been eliminated; however, transactions between governmental and business-type activities have not been eliminated.

The purpose of interfund borrowing and permanent transfers is to cover temporary or permanent short falls in cash flow within grant programs and funds.

#### GOVERNMENTAL FUND FINANCIAL STATEMENTS

Governmental Fund Financial Statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and nonmajor funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements and the net position and changes in net position presented in the government-wide financial statements.

## NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2019

#### **1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

## GOVERNMENTAL FUND FINANCIAL STATEMENTS (Continued)

The governmental fund financial statements have been prepared in accordance with generally accepted accounting principles on the modified accrual basis. Under modified accrual basis of accounting, revenues are recorded when susceptible to accrual i.e., both measurable and available. Revenue is considered to be available when they are collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Revenue received more than 60 days after the end of the current period is deferred in the governmental fund financial statements but is recognized as current revenue in the government-wide financial statements. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for prepaid expenses and other long-term obligations, which are recognized when paid.

Revenue received after the Regional Office's availability period are reported as deferred inflows of resources in the fund financial statements but are recognized as current revenue in the government-wide financial statements.

#### PROPRIETARY FUND FINANCIAL STATEMENTS

Proprietary fund financial statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position, and a Statement of Cash Flows for each major proprietary fund and nonmajor funds aggregated.

The proprietary fund is accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets, deferred outflows of resources, liabilities, and deferred inflows of resources (whether current or noncurrent) are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

#### MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The government-wide financial statements are reported using the "economic resources" measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor have been met.

The governmental funds financial statements focus on the measurement of spending or "financial flow" and the determination of changes in financial position, rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current position) is considered a measure of "available spendable resources." Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current position. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

## NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2019

## 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (Continued)

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the Regional Office of Education No. 50; therefore, revenues are considered to be earned to the extent of expenditures made under the provisions of the grant. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually recoverable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria are met.

Under the terms of grant agreements, Regional Office of Education No. 50 funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted resources available to finance the program. It is Regional Office of Education No. 50's policy to first apply restricted funds to such programs, then unrestricted. For unrestricted funds, committed funds are used first, then assigned funds, then unassigned, if any.

#### **FUND ACCOUNTING**

The Regional Office of Education No. 50 uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The Regional Office of Education No. 50 uses governmental and proprietary funds.

## **GOVERNMENTAL FUNDS**

Governmental funds are those through which most governmental functions of the Regional Office of Education No. 50 are typically reported. Governmental funds reporting focuses on the sources, uses and balances of current financial resources. Expendable assets and deferred outflows of resources are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities and deferred inflows of resources are assigned to the fund from which they will be paid. The difference between governmental fund assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is reported as a fund balance.

As prescribed by GASB Statement No. 34, governmental and proprietary fund reporting focuses on the major funds, rather than on the fund type. There is a two-step process for determining if a fund should be reported as a major fund: 1) total assets plus deferred outflows of resources, liabilities plus deferred inflows of resources, revenues, or expenditures/expenses (excluding extraordinary items) of an individual fund are at least 10% of the corresponding total for the fund type, and 2) total assets plus deferred outflows of resources, liabilities plus deferred inflows of resources, revenues, or expenditures/expenses (excluding extraordinary items) of an individual fund are at least 5% of the corresponding total for the total of all governmental and proprietary funds combined. Funds that do not meet the major fund determination requirements are reported in aggregate as nonmajor funds. The Regional Office of Education No. 50 has presented all major funds that met the above qualifications.

The Regional Office of Education No. 50 reports the following major governmental funds:

General Fund - The General Fund is the general operating fund of the Regional Office of Education No. 50. It is used to account for all financial resources in the Region except those required to be accounted and reported for in other funds. General Fund includes the following:

GOVERNMENTAL FUND BALANCES (Continued)

Nonspendable Fund Balance - the portion of a Governmental Fund's net position that are not available to be spent, either short term or long term in either form or through legal restrictions. The Regional Office of Education No. 50 has no nonspendable fund balances.

Restricted Fund Balance - the portion of a Governmental Fund's net position that are subject to external enforceable legal restrictions. The National School Breakfast and Lunch account's fund balance is restricted by grant agreement or contract. The following accounts' fund balances are restricted by Illinois Statute: Institute Fund, General Education Development, and Bus Driver Training.

