INDEPENDENT AUDITORS' REPORT

Honorable Frank J. Mautino  
Auditor General  
State of Illinois

Report on the Financial Statements

As Special Assistant Auditors for the Auditor General, we have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20 as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the **auditors'** judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the **entity's** preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the **entity's** internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20, as of June 30, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Schedule of the Employer's Proportionate Share of the Net Pension Liability - Teacher's Retirement System of the State of Illinois, Schedule of Employer Contributions - Teacher's Retirement System of the State of Illinois, Schedule of Employer Contributions - Illinois Municipal Retirement Fund, Schedule of Changes in the Net Pension Liability (Asset) and Related Ratios - Illinois Municipal Retirement Fund, Schedule of Employer Contributions - Teacher's Health Insurance Security Fund, Schedule of the Employer's Proportionate Share of the Collective Net OPEB Liability - Teacher's Health Insurance Security Fund, Notes to Required Supplementary Information - Teacher's Health Insurance Security Fund, and Schedule of Changes in the Regional Office of Education's Total OPEB Liability and Related Ratios on pages 13a through 13f and 63 through 69 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with **management's** responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's basic financial statements. The combining schedules of accounts, the budgetary comparison schedules, and the combining fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining schedules of accounts, the budgetary comparison schedules, and the combining fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining schedules of accounts, the budgetary comparison schedules, and the combining fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 8, 2022, on our consideration of the Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's internal control over financial reporting and compliance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Frank J. Mautino  
Auditor General  
State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's basic financial statements, and have issued our report thereon dated February 8, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's internal control. Accordingly, we do not express an opinion on the effectiveness of Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying Schedule of Findings and Responses, we did identify certain deficiencies in internal controls that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the **entity's** financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying Schedule of Findings and Responses as item 2021-002 to be a material weakness.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying Schedule of Findings and Responses as item 2021-001 to be a significant deficiency.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's Responses to Findings

Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Responses. Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

FINDING NO. 2021-001 - Depreciation Schedule Errors

Criteria/specific requirement:

The *Regional Office of Education (ROE) Accounting Manual* notes that detailed records on capital assets should be carefully maintained for accounting purposes and for proper disclosure in financial reports. As such, due care should be taken to ensure beginning balances on depreciation schedules are accurate by agreeing them to the prior period's ending balances, and to ensure proper calculations of depreciation expense.

Condition:

During our testing of capital assets, we noted several errors on the depreciation schedules used for the reporting of capital assets and related depreciation expense for the year ended June 30, 2021.

We noted the following:

- A computer purchased in fiscal year 2020 was not depreciated during fiscal year 2020 in error and was caught up during fiscal year 2021. As a result, governmental activities depreciation expense was overstated by \$255 for the year ended June 30, 2021.
- The totals for original cost and accumulated depreciation on the Regional Safe Schools depreciation schedule were understated by \$5,188 due to formula errors on the spreadsheet.
- On the Safe Schools State Aid depreciation schedule, the beginning balance of accumulated depreciation for two assets was overstated by \$252 in total. On the same depreciation schedule, the depreciation expense for one asset was incorrectly calculated, and governmental activities depreciation expense was overstated by \$154.
- On the Truants Alternative General State Aid depreciation schedule, the beginning balance of accumulated depreciation for seven assets was understated by \$444 in total. On the same depreciation schedule, the depreciation expense for two assets was incorrectly calculated, and governmental activities depreciation expense was overstated by \$128.
- On the Business-Type Activities depreciation schedule, the beginning balance of accumulated depreciation for three assets was understated by \$2,542 in total. On the same depreciation schedule, the depreciation expense for ten assets was incorrectly calculated, and Business-Type Activities depreciation expense was understated by \$628.

SCHEDULE OF FINDINGS AND RESPONSES

For the Year Ended June 30, 2021

Section II - Financial Statement Findings (continued)

FINDING NO. 2021-001 - Depreciation Schedule Errors (Continued)

Effect:

Not properly maintaining depreciation schedules may result in inaccurate information on capital assets to be reported in the Regional Office of Education #20's financial statements.

Cause:

Regional Office personnel stated that the errors on the depreciation schedules occurred due to oversight during the review of the depreciation schedules.

Recommendation:

We recommend that the Regional Office conduct a thorough review of all beginning balances on their depreciation schedules to ensure they trace to the prior year's ending balances. In addition, the Regional Office should verify all calculations of current year depreciation expense and correct any formula errors on the spreadsheet used.

Management's Response:

The Regional Office of Education #20 agrees with the recommendation.

SCHEDULE OF FINDINGS AND RESPONSES

For the Year Ended June 30, 2021

Section II - Financial Statement Findings (continued)

FINDING NO. 2021-002 - Controls over Financial Statement Preparation

Criteria/specific requirement:

Effective June 25, 2021, Public Act 102-0025 allowed a Regional Office of Education or Educational Service Center to utilize a cash basis, modified cash basis, or generally accepted accounting principles (GAAP) basis of accounting to prepare the financial statements for audit. The Regional Office of Education #20 (ROE) has chosen to utilize the GAAP basis of accounting for financial statement reporting. The ROE is required to maintain a system of controls over the preparation of financial statements. The Regional Office's internal controls over GAAP financial reporting should include adequately trained personnel with the knowledge, skills, and experience to prepare GAAP based financial statements and include all disclosures as required by the Governmental Accounting Standards Board (GASB).

Condition:

While the Regional Office does have sufficient internal controls over most aspects of the financial reporting process, we noted the following deficiencies during our testing of the Regional Office's draft financial statements provided to us for the audit. Specifically, we noted the following:

- Eleven fund accounts reported an incorrect cash balance that did not agree to the Regional Office's accounting system. The errors ranged from \$3 to \$5,637 and resulted in a net understatement of cash by \$1,991.
- \$24,221 of amounts due from other governments were not recorded.
- \$41,927 of payments to other governments were misclassified and reported as purchased services.
- No changes were made from the prior year presentation for the implementation of Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*.

Effect:

The Regional **Office's** management or its employees, in the normal course of performing their assigned functions, may not prevent or detect financial statement misstatements and disclosure omissions in a timely manner.

