### OFFICE OF THE AUDITOR GENERAL WILLIAM G. HOLLAND

#### INDEPENDENT ACCOUNTANT'S REPORT ON STATE COMPLIANCE, ON INTERNAL CONTROL OVER COMPLIANCE, AND ON SUPPLEMENTARY INFORMATION FOR STATE COMPLIANCE PURPOSES

Honorable William G. Holland Auditor General State of Illinois

#### Compliance

We have examined the Illinois Civil Service Commission's compliance with the requirements listed below, as more fully described in the Audit Guide for Financial Audits and Compliance Attestation Engagements of Illinois State Agencies (Audit Guide) as adopted by the Auditor General, during the two years ended June 30, 2013. The management of the Illinois Civil Service Commission is responsible for compliance with these requirements. Our responsibility is to express an opinion on the Illinois Civil Service Commission's compliance based on our examination.

- A. The Illinois Civil Service Commission has obligated, expended, received, and used public funds of the State in accordance with the purpose for which such funds have been appropriated or otherwise authorized by law.
- B. The Illinois Civil Service Commission has obligated, expended, received, and used public funds of the State in accordance with any limitations, restrictions, conditions or mandatory directions imposed by law upon such obligation, expenditure, receipt or use.
- C. The Illinois Civil Service Commission has complied, in all material respects, with applicable laws and regulations, including the State uniform accounting system, in its financial and fiscal operations.
- D. State revenues and receipts collected by the Illinois Civil Service Commission are in accordance with applicable laws and regulations and the accounting and recordkeeping of such revenues and receipts is fair, accurate and in accordance with law.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants; the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the Illinois State Auditing Act (Act); and the Audit Guide as adopted by the Auditor General pursuant to the Act; and, accordingly, included examining, on a test basis, evidence about the Illinois Civil Service Commission's compliance with those requirements listed in the first paragraph of this report and performing such other procedures as we considered

necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Illinois Civil Service Commission's compliance with specified requirements.

In our opinion, the Illinois Civil Service Commission complied, in all material respects, with the compliance requirements listed in the first paragraph of this report during the two years ended June 30, 2013.

#### **Internal Control**

Management of the Illinois Civil Service Commission is responsible for establishing and maintaining effective internal control over compliance with the requirements listed in the first paragraph of this report. In planning and performing our examination, we considered the Illinois Civil Service Commission's internal control over compliance with the requirements listed in the first paragraph of this report to determine the examination procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Audit Guide, issued by the Illinois Office of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of the Illinois Civil Service Commission's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Illinois Civil Service Commission's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with the requirements listed in the first paragraph of this report on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a requirement listed in the first paragraph of this report will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

As required by the Audit Guide, immaterial findings excluded from this report have been reported in a separate letter.

#### **Supplementary Information for State Compliance Purposes**

Our examination was conducted for the purpose of forming an opinion on compliance with the requirements listed in the first paragraph of this report. The accompanying supplementary

information for the years ended June 30, 2013 and June 30, 2012 in Schedules 1 through 8 and the Analysis of Operations Section is presented for purposes of additional analysis. We have applied certain limited procedures as prescribed by the Audit Guide as adopted by the Auditor General to the June 30, 2013 and June 30, 2012 accompanying supplementary information in Schedules 1 through 8. However, we do not express an opinion on the accompanying supplementary information.

We have not applied procedures to the June 30, 2011 accompanying supplementary information in Schedules 3 through 7 and in the Analysis of Operations Section, and accordingly, we do not express an opinion or provide any assurance on it.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, agency management, and the Illinois Civil Service Commission and is not intended to be and should not be used by anyone other than these specified parties.

### STATUS OF MANAGEMENT AUDIT OF EXEMPTIONS GRANTED BY THE CIVIL SERVICE COMMISSION

For the Two Years Ended June 30, 2013

#### **Exemptions Granted by the Civil Service Commission**

House Resolution Number 140 directed the Auditor General to conduct an audit of exemptions granted by the Civil Service Commission pursuant to its authority under item (3) of subsection (d) of Section 4 of the Personnel Code. The audit released in June 2010 contained six

recommendations. This is the second follow-up completed by the Office of the Auditor General. We reviewed the two outstanding recommendations from the previous follow-up. The Summary of Recommendation Status chart (Exhibit 1) shows that the Commission implemented one of the remaining two recommendations.

The following contains a brief synopsis of each of the two outstanding recommendations from the audit and the status of the recommendations.

Exhibit 1 SUMMARY OF RECOMMENDATIONS							
	In	plemente	1?				
Recommendations	Yes	Partially	No				
Documenting Precedents	X						
Monitoring Approved Positions			X				
Total	1	0	1				

#### **Recommendation 2 – Documenting Precedents**

#### **Synopsis of Finding:**

Over the years, the Commission has established various precedents for approving exempt positions. The Commission at times approves exemptions even though they do not meet the guidelines in its own rules. The established precedents are informal and are not documented in Commission policy. Commission officials noted that the Commission may look at past precedent but that every position up for approval is unique and is considered on its own merits.

Although not documented in a policy, the Commission appears to be aware of its past actions and tries to remain consistent with those past actions. Documenting the Commission's past precedent would assist agencies submitting exemption requests and would help ensure consistency in granting exemptions.