Committed Fund Balance - the portion of a Governmental Fund's net position with self-imposed constraints or limitations that have been placed at the highest level of decision making. The Regional Office of Education No. 50 has no committed fund balances.

Assigned Fund Balance - the portion of a Governmental Fund's net position to denote an intended use of resources. The accounts presented with assigned fund balances are specified for a particular purpose by the Regional Superintendent. The following accounts' fund balances are assigned: Young Authors Conference, Fingerprinting Fund, and Building Fund.

Unassigned Fund Balance - available expendable financial resources in a governmental fund that are not designated for a specific purpose. The following accounts' fund balances are unassigned: ESR General Operations Account, General State Aid – Sec 18-8, Bilingual Education Downstate TPI, Stay in School Monitoring, and Truants Alternative Optional Education Program.

#### **NET POSITION**

Equity is classified as net position and displayed in three components:

Net investment in capital assets - Consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net position - Consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

Unrestricted net position - The net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

## **BUDGET INFORMATION**

The Regional Office of Education No. 50 acts as the administrative agent for certain grant programs that are accounted for in the Education Fund. Certain programs have separate budgets and are required to report to the Illinois State Board of Education or other granting authority; however, none of the annual budgets have been legally adopted, nor are they required to be. Certain programs within the Education Fund do not have separate budgets.

Comparisons of budgeted and actual results for the following programs are presented as supplementary information: McKinney-Vento Education for Homeless Children & Youth, Title I School Improvement and Accountability, Federal Special Education Preschool Discretionary, Regional Safe Schools, Pilot Regional Safe School Cooperative Education Program, ROE School Services, Title II – Teacher Quality Leadership Grant, Truants Alternative Optional Education Program, Title I School Improvement Grant – Bush, Grow Your Own Teacher Initiative, Title I School Improvement Grant - Pontiac.

#### CASH AND CASH EQUIVALENTS

Cash and cash equivalents consists of cash on deposit. The Regional Office of Education No. 50 considers all liquid investments with a maturity of three months or less when purchased to be cash equivalents. Investments with original maturities of more than three months are reported as investments.

#### **INVENTORY**

Inventory is not recorded. The cost is recorded as an expenditure at the time individual inventory items are purchased.

## CAPITAL ASSETS

Capital assets purchased or acquired with an original cost of \$500 or more and estimated useful lives of greater than one year are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Deskjet printers/UPS	3 years
Computer, Laser printers, Fax machines	4 years
Cameras, Projectors, Camcorders, Copiers,	
Televisions, PA systems	5 years
Software systems	6 years
Furniture and Typewriters	8 years
Refrigerators	10 years

## POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

For purposes of measuring the Regional Office of Education No. 50's OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Regional Office of Education No. 50's OPEB Plan and additions to/deductions from the Regional Office of Education No. 50's fiduciary net position have been determined on the same basis as they are reported by the Regional Office of Education No. 50's Plan. For this purpose, the Regional Office of Education No. 50's Plan recognizes benefit payments when due and payable in accordance with the benefit terms. The Regional Office of Education No. 50 OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense for the ROE's single-employer defined benefit OPEB plan have been actuarially determined using the Alternative Measurement Method.

#### COMPENSATED ABSENCES

Non-exempt, full-time employees earn vacation time according to their length of service: 10 days per year for the first four years of service, 15 days per year starting with the fifth year of service, and 20 days per year starting with the thirteenth year of service. Vacation time is prorated for employees working between 16 and 40 hours per week. Temporary employees, non-exempt employees who work less than 16 hours per week, and exempt employees do not earn vacation days. Vacation time must be used within the same project year in which it was earned and unused vacation time at the end of a project year is forfeited.

All projects in which salary expense is incurred have a year-end consistent with the Regional Office of Education No. 50's year-end of June 30; therefore, no liability is accrued. Employees receive up to 12 sick days annually and the unused portion is accumulated and carried forward. Employee sick leave is recorded when paid. Upon termination, employees do not receive any accumulated sick leave pay and, therefore, no liability is accrued.

