Ladies and Gentlemen:

We are responsible for the identification of, and compliance with, all aspects of laws, regulations, contracts, or grant agreements that could have a material effect on the operations of the State Universities Retirement System of Illinois (System). We are responsible for and we have established and maintained an effective system of, internal controls over compliance requirements. We have performed an evaluation of the System's compliance with the following assertions during the year ended June 30, 2010. Based on this evaluation, we assert that during the year ended June 30, 2010, the System has materially complied with the assertions below.

- A. The System has obligated, expended, received and used public funds of the State in accordance with the purpose for which funds have been appropriated or otherwise authorized by law.
- B. The System has obligated, expended, received and used public funds of the State in accordance with any limitations, restrictions, conditions or mandatory directions imposed by law upon such obligation, expenditure, receipt or use.
- C. The System has complied, in all material respects, with applicable laws and regulations, including the State uniform accounting system, in its financial and fiscal operations.
- D. The State revenues and receipts collected by the System are in accordance with applicable laws and regulations and the accounting and recordkeeping of such revenues and receipts is fair, accurate and in accordance with law.
- E. The money or negotiable securities or similar assets handled by the System on behalf of the State or held in trust by the System have been properly and legally administered and the accounting and recordkeeping relating thereto is proper, accurate and in accordance with law.

Yours very truly,

State Universities Retirement System of Illinois

Exit Conference

In correspondence received from the State Universities Retirement System on January 11, 2011, the System elected to waive a formal exit conference.

**Independent Accountants' Report on State Compliance,
on Internal Control Over Compliance, and on
Supplementary Information for State Compliance Purposes**

Honorable William G. Holland
Auditor General, State of Illinois
Springfield, Illinois

Board of Trustees
State Universities Retirement System of Illinois
Champaign, Illinois

Compliance

As Special Assistant Auditors for the Auditor General, we have examined the State of Illinois, State Universities Retirement System's (System) compliance with the requirements listed below, as more fully described in the Audit Guide for Financial Audits and Compliance Attestation Engagements of Illinois State Agencies (Audit Guide) as adopted by the Auditor General, during the year ended June 30, 2010. The management of the System is responsible for compliance with these requirements. Our responsibility is to express an opinion on the System's compliance based on our examination.

- A. The System has obligated, expended, received, and used public funds of the State in accordance with the purpose for which such funds have been appropriated or otherwise authorized by law.
- B. The System has obligated, expended, received, and used public funds of the State in accordance with any limitations, restrictions, conditions or mandatory directions imposed by law upon such obligation, expenditure, receipt or use.
- C. The System has complied, in all material respects, with applicable laws and regulations, including the State uniform accounting system, in its financial and fiscal operations.
- D. The State revenues and receipts collected by the System are in accordance with applicable laws and regulations and the accounting and recordkeeping of such revenues and receipts is fair, accurate and in accordance with law.
- E. Money or negotiable securities or similar assets handled by the System on behalf of the State or held in trust by the System have been properly and legally administered and the accounting and recordkeeping relating thereto is proper, accurate, and in accordance with law.

We conducted our examination in accordance with attestation standards established by the American Institute of Certified Public Accountants; the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the Illinois State Auditing Act (Act); and the Audit Guide as adopted by the Auditor General pursuant to the Act and, accordingly, included examining, on a test basis, evidence about the System's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the System's compliance with specified requirements.

In our opinion, the System complied, in all material respects, with the requirements listed in the first paragraph of this report during the year ended June 30, 2010.

Internal Control

The management of the System is responsible for establishing and maintaining effective internal control over compliance with the requirements listed in the first paragraph of this report. In planning and performing our examination, we considered the System's internal control over compliance with the requirements listed in the first paragraph of this report in order to determine our examination procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Audit Guide, issued by the Illinois Office of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of the System's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the System's internal control over compliance.

A *deficiency* in an entity's internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with the requirements listed in the first paragraph of this report on a timely basis. A *material weakness over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a requirement listed in the first paragraph of this report will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over compliance with the requirements listed in the first paragraph of this report was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

As required by the Audit Guide, immaterial findings excluded from this report have been reported in a separate letter to your office.

