INDEPENDENT AUDITORS' REPORT

Honorable Frank J. Mautino  
Auditor General  
State of Illinois

**Report on the Financial Statements**

As Special Assistant Auditors for the Auditor General, we have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the DeWitt/Livingston/Logan/McLean Counties Regional Office of Education #17, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the DeWitt/Livingston/Logan/McLean Counties Regional Office of Education #17's basic financial statements as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the DeWitt/Livingston/Logan/McLean Counties Regional Office of Education #17, as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Illinois Municipal Retirement Fund Schedule of Changes in the Net Pension Liability & Related Ratios, Illinois Municipal Retirement Fund Schedule of Employer Contributions, Teachers' Retirement System of the State of Illinois Schedule of the Employer's Proportionate Share of the Net Pension Liability, Teachers' Retirement System of the State of Illinois Schedule of Employer Contributions, and Other Postemployment Benefits – Health Insurance Plan for Retired Employees Schedule of Funding Progress on pages 16a through 16f and 63 through 66 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the DeWitt/Livingston/Logan/McLean Counties Regional Office of Education #17's basic financial statements. The combining schedules of accounts, the budgetary comparison schedules, the combining fund financial statements, the Schedule of Disbursements to School District Treasurers and Other Entities – Distributive Fund, and the Schedule of Expenditures of Federal Awards, as required by *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administration Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining schedules of accounts, the budgetary comparison schedules, the combining fund financial statements, the Schedule of Disbursements to School District Treasurers and Other Entities – Distributive Fund, and the Schedule of Expenditures of Federal Awards, as required by the Uniform Guidance are the responsibility of management and were derived from and relate directly to the

underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining schedules of accounts, the budgetary comparison schedules, the combining fund financial statements, the Schedule of Disbursements to School District Treasurers and Other Entities – Distributive Fund, and the Schedule of Expenditures of Federal Awards, as required by the Uniform Guidance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated February 1, 2018 on our consideration of DeWitt/Livingston/Logan/McLean Counties Regional Office of Education #17’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of DeWitt/Livingston/Logan/McLean Counties Regional Office of Education #17’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the effectiveness of DeWitt/Livingston/Logan/McLean Counties Regional Office of Education #17’s internal control over financial reporting and compliance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Frank J. Mautino  
Auditor General  
State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of DeWitt/Livingston/Logan/McLean Counties Regional Office of Education #17, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise DeWitt/Livingston/Logan/McLean Counties Regional Office of Education #17's basic financial statements and have issued our report thereon dated February 1, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered DeWitt/Livingston/Logan/McLean Counties Regional Office of Education #17's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of DeWitt/Livingston/Logan/McLean Counties Regional Office of Education #17's internal control. Accordingly, we do not express an opinion on the effectiveness of DeWitt/Livingston/Logan/McLean Counties Regional Office of Education #17's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether DeWitt/Livingston/Logan/McLean Counties Regional Office of Education #17's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of DeWitt/Livingston/Logan/McLean Counties Regional Office of Education #17's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering DeWitt/Livingston/Logan/McLean Counties Regional Office of Education #17's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR  
FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER  
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Honorable Frank J. Mautino  
Auditor General  
State of Illinois

Report on Compliance for Each Major Federal Program

We have audited DeWitt/Livingston/Logan/McLean Regional Office of Education #17's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Regional Office of Education #17's major federal programs for the year ended June 30, 2017. The DeWitt/Livingston/Logan/McLean Regional Office of Education #17's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the DeWitt/Livingston/Logan/McLean Regional Office of Education #17's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the DeWitt/Livingston/Logan/McLean Regional Office of Education #17's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the DeWitt/Livingston/Logan/McLean Regional Office of Education #17's compliance.

#### Opinion on Each Major Federal Program

In our opinion, the DeWitt/Livingston/Logan/McLean Regional Office of Education #17 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

#### Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying Schedule of Findings and Questioned costs as item 2017-001. Our opinion on each major federal program is not modified with respect to this matter.