#### **Recommendation:**

The Civil Service Commission should examine its past decisions and document any precedents that have been established. This could include the factors considered by the Commission when the precedents were established and when approving positions based on these precedents.

### STATUS OF MANAGEMENT AUDIT OF EXEMPTIONS GRANTED BY THE CIVIL SERVICE COMMISSION

For the Two Years Ended June 30, 2013

#### **Recommendation 2 – Documenting Precedents (Continued)**

#### **Status:**

Implemented - The Commission's Historical Notes document is completed with the first entry from 1958 and the last entry from 2001. The impetus for creating the Historical Notes document was to be able to fully respond to the management audit. As it was being created, it became clear that such a compilation would have an ongoing value as a reference tool to capture and preserve Commission determinations and pronouncements with regard to granting and rejecting requests for principal policy exemptions. In addition, the Commission has recently undergone (and is undergoing) a 100% turnover in Commissioners. Besides just a reference tool, the Historical Notes document is also proving its worth as an educational guide for new Commissioners in this area of Commission responsibility. A copy has been provided to all new Commissioners upon their appointment along with a standard "welcome" letter setting forth their base responsibilities.

The significance of all this is that it is now anticipated that the Historical Notes document will *never* be completed as originally anticipated. Any new and novel determinations and pronouncements will be added as they occur, like any ongoing reference resource.

#### **Recommendation 3 – Monitoring Approved Positions**

#### **Synopsis of Finding:**

Once a position is approved for exempt status, neither the Commission nor CMS monitors the exempt position to ensure that the duties being performed match the job description. As specified in statute, the Commission approves positions for exemption based on whether the positions involve either principal administrative responsibility for the determination of policy or principal administrative responsibility for the way in which policies are carried out. Job descriptions could be tailored to meet this broad definition.

When asked, Commission officials stated that they are unable to monitor the actual duties due to a lack of manpower. The Commission employs only four full time staff – an Executive Director, an Assistant Executive Director, a fiscal officer, and an administrative/clerical staff person. CMS officials also stated that they do not monitor the duties being performed in the exempt positions.

While not specifically required by statute or the administrative rules, monitoring positions would help ensure that the duties performed match the job descriptions and are being used as presented at the time of approval. Monitoring could include periodically sampling positions identified by the Commission. These positions could include, for example, ones where the Commission had questions during the approval process about the duties being performed.

### STATUS OF MANAGEMENT AUDIT OF EXEMPTIONS GRANTED BY THE CIVIL SERVICE COMMISSION

For the Two Years Ended June 30, 2013

#### **Recommendation 3 – Monitoring Approved Positions (Continued)**

#### **Recommendation:**

The Civil Service Commission should work with CMS to monitor exempt positions to ensure that duties being performed match the job description and are being used as presented at the time of approval.

#### **Status:**

Not Implemented - From the Commission's perspective, there has been no change in the status of this recommendation. As previously indicated, the Commission is continuously informally monitoring positions to ensure that the duties performed match those presented at the time of approval. One example would be the 27 exempt Media Administrator positions at Central Management Services. Commission staff reviews agency press releases, newspaper articles or television reports that identify agency spokespersons to ensure it is the individual occupying the Media Administrator position performing these duties. Another example would be the follow-up the Commission did with the recent LAC141 management audit of management positions. Agencies were required to provide additional information to the Commission for 43 positions identified in the audit as being non-managers. A final example would be the recent discovery that the incumbent in an exempt position is only working 22 hours per week. Commission staff has initiated an inquiry to determine if that is consistent with a principal policy exempt position.

## STATE OF ILLINOIS CIVIL SERVICE COMMISSION AGENCY FUNCTIONS AND PLANNING PROGRAM

For the Two Fiscal Years Ended June 30, 2013 (Not Examined)

#### **FUNCTIONS**

The Civil Service Commission (Commission) is a 5-member body appointed by the Governor with the advice and consent of the Senate established by the Personnel Code. The Commission is an integral part of the State of Illinois system of personnel administration based on merit principles and scientific method. The Commission's specific duties and powers are set forth by the Personnel Code (20 ILCS 415/10).

The Commission's main responsibility is to hear and determine employee appeals of discharges, suspensions, transfers, allocations, layoffs and demotions. In addition, the Commission approves exemptions from Jurisdiction B of the Personnel Code for those positions which, in the judgment of the Commission, involve either principal administrative responsibility for the determination of policy or the way in which policies are carried out. The Commission also approves or disapproves proposed additions or amendments to the Personnel Rules or position classification plan. The Commission has the authority to direct compliance in writing with the requirements of the Personnel Code or Rules when a violation is found.

#### **PLANNING PROGRAM**

The Commission has established a five-year plan. The Executive Director of the Commission monitors the plan on an on-going basis and reports to Commission members on a monthly basis.

Included in the current five-year plan are goals that have been developed in order to achieve the objective stated in the Commission's Mission Statement. The Commission's current long-range goals were established in Fiscal Year 2010. The long-range goals generally address two areas:

- Technology The Commission will continue to expand its use of technology with the introduction of its website. The introduction of updated Rules of Practice will provide opportunities for agreeable parties to conduct more preliminary hearing activities electronically.
- Procedures The Commission will develop procedure manuals for the most common activities to institutionalize Commission practices.