Cause:

Regional Office management indicated the cash balances were misstated due to adjustments being recorded that should not have been recorded at all or should have been recorded to other accounts. Regional Office management indicated the understatement of amounts due from other governments was caused by oversight during the review process. Regional Office management also indicated the improper implementation of GASB Statement No. 84 was due to a misunderstanding of the changes required by the new standard.

FINDING NO. 2021-002 - Controls over Financial Statement Preparation (Continued)

Recommendation:

Regional Office management should perform a more detailed review of the draft financial statements to ensure balances are proper and in agreement with the Regional Office's accounting system. The Regional Office should consider additional training of personnel responsible for the preparation of the draft financial statements to ensure new accounting standards are properly implemented. Additionally, ROE management should consider Public Act 102-0025 to determine if changing to the cash or modified cash basis would be allowable or beneficial to the ROE and users of the ROE financial statements.

Management's Response:

The Regional Office of Education #20 agrees with the recommendation.

MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended June 30, 2021

The Regional Office of Education #20 (ROE #20) provides this Management's Discussion and Analysis (MD&A) of its financial statements. This narrative overview and analysis of the financial activities is for the year ended June 30, 2021. Readers are encouraged to consider the information in **conjunction with ROE #20's** financial statements that follow.

2021 Financial Highlights

- The General Fund revenues increased by \$41,361 (4.79%) from \$864,016 in fiscal year 2020 to \$905,377 in fiscal year 2021. Revenue increased mainly due to the receipt of increased General State Aid and on-behalf revenues. The General Fund expenditures decreased by \$46,161 (6.14%) from \$752,039 in fiscal year 2020 to \$705,878 in fiscal year 2021. The decrease was due to a decrease in expenditures on salaries and benefits. Still the General Fund reported a positive net change in fund balance of \$199,499 in fiscal year 2021 which was an increase of \$87,522 over fiscal year 2020. The primary difference was due to the increase in revenues and decrease in expenses in fiscal year 2021.
- The Special Revenue Fund revenues significantly increased by \$161,328 (18.41%) from \$876,126 in fiscal year 2020 to \$1,037,454 in fiscal year 2021. This increase was due to new federal funded programs starting in fiscal year 2021.
- Proprietary funds: the Harrisburg Project and Local Workshops revenues increased by \$11,109 (1.31%) from \$845,408 in fiscal year 2020 to \$856,517 in fiscal year 2021. Expenses decreased by \$27,114 (3.23%) in fiscal year 2021 with \$811,621 of expenses compared to \$838,735 of expenses in fiscal year 2020.

Using This Report

This report consists of a series of financial statements and other information as follows;

- ***Management's Discussion and Analysis*** introduces financial statements and provides an analytical overview of the ROE #20's financial activities.
- The *Government-wide financial statements* consist of a Statement of Net Position and a Statement of Activities. These provide information about the activities of the ROE as a whole and present an overview of the ROE #20's finances.
- *Fund financial statements* report how governmental services were financed in the short term as well as what **remains for future spending. Fund financial statements report ROE #20's operations in more detail than the** government-wide statements by providing information about the most significant funds.
- *Notes to the financial statements* provide additional information that is needed for a full understanding of the data provided in the basic financial statements.
- *Required supplementary information* further explains and supports the financial statements and supplementary information provides detailed information for each category of funds and about nonmajor funds.

Reporting the Regional Office as a Whole

The Statement of Net Position and Statement of Activities

Government-wide Financial Statements

The Government-wide financial statements report information about the ROE #20 as a whole. The Statement of Net Position includes all of the assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. All of the current year revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid using generally accepted accounting principles and GASB Statement No. 34.

The Government-wide financial statements report the ROE #20's **net position and how they have changed**. **Net Position**-the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources – is one way to measure the ROE #20's **financial health or position**.

- Over time, increases or decreases in the net position can be an indicator of whether financial position is improving or deteriorating, respectively.
- To assess the **ROE #20's** overall health, additional non-financial factors, such as new laws, rules, regulations, and actions by officials at the State level need to be considered.

Fund Financial Statements

The fund financial statements provide detailed information **about the ROE #20's funds**. Funds are accounting devices that allow the tracking of specific sources of funding and spending on particular programs. Some funds are required by State law. The ROE #20 established other funds to control and manage money for particular purposes.

The ROE #20 has three kinds of funds:

(1) Governmental funds account for those funds through which most governmental functions of the ROE #20 are financed. These focus on how cash and other financial assets that can be readily converted to cash flow in and out and the balances left at the year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer resources that can be spent in the near future to finance the ROE #20's **program**. **The required governmental fund** financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances.

(2) Proprietary Funds account for resources from fees charged directly to those entities or individuals that use its services. Proprietary fund statements provide both long-term and short-term financial information consistent with the focus provided by government-wide financial statements. The required proprietary funds financial statements include a Statement of Net Position, Statement of Revenues, Expenses, and Changes in Fund Net Position, and a Statement of Cash Flows.

(3) Fiduciary Funds are used to account for resources held by the ROE #20 in a trust capacity or as an agent for the individuals and private or governmental organizations. These funds are custodial in nature (assets equal liabilities). The required fiduciary fund financial statements include a Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position.

Government-Wide Financial Analysis

As noted earlier, net position may serve, when examined over time, as one indicator of the financial position of the ROE #20. The net position at the end of fiscal year 2021 and fiscal year 2020 totaled \$435,338 and \$(88,586), respectively. The analysis that follows provides a summary of the ROE #20's net position as of June 30, 2021 and 2020.

on-behalf payments. Expenditures decreased by \$227,622 from the prior-year due to a significant decrease in net pension liability.

Business-Type Activities

Revenues for the business activities were \$856,517 and expenses were \$811,621. The increase in revenue was due to an increase in revenue for the Harrisburg Project. The decrease in expenses was primarily due to increases in expenditures for capital assets which will be expensed over their useful lives.

**Financial Analysis of The ROE #20's Funds**

As previously noted, the ROE #20 uses fund accounting to ensure and demonstrate compliance with finance-related legal requirement. The ROE #20's **Governmental Funds reported combined fund** balances totaling to \$919,242.