DeWitt, Livingston, Logan, and McLean Counties Regional Office of Education No. 17's response to the noncompliance finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. DeWitt, Livingston, Logan, and McLean Counties Regional Office of Education No. 17's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

#### Report on Internal Control Over Compliance

Management of DeWitt/Livingston/Logan/McLean Regional Office of Education #17 is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the DeWitt/Livingston/Logan/McLean Regional Office of Education #17's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the DeWitt/Livingston/Logan/McLean Regional Office of Education #17's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a

material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliances, as described in the accompanying Schedule of Findings and Questioned Costs as item 2017-001 that we consider to be a significant deficiency

DeWitt, Livingston, Logan, and McLean Counties Regional Office of Education No. 17's responses to the internal control over compliance findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. DeWitt, Livingston, Logan, and McLean Counties Regional Office of Education No. 17's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Reporting the Office as a Whole

*The Statement of Net Position and the Statement of Activities*

The Government-wide statements report information about the Regional Office as a whole. The Statement of Net Position includes all of the assets and liabilities. All of the current year revenue and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid, using accounting methods similar to those used by private-sector companies.

REGIONAL OFFICE OF EDUCATION #17  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2017

The two Government-wide statements report the Regional Office's net position and how it has changed. Net position—the difference between the assets plus deferred outflows of resources and liabilities plus deferred inflows of resources—are one way to measure the Regional Office's financial health or position.

- Over time, increases or decreases in net position can be an indicator of whether financial position is improving or deteriorating, respectively.
- To assess the Regional Office's overall health, additional nonfinancial factors, such as new laws, rules, regulations, and actions by officials at the state level, need to be considered.

The Government-wide financial statements present all of the Regional Office's activities as governmental and business-type activities. Local, State and federal monies finance most of these activities.

*Fund Financial Statements*

The fund financial statements provide detailed information about the Regional Office's funds. Funds are accounting devices which allows the tracking of specific sources of funding and spending on particular programs. Some funds are required by state law. The Regional Office established other funds to control and manage money for particular purposes.

The Regional Office has three kinds of funds:

1. Governmental funds account for all of the Regional Office's services. These focus on how cash and other financial assets that can be readily converted to cash flow in and out and the balances left at year end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer resources that can be spent in the near future to finance the Regional Office's programs. The Regional Office's Governmental Funds include the General Fund and the Special Revenue funds, which include education and other nonmajor funds.

The governmental funds' required financial statements include a Balance Sheet and a Statement of Revenues, Expenditures, and Changes in Fund Balances.

2. Proprietary funds are funds generated from hosting educational workshops for professional development.

The proprietary funds' required financial statements include a Statement of Net Position, a Statement of Revenues, Expenses, and Changes in Fund Net Position, and a Statement of Cash Flows.

3. Fiduciary funds are used to account for assets held by the Regional Office in a trust capacity or as an agent for individuals and private or governmental organizations. These funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

The fiduciary funds' required financial statements include a Statement of Fiduciary Net Position.

Governmental Activities

Revenues for governmental activities were \$5,860,936 and expenses were \$6,281,591. The Regional Office experienced a change in net position of \$419,760. This was a result of a decrease in pension expense from FY16.

Financial Analysis of the Regional Office's Funds

As previously noted, the Regional Office uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Regional Office's governmental funds' reported combined fund balances of \$1,975,484 for FY17, a decrease of \$285,330 from the FY16 fund balance of \$2,260,814.

Governmental Fund Highlights:

- County support for the Regional Office remained level in FY17.
- The State Aid Foundation Level was reduced to 94% of the Foundation Level for FY17.

Proprietary Fund Highlights:

- In FY17, the Regional Office offered 100 administrator and teacher workshops. The Regional Office anticipates having at least 100 workshops in FY18.