Supplementary Information for State Compliance Purposes

As Special Assistant Auditors for the Auditor General, we have audited and issued under separate cover the Statement of Plan Net Assets of the System as of June 30, 2010, and the related Statement of Changes in Plan Net Assets for the year then ended, and have issued our report thereon dated December 13, 2010. The accompanying supplementary information, as listed in the table of contents as Supplementary Information for State Compliance Purposes, is presented for purposes of additional analysis and is not a required part of the basic financial statements of the System. The Supplementary Information for State Compliance Purposes, except for that portion marked "unaudited" on which we express no opinion, has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements for the year ended June 30, 2010 taken as a whole.

We have also previously audited, in accordance with auditing standards generally accepted in the United States, the State Universities Retirement System of Illinois' basic financial statements for the year ended June 30, 2009. In our report dated January 21, 2010, we expressed an unqualified opinion on those statements. In our opinion, the 2009 Supplementary Information for State Compliance Purposes except for the portion marked "unaudited" is fairly stated in all material respects in relation to the basic financial statements for the year ended June 30, 2009 taken as a whole.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, System Board of Trustees and management, and is not intended to be and should not be used by anyone other than these specified parties.

McGladrey & Pullen, LLP

Schaumburg, Illinois
January 21, 2011

**State of Illinois
State Universities Retirement System
Compliance Examination**

Year Ended June 30, 2010

Prior Findings Not Repeated

A. Member Earnings and Contributions

The State Universities Retirement System (System) needed to implement sufficient accounting and reporting processes for verifying the accuracy and completeness of individual member's earnings and contributions. The prior year finding is not be repeated due to the System taking corrective action and the results of current year sample testing disclosed no exceptions related to member earnings and contributions. (Finding Code No. 09-1)

B. Valuation of Securities Lending Collateral

The System did not have adequate internal control over financial reporting for its securities lending transactions. It was noted that the System did not record the fair market value of the investment of cash collateral received for securities lending transactions. The prior year finding is not repeated due to the System taking corrective action by recording the aforementioned items at fair market value and the results of the current year investment sample testing disclosed no exceptions. (Finding Code No. 09-2)

C. Eligibility in College Insurance Plan

The System did not have adequate internal control over the determination of the eligibility of retired members in the State of Illinois' College Insurance Plan (CIP) who did not previously make contributions as active members prior to 1999. On July 2, 2010, the System implemented changes to requested information from the employer to determine eligibility for the CIP. During our fieldwork, we tested a sample of transactions for this process noting no exceptions. (Finding Code No. 09-3)

Supplementary Information for State Compliance Purposes (Continued)

Summary (Continued)

The accountants' report that covers the Supplementary Information for State Compliance Purposes presented in the Compliance Report Section states that it has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in the accountants' opinion, except for that portion marked "unaudited," on which they express no opinion, it is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**State of Illinois
State Universities Retirement System
Compliance Examination**

For the Year Ended June 30, 2010

Analysis of Revenues and Expenses

The System's revenues and expenses have been analyzed for fluctuations greater than \$1 million and 20% from the previous year as follows:

Contributions: State of Illinois

Employer contributions from the state increased from the previous year by \$251.3 million or 30.9%. This is due to the overall funding requirements called for by PA 88-0593. This law determines the total employer contribution required, and also establishes continuing appropriation authority such that, regardless of what is appropriated through the state budget process, the System has the authority to request full funding through the General Revenue Fund. In FY 2010, \$8.5 million was received through exercising the continuing appropriation authority to the General Revenue Fund, and the remainder was received through appropriated distributions from the State Pension Fund and bond issue proceeds.

Investment Income

Dividends: This category of investment income increased by \$171.0 million or 111%, based upon the performance of equities during FY 2010, with increased dividends specifically related to the improvement in profitability of many of the major companies in the market.

Net appreciation in fair value of investments: This category of investment income increased by \$4.6 billion or 139.3%, broken down as follows: gain on equities of \$3.8 billion, gain on fixed income securities of \$.4 billion; gain on real estate equities of \$.3 billion, and gain on alternative investments of \$.1 billion. Overall, this increase is attributable to the recovery of the market experienced during the year.