Governmental Fund Highlights

Combined federal and state source revenues of the ROE #20 increased by \$149,928 in the year ended June 30, 2021. The increase was primarily a result of increased state and federal funding.

Proprietary Fund Highlights

Total proprietary fund net position increased by \$44,896 due to increased funding of the Harrisburg Project Fund which offset a decrease in Local Workshops revenue as a result of the continued pandemic.

Budgetary Highlights

The ROE #20 annually adopts budgets for several funds. The ROE #20 acts as the administrative agent for certain grant programs that are accounted for in the Education Fund. Certain programs have separate budgets and are required to report to the Illinois State Board of Education or other granting authority; however, none of the annual budgets have been legally adopted, nor are they required to do so. Certain programs within the Education Fund do not have separate budgets.

Comparisons of budgeted and actual results for the following programs are presented as supplementary information: ROE/ISC General Operations, Federal Special Education - Preschool Discretionary, Truants Alternative/Optional Education, Regional Safe Schools, Pilot Regional Safe School Cooperative Education Program, Digital Equity, Title II - Teacher Quality - Leadership Grant, and McKinney-Vento Education for Homeless Children and Youth.

Capital Assets

As of June 30, 2021, the ROE #20's **capital assets** include office equipment, computers, audio-visual equipment, and building improvements. The ROE #20 maintains an inventory of capital assets that have been accumulated over time. Several new computer capital assets were added in the year ended June 30, 2021 totaling \$14,138 for governmental capital assets and \$101,047 for proprietary capital assets. The depreciation expense for governmental funds was \$3,551 in fiscal year 2021 and the proprietary fund depreciation expense was \$13,375.

NOTES TO FINANCIAL STATEMENTS

For the Year Ended June 30, 2021

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties Regional Office of Education #20 was formed under the provisions of the State of Illinois, Illinois State Board of Education.

This summary of significant accounting policies of the Regional Office of Education #20 is presented to assist in understanding the Regional Office of Education #20's financial statements. The financial statements and notes are representations of the Regional Office of Education #20's management who is responsible for the integrity and objectivity of the financial statements. The Illinois Administrative Code, Title 23 - Subtitle A, Chapter 1, Section 110.115a, requires each Regional Office of Education to prepare annual financial statements in conformity with accounting principles generally accepted in the United States of America. These principles have been consistently applied in the preparation of the financial statements.

FINANCIAL REPORTING ENTITY

The Regional Office of Education #20 operates under the School Code (Articles 5/3 and 5/3A of Illinois Compiled Statutes, Chapter 105). The Regional Superintendent of Schools (Regional Superintendent) serves as chief administrative officer of the Regional Office of Education #20 and is elected pursuant to Article 3, Illinois Compiled Statutes, Chapter 105.

The Regional Superintendent is charged with the responsibility to serve as the official advisor and assistant of school officers and teachers; to conduct teachers institutes as well as to aid and encourage the formation of other **teachers'** meetings and assist in their management; to evaluate the schools in the region; examine evidence of indebtedness; to file and keep the returns of elections required to be returned to the Regional **Superintendent's** office; and file and keep the reports and statements returned by school treasurers and trustees.

The Regional Superintendent is also charged with the responsibilities of conducting a special census, when required; providing notice of money distributed to treasurers, board presidents, clerks, and secretaries of the school districts on or before each September 30; maintenance of a map and numbering of the Regional Office of Education #20's districts; providing township treasurers with a list of district treasurers; to inspect and approve building plans which comply with State law; to perform and report on annual building inspections; investigate bus drivers for valid bus driver permits and take related action as may be required; to maintain a list of unfilled teaching positions and to carry out other related duties required or permitted by law.

The Regional Superintendent is responsible for inspection and approval or rejection of school **treasurer's** bonds. The Regional Superintendent is also required to provide the State Board of Education with an affidavit showing that the treasurers of school districts under his control are properly bonded.

The Regional Superintendent is also responsible for apportionment and payment of funds received from the State for the districts in the Regional Office of Education #20, or see that no payments are made unless the treasurer has filed or renewed appropriate bond and that the district has certified publication of the annual financial report. The Regional Superintendent is required to provide opinions and advice related to controversies under school law.

FINANCIAL REPORTING ENTITY (Continued)

For the period ended June 30, 2021, the Regional Office of Education #20 applied for, received, and administered numerous State and federal programs and grants in assistance and support of the educational activities of the school districts in Edwards, Gallatin, Hamilton, Hardin, Pope, Saline, Wabash, Wayne, and White Counties. Such activities are reported as a single special revenue fund (Education Fund).

SCOPE OF THE REPORTING ENTITY

The Regional Office of Education #20's reporting entity includes all related organizations for which they exercise oversight responsibility.

The Regional Office of Education #20 has developed criteria to determine whether outside agencies with activities which benefit the citizens of the Regional Office of Education #20, including districts or joint agreements which serve pupils from numerous regions, should be included in its financial reporting entity. The criteria include, but are not limited to, whether the Regional Office of Education #20 exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

The districts and joint agreements have been determined not to be a part of the reporting entity after applying the manifesting of oversight, scope of public service, and special financing relationships criteria and are therefore excluded from the accompanying financial statements because the Regional Office of Education #20 does not control the assets, operations, or management of the districts or joint agreements. In addition, the Regional Office of Education #20 is not aware of any entity, which would exercise such oversight as to result in the Regional Office of Education #20 being considered a component unit of the entity.

NEW ACCOUNTING PRONOUNCEMENTS

For the year ended June 30, 2021, the Regional Office of Education #20 implemented Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*, GASB Statement No. 90, *Majority Equity Interests – an amendment of GASB Statements No. 14 and No. 61*, and GASB Statement No. 93, *Replacement of Interbank Offered Rates*. The implementation of GASB Statement No. 84 established criteria for identifying fiduciary activities and provided guidance on reporting fiduciary activities. This Statement changed the Regional Office's reporting of fiduciary activities and presentation of fiduciary fund financial statements. The implementation of GASB Statement No. 90, *Major Equity Interests – an amendment of GASB Statements No. 14 and No. 61*, and GASB Statement No. 93, *Replacement of Interbank Offered Rates* had no significant impact on the Regional Office of Education #20's financial statements.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of the Regional Office of Education #20's activities with most of the interfund activities removed. Governmental activities include programs supported primarily by State and federal grants and other intergovernmental revenues. The Regional Office of Education #20 has two business-type activities that rely on fees and charges for support.