Budgetary Highlights:

The Regional Office annually adopts budgets for several funds, which are submitted to the State Board of Education. The State Board reviews the proposed budget and either grants approval or returns it without approval with comments. Any unapproved budget must be resubmitted to the State Board for final approval. The budget may be amended during the year utilizing procedures prescribed by the State Board. Over the course of the year, the Regional Office amended several of its grant budgets to reflect adjustments in revenue and expenditures associated with changes in funding from the federal and State sources or for additional services needed and provided to the local school districts. A schedule showing the original and final grant budget amounts compared to the Regional Office's actual financial activity is included in the "Other Supplementary Information" section of this report.

Capital Assets

Capital assets of the Regional Office include office equipment, lease improvements, computers, audio-visual equipment and office furniture. The Regional Office maintains an inventory of capital assets which have been accumulated over time. Governmental activities net capital assets were \$416,623 for FY17 and \$415,406 for FY16. Current-year capital asset additions that exceeded depreciation expense caused the net book value of capital assets to increase in FY17.

Economic Factors and Next Year's Budget

At the time these financial statements were prepared and audited, the Regional Office was aware of several existing circumstances that could affect its financial health in the future:

- The interest rate on investments continues to increase very slightly and will impact interest earned.
- The General State Aid in FY18 will be at same Foundation Level as in FY17.
- Receipt of monies from the State continues to be slow due to the State's budget issues and backlogs.

REGIONAL OFFICE OF EDUCATION #17  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The DeWitt/Livingston/Logan/McLean Counties Regional Office of Education #17 was formed under the provisions of the State of Illinois, Illinois State Board of Education.

In 2017, the Regional Office of Education #17 implemented Governmental Accounting Standards Board (GASB) Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*; GASB Statement No. 77, *Tax Abatement Disclosures*; GASB Statement No. 78, *Pensions Provided Through Certain Multiple-Employer Defined Pension Plans*; GASB Statement No. 80, *Blending Requirements for Certain Component Units*; and GASB Statement No. 82, *Pension Issues – An Amendment of GASB Statements No. 67, No. 68, and No. 73*. The Regional Office of Education #17 implemented these standards during the current year. The implementation of GASB Statement No. 74 establishes standards for the financial reports of defined benefit OPEB plans administered through trusts that meet specified criteria. The implementation of GASB Statement No. 77 requires governments to disclose information about their own tax abatements separately from information about tax abatements that are entered into by other governments and reduce the reporting government's tax revenues. The implementation of GASB Statement No. 78 amends the scope and applicability of Statement 68 to exclude pensions provided to employees of state or local government employers through cost-sharing multiple-employer defined pension plan and establishes requirements for recognition and measurement of pension expense, expenditures, liabilities, note disclosures, and required supplementary information for pensions. The implementation of GASB Statement No. 80 provides clarity on how certain component units incorporated as not-for-profit corporations should be presented in the financial statements of the primary state or local government. The implementation of GASB Statement No. 82 clarifies the presentation of payroll-related measures in required supplementary information, the selection of assumptions and the treatment of deviations from the guidance in the Actuarial Standard of Practice for financial reporting purposes, and the classification of payments made by employers to satisfy employee or plan member contribution requirements.

A. DATE OF MANAGEMENT'S REVIEW

Management has evaluated subsequent events through February 1, 2018 the date when the financial statements were available to be issued.

B. FINANCIAL REPORTING ENTITY

The Regional Superintendent is charged with responsibility for township fund lands; registration of the names of applicants for scholarships to State-controlled universities; examinations and related duties; visitation of public schools; direction of teachers and school officers; to serve as the official advisor and assistant of school officers and teachers; to conduct teachers institutes as well as to aid and encourage the formation of other teachers' meetings and assist in their management; to evaluate the schools in the region; to examine evidence of indebtedness; to file and keep the returns of elections required to be returned to the Regional Superintendent's office; and to file and keep the reports and statements returned by school treasurers and trustees.