Death benefit payments

This category decreased by \$4.1 million or 26.0% based on the number of payments decreasing from 366 to 283, and the average payment decreased from \$39,950 to \$31,654. These benefits can vary significantly between years due to the fluctuations in the number of active member deaths and their composition of traditional versus portable benefit options.

**State of Illinois
State Universities Retirement System
Compliance Examination**

For the Year Ended June 30, 2010

Analysis of Administrative Expenses

Administrative expenses reflect all costs incurred to manage the day to day operations of the State Universities Retirement System (System). Detail costs relating to benefits and refunds paid to recipients and administrative costs relating to investment expenses have been separated from the Schedule of Administrative Expenses. The total administrative expenses of \$12.5 million are approximately .8% of the total expenses of \$1.55 billion for FY 2010. Fluctuations greater than \$50,000 and 20% were analyzed as follows:

Legal services: These expenses decreased by approximately \$159,000 due to the use of external counsel services which made up the majority of the FY 09 expenses due to various projects which were completed by the end of that year.

Postage: Postage expenses decreased by approximately \$156,000 or 33% due to the incurrence of one-time costs of \$130,000 in FY 09 for election materials mailing and a verification mailing for inactive members. Additionally, approximately \$20,000 was saved in FY 2010 by reducing the number of member newsletters published from three to two issues.

Surety bonds and insurance: These costs decreased by approximately \$193,000 or 49% due to the one-time costs incurred in FY 09 to purchase fiduciary liability coverage for the outgoing board of trustees members who were replaced as of July 2, 2009.

Investment expenses include fees paid to the System's master trustee, various investment managers and their investment consultant and investment brokerage firms. Fees are negotiated based primarily on market values and the manager's portfolio performance. A graduated scale is used for most managers based upon various increments per million dollars of market value. Investment expenses also include administrative expenses relating to the operation of the Investment Division of SURS.

**Schedule of Accounts Receivable
Years ended June 30, 2010 and 2009**

	2010	2009
Employees:		
Salary deductions (1)	\$ 13,921,433	\$ 12,581,549
Overpaid benefits (2)	1,287,197	1,226,598
Other (3)	<u>589,712</u>	<u>598,687</u>
Total employee receivables	<u>15,798,342</u>	<u>14,406,834</u>
Employers:		
Federal and trust funds (4)	<u>3,179,133</u>	<u>3,159,901</u>
Total	<u>\$ 18,977,475</u>	<u>\$ 17,566,735</u>

(1) Salary deductions receivable increased by \$1.3 million or 11% from fiscal year 2009. This variance is due to an increase in contributions receivable which are remitted by the employers after each pay period. Most employers pay on a bi-weekly basis, so the size of the final pay periods which must be accrued varies each year.

(2) Overpaid benefits receivable represent benefits which have been overpaid to a member and are due back to the System. The majority of this receivable relates to disability payments made to members who later received worker's compensation benefits. Thus, some of the disability benefits received from the System must be repaid. The System records the receivable as soon as they are notified by the employer of the worker's compensation payment. If the member does not repay the overpayment prior to retirement or withdrawing from the System, the refund or retirement annuity is reduced by the amount of the overpayment plus interest. Because of this, an aging of the accounts receivable is not available and an allowance for doubtful accounts is not necessary. All other receivable amounts are expected to be collected within one year or less.

(3) Approximately 96% of other employee receivables represents the receivable for employer forfeitures due back to the System from the SMP providers. These forfeitures are the employer contributions for terminated members who were not vested at the time of termination. Each quarter the providers remit back to SURS the forfeitures from the prior three months, where they are held as an asset of the SMP to be offset against future employer contributions.

(4) The contributions related to federal, trust and other funds are remitted by the employers with the same procedures used for remittance of the employee contributions. So, as was discussed in item 1 above, the timing in which the employers remit the data and related funds can vary from year to year, and determines the level of this receivable.