## **ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### **UNEARNED REVENUE**

The Regional Office of Education No. 50 reports unearned revenue in the governmental fund Balance Sheet. Unearned revenue arises when grant funds received are unexpended or obligated at year end.

#### REVENUE FROM FEDERAL AND STATE GRANTS

Revenues from federal and State grant awards are recorded net of the amount due to the State or federal agency for unused portion of the grant or the amount carried over to the following fiscal year project. Amounts due to the State or federal agency are carried over to the following year project and are recorded as liabilities.

## NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2019

#### 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

GASB Statement No. 65 reclassified as deferred outflows of resources or deferred inflows of resources certain items that were previously reported as assets and liabilities. Decreases in net position or fund balances that relate to future periods are reported as deferred outflows of resources. Increases in net position or fund balances that relate to future periods are reported as deferred inflows of resources. When an asset is recorded in the governmental fund financial statements but the revenue is not available, the Regional Office reports a deferred inflow of resources until such time as the revenue becomes available. *Available* means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Revenues are not available if they are received more than 60 days after the end of the fiscal year.

#### 2 DEPOSITS AND INVESTMENTS

The Regional Office of Education No. 50 does not have a formal investment policy. The Regional Office of Education No. 50 is allowed to invest in securities as authorized by 30 ILCS-235/2 and 6 and 105 ILCS-5/8-7.

#### **BANK DEPOSITS**

At June 30, 2019, the carrying amount of the Regional Office of Education No. 50's Government-wide deposits were \$1,467,904, and the bank balances were \$1,541,392. Of the total bank balances as of June 30, 2019, \$448,262 was invested in Illinois Funds Money Market Fund, \$838,130 was collateralized by securities pledged by the Regional Office of Education No. 50's financial institution in the name of the Regional Office, and the remaining balance was secured by federal depository insurance.

#### **CUSTODIAL CREDIT RISK**

Custodial credit risk for deposits with financial institutions is the risk that, in the event of bank failure, the ROE's deposits may not be returned to it.

To guard against custodial credit risk for deposits with financial institutions, the St. Clair County Regional Office of Education No. 50's investment policy requires that deposits with financial institutions in excess of FDIC limits be secured by some form of collateral, by a written agreement, and held at an independent, third-party institution in the name of the St. Clair County Regional Office of Education No. 50.

#### **INVESTMENTS**

The Regional Office of Education No. 50's, only investments are internally pooled in the Illinois Funds Money Market Fund. As of June 30, 2019, the Regional Office of Education No. 50 had investments with carrying and fair value of \$448,262 invested in the Illinois Funds Money Market Fund.

#### **CREDIT RISK**

At June 30, 2019, the Illinois Funds Money Market Fund had a Standard and Poor's AAAm rating. The pool is audited annually by an outside independent auditor and copies of the report are distributed to participants. Although not subject to direct regulatory oversight, the fund is administered by the Illinois State Treasurer in accordance with the provision of the Illinois Public Funds Investment Act, 30 ILCS 235. All investments are fully collateralized.

## 2 DEPOSITS AND INVESTMENTS (Continued)

#### INTEREST RATE RISK

The Illinois Funds Money Market Fund, created by the Illinois General Assembly, enables custodians of public funds an investment option with a competitive rate of return on fully collateralized investments and immediate access to the funds. The investment policy of the Illinois Funds Money Market Funds states that, unless authorized specifically by the Treasurer, a minimum of 75% of its investments shall have less than one-year maturity and no investment shall exceed two years maturity.

#### CONCENTRATION OF CREDIT RISK

Unless specifically authorized by the Treasurer, the Illinois Funds Money Market Fund's investment policy limits investment categories to not exceed 25% of the portfolio with the exception of cash equivalents and U.S. Treasury securities. Further certificates of deposit cannot exceed 10% of any single financial institution's total deposits.