B. FINANCIAL REPORTING ENTITY (Concluded)

The Regional Superintendent is also charged with the responsibilities of conducting a special census, when required; providing notice of money distributed to treasurers, board presidents, clerks, and secretaries of the school districts on or before each September 30; maintenance of a map and numbering of the Regional Office of Education #17's districts; providing township treasurers with a list of district treasurers; inspecting and approving building plans which comply with State law; performing and reporting on annual building inspections; investigating bus drivers for valid bus driver permits and taking related action as may be required; maintaining a list of unfilled teaching positions; and carrying out other related duties required or permitted by law.

The Regional Superintendent is responsible for inspection and approval or rejection of school treasurers' bonds. The Regional Superintendent is also required to provide the State Board of Education with an affidavit showing that the treasurers of school districts within the region are properly bonded.

The Regional Superintendent is also responsible for apportionment and payment of funds received from the State for the districts in the region, or seeing that no payments are made unless the treasurer has filed or renewed appropriate bond and that the district has certified publication of the annual financial report. The Regional Superintendent is required to provide opinions and advice related to controversies under school law.

For the period ended June 30, 2017, the Regional Office of Education #17 applied for, received, and administered numerous State and federal programs and grants in assistance and support of the educational activities of the school districts in Regional Office of Education #17. Such activities are reported as a single special revenue fund (Education Fund).

C. SCOPE OF THE REPORTING ENTITY

The Regional Office of Education #17's reporting entity includes all related organizations for which it exercises oversight responsibility.

The Regional Office of Education #17 has developed criteria to determine whether outside agencies with activities which benefit the citizens of the region, including districts or joint agreements which serve pupils from numerous regions, should be included in its financial reporting entity. The criteria include, but are not limited to, whether the Regional Office of Education #17 exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

The districts and joint agreements have been determined not to be a part of the reporting entity after applying the manifesting of oversight, scope of public service, and special financing relationships criteria

and are therefore excluded from the accompanying financial statements because the Regional Office of Education #17 does not control the assets, operations, or management of the districts or joint agreements. In addition, the Regional Office of Education #17 is not aware of any entity that would exercise such oversight as to result in the Regional Office of Education #17 being considered a component unit of the entity.

D. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of the Regional Office of Education #17's activities, with most of the interfund activities removed. Governmental activities include programs supported primarily by State and federal grants and other intergovernmental revenues. The Regional Office of Education has one business-type activity that relies on fees and charges for support.

The Regional Office of Education #17's government-wide financial statements include a Statement of Net Position and a Statement of Activities. These statements present a summary of governmental and business-type activities for the Regional Office of Education #17 accompanied by a total column. These statements are presented on an "economic resources" measurement focus as prescribed by GASB Statement No. 34. All of the Regional Office of Education #17's assets and liabilities, including capital assets, are included in the accompanying Statement of Net Position. The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges for services and (2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor have been met.

D. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (Concluded)

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, such as payables, receivables, and transfers. Interfund activities between governmental funds and between governmental funds and proprietary funds appear as due to/due from on the Governmental Fund Balance Sheet and Proprietary Fund Statement of Net Position and as other resources and other uses on the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and on the Proprietary Fund Statement of Revenues, Expenses, and Changes in Fund Net Position. All interfund transactions between governmental funds are eliminated on the government-wide financial statements. Interfund activities between governmental funds and business-type funds remain as due to/due from on the government-wide financial statements.

All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities. In the Statement of Activities, activities between governmental funds have been eliminated; however, transactions between governmental and business-type activities have not been eliminated.

The purpose of interfund borrowing and permanent transfers is to cover temporary or permanent short falls in cash flow within grant programs and funds.

E. PROPRIETARY FUND FINANCIAL STATEMENTS

Proprietary fund financial statements include a Statement of Net Position, a Statement of Revenues, Expenses, and Changes in Fund Net Position, and a Statement of Cash Flows for each major proprietary fund and nonmajor funds aggregated.

