FRANK J. MAUTINO

INDEPENDENT ACCOUNTANT'S REPORT ON STATE COMPLIANCE,  
ON INTERNAL CONTROL OVER COMPLIANCE, AND ON  
SUPPLEMENTARY INFORMATION FOR STATE COMPLIANCE PURPOSES

Honorable Frank J. Mautino  
Auditor General  
State of Illinois

**Compliance**

We have examined the Mid-Illinois Medical District Commission's compliance with the requirements listed below, as more fully described in the Audit Guide for Financial Audits and Compliance Attestation Engagements of Illinois State Agencies (Audit Guide) as adopted by the Auditor General, during the two years ended June 30, 2017. The management of the Mid-Illinois Medical District Commission is responsible for compliance with these requirements. Our responsibility is to express an opinion on the Mid-Illinois Medical District Commission's compliance based on our examination.

- A. The Mid-Illinois Medical District Commission has obligated, expended, received, and used public funds of the State in accordance with the purpose for which such funds have been appropriated or otherwise authorized by law.
- B. The Mid-Illinois Medical District Commission has obligated, expended, received, and used public funds of the State in accordance with any limitations, restrictions, conditions, or mandatory directions imposed by law upon such obligation, expenditure, receipt, or use.
- C. The Mid-Illinois Medical District Commission has complied, in all material respects, with applicable laws and regulations, including the State uniform accounting system, in its financial and fiscal operations.
- D. Revenues and receipts collected by the Mid-Illinois Medical District Commission are in accordance with applicable laws and regulations and the accounting and recordkeeping of such revenues and receipts is fair, accurate, and in accordance with law.

- E. Money or negotiable securities or similar assets handled by the Mid-Illinois Medical District Commission on behalf of the State or held in trust by the Mid-Illinois Medical District Commission have been properly and legally administered and the accounting and recordkeeping relating thereto is proper, accurate, and in accordance with law.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants; the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the Illinois State Auditing Act (Act); and the Audit Guide as adopted by the Auditor General pursuant to the Act. Those standards, the Act, and the Audit Guide require that we plan and perform the examination to obtain reasonable assurance about whether the Mid-Illinois Medical District Commission complied, in all material respects, with the specified requirements listed above. An examination involves performing procedures to obtain evidence about whether the Mid-Illinois Medical District Commission complied with the specified requirements listed above. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error.

We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the Mid-Illinois Medical District Commission's compliance with specified requirements.

In our opinion, the Mid-Illinois Medical District Commission complied, in all material respects, with the compliance requirements listed in the first paragraph of this report during the two years ended June 30, 2017. However, the results of our procedures disclosed an instance of noncompliance with the requirements, which is required to be reported in accordance with criteria established by the Audit Guide, issued by the Illinois Office of the Auditor General and which is described in the accompanying schedule of findings as item 2017-001.

The Mid-Illinois Medical District Commission's response to the finding identified in our examination is described in the accompanying schedule of findings. The Mid-Illinois Medical District Commission's response was not subjected to the procedures applied in the compliance examination and, accordingly, we express no opinion on the response.

The purpose of this report on compliance is solely to describe the scope of our testing and the results of that testing in accordance with the requirements of the Audit Guide issued by the Illinois Office of the Auditor General. Accordingly, this report is not suitable for any other purpose.

### **Internal Control**

Management of the Mid-Illinois Medical District Commission is responsible for establishing and maintaining effective internal control over compliance with the requirements listed in the first paragraph of this report. In planning and performing our examination, we considered the Mid-Illinois Medical District Commission's internal control over compliance with the requirements listed in the first paragraph of this report to determine the examination procedures that are

appropriate in the circumstances for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Audit Guide, issued by the Illinois Office of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of the Mid-Illinois Medical District Commission's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Mid-Illinois Medical District Commission's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with the requirements listed in the first paragraph of this report on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a requirement listed in the first paragraph of this report will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings as item 2017-001, that we considered to be a significant deficiency.

As required by the Audit Guide, immaterial findings excluded from this report have been reported in a separate letter.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Audit Guide, issued by the Illinois Office of the Auditor General. Accordingly, this report is not suitable for any other purpose.

### **Supplementary Information for State Compliance Purposes**

Our examination was conducted for the purpose of forming an opinion on compliance with the requirements listed in the first paragraph of this report. The accompanying supplementary information for the years ended June 30, 2017, and June 30, 2016, in Schedule 1 and the Analysis of Operations Section is presented for purposes of additional analysis. We have applied certain limited procedures as prescribed by the Audit Guide as adopted by the Auditor General to the June 30, 2017, and June 30, 2016, accompanying supplementary information in Schedule 1. However, we do not express an opinion on the accompanying supplementary information.

We have not applied procedures to the June 30, 2015, accompanying supplementary information in Schedule 1 and in the Analysis of Operations Section and, accordingly, we do not express an opinion or provide any assurance on it.

MID-ILLINOIS MEDICAL DISTRICT COMMISSION  
**SCHEDULE OF FINDINGS**  
For the Two Years Ended June 30, 2017

2017-001. **FINDING** (Noncompliance with the Mid-Illinois Medical District Act)

The Mid-Illinois Medical District Commission (Commission) did not comply with the Mid-Illinois Medical District Act (Act).

During testing, we noted the following:

- For two of 10 (20%) Commission meetings held during the examination period, there was not a quorum of at least six Commissioners present.

According to the Act (70 ILCS 925/10(e)), the Commission may not transact business at a meeting of the Commission unless there is present at the meeting a quorum consisting of at least six Commissioners.

- For one of three (33%) Commissioner vacancies caused by term expiration, the Commission did not ensure that the Commissioner appointed to fill the vacancy served a term with a start date that matched the expiration date of the previous term.

According to the Act (70 ILCS 925/10(d)), a vacancy caused by the expiration of the period for which the member was appointed shall be filled by a new appointment for a term of five years from the date of the expiration of the prior term, notwithstanding when the appointment is actually made.

- One of nine (11%) Commissioners appointed during the examination period did not file an oath of office.

According to the Act (70 ILCS 925/10(e)), each Commissioner shall take an oath of office for the faithful performance of his or her duties.

Commission personnel stated the Commissioners are volunteers who are not familiar with every aspect of the Act. Furthermore, the Commission is uncertain of its authority to intervene in governmental appointments.

Failure to comply with the Act increases the likelihood that all requirements of the Act would not be met and may subject the Commission to unnecessary legal action. (Finding Code No. 2017-001)

MID-ILLINOIS MEDICAL DISTRICT COMMISSION  
**SCHEDULE OF FINDINGS**  
For the Two Years Ended June 30, 2017

**RECOMMENDATION**

We recommend the Commission:

- ensure all meetings have a quorum of Commissioners present;
- ensure each Commissioner's term of Office complies with the Act; and,
- ensure each new Commissioner files an oath of office.

If questions remain about the Commission's appointments and terms of office, we recommend the Commission seek the Attorney General's opinion pursuant to the Attorney General's duty to serve as the Commission's legal advisor (70 ILCS 925/95).

**COMMISSION RESPONSE**

The Commission agrees with the finding.