## **3 CAPITAL ASSETS**

In accordance with GASB Statement No. 34, the Regional Office of Education No. 50 has reported capital assets in the government-wide Statement of Net Position. Purchases are reported as capital outlay in the governmental fund statements. Purchases are capitalized when purchased for business-type activities. The following table provides a summary of changes in capital assets, accumulated depreciation, and investment in capital assets for the year ended June 30, 2019:

#### 3 CAPITAL ASSETS (Continued)

Capital assets are depreciated using the straight-line method over the estimated useful lives of the assets. Depreciation expense for the year ended June 30, 2019 of \$11,736 and \$374 was charged to governmental activities and business-type activities, respectively, on the government-wide Statement of Activities. Investment in capital assets is the component of net position that reports capital assets net of accumulated depreciation.

#### 4 DEFINED BENEFIT PENSION PLAN - ILLINOIS MUNICIPAL RETIREMENT FUND

#### **IMRF PLAN DESCRIPTION**

The Regional Office of Education No. 50's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The Regional Office of Education No. 50's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this note. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

### **BENEFITS PROVIDED**

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

## **EMPLOYEES COVERED BY BENEFIT TERMS**

As of December 31, 2018, the following employees were covered by the benefit terms:

	IMKF
Retirees and Beneficiaries currently receiving benefits	48
Inactive Plan Members entitled to but not yet receiving benefits	62
Active Plan Members	21
Total	131

## **CONTRIBUTIONS**

As set by statute, the Regional Office of Education No. 50's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The Regional Office of Education No. 50's annual contribution rate for calendar year 2018 was 8.85%. For the fiscal year ended June 30, 2019, the Regional Office of Education No. 50 contributed \$67,029 to the plan. The Regional Office of Education No. 50 also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

### **NET PENSION LIABILITY**

The Regional Office of Education No. 50's net pension liability was measured as of December 31, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

## **ACTUARIAL ASSUMPTIONS**

The following are the methods and assumptions used to determine total pension liability at December 31, 2018:

- The Actuarial Cost Method used was Entry Age Normal.
- The **Asset Valuation Method** used was Market Value of Assets.
- The Inflation Rate was assumed to be 2.5%.
- **Salary Increases** were expected to be 3.39% to 14.25%, including inflation.
- The Investment Rate of Return was assumed to be 7.25%.

ACTUARIAL ASSUMPTIONS (Continued)

- **Projected Retirement Age** was from the Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2017 valuation according to an experience study from years 2014 to 2016.
- For **Non-Disabled Retirees**, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience.
- For **Disabled Retirees**, an IMRF-specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives.
- For Active Members, an IMRF-specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.
- The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2018:

		Long-Term

## SINGLE DISCOUNT RATE

A Single Discount Rate of 7.25% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- 1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- 2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 3.71%, and the resulting single discount rate is 7.25%.

#### 5 TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS

The Regional Office of Education No. 50 participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at http://www.trsil.org/financial/cafrs/fy2018; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

#### BENEFITS PROVIDED

TRS provides retirement, disability, and death benefits. Tier 1 members have TRS or reciprocal system services prior to January 1, 2011. Tier 1 members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service. Disability and death benefits are also provided.

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different from Tier 1.

Essentially all Tier 1 retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

#### 5 TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS (Continued)

#### BENEFITS PROVIDED (Continued)

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. The earliest possible implementation date is July 1, 2020. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2021. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump sum payment in lieu of a retirement annuity. Both programs will begin in 2019 and will be funded by bonds issued by the state of Illinois.

#### **CONTRIBUTIONS**

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2018, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the Regional Office of Education No. 50.

### ON BEHALF CONTRIBUTIONS TO TRS

The State of Illinois makes employer pension contributions on behalf of the Regional Office of Education No. 50. For the year ended June 30, 2019, the State of Illinois contributions recognized by the Regional Office of Education No. 50 were based on the State's proportionate share of collective net pension liability associated with the Regional Office of Education No. 50, and the Regional Office of Education No. 50 recognized revenue and expenditures of \$445,796 in pension contributions from the State of Illinois.

#### 2.2 FORMULA CONTRIBUTIONS

Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ending June 30, 2019 were \$3,908 and are deferred because they were paid after the June 30, 2018 measurement date.