**Description of Reserves (Unaudited)
For the Year Ended June 30, 2010**

Participants' Contributions

This reserve accumulates the contributions made by participants plus earned interest. Under the traditional option, participants contribute 8 percent of their gross earnings; 6 ½ percent of the 8 percent contributions are designated for retirement annuities, ½ percent for automatic annual increases, and 1 percent for survivor benefits. Police officers and firefighters contribute 9 ½ percent of earnings; the additional 1½ percent is a normal retirement contribution. Under the portable option, the participants contribute the same percent of earnings as above, but there is no contribution for survivor benefits. Instead, 1 percent of earnings is contributed to fund an enhanced refund which allows for the distribution of member earnings, all interest earned, and a one-to-one match of employer contributions. The refund available under the traditional option is member contributions plus interest at 4 ½ percent.

Interest is credited annually to the participants' accounts based on the balance at the beginning of the academic year. The credited interest rate is determined by the Board of Trustees and was 8.0 percent for the year ended June 30, 2010. Upon retirement or death, the participants' accumulated contributions are transferred to the appropriate reserve accounts for payment of benefits.

Benefits from Employee and Employer Contributions

This reserve accumulates employer contributions from State Appropriations and federal and trust funds with designated uses of paying retirement and reversionary annuities for benefits in force, death and survivor benefits, disability benefits, variations in actuarial experience, and the administrative costs of the System. The reserve also accumulates participant contributions transferred when the participant retires or dies, the amount of investment income earned but not yet distributed to the participant contribution reserve according to the effective interest rate. The final component of this reserve is the difference between the total net assets of the System and the actuarial requirement to fund the System's benefits. The amount presented in this report is computed using a unit credit actuarial method. Illinois statutes provide that any potential unfunded liability be an obligation of the State of Illinois. The System must annually have an actuarial determination of its liabilities and reserves, and the amount and distribution of the required employer contribution.

Self-Managed Plan

This account holds employee contributions of 8 percent of earnings, employer contributions of 7.1 percent of earnings, and the investment gains or losses earned to date. This plan is a defined contribution plan with the System acting as sponsor. All contributions are placed with Service Providers approved by the Board of Trustees, with individual investment choices among these providers chosen by the member.

**State of Illinois
State Universities Retirement System
Compliance Examination**

**Analysis of Operations
For the Year Ended June 30, 2010**

System's Functions and Planning Program

SURS is the administrator of a cost-sharing multiple-employer public employee retirement system established July 21, 1941 to provide retirement annuities and other benefits for staff members and employees of the state universities, certain affiliated organizations, and certain other state educational and scientific agencies and for survivors, dependents, and other beneficiaries of such employees. SURS, a component unit of the State of Illinois, is included in the State of Illinois' financial reports as a pension trust fund. SURS is governed by Chapter 40, Act 5, Article 15 of the *Illinois Compiled Statutes*. These statutes assign the authority to establish and amend the benefit provisions of the plan to the State Legislature. Operation of the System and the direction of its policies are the responsibility of the Board of Trustees of the System. It is also these statutes that define the scope of SURS' reporting entity. There are no statutory provisions for termination of the System. The Illinois Constitution provides that the pension obligation of the state *shall be an enforceable contractual relationship, the benefits of which shall not be diminished or impaired*. SURS a component unit of the State of Illinois, is included in the State of Illinois' financial reports as a pension trust fund.

As of June 30, 2010, the System's defined benefit plan had 144,866 active and inactive participants and 48,903 annuity benefit recipients, while the self-managed plan had 18,314 active and inactive participants and 153 annuity benefit recipients.

As of June 30, 2010 management of the System is vested in an eleven-member Board of Trustees, five of which are appointed by the Governor, and six elected members of whom four are active-elected members and two are annuitant-elected members. The term of office of trustees is six years.

The administration of the detailed affairs of the System is vested in the Executive Director, the position for which was filled for eleven months by the Interim Executive Director, Judith A. Parker and for one month by the Executive Director, William Mabe. General policy relating to the administration of the System is stated in the minutes of the Board meetings. The System's official offices are located at 1901 Fox Drive, Champaign, Illinois.

Program planning activities of the System are under the direct supervision of the Executive Director and involve coordination between the governing Board and other administrative staff of the System. Periodic status reviews are performed by the Executive Director and the administrative staff to determine the progress made toward accomplishing established goal and objectives. The status of and achievement of these goals and objectives are monitored quarterly by the Board of Trustees.