Proprietary funds are accounted for using the “economic resources” measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included on the Statement of Net Position. The Statement of Revenues, Expenses, and Changes in Fund Net Position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned, while expenses are recognized in the period in which the liability is incurred.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as nonoperating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as nonoperating expenses.

REGIONAL OFFICE OF EDUCATION #17  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor have been met.

The governmental funds financial statements focus on the measurement of spending, or “financial flow,” and the determination of changes in financial position rather than upon net income determination. This means that generally only current assets and current liabilities are included on their balance sheets. The reported fund balance (net current assets) is considered a measure of “available spendable resources.” Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of available spendable resources during a period.

In applying the susceptible-to-accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended on a specific purpose or project before any amounts will be paid to the Regional Office of Education #17; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually recoverable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible-to-accrual criteria are met.

Under the terms of grant agreements, Regional Office of Education #17 funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted funding resources available to finance the program. It is Regional Office of Education #17’s policy to first apply restricted funds to such programs, and then unrestricted funds. For unrestricted funds, committed funds are used first, then assigned funds, then unassigned funds if any.

G. FUND ACCOUNTING

The Regional Office of Education #17 uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The Regional Office of Education #17 uses governmental, proprietary, and fiduciary funds.

GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions typically are reported. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. FUND ACCOUNTING (Continued)

GOVERNMENTAL FUNDS (Continued)

Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets (including deferred outflows) and liabilities (including deferred inflows) is reported as fund balance.

As prescribed by GASB Statement No. 34, governmental fund reporting focuses on the major funds, rather than on the fund type. There is a two-step process for determining if a fund should be reported as a major fund: (1) total assets (including deferred outflows), liabilities (including deferred inflows), revenues, or expenditures/expenses (excluding extraordinary items) of an individual fund are at least 10% of the corresponding total for the fund type, and (2) total assets (including deferred outflows), liabilities (including deferred inflows), revenues, or expenditures/expenses (excluding extraordinary items) of an individual fund are at least 5% of the corresponding total for the total of all governmental and proprietary funds combined. Funds that do not meet the major fund determination requirements are reported in aggregate as nonmajor funds. The Regional Office of Education #17 has presented all major funds that met the above qualifications.

The Regional Office of Education #17 reports the following major governmental funds:

General Fund – The General Fund is the operating fund of the Regional Office of Education #17. It is used to account for the expenditures that benefit all school districts in the Region except those required to be accounted for and reported in other funds. General Funds include the following:

Net investment in capital assets – Consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net position – Consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

Unrestricted net position – The net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

J. CASH AND CASH EQUIVALENTS

The DeWitt/Livingston/Logan/McLean Counties Regional Office of Education #17’s cash and cash equivalents are considered to be demand deposits and short-term investments. All interest income is recognized as revenue in the appropriate fund’s Statement of Revenues, Expenditures, and Changes in Fund Balances.

K. ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

L. CAPITAL ASSETS

Capital assets purchased or acquired with an original cost of \$500 or more and estimated useful lives of greater than three years are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Capital assets are depreciated using the straight-line method over 3-50 years.

M. DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES

Deferred Outflows of Resources – Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension expense and contributions from the employer after the measurement date but before the end of the employer’s reporting period.

Deferred Inflows of Resources – Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources are reported in the governmental fund financial statements as unavailable revenue and represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources consist of grant receivables not collected within sixty days after year end.

Deferred inflows of resources in the Statement of Net Position consist of the unamortized portion of the net difference between projected and actual earnings on pension plan investments.

N. COMPENSATED ABSENCES

Noncertified and certified employees who work 12 calendar months can earn up to 21 vacation days for a full year of service. No vacation time may be carried over to next year and will be lost if an employee does not use the time during the year. Therefore, the Regional Office of Education #17 did not accrue any vacation benefits for the current year. In the event that a program terminates, no vacation days will be honored past the ending date of the program. Certified employees who work less than 12 calendar months per year do not earn vacation days.

All investments are fully collateralized.

