### MANAGEMENT ASSERTION LETTER

May 21, 2025

RSM US LLP  
1450 American Lane, Suite 1400  
Schaumburg, IL 60173

Ladies and Gentlemen:

We are responsible for the identification of, and compliance with, all aspects of laws, rules, and regulations applicable to identifying and enrolling eligible employees of the Supreme Court of Illinois (Court) and reporting their significant elements of census data and related employer contributions within the Judges' Retirement System (System). We are responsible for and we have established and maintained an effective system of internal controls over the specified requirements. We have performed an evaluation of the Court's compliance with the specified requirements during the applicable periods noted below. Based on this evaluation, we assert the Court has materially complied with the specified requirements listed below.

- A. All of the Court's employees required to be enrolled in the System in accordance with applicable laws, rules, and regulations were properly enrolled in the System during the census data accumulation year ended June 30, 2024.
- B. The changes in significant elements of census data for employees required to be enrolled in the System occurring during the census data accumulation year ended June 30, 2024, were completely and accurately reported by the Court to the System. The significant elements of census data of the System include each employee's:
  - social security number;
  - first and last name;
  - date of birth;
  - gender;
  - rate of pay; and,
  - retirement deduction code
- C. General Revenue Fund payroll paid by the Court and recorded within the Statewide Accounting Management System under detail object code 1117, during the year ended June 30, 2024, was complete, accurate, and in accordance with applicable laws, rules, and regulations.

Yours truly,

Supreme Court of Illinois

**Compliance**

As Special Assistant Auditors for the Auditor General of the Judges' Retirement System (System), we have examined compliance by management of the Supreme Court of Illinois (Court) with the specified requirements listed below, as more fully described in the *Audit Guide for Financial Audits and Compliance Attestation Engagements of Illinois State Agencies (Audit Guide)* as adopted by the Auditor General, during:

1. the census data accumulation year for the System ended June 30, 2024, and
2. the proportionate share allocation year for the System ended June 30, 2024.

Management of the Court is responsible for compliance with the specified requirements. Our responsibility is to express an opinion on the Court's compliance with the specified requirements based on our examination.

The specified requirements are:

- A. All of the Court's employees required to be enrolled in the System in accordance with applicable laws, rules, and regulations were properly enrolled in the System during the census data accumulation year ended June 30, 2024.

- B. The changes in significant elements of census data for employees required to be enrolled in the System occurring during the census data accumulation year ended June 30, 2024, were completely and accurately reported by the Court to the System.

The significant elements of census data of the System include each employee's:

- a. social security number;
  - b. first and last name;
  - c. date of birth;
  - d. gender;
  - e. rate of pay; and,
  - f. retirement deduction code.
- C. General Revenue Fund payroll paid by the Court and recorded within the Statewide Accounting Management System under detail object code 1117, during the year ended June 30, 2024, was complete, accurate, and in accordance with applicable laws, rules, and regulations.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the Illinois State Auditing Act (Act), and the *Audit Guide*. Those standards, the Act, and the *Audit Guide* require that we plan and perform the examination to obtain reasonable assurance about whether the Court complied with the specified requirements in all material respects. An examination involves performing procedures to obtain evidence about whether the Court complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance with the specified requirements, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the Court's compliance with the specified requirements.

In our opinion, the Court complied with the specified requirements, in all material respects, during:

- 1. the census data accumulation year for the System ended June 30, 2024, and
- 2. the proportionate share allocation year for the System ended June 30, 2024.

The purpose of this report is solely to describe the scope of our testing and the results of that testing in accordance with the requirements of the *Audit Guide*. Accordingly, this report is not suitable for any other purpose.

#### **Internal Control Over Compliance**

Management of the Court is responsible for establishing and maintaining effective internal control over compliance with the specified requirements (internal control). In planning and performing our examination, we considered the Court's internal control to determine the examination procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the Court's compliance with the specified requirements and to test and report on the Court's internal control in accordance with the *Audit Guide*, but not for the purpose of expressing an opinion on the effectiveness of the Court's internal control. Accordingly, we do not express an opinion on the effectiveness of the Court's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with the specified requirements on a timely basis. A *material weakness in internal control* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that material noncompliance with the specified requirements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our examination we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

The purpose of this report is solely to describe the scope of our testing of internal control and the results of that testing based on the requirements of the *Audit Guide*. Accordingly, this report is not suitable for any other purpose.