## FEDERAL AND SPECIAL TRUST FUND CONTRIBUTIONS

When TRS members are paid from federal and special trust funds administered by the Regional Office of Education No. 50, there is a statutory requirement for the Regional Office of Education No. 50 to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

## NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2019

## 5 TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS (Continued)

## FEDERAL AND SPECIAL TRUST FUND CONTRIBUTIONS (Continued)

For the year ended June 30, 2019, the employer pension contribution was 9.85 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2019, salaries totaling \$208,590 were paid from federal and special trust funds that required employer contributions of \$20,546. These contributions are deferred because they were paid after the June 30, 2018 measurement date.

#### EMPLOYER RETIREMENT COST CONTRIBUTIONS

Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The Regional Office of Education No. 50 is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary. Additionally, beginning with the year ended June 30, 2019 employers will make a similar contribution for salary increases over 3 percent if members are not exempted by current collective bargaining agreements or contracts.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2019, the Regional Office made no payments to TRS for employer contributions due on salary increases in excess of 6 percent, no payments for salary increases in excess of 3 percent, and no payments for sick leave days granted in excess of the normal annual

# PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS

At June 30, 2019, the Regional Office of Education No. 50 reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for State pension support provided to the Regional Office of Education No. 50. The State's support and total are for disclosure purposes only. The amount recognized by the employer as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the employer follows below:

Employer's proportionate share of the net pension liability	\$ 69,291
State's proportionate share of the net pension liability associated with the employer	 4,746,730
	\$ 4,816,021

The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017, and rolled forward to June 30, 2018. The Regional Office of Education No. 50's proportion of the net pension liability was based on the Regional Office of Education No. 50's share of contributions to TRS for the measurement year ended June 30, 2018, relative to the contributions of all participating TRS employers and the State during that period. Public Act 100-0340 set the employer contribution rate on salaries paid from federal funds to be the employer normal cost rate effective for the year ended June 30, 2018. Previously, the employer contribution rate on salaries paid from federal funds was equal to the State's contribution rate. Since these contributions are now normal cost contributions, which are considered employer specific liability contributions under GASB 68, the "federal funds" contributions are no longer includable for purposes of allocating collective pension amounts. Any change in proportionate share resulting from this statutory change will be recognized and amortized over the remaining service lives of all members beginning in measurement year ended June 30, 2018. This prospective change is largely responsible for the significant change in proportion. At June 30, 2018, the Regional Office of Education No. 50's proportion was 0.0000888976 percent, which was a decrease of 0.0063445302 percent from its proportion measured as of June 30, 2017.

PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS (Continued)

For the year ended June 30, 2019, the Regional Office of Education No. 50 recognized pension expense of \$445,796 and revenue of \$445,796 for support provided by the State. For the year ended June 30, 2019, the Regional Office of Education No. 50 recognized pension revenue of \$782,103. At June 30, 2019, the Regional Office of Education No. 50 reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources

\$3,908 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized by the Regional Office of Education No. 50 as a reduction of their net pension liabilities in the reporting year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

#### **ACTUARIAL ASSUMPTIONS**

The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation: 2.50 percent

Salary increase: Varies by amount of service credit

Investment rate of return: 7.00 percent, net of pension plan investment expense, including inflation

#### ACTUARIAL ASSUMPTIONS (Continued)

In the June 30, 2018 actuarial valuation, mortality rates were based on the RP-2014 White Collar Table with appropriate adjustments for TRS experience. The rates are used on a fully-generational basis using projection table MP-2017. In the June 30, 2017 actuarial valuation, mortality rates were also based on the RP-2014 White Collar Table with appropriate adjustments for TRS experience. The rates were used on a fully-generational basis using projection table MP-2014.

The long-term (20-year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

		Long-term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
U.S. equities large cap	15.0%	6.7%
U.S. equities small/mid cap	2.0%	7.9%
International equities developed	13.6%	7.0%
Emerging market equities	3.4%	9.4%
U.S. bonds core	8.0%	2.2%
U. S. bonds high yield	4.2%	4.4%
International debt developed	2.2%	1.3%
Emerging international debt	2.6%	4.5%
Real estate	16.0%	5.4%
Real return	4.0%	1.8%
Absolute return	14.0%	3.9%
Private equity	15.0%	10.2%
	100%	