The Regional Office of Education #20's government-wide financial statements include a Statement of Net Position and a Statement of Activities. These statements present a summary of governmental and business-type activities for the Regional Office of Education #20 accompanied by a total column. These statements are presented on an "economic resources" measurement focus as prescribed by GASB Statement No. 34. All of the Regional Office of Education #20's assets and deferred outflows of resources and liabilities and deferred inflows of resources, including capital assets, are included in the accompanying Statement of Net Position.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges for services and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental and proprietary funds are reported as separate columns in the fund financial statements.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, such as, payables, receivables and transfers. Interfund activities between governmental funds and proprietary funds appear as due to/due from on the Governmental Fund Balance Sheet and Proprietary Fund Statement of Net Position and as other resources and other uses on the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances and on the Proprietary Fund Statement of Revenues, Expenses and Changes in Fund Net Position.

All interfund transactions between governmental funds are eliminated on the government-wide financial statements. Interfund activities between governmental funds and business-type funds remain as due to/due from on the government-wide financial statements.

All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities.

The purpose of interfund borrowing and permanent transfers is to cover temporary or permanent short falls in cash flow within grant programs and funds.

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

GOVERNMENTAL FUND FINANCIAL STATEMENTS

Governmental Fund Financial Statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and nonmajor funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements and the net position and changes in net position presented in the government-wide financial statements.

The governmental fund financial statements have been prepared in accordance with generally accepted accounting principles on the modified accrual basis. Under modified accrual basis of accounting, revenues are recorded when susceptible to accrual i.e., both measurable and available. Revenue is considered to be available when they are collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Revenue received more than 60 days after the end of the current period is deferred in the governmental fund financial statements but is recognized as current revenue in the government-wide financial statements. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for prepaid expenses and other long-term obligations, which are recognized when paid.

Revenue received after the Regional Office's availability period are reported as deferred inflows of resources in the fund financial statements but are recognized as current revenue in the government-wide financial statements.

PROPRIETARY FUND FINANCIAL STATEMENTS

Proprietary fund financial statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position, and a Statement of Cash Flows for each major proprietary fund and nonmajor funds aggregated.

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The government-wide financial statements are reported using the "economic resources" measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor have been met.

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2021

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (Continued)

The governmental funds financial statements focus on the measurement of spending or "financial flow" and the determination of changes in financial position, rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current position) is considered a measure of "available spendable resources." Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current position. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the Regional Office of Education #20; therefore, revenues are considered to be earned to the extent of expenditures made under the provisions of the grant. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually recoverable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria are met.

Under the terms of grant agreements, Regional Office of Education #20 funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted resources available to finance the program. It is Regional Office of Education #20's policy to first apply restricted funds to such programs, then unrestricted. For unrestricted funds, committed funds are used first, then assigned funds, then unassigned, if any.

FUND ACCOUNTING

The Regional Office of Education #20 uses funds to maintain its financial records during the year. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balances, revenues, and expenditures or expenses, as appropriate. The Regional Office of Education #20 uses governmental, proprietary, and fiduciary funds.

GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions of the Regional Office of Education #20 are typically reported. Governmental funds reporting focuses on the sources, uses and balances of current financial resources. Expendable assets and deferred outflows of resources are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities and deferred inflows of resources are assigned to the fund from which they will be paid. The difference between governmental fund assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is reported as a fund balance.

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

GOVERNMENTAL FUNDS (Continued)

As prescribed by GASB Statement No. 34, governmental and proprietary fund reporting focuses on the major funds, rather than on the fund type. There is a two-step process for determining if a fund should be reported as a major fund: 1) total assets plus deferred outflows of resources, liabilities plus deferred inflows of resources, revenues, or expenditures/expenses (excluding extraordinary items) of an individual fund are at least 10% of the corresponding total for the fund type, and 2) total assets plus deferred outflows of resources, liabilities plus deferred inflows of resources, revenues, or expenditures/expenses (excluding extraordinary items) of an individual fund are at least 5% of the corresponding total for the total of all governmental and proprietary funds combined. Funds that do not meet the major fund determination requirements are reported in aggregate as nonmajor funds. The Regional Office of Education #20 has presented all major funds that met the above qualifications.

The Regional Office of Education #20 reports the following major governmental funds:

General Fund - The General Fund is the operating fund of the Regional Office of Education #20. It is used to account for all financial resources in the Region except those required to be accounted and reported for in another fund. The following accounts are included in the General Fund:

General Budget – This fund is used for the general operation of the Regional Office and to cover expenses that are not paid for by other funds.

Truants Alternative General State Aid – These funds are used to account for the administration of monies to be used for the General State Aid Program.

Safe Schools State Aid – To account for General State Aid received from the Illinois State Board of Education based on the average daily attendance at the Safe School.

Special Revenue Funds – Special Revenue Funds are used to account for and report the proceeds of specific revenue sources (other than fiduciary and major capital projects) that are restricted to expenditures for specified purposes.

Major special revenue funds include the following:

Education Fund – This fund is used to account for and report the proceeds of specific revenue sources that are restricted by grant agreements or contracts to expenditures for specified purposes supporting education enhancement programs as follows:

ROE/ISC General Operations – This fund accounts for grant monies received and expended for general and administrative expenses.

Federal Special Education – Pre-School Discretionary – This fund is used to account for the monies received from the State (federal dollars) to promote increasing public awareness of the availability of services and locating, identifying and evaluating children suspected of having disabilities.

GOVERNMENTAL FUNDS (Continued)

Truants Alternative/Optional Education – This fund accounts for the proceeds from State grants expended under a program to reduce student truancy.