System's Functions and Planning Program

Major Initiatives

The mission statement of SURS provides the foundation for the System's initiatives and ongoing programs. The mission of SURS is "To provide for SURS annuitants, participants, and their employers, in accordance with state law, the best and most cost effective benefit administration services in the United States, to manage and invest the fund's assets prudently, and to endeavor to achieve and maintain a financially sound retirement system."

Work continued during the year on various internet-based system application improvements and general operational refinements. Included in these was the migration to a new, server-based imaging system, the revision of the benefit payment system programming to incorporate the expanded opportunities for lump sum distributions including partial rollovers, Roth IRA rollovers, and rollovers by non-spouse beneficiaries, and replacing the current direct insurance billing for certain annuitants with a direct debit feature.

Auditor's Assessment

The System has established adequate operating programs to meet its defined goals and objectives.

Locally Held Fund

The System uses a locally held fund "State Universities Retirement System" (pension trust fund No. 1178) held at the Northern Trust Company in Chicago, Illinois to account for and process all transactions of the System. The Illinois State Treasurer is not the legal custodian of the System's assets.

System Funding Progress

Public Act 88-0593 was signed into law by Governor Edgar on August 22, 1994. This Act, which took effect on July 1, 1995, provides a 15-year phase-in to a 35-year plan that requires the state to make continuing appropriations to meet the normal actuarially-determined cost of the System, plus amortize the unfunded liability. Under this plan, the System is expected to be 90% funded by fiscal year 2045.

As required by Public Act 96-0043, the State of Illinois issued \$3.5 billion in pension obligation notes on January 7, 2010 at an interest rate of 3.9%. The proceeds of these notes, taxable with a five-year maturity, were used to fund the state's contribution to the five retirement systems, including \$700.2 million remitted to SURS.

The actuarial accrued liability of the SURS at June 30, 2010, amounted to approximately \$30.1 billion. The actuarial value of assets is \$14.0 billion, resulting in an unfunded liability of \$16.1 billion. It should be noted that the actuarial valuation producing the projection for the FY 2010 accrued liability was performed using the assumed rate of 7.75%, as compared to the rate used in fiscal years 2009 and prior of 8.5%. This change was authorized by the SURS Board of Trustees. Fiscal year 2010 was the second year in which the actuarial value of assets is used to evaluate funding progress and to set future employer contributions.

The actuarial value of assets is used in determining the funding progress of the System and in establishing the employer contribution rates necessary to adhere to the statutory funding plan. The actuarial value of assets is based on a smoothed investment income rate. Investment income in excess or shortfall of the expected 8.5% rate on fair value is smoothed over a five-year period with 20% of a year's excess or shortfall being recognized each year beginning with the current year.

The use of this actuarial method was implemented as required by Public Act 96-0043, which was signed into law on July 15, 2009.

**State of Illinois
State Universities Retirement System
Compliance Examination**

**Analysis of Operations
For the Year Ended June 30, 2010**

System Funding Progress (Continued)

The projected required contribution rates and amounts are as follows:

Fiscal Year	Percentage of Payroll	Assumed Payroll (in billions)	Required Contribution
2012	24.21 %	\$ 4.21	\$ 1,019,485,000
2013	25.28	4.34	1,096,727,000
2014	26.18	4.48	1,172,538,000
2015	27.02	4.63	1,249,859,000
2016	26.96	4.79	1,290,288,000
2017	26.97	4.95	1,335,964,000

Actuarial Assumptions

The investment return assumption was decreased from 8.5% to 7.75% first effective with the valuation as of June 30, 2010. Certain assumptions applicable to members hired on or after January 1, 2011, were also first effective as of June 30, 2010. The remaining assumptions were adopted by the Board first effective for the valuation as of June 30, 2007. The actuarial assumptions and methods used are in accordance with paragraph 36 of GASB Statement Number 25.

The funding objective is to provide employer and employee contributions sufficient to provide the benefits of SURS when due and to achieve an asset value equal to 90% of the Actuarial Accrued Liability by the end of fiscal year 2045. The financing objective of SURS and the funding process to reach that objective are set out in Section 15-155 of the SURS Article of the Illinois Pension Code.