**CONCENTRATION OF CREDIT RISK**

Unless specifically authorized by the Treasurer, the Illinois Funds Money Market Fund's investment policy limits investment categories to not exceed 25% of the portfolio with the exception of cash equivalents and U.S. Treasury securities. Further, certificates of deposit cannot exceed 10% of any single financial institution's total deposits.

NOTE 3 – DEFINED BENEFIT PENSION PLAN

**IMRF Plan Description**

The Regional Office of Education #17's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The Regional Office of Education #17's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the following "Benefits Provided" section of this note. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at [www.imrf.org](http://www.imrf.org).

**Benefits Provided**

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

**Employees Covered by Benefit Terms**

As of December 31, 2016, the following employees were covered by the benefit terms:

	<b>IMRF</b>
Retirees and Beneficiaries currently receiving benefits	46
Inactive Plan Members entitled to but not yet receiving benefits	31
Active Plan Members	17
<b>Total</b>	<b>94</b>

**Contributions**

As set by statute, the Regional Office of Education #17's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The Regional Office of Education #17's annual contribution rate for calendar year 2016 was 15.21%. For the calendar year ended 2016, the Regional Office of Education #17 contributed \$131,042 to the plan. The Regional Office of Education #17 also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

**Net Pension Liability**

The Regional Office of Education #17's net pension liability was measured as of December 31, 2016. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

**Actuarial Assumptions**

The following are the methods and assumptions used to determine total pension liability at December 31, 2016:

- The **Actuarial Cost Method** used was Entry Age Normal.
- The **Asset Valuation Method** used was Market Value of Assets.
- The **Inflation Rate** was assumed to be 2.75%.
- **Salary Increases** were expected to be 3.75% to 14.50%, including inflation.
- The **Investment Rate of Return** was assumed to be 7.50%.
- **Projected Retirement Age** was from the Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2014 valuation according to an experience study from years 2011 to 2013.
- The IMRF-specific rates for **Mortality** (for non-disabled retirees) were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience.

REGIONAL OFFICE OF EDUCATION #17  
NOTES TO THE FINANCIAL STATEMENTS

NOTE 3 – DEFINED BENEFIT PENSION PLAN (Continued)

- For **Disabled Retirees**, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives.
- For **Active Members**, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF-specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.
- The **long-term expected rate of return** on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2016:

<u>Asset Class</u>	<u>Portfolio Target Percentage</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	38%	6.85%
International Equity	17%	6.75%
Fixed Income	27%	3.00%
Real Estate	8%	5.75%
Alternative Investments	9%	2.65-7.35%
Cash Equivalents	1%	2.25%
Total	100%	

**Single Discount Rate**

A Single Discount Rate of 7.50% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

NOTE 4 – TEACHERS’ RETIREMENT SYSTEM OF THE STATE OF ILLINOIS

The Regional Office of Education #17 participates in the Teachers’ Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor’s approval. The TRS Board of Trustees is responsible for the System’s administration.

TRS issues a publicly available financial report that can be obtained at <http://trs.illinois.gov/pubs/cafrs/fy2016>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 888-678-3675, option 2.

**Benefits provided**

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service. Disability and death benefits are also provided.

Tier II members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – TEACHERS’ RETIREMENT SYSTEM OF THE STATE OF ILLINOIS (Continued)

Essentially all Tier I retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member’s first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member’s first anniversary in retirement, whichever is later.

**Contributions**

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2016, was 9.4 percent of creditable earnings. On July 1, 2016, the rate dropped to 9.0 percent of pay due to the expiration of the Early Retirement Option (ERO). The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the Regional Office of Education #17.

**On-behalf contributions to TRS.** The State of Illinois makes employer pension contributions on behalf of the Regional Office of Education #17. For the year ended June 30, 2017, State of Illinois contributions recognized by the Regional Office of Education #17 were based on the State’s proportionate share of the collective net pension liability associated with the Regional Office of Education #17, and the Regional Office of Education #17 recognized revenue and expenditures of \$1,128,413 in pension contributions from the State of Illinois.