Regional Safe Schools – This fund is used to account for the monies received from the State. The program concentrates on the education of students who have been expelled from the school districts served by the Regional Office of Education #20.

Pilot Regional Safe School Cooperative Education Program – This program is used to account for grant monies received for, and payment of expenditures related to providing suspended or expelled youth at the Regional Safe School with alternative cooperative education including classroom work and experience in the private sector.

Digital Equity Fund – This fund was established in FY21 to provide computer and other services to support online learning which was required as a result of the COVID-19 pandemic.

Title II - Teacher Quality - Leadership Grant – To account for monies passed through to the Professional Development Alliance.

Rural Education Achievement Program - This fund is used to account for the monies received from the US Department of Education, (Part A of Title IV) of the Elementary and Secondary Education Act (ESEA) to carry out activities of enrichment, and to partially pay for the expense of a school counselor at an alternative school.

McKinney-Vento Education For Homeless Children and Youth – This fund is used to account for the monies received from the State (federal dollars) for assisting school districts in identifying and providing assistance to at-risk students.

National and State School Breakfast and Lunch – This program is used to account for State and federal grant monies received for, and payment of, expenditures to provide breakfast and lunch to students enrolled at the Regional Safe School Program.

Elementary and Secondary Emergency Relief 2 – This fund was established and named the COVID-19 Fund in FY20 and was to account for revenue received and expenditures associated with the purchasing of personal protective equipment (PPE) and supplies associated with the current pandemic. This fund was renamed in FY21 but its purpose remains the same as when it was established.

Institute Fund – This fund accounts for fees from registrations. These funds are used to help pay certain administrative expenses incurred to conduct workshops and for general meetings with teachers and other school personnel. All funds generated remain restricted until expended only on the aforementioned activities.

GOVERNMENTAL FUNDS (Continued)

Additionally, the Regional Office of Education #20 reports the following nonmajor special revenue funds:

Bus Driver/Transportation – This fund accounts for State and local receipts and expenses as a result of training school district bus drivers.

General Education Development – To account for the Regional Office of **Education's** administration of the GED Testing Program. Revenues are received from testing and diploma fees.

PROPRIETARY FUNDS

Proprietary funds account for revenues and expenses related to services provided to organizations within the region on a cost-reimbursement basis. Enterprise funds are proprietary funds that are financed and operated in a manner similar to private business enterprises, where the intent is that the costs of providing goods or services to external entities or the general public on a continuing basis should be financed or recovered primarily through user charges. The Regional office of Education #20 reports the following major enterprise fund:

Harrisburg Project – This fund is used to account for the contract that creates and maintains computer software and provides an electronic exchange of data for the school districts with other entities.

The Regional Office of Education #20 reports the following nonmajor enterprise fund:

Local Workshops – To account for the fees and local revenues received and related disbursements incurred while performing the corresponding program services. This fund also accounts for revenues and expenditures associated with fingerprinting conducted by the Regional Office.

FIDUCIARY FUNDS

Custodial Fund - Custodial funds are used to report fiduciary activities that are not required to be reported in another fiduciary fund type. The custodial funds are as follows:

School Facility Occupation Tax – This fund receives monies from the State Comptroller for the School Facilities Occupation Tax for Edwards, Hamilton, Hardin, Saline, White, and Wabash County school districts. The monies are then forwarded directly to the school districts. The Regional Office of Education #20 has agreements with all entities that receive distributions from this fund to keep all accumulated interest.

Ohio and Wabash Valley Regional Vocational System – This fund receives money for the Ohio and Wabash Valley Regional Vocational System. The Regional Office acts as the fiscal agent and distributes the monies upon receipt.

GOVERNMENTAL FUND BALANCES

Fund Balance is the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources in a governmental fund. The following types of fund balances may be presented in the Governmental Funds Balance Sheet and Governmental Funds Combining Schedule of Accounts:

Nonspendable Fund Balance - the portion of a Governmental Fund's fund balance that are not available to be spent, either short term or long term in either form or through legal restrictions. The Regional Office of Education #20 has no nonspendable fund balances.

Restricted Fund Balance - the portion of a Governmental Fund's fund balance that are subject to external enforceable legal restrictions. The National and State School Breakfast and Lunch account's fund balance is restricted by grant agreement or contract. The following accounts' fund balances are restricted by Illinois statute: Institute Fund and Bus Driver/Transportation.

Committed Fund Balance - the portion of a Governmental Fund's fund balance with self-imposed constraints or limitations that have been placed at the highest level of decision making. The Regional Office of Education #20 has no committed fund balances.

Assigned Fund Balance - the portion of a Governmental Fund's fund balance to denote an intended use of resources. The accounts presented with assigned fund balances are specified for a particular purpose by the Regional Superintendent. The following accounts' fund balances are assigned: Truants Alternative General State Aid and Safe Schools State Aid.

Unassigned Fund Balance - available expendable financial resources in a governmental fund that are not designated for a specific purpose. The following accounts' fund balances are unassigned: General Budget and General Education Development.

NET POSITION

Equity is classified as net position and displayed in three components:

Net investment in capital assets - Consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net position - Consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

Unrestricted net position - The net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

The governmental activities column on the statement of net position reports a restricted amount of \$644,103 of which \$634,954 is restricted by enabling legislation.

BUDGET INFORMATION

The Regional Office of Education #20 acts as the administrative agent for certain grant programs that are accounted for in the Education Fund. Certain programs have separate budgets and are required to report to the Illinois State Board of Education or other granting authority; however, none of the annual budgets have been legally adopted, nor are they required to do so. Certain programs within the Education Fund do not have separate budgets.

Comparisons of budgeted and actual results for the following programs are presented as supplementary information: ROE/ISC General Operations, Federal Special Education - Pre-School Discretionary, Truants Alternative/Optional Education, Regional Safe Schools, Pilot Regional Safe School Cooperative Education Program, Digital Equity, Title II - Teacher Quality - Leadership Grant, and McKinney-Vento Education for Homeless Children and Youth.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents consists of cash on deposit. The Regional Office of Education #20 considers all liquid investments with a maturity of three months or less when purchased to be cash equivalents. Investments with original maturities of more than three months are reported as investments.