#### DISCOUNT RATE

At June 30, 2018, the discount rate used to measure the total pension liability was 7.0 percent, which was the same as the June 30, 2017 rate. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and state contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2018 was projected to be available to make all projected future benefit payments to current active and inactive members and all benefit recipients. Tier 1's liability is partially funded by Tier 2 members, as the Tier 2 member contribution is higher than the cost of Tier 2 benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

### POST-RETIREMENT HEALTH PLAN

## PLAN DESCRIPTION

*Plan Administration.* The ROE's defined benefit OPEB plan, Retiree's Health Plan (RHP), provides OPEB for all permanent full-time general employees of the ROE. RHP is a single-employer defined benefit OPEB plan administered by the ROE. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the ROE. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

## POST-RETIREMENT HEALTH PLAN (Continued)

PLAN DESCRIPTION (Continued)

Funding Policy and Contributions.

There is no formal funding policy that exists for the postretirement plan at this time, as the total OPEB liabilities are currently an unfunded obligation.

The employer contributions and benefit payments are related to the increase in active premiums due to the presence of retirees in the determination the blended retiree/active premiums.

The contributions of \$13,557 from other Regional Office of Education No. 50 resources and benefit payments of \$13,557 from other Regional Office of Education No. 50 resources are contributions made to and benefit payments made from the OPEB Plan that were not directly made to or from the OPEB trust.

### TOTAL OPEB LIABILITY

The ROE's total OPEB liability of \$158,642 was measured as of June 30, 2019, and was determined by an actuarial valuation as of that date based on procedures that conform to the Alternative Measurement Method and generally accepted actuarial principles and practices.

Actuarial assumptions and other inputs. The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Salary Increases	2.25%
Discount Rate	3.50%
Healthcare Cost Trend Rates PPO Initial Ultimate	7.70% 5.00%
Retirees' Share of Benefit-Related Costs	100% of the cost of the plan

The discount rate was based on a combination of the expected long-term rate of return on plan investments and the municipal bond rate. If the employer does not have a trust dedicated exclusively to the payment of OPEB benefits, as is the case with the ROE, then only the municipal bond rate is used in determining the total OPEB liability.

#### MUNICIPAL BOND RATE

The municipal bond rate assumption is based on The Bond Buyer 20-Bond GO Index. The rate shown earlier in the Assumption section is the June 27, 2019 rate. The 20-Bond GO Index is based on an average of certain general obligation municipal bonds maturing in 20 years and having an average rating equivalent of Moody's Aa2 and Standard & Poor's AA.

The 20-Bond Index consists of 20 general obligation bonds that mature in 20 years. The average rating of the 20 bonds is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corp.'s AA.

The indexes represent theoretical yields rather than actual price or yield quotations. Municipal bond traders are asked to estimate what a current-coupon bond for each issuer in the indexes would yield if the bond was sold at par value. The indexes are simple averages of the average estimated yields of the bonds.

#### DISCOUNT RATE

The discount rate used in the determination of the total OPEB liability is based on a combination of the expected long-term rate of return on plan investments and the municipal bond rate. If the employer does not have a trust dedicated exclusively to the payment of OPEB benefits, as is the case with the St. Clair County Regional Office of Education No. 50, then only the municipal bond rate is used in determining the total OPEB liability.

If the postretirement plan is funded, cash flow projections are used to determine the extent which the plan's future net position will be able to cover future benefit payments. To the extent future benefit payments are covered by the plan's projected net position, the expected rate of return on plan investments is used to determine the portion of the net OPEB liability associated with those payments. To the extent future benefit payments are not covered by the plan's projected net position, the municipal bond rate is used to determine the portion of the net OPEB liability associated with those payments.

Projected benefit payments are determined during the valuation process based on the assumptions. The expected contributions are based on the funding policy of the plan.

#### TEACHER'S HEALTH INSURANCE SECURITY

Plan Description. The ROE participates in the Teachers' Health Insurance Security (THIS) fund. The THIS fund is a non-appropriated trust fund held outside the State Treasury, with the State Treasurer as custodian. Additions deposited into the Trust are for the sole purpose of providing the health benefits to retirees, as established under the plan, and associated administrative costs. The THIS fund is a cost-sharing multiple-employer defined benefit postemployment healthcare plan that covers retired employees of participating employers throughout the State of Illinois, excluding the Chicago Public School System. THIS health coverage includes provisions for medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits. Annuitants may participate in the State administered Preferred Provider Organization plan or choose from several managed care options. As a result of the Governor's Executive Order 12-01, the responsibilities in relation to THIS were transferred to the Department of Central Management Services (Department) as of July 1, 2013. The Department administers the plan with the cooperation of the Teachers' Retirement System (TRS).