**2.2 formula contributions.** Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2017, were \$9,225, and are deferred because they were paid after the June 30, 2016, measurement date.

**Federal and special trust fund contributions.** When TRS members are paid from federal and special trust funds administered by the Regional Office of Education #17, there is a statutory requirement for the Regional Office of Education #17 to pay an employer pension contribution from those funds. Under a policy adopted by the TRS Board of Trustees that has been in effect since the fiscal year ended June 30, 2006, employer contributions for employees paid from federal and special trust funds will be the same as the State contribution rate to TRS. Public Act 98-0674 now requires the two rates to be the same.

For the year ended June 30, 2017, the employer pension contribution was 38.54 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2017, salaries totaling \$497,876 were paid from federal and special trust funds that required employer contributions of \$191,881. These contributions are deferred because they were paid after the June 30, 2016, measurement date.

NOTE 4 – TEACHERS’ RETIREMENT SYSTEM OF THE STATE OF ILLINOIS (Continued)

**Employer retirement cost contributions.** Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The Regional Office of Education #17 is required to make a one-time contribution to TRS for members retiring under the Early Retirement Option (ERO). The payments vary depending on the member’s age and salary. The maximum employer ERO contribution under the program that ended on June 30, 2016 is 146.5 percent and applies when the member is age 55 at retirement. For the year ended June 30, 2017, the Regional Office of Education #17 paid no employer ERO contributions for retirements that occurred before July 1, 2016.

The Regional Office of Education #17 is also required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree’s final average salary. A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2017, the Regional Office of Education #17 made no payments to TRS for employer contributions due on salary increases in excess of 6 percent and no payments for sick leave days granted in excess of the normal annual allotment.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2017, the Regional Office of Education #17 reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for State pension support provided to the employer. The State’s support and total are for disclosure purposes only. The amount recognized by the employer as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the employer were as follow:

Employers proportionate share of the net pension liability	\$ 1,252,760
State’s proportionate share of the net pension liability associated with the employer	<u>11,490,256</u>
<b>Total</b>	<b><u>\$12,743,016</u></b>

The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2015, and rolled forward to June 30, 2016. The Regional Office of Education #17’s proportion of the net pension liability was based on the employer’s share of contributions to TRS for the measurement year ended June 30, 2016, relative to the contributions of all participating TRS employers and the State during that period. At June 30, 2016, the Regional Office of Education #17’s proportion was .0015870566 percent, which was an increase of .0008628096 percent from its proportion measured as of June 30, 2015.

For the year ended June 30, 2017, the Regional Office of Education #17 recognized pension expense of \$297,335. At June 30, 2017, the Regional Office of Education #17 reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<b>Total</b>	<b><u>\$ 1,400,381</u></b>	<b><u>\$ 390,145</u></b>

\$201,106 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized by the Regional Office of Education #17 as a reduction of the net pension liabilities in the reporting year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

**Year ended June 30:**

2018	\$ 209,094

2020	217,987
2021	144,857
2022	28,098
	<b><u>\$ 809,130</u></b>

**Actuarial assumptions**

The total pension liability in the June 30, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

<b>Inflation</b>	2.50 percent
<b>Salary Increase</b>	varies by amount of service credit
<b>Investment rate of return</b>	7.00 percent, net of pension plan investment expense, including inflation

NOTE 4 – TEACHERS’ RETIREMENT SYSTEM OF THE STATE OF ILLINOIS (Continued)

Mortality rates were based on the RP-2014 White Collar Table with adjustments as appropriate for TRS experience. The rates are used on a fully-generational basis using projection table MP-2014.