INVENTORY

Inventory is not recorded. The cost is recorded as an expenditure at the time individual inventory items are purchased.

CAPITAL ASSETS

Capital assets purchased or acquired with an original cost of \$500 or more and estimated useful lives of greater than one year are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Computer Equipment	3 - 5 years
Office Equipment and Furniture	5 - 10 years
Building Improvements	10 - 20 years

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

For purposes of measuring the Regional Office of Education #20's OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Regional Office of Education #20's OPEB Plan and additions to/deductions from the Regional Office of Education #20's fiduciary net position have been determined on the same basis as they are reported by the Regional Office of Education #20's Plan. For this purpose, the Regional Office of Education #20's Plan recognizes benefit payments when due and payable in accordance with the benefit terms. The Regional Office of Education #20's OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense for the Regional Office of Education #20's single-employer defined benefit OPEB plan have been actuarially determined using the Alternative Measurement Method.

COMPENSATED ABSENCES

Employees of the Regional Office of Education #20 are permitted to accumulate earned but unused vacation benefits. Accumulated unused vacation benefits are accrued as incurred in the government-wide financial statements. Governmental funds record accumulated unused vacation benefits payable only when due for payment, such as an employee retires or resigns. Accrued but unused vacation time in the amount of \$9,191 is included on the government-wide financial statements at June 30, 2021 which is a decrease of \$2,308 from the June 30, 2020 balance of \$11,499. During the year ended June 30, 2021, Regional Office of Education #20 employees earned \$48,505 and used or forfeited \$50,813 of vacation benefits. The entire balance of the Regional Office of Education #20 compensated absences liability is reported as long-term in the governmental activities column of the Statement of Net Position.

Sick leave accumulates as far as time available but is not reimbursable to employees upon termination. Therefore, no accruals or reserves have been established.

ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

UNEARNED REVENUE

The Regional Office of Education #20 reports unearned revenue in the governmental fund Balance Sheet. Unearned revenue arises when grant funds are received in advance of expenditure.

REVENUE FROM FEDERAL AND STATE GRANTS

Revenues from federal and State grant awards are recorded net of the amount due to the State or federal agency for unused portion of the grant or the amount carried over to the following fiscal year project. Amounts due to the State or federal agency are carried over to the following year project and are recorded as liabilities.

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

GASB Statement No. 65 reclassified as deferred outflows of resources or deferred inflows of resources certain items that were previously reported as assets and liabilities. Decreases in net position or fund balances that relate to future periods are reported as deferred outflows of resources. Increases in net position or fund balances that relate to future periods are reported as deferred inflows of resources. When an asset is recorded in the governmental fund financial statements but the revenue is not available, the Regional Office reports a deferred inflow of resources until such time as the revenue becomes available. *Available* means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Revenues are not available if they are received more than 60 days after the end of the fiscal year.

2 DEPOSITS AND INVESTMENTS

The Illinois Compiled Statutes authorize the Regional Office of Education #20 to make deposits and invest in U.S. Government, State of Illinois and municipal securities, certificates of deposit or time savings deposits insured by the FDIC, mortgage notes, bonds, or debentures issued by the Federal Housing Administration, bonds and other obligations of the Federal National Mortgage Association, commercial paper rated within the three highest classifications by at least two standard rating services, credit union shares, and the Illinois Public **Treasurer's** Investment Pool.

BANK DEPOSITS

At June 30, 2021, the carrying amount of the Regional Office of Education **#20's** government-wide and fiduciary fund deposits were \$1,034,546 and \$545,633 respectively. The government-wide and fiduciary fund bank balances were \$1,284,379 and \$545,633, respectively. Of the total bank balances as of June 30, 2021, \$1,720,429 was secured by federal depository insurance and \$109,583 was invested in Illinois Funds Money Market Fund.

CUSTODIAL CREDIT RISK

Custodial credit risk for deposits with financial institutions is the risk that, in the event of bank failure, the **ROE's** deposits may not be returned to it.

To guard against custodial credit risk for deposits with financial institutions, the Regional Office of Education **#20's** investment policy requires that deposits with financial institutions in excess of FDIC limits be secured by some form of collateral, by a written agreement, and held at an independent, third-party institution in the name of the Regional Office of Education #20.

2 DEPOSITS AND INVESTMENTS (Continued)

INVESTMENTS

The Regional Office of Education #20 does not have a formal investment policy, as its only investments are internally pooled in the Illinois Funds Money Market Fund. At June 30, 2021, the Regional Office of Education #20 had investments with carrying and fair values of \$109,583 invested in the Illinois Funds Money Market Fund. This amount is included in cash and cash equivalents in the financial statements.

CREDIT RISK

At June 30, 2021, the Illinois Funds Money Market Fund had a Standard and **Poor's** AAA rating. The pool is audited annually by an outside independent auditor and copies of the report are distributed to participants. Although not subject to direct regulatory oversight, the fund is administered by the Illinois State Treasurer in accordance with the provision of the Illinois Public Funds Investment Act, 30 ILCS 235. All investments are fully collateralized.

INTEREST RATE RISK

The Illinois Funds Money Market Fund, created by the Illinois General Assembly, enables custodians of public funds an investment option with a competitive rate of return on fully collateralized investments and immediate access to the funds. The investment policy of the Illinois Funds Money Market Funds states that, unless authorized specifically by the Treasurer, a minimum of 75% of its investments shall have less than one-year maturity and no investment shall exceed two years maturity.

CONCENTRATION OF CREDIT RISK

Unless specifically authorized by the Treasurer, the Illinois Funds Money Market **Fund's** investment policy limits investment categories to not exceed 25% of the portfolio with the exception of cash equivalents and U.S. Treasury **securities. Further certificates of deposit cannot exceed 10% of any single financial institution's total deposits.**

3 CAPITAL ASSETS

In accordance with GASB Statement No. 34, the Regional Office of Education #20 has reported capital assets in the government-wide Statement of Net Position. Purchases are reported as capital outlay in the governmental fund statements. Purchases are capitalized when purchased for business-type activities. The following table provides a summary of changes in capital assets, accumulated depreciation, and investment in capital assets for the year ended June 30, 2021:

4 DEFINED BENEFIT PENSION PLAN - ILLINOIS MUNICIPAL RETIREMENT FUND

IMRF PLAN DESCRIPTION

The Regional Office of Education #20's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The Regional Office of Education #20's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this note. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Annual Comprehensive Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at [www.imrf.org](http://www.imrf.org).