The statutory funding policy set out in Section 15-155 of the Illinois Pension Code results in lower near-term contribution requirements than the Annual Required Contribution (ARC) as calculated under GASB 25. The actuary recommends funding the ARC. In addition, the actuary does not certify that the funding method in the statute complies with generally accepted actuarial standards for the funding of retirement systems.

The statutory funding policy of this plan does not follow the actuary's recommendation. Continually funding the plan below the ARC creates the risk that ultimately benefit obligations cannot be met from the trust, and will require a greater amount of funding from other state resources.

**State of Illinois
State Universities Retirement System
Compliance Examination**

**Analysis of Operations
For the Year Ended June 30, 2010**

System Funding Progress (Continued)

The funded status of the plan as of June 30, 2010, the most recent valuation date, is as follows (in millions).

Actuarial Valuation Date	Actuarial Value of Assets*	Accrued Liability (AAL) - Projected Unit Credit)	Funded Ratio	Unfunded Actuarial Accrued Liability (UAAL)	Covered Payroll	Unfunded Actuarial Accrued Liability as a Percentage of Covered Payroll
06/30/10	\$ 13,966.6	\$ 30,120.4	46.4 %	\$ 16,153.8	\$ 3,491.1	462.7 %

*If calculated using the market value of assets of \$12,121.5, the funding ratio would be 40.2%.

The Government Accounting Standards Board (GASB) requires disclosure of the Annual Required Contribution (ARC) under a standard funding methodology. Amounts shown as the ARCs for each year are different from the contributions required by State statute. The cumulative difference between the ARC and the annual required contribution per State statute represents the net pension obligation (NPO). The NPO is \$7.2 billion at June 30, 2010, which is an increase of \$500 million from the June 30, 2009 NPO of \$6.7 billion.

Rate of Return (Unaudited)

Taken as a whole, SURS' investment portfolio produced a market rate of return of 15% and (19.7%), net of fees for fiscal years 2010 and 2009, respectively.

Revenues and Expenses

SURS defined benefit plan is financed by employee member contributions, employer contributions (State appropriations and contributions from trust and federal funds) and investment earnings. All cash received from these sources is deposited with the Northern Trust Company, which acts as the System's Master Trustee. Surs' self-managed plan is financed by employee and employer contributions and investment earnings, but the funds are held by the two Service Providers approved by the Board of Trustees: Fidelity and TIAA/CREF.

Approximately 99.0% of the total expenses for fiscal years 2010 and 2009 are related to benefits and refunds to members. Benefits include retirement, disability, and survivors payments. Details of benefit recipients, benefit expenses, and summaries of new benefit payments and of average benefit payments can be found in the Surs Comprehensive Annual Financial Report (CAFR) for the year ended June 30, 2010.

**State of Illinois
State Universities Retirement System
Compliance Examination**

**Analysis of Operations
For the Year Ended June 30, 2010**

Employer Contributions

Contributions received from federal grants, trust funds, and other such sources were approximately \$39.5 million and \$39.7 million for the periods ending June 30, 2010 and 2009, respectively. This amount varies from year to year, depending on the level of federal and grant funding obtained by the universities and community colleges, as well as the normal cost rate established by the actuary.

Retirement Benefits

Benefits have increased from approximately \$1.25 billion to approximately \$1.35 billion for the periods ended June 30, 2009 and 2010, respectively, for an increase of \$100 million or 8.4%. This is due to an increase in the number of recipients from 38,400 to 40,364, and an increase from \$2,710 to \$2,792 in the average monthly benefit corresponding to the 3% annual increase.

Survivors Benefits

Benefits have increased from approximately \$87.7 million to \$94.2 million for the periods ending June 30, 2009 and 2010, respectively. This increase of \$6.5 million or 7.5% is due to a 1.8% increase in the number of recipients, the 3% automatic annual increase, and higher average annuity payments related to higher ending salary rates for the deceased member.

Disability Benefits

Benefits decreased by approximately \$0.4 million or 2.1%. Even though the number of recipients increased slightly from 726 to 728, there was a decrease in the average monthly benefit from \$1,928 to \$1,843.