For the June 30, 2016 valuation, the investment return assumption was lowered from 7.50 percent to 7.0 percent. Salary increase assumptions were lowered from their 2015 levels. Other assumptions were based on the 2015 experience analysis which increased retirement rates, improved mortality assumptions and made other changes.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. large cap	14.4 %	6.94 %
Global equity excluding U.S.	3.6	8.09
Aggregate bonds	14.4	7.46
U.S. TIPS	3.6	10.15
NCREIF	10.7	2.44
Opportunistic real estate	5.3	1.7
ARS	15	5.44
Risk parity	11	4.28
Diversified inflation strategy	8	4.16
Private equity	14	10.63
<b>Total</b>	<u>100 %</u>	

**Discount Rate**

At June 30, 2016, the discount rate used to measure the total pension liability was a blended rate of 6.83 percent, which was a change from the June 30, 2015 rate of 7.47 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and state contributions will be made at the current statutorily-required rates.

**NOTE 4 – TEACHERS’ RETIREMENT SYSTEM OF THE STATE OF ILLINOIS** (Concluded)

Based on those assumptions, TRS’s fiduciary net position at June 30, 2016 was not projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. Tier I’s liability is partially funded by Tier II members, as the Tier II member contribution is higher than the cost of Tier II benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. Despite the subsidy, all projected future payments were not covered, so a slightly lower long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

At June 30, 2015, the discount rate used to measure the total pension liability was 7.47 percent. The discount rate was lower than the actuarially-assumed rate of return on investments that year because TRS’s fiduciary net position and the subsidy provided by Tier II were not sufficient to cover all projected benefit payments.

**Sensitivity of the Regional Office of Education #17’s proportionate share of the net pension liability to changes in the discount rate**

The following presents the Regional Office of Education #17’s proportionate share of the net pension liability calculated using the discount rate of 6.83 percent, as well as what the employer’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.83 percent) or 1 percentage point higher (7.83 percent) than the current rate.

	1% Decrease (5.83%)	Current Discount Rate (6.83%)	1% Increase (7.83%)
Employer's proportionate share of the net pension liability	\$ 1,532,176	\$ 1,252,760	\$ 1,024,551

Detailed information about the TRS’s fiduciary net position as of June 30, 2016, is available in the separately issued TRS *Comprehensive Annual Financial Report*.

***Summary of Actuarial Methods and Assumptions Used in the Calculation of the 2016 Contribution Rate\****

**Valuation Date:**

Notes Actuarially determined contribution rates are calculated as of December 31 each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

**Methods and Assumptions Used to Determine 2016 Contribution Rates:**

*Actuarial Cost Method:* Aggregate entry age = normal  
*Amortization Method:* Level percentage of payroll, closed  
*Remaining Amortization Period:* 27-year closed period  
*Asset Valuation Method:* 5-year smoothed market; 20% corridor  
*Wage Growth:* 3.5%  
*Price Inflation:* 2.75%, approximate; no explicit price inflation assumption is used in this valuation.  
*Salary Increases:* 3.75% to 14.50%, including inflation  
*Investment Rate of Return:* 7.50%  
*Retirement Age:* Experience-based table of rates that are specific to the type of eligibility condition; last updated for the 2014 valuation pursuant to an experience study of the period 2011 to 2013.  
*Mortality:* RP-2014 Blue Collar Health Annuitant Mortality Table, adjusted to match current IMRF experience. For disabled lives, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (based year 2012). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

***Other Information:***

*Notes:* There were no benefit changes during the year.

\* Based on Valuation Assumptions used in the December 31, 2014, actuarial valuation; note two-year lag between valuation and rate setting.

REGIONAL OFFICE OF EDUCATION #17  
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
FOR THE YEAR ENDED JUNE 30, 2017

NOTE 1 – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the “Schedule”) includes the federal award activity of the DeWitt/Livingston/Logan/McLean Counties Regional Office of Education #17 under programs of the federal government for the year ended June 30, 2017. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the DeWitt/Livingston/Logan/McLean Counties Regional Office of Education #17, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the DeWitt/Livingston/Logan/McLean Counties Regional Office of Education #17.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior year. Regional Office of Education #17 has elected not to use the 10-percent de minimis indirect cost rate allowed under Uniform Guidance.