BENEFITS PROVIDED

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

EMPLOYEES COVERED BY BENEFIT TERMS

As of December 31, 2020, the following employees were covered by the benefit terms:

	<u>IMRF</u>
Retirees and Beneficiaries currently receiving benefits	27
Inactive Plan Members entitled to but not yet receiving benefits	29
Active Plan Members	<u>17</u>
Total	<u><u>73</u></u>

CONTRIBUTIONS

As set by statute, the Regional Office of Education #20's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The Regional Office of Education #20's annual contribution rate for calendar year 2020 was 14.22%. For the fiscal year ended June 30, 2021, the Regional Office of Education #20 contributed \$119,545 to the plan. The Regional Office of Education #20 also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

NET PENSION LIABILITY (ASSET)

The Regional Office of Education #20's net pension liability (asset) was measured as of December 31, 2020. The total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date.

ACTUARIAL ASSUMPTIONS

The following are the methods and assumptions used to determine total pension liability at December 31, 2020:

- The Actuarial Cost Method used was Entry Age Normal.
- The Asset Valuation Method used was Market Value of Assets.
- The Inflation Rate was assumed to be 2.25%.
- Salary Increases were expected to be 2.85% to 13.75%, including inflation.
- The Investment Rate of Return was assumed to be 7.25%.
- Projected Retirement Age was from the Experience-based Table of Rates, that are specific to the type of eligibility condition, last updated for the 2020 valuation pursuant to an experience study from years 2017 to 2019.

ACTUARIAL ASSUMPTIONS (Continued)

- For Non-Disabled Retirees, the Pub-2010, Amount Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020.

- For Active Members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.
- The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2020:

Asset Class	Portfolio Target Percentage	Long-Term Expected Real Rate of Return
Equities	37%	5.00%

SINGLE DISCOUNT RATE

A Single Discount Rate of 7.25% was used to measure the total pension liability (asset) as of December 31, 2020. **The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate.** The Single Discount Rate reflects:

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 2.00%, and the resulting single discount rate is 7.25%.

5 TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS

The Regional Office of Education #20 participates in the **Teachers'** Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <http://www.trsil.org/financial/cafrs/fy2020>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling 888-678-3675, option 2.

BENEFITS PROVIDED

TRS provides retirement, disability, and death benefits. Tier 1 members have TRS or reciprocal system services prior to January 1, 2011. Tier 1 members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

REGIONAL OFFICE OF EDUCATION #20

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2021

5 TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS (Continued)

BENEFITS PROVIDED (Continued)

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different from Tier 1.

Essentially all Tier 1 retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2024. One program allows retiring Tier 1 members to receive a partial lumpsum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and are funded by bonds issued by the state of Illinois.

CONTRIBUTIONS

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2020 was 9.0 percent of creditable earnings.

The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the Regional Office of Education #20.

ON BEHALF CONTRIBUTIONS TO TRS

The State of Illinois makes employer pension contributions on behalf of the Regional Office of Education #20. For the year ended June 30, 2021, the State of Illinois contributions recognized by the Regional Office of Education #20 were based on the State's proportionate share of collective net pension liability associated with the Regional Office of Education #20, and the Regional Office of Education #20 recognized revenue and expenditures of \$338,756 in pension contributions from the State of Illinois.

2.2 FORMULA CONTRIBUTIONS

Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ending June 30, 2021 were \$2,165 and are deferred because they were paid after the June 30, 2020 measurement date.

FEDERAL AND SPECIAL TRUST FUND CONTRIBUTIONS

When TRS members are paid from federal and special trust funds administered by the Regional Office of Education #20, there is a statutory requirement for the Regional Office of Education #20 to pay an employer pension contribution from those funds. Under Public Act 100-340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2021, the employer pension contribution was 10.41 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2021, no salaries were paid from federal and special trust funds. Therefore, there were no required employer contributions.

EMPLOYER RETIREMENT COST CONTRIBUTIONS

Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The Regional Office of Education #20 is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2021, the Regional Office of Education #20 made no payments to TRS for employer contributions due on salary increases in excess of 6 percent and for sick leave days granted in excess of the normal annual allotment.

PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS

At June 30, 2020, the Regional Office of Education #20 reported a liability for its proportionate share of the net pension liability (first amount shown on next page) that reflected a reduction for State pension support provided to the employer. The State's support and total are for disclosure purposes only. The amount recognized by the employer as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the employer were as follows:

The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019, and rolled forward to June 30, 2020. The Regional Office of Education #20's proportion of the net pension liability was based on the Regional Office of Education #20's share of contributions to TRS for the measurement year ended June 30, 2020, relative to the contributions of all participating TRS employers and the State during that period. At June 30, 2020, the Regional Office of Education #20's proportion was 0.0000471031 percent, which was an increase of 0.000007461 percent from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the Regional Office of Education #20 recognized pension expense of \$338,756 and revenue of \$338,756 for support provided by the State.

For the year ended June 30, 2021, the Regional Office of Education #20 recognized pension expense of \$10,125. At June 30, 2021, the Regional Office of Education #20 reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 394	\$ 11
Net difference between projected and actual investment earnings on pension plan investments	1,213	-

\$2,165 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized by the Regional Office of Education #20 as a reduction of their net pension liabilities in the reporting year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

ACTUARIAL ASSUMPTIONS

The total pension liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation:	2.50 percent
Salary increase:	Varies by amount of service credit
Investment rate of return:	7.00 percent, net of pension plan investment expense, including inflation

In the June 30, 2020 actuarial valuation, mortality rates were based on the RP-2014 White Collar Table with adjustments as appropriate for TRS experience. The rates are used on a fully-generational basis using projection table MP-2017. In the June 30, 2019 actuarial valuation, mortality rates were also based on the RP-2014 White Collar Table with appropriate adjustments for TRS experience. The rates were used on a fully generational basis using projection table MP-2014.