Benefits Provided. The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 required all active contributors to TRS who are not employees of the State to make a contribution to the THIS Fund.

A percentage of employer required contributions in the future will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

#### TEACHER'S HEALTH INSURANCE SECURITY (Continued)

On Behalf Contributions to THIS Fund. The State of Illinois makes employer retiree health insurance contributions on behalf of the ROE. State contributions are intended to match contributions to THIS Fund from active members which were 1.24 percent of pay during the year ended June 30, 2019. For the year ended June 30, 2019, State of Illinois contributions recognized by the ROE were based on the State's proportionate share of the collective net OPEB liability associated with the ROE, and recognized revenues and expenditures of \$47,919 in OPEB contributions from the State of Illinois.

Employer Contributions to THIS Fund. The ROE also makes contributions to THIS Fund. The employer THIS Fund contribution was 0.92 percent during the year ended June 30, 2019 and 0.88 percent during the year ended June 30, 2018. For the year ended June 30, 2019, the ROE paid \$6,199 to the THIS Fund, which was 100 percent of the required contribution. For the year ended June 30, 2018, the ROE paid \$5,456, which was 100 percent of the required contribution.

Further Information on the THIS Fund. The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General: http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp. The current reports are listed under "Central Management Services." Prior reports are available under "Healthcare and Family Services."

Actuarial Assumptions. The total OPEB liability was determined by an actuarial valuation as of June 30, 2017, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified.

Inflation: 2.75 percent

Salary increase: Depends on service and ranges from 9.25% at 1 year of service to 3.25% at

20 or more years of service. Salary increase includes a 3.25% wage inflation

assumption

Investment rate of return: 0%, net of OPEB plan investment expense, including inflation

Healthcare cost trend rates: Actual trend used for fiscal year 2018. For fiscal years on and after 2019,

trend starts at 8.00% and 9.00% for non-Medicare costs and post-Medicare costs, respectively, and gradually decreases to an ultimate trend of 4.50%. Additional trend rate of 0.36% is added to non-Medicare costs on and after

2022 to account for the Excise Tax.

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table, adjusted for TRS experience. For disabled annuitant's mortality rates were based on the RP-2014 Disabled Annuitant table. Mortality rates for pre-retirement were based on the RP-2014 White Collar Table. All tables reflect future mortality improvements using Projection Scale MP-2014.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2014.

## SINGLE DISCOUNT RATE

Projected benefit payments are required to be discounted to their actuarial present values using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

Since the THIS fund is financed on a pay-as-you-go basis, the sponsor has selected a discount rate consistent with the 20-year general obligation bond index described above. The discount rates are 3.56 percent as of June 30, 2017, and 3.62 percent as of June 30, 2018.

# SENSITIVITY OF THE EMPLOYER'S PROPORTIONATE SHARE OF THE COLLECTIVE NET OPEB LIABILITY TO CHANGES IN THE DISCOUNT RATE

OPEB LIABILITIES, OPEB EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO OPEB (Continued)

The collective net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the collective net OPEB liability was determined by an actuarial valuation as of June 30, 2017, and was rolled forward to the June 30, 2018 measurement date. The ROE's proportion of the collective net OPEB liability was based on a projection of the ROE's long-term share of contributions to the OPEB plan relative to the projected contributions of the ROE, actuarially determined. At June 30, 2018, the ROE's proportion was 0.002609 percent, which was a decrease of .001753 percent from its proportion measured as of June 30, 2017. The State's support and total are for disclosure purposes only.