Investment Income

Net investment income increased from a loss of \$2.9 billion in fiscal year 2009 to a gain of \$1.7 billion in fiscal year 2010. The investment return for these years was (19.7%) and 15.0%, respectively. In general, the System's investment strategy has been to maintain the investment allocation as stated by the Board of Trustees. The portfolio policy allocation as of June 30, 2010 consists of 68.0% equity securities, 10.0% real estate and real estate investment trusts, 4.0% Treasury inflation protected securities and 18.0% fixed income. A more detailed explanation of the System's investment portfolio and performance can be obtained from the 2010 CAFR.

Compliance Examination**

**Analysis of Operations
For the Year Ended June 30, 2010**

Member Contributions

Employee contributions are established by the Illinois Pension Code as 8 percent of earnings for both the defined benefit and self-managed plans. Police officers and fire fighters contributed 9 ½ percent of earnings for the defined benefit plan, and 8 percent for the self-managed plan. Employee contributions are collected through payroll deductions and are submitted by the participating employers directly to the System for credit to each participant's accumulated contributions account for those in the defined benefit plan, or to be transmitted daily to the Service Providers for the members in the self-managed plan. The number of members having contributions credited to their accounts at June 30, 2010 and 2009 are as follows:

	2010	2009
Current Members - Defined Benefit Plan		
Active members (currently contributing)	72,996	73,699
Inactive members (not currently contributing)	<u>71,870</u>	<u>71,280</u>
Total Current Members - Defined Benefit Plan	<u>144,866</u>	<u>144,979</u>
Current Members - Self-Managed Plan		
Active members (currently contributing)	9,746	9,846
Inactive members (not currently contributing)	<u>8,568</u>	<u>6,500</u>
Total	<u>18,314</u>	<u>16,346</u>

Members' payrolls totaled approximately \$3.49 billion and \$3.46 billion for the fiscal years ended June 30, 2010 and 2009, respectively.

Average Number of Employees (Unaudited)

The average number of SURS employees for the last three fiscal years are as follows:

	2010	2009	2008
Administration	7.55	5.55	6.55
Human resources	3.00	2.00	2.00
Building services	2.00	2.00	2.00
Investments and accounting	11.80	11.30	10.05
Member services	63.50	59.50	61.50
Support services	4.00	4.00	6.00
Self-managed plan	3.70	4.00	3.25
Information systems - operations	11.00	11.00	12.00
Information systems - applications/data entry	11.75	14.75	15.75
Total	<u>118.30</u>	<u>114.10</u>	<u>119.10</u>

Self-Managed Plan Investments

The SMP participants have the ability to invest their account balances in 51 mutual and variable annuity funds. These funds are offered by two providers, Fidelity Investments, and Teachers Insurance and Annuity Association - College Retirement Equities Fund (TIAA-CREF). As of June 30, 2010, the SMP had investments of \$716,730,589. A detailed schedule (unaudited) of the funds and balances at June 30, 2010 is located in the Investment Section of The Comprehensive Annual Financial Report.

Future Funding and Benefit Calculations

As required by Public Act 96-0043, the State of Illinois issued \$3.466 billion in pension obligation notes on January 7, 2010, at an interest rate of 3.854%. The proceeds of these notes, taxable with a five-year maturity, were used to fund the State's contribution to the five retirement systems, including \$700.2 million remitted to SURS.

Public Act 88-0593 was signed into law by Governor Edgar on August 22, 1994. This Act, which took effect on July 1, 1995, provides a 15-year phase-in to a 35-year plan that requires the state to make continuing appropriations to meet the normal actuarially-determined cost of the System, plus amortize the unfunded liability. A significant difference between the 1989 and 1994 funding legislation is that the latter takes the form of a continuing appropriation. This removes the pension funding from the General Assembly's annual budget negotiations and requires that the actuarially determined annual funding become an automatic contribution. Ultimately, this funding plan will increase the State's pension funding from its current level of 46.4% to approximately 90% by fiscal year 2045.

(1) As of June 30, 2010, the Fidelity Freedom Fund (lifecycle) series is the default fund for members who have selected the Self-Managed Plan, but have not yet selected individual mutual/variable annuity funds.

(2) CREF Growth Account is no longer an approved option for the Self-Managed Plan. Assets remaining in the Account were invested prior to termination of this option.

(3) These assets are commingled with the SURS defined benefit plan investments and accrue interest equal to the overall annual rate of return of the fund, net of fees.