For the year ending June 30, 2019, the ROE recognized OPEB expense of \$47,919 and revenue of \$47,919 for support provided by the State. For the year ending June 30, 2019, the ROE recognized OPEB revenue of \$20,500. At June 30, 2019, the ROE reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

#### 11 OPERATING LEASES (Continued)

The Regional Office of Education No. 50 renewed a five year operating lease for space to operate educational programs effective July 1, 2018. Monthly rental payments are \$4,732 and the annual rent is \$56,780 through June 30, 2023. The annual rent is adjustable annually by the increase in the Consumer Price Index (CPI). However, no CPI increases have been implemented previously or are expected to be implemented during the life of the current lease.

The Regional Office of Education No. 50 had four lease agreements for six copiers for the year ended June 2019. Three small copiers leased all together at \$56 per month as well as a copier leased for \$453 per month expired March 2019. The Regional Office of Education No. 50 now has three lease agreements for four copiers. Two copiers are leased together at \$544 per month over 60 months beginning September 28, 2018. Another copier is leased for \$195 per month over 36 months with a term beginning January 31, 2018. Lastly, a copier is leased for \$150 per month over 36 months with a term beginning June 4, 2018.

Rent expense for the year ended June 30, 2019 totaled \$179,677. The future minimum lease commitments are as follows:

#### 12 DEFICIT FUND BALANCE

Because some revenues from the State of Illinois will not be collected for several months after the Regional Office's fiscal year ends, they are not considered "available" revenues and are deferred in the governmental funds. The deferral of the revenues caused a deficit fund balance of \$9,541 in the Bilingual Education Downstate TPI, \$1,653 in the Stay in School Monitoring, and \$6,200 in the Truant Alternative Optional Education Program fund accounts as of June 30, 2019.

#### Notes to Required Supplementary Information

#### Changes of assumptions

For the 2018, 2017 and 2016 measurement years, the assumed investment rate of return was 7.0 percent, including an inflation rate of 2.5 percent and a real return of 4.5 percent. Salary increases were assumed to vary by service credit, but the rates of increases in the 2018 measurement year were slightly higher.

For the 2015 measurement year, the assumed investment rate of return was 7.5 percent, including an inflation rate of 3.0 percent and real return of 4.5 percent. Salary increases were assumed to vary by service credit. Various other changes in assumptions were adopted based on the experience analysis for the three-year period ending June 30, 2014.

For the 2014 measurement year, the assumed investment rate of return was also 7.5 percent, including an inflation rate of 3.0 percent and a real return of 4.5 percent. However, salary increases were assumed to vary by age.

Summary of Actuarial Methods and Assumptions Used in the Calculation of the 2018 Contribution Rate\*

#### Valuation Date:

Notes Actuarially determined contribution rates are calculated as of December 31 each year, which are 12

months prior to the beginning of the fiscal year in which contributions are reported.

#### **Methods and Assumptions Used to Determine 2018 Contribution Rates:**

Actuarial Cost Method: Aggregate entry age normal Level percentage of payroll, closed

Remaining Amortization Period: 25-year closed period

Asset Valuation Method: 5-year smoothed market; 20% corridor

Wage Growth: 3.5% Price Inflation: 2.75%

Salary Increases: 3.75% to 14.5%, including inflation

Investment Rate of Return: 7.5%

Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition; last

updated for the 2014 valuation pursuant to an experience study of the period 2011 to

2013.

Mortality: For non-disabled retirees, an IMRF specific mortality table was used with fully

generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table, with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match

current IMRF experience.

#### Other Information:

Notes: There were no benefit changes during the year.

This schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, information is presented for those years for which information is available.

<sup>\*</sup> Based on Valuation Assumptions used in the December 31, 2016, actuarial valuation; note two year lag between valuation and rate setting.

#### NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

For the Year Ended June 30, 2019

#### 1 BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal award activity of Regional Office of Education No. 50 under programs of the federal government for the year ended June 30, 2019. The information in this schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Regional Office of Education No. 50, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Regional Office of Education No. 50.

#### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Regional Office of Education No. 50 has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

#### 3 NON-CASH ASSISTANCE

Certain noncash expenditures are included in the total federal expenditures on the Schedule of Expenditures of Federal Awards. The Regional Office of Education No. 50's total expenditures of federal awards for the National School Lunch Program (CFDA 10.555; Pass-through entity identifying number 19-4210-00) includes \$1,588 of noncash assistance in the form of food commodities.