The long-term (20-year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

DISCOUNT RATE

At June 30, 2020, the discount rate used to measure the total pension liability was 7.0 percent, which was the same as the June 30, 2019 rate. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and state contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2020 was projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. Tier 1's liability is partially funded by Tier 2 members, as the Tier 2 member contribution is higher than the cost of Tier 2 benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

SENSITIVITY OF THE REGIONAL OFFICE OF EDUCATION #20'S PROPORTIONATE SHARE OF THE NET PENSION LIABILITY TO CHANGES IN THE DISCOUNT RATE

The following presents the Regional Office of Education #20's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the employer's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate.

7 DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

Deferred Outflows of Resources – Deferred outflows of resources in the Statement of Net Position represent a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension and OPEB expense and contributions from the employer after the measurement date but before the end of the employer's reporting period.

Deferred Inflows of Resources – Deferred inflows of resources in the Governmental Funds Balance Sheet represent an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year.

7 DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES (Continued)

Deferred inflows of resources are reported in the governmental fund financial statements as unavailable revenue and represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources consist of grant receivables not collected within sixty days after year end.

Deferred inflows of resources in the Statement of Net Position consist of the unamortized portion of components of the net pension liability and OPEB liabilities that will reduce pension and OPEB expense in future years.

8 RISK MANAGEMENT

The Regional Office of Education #20 is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Regional Office of Education #20 has purchased commercial insurance to cover these risks. No losses have been incurred in excess of the amounts covered by insurance over the past three years.

9 OPERATING LEASES

The Regional Office of Education #20 leases its office facilities. The lease term is from August 1, 2017 to July 31, 2021 with monthly rental payments of \$2,410 under the lease. In January 2021, the lease term was extended from August 1, 2021 to July 31, 2025 with monthly rental payments of \$2,600. The Regional Office of Education #20 is responsible for all utility bills and trash removal.

The Regional Office of Education #20 leases a postage machine with a lease term from July 1, 2017 through June 30, 2022. The quarterly rental payments are \$147 under the lease.

The Regional Office of Education #20 leases office space for an Alternative School in Norris City, Illinois. This is a month to month lease with monthly rental payments for telephone, utilities, and custodial supplies.

During the year ended June 30, 2021, rentals under lease obligations were \$31,596.

Future minimum rentals expense is as follows:

<u>Years Ending June 30, 2021</u>

12 TEACHER'S HEALTH INSURANCE SECURITY FUND

THIS PLAN DESCRIPTION

The Regional Office of Education #20 participates in the **Teachers'** Health Insurance Security (THIS) fund. The THIS fund is a non-appropriated trust fund held outside the State Treasury, with the State Treasurer as custodian. Additions deposited into the Trust are for the sole purpose of providing the health benefits to retirees, as established under the plan, and associated administrative costs. The THIS fund is a cost-sharing multiple-employer defined benefit post-employment healthcare plan that covers retired employees of participating employers throughout the State of Illinois, excluding the Chicago Public School System. THIS health coverage includes provisions for medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits. Annuitants may participate in the State administered Preferred Provider Organization plan or choose from several managed care options. As a result of the **Governor's** Executive Order 12-01, the responsibilities in relation to THIS were transferred to the Department of Central Management Services (Department) as of July 1, 2013. The Department administers **the plan with the cooperation of the Teachers' Retirement System (TRS).**

BENEFITS PROVIDED

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the **Governor's** approval. The plan is administered by Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 required all active contributors to TRS who are not employees of the State to make a contribution to the THIS Fund.

A percentage of employer required contributions in the future will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

ON-BEHALF CONTRIBUTION TO THE THIS FUND

The State of Illinois makes employer retiree health insurance contributions on behalf of the Regional Office of Education #20. For the year ended June 30, 2021, State of Illinois contributions recognized by the Regional Office of Education #20 were based on the **State's** proportionate share of the collective net OPEB liability associated with the Regional Office of Education #20, and recognized revenue and expenditures of \$14,896 in OPEB contributions from the State of Illinois.

EMPLOYER CONTRIBUTIONS TO THIS FUND

The Regional Office of Education #20 also makes contributions to the THIS Fund. The employer THIS Fund contribution was 0.92 percent during the year ended June 30, 2021, and 0.92 percent during the years ended June 30, 2020 and 2019. For the year ended June 30, 2021, the Regional Office of Education #20 paid \$3,434 to the THIS Fund, which was 100 percent of the required contribution. For the years ended June 30, 2020 and 2019, the Regional Office of Education #20 paid \$3,385 and \$3,099 to the THIS Fund, respectively, which was 100 percent of the required contribution.

FURTHER INFORMATION ON THE THIS FUND

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General: <http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp>. The current reports are listed under **"Central Management Services."** Prior reports are available under **"Healthcare and Family Services."**

ACTUARIAL ASSUMPTIONS

The total OPEB liability was determined by an actuarial valuation as of June 30, 2019, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified.

Inflation:	2.50 percent
Salary increase:	Depends on service and ranges from 9.50% at 1 year of service to 4.00% at 20 or more years of service. Salary increase includes a 3.25% wage inflation assumption
Investment rate of return:	0%, net of OPEB plan investment expense, including inflation, for all plan years
Healthcare cost trend rates:	Trend for fiscal year 2020 based on expected increases used to develop average costs. For fiscal years on and after 2021, trend starts at 8.25% for non-Medicare costs and post-Medicare costs, respectively, and gradually decreases to an ultimate trend of 4.25%. There is no additional trend rate adjustment due to the repeal of the Excise Tax.

ACTUARIAL ASSUMPTIONS (Continued)

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table, adjusted for TRS experience. For disabled annuitants mortality rates were based on the RP-2014 Disabled Annuitant table. Mortality rates for pre-retirement were based on the RP-2014 White Collar Table. All tables reflect future mortality improvements using Projection Scale MP-2017.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2014 through June 30, 2017.

SINGLE DISCOUNT RATE

Projected benefit payments are required to be discounted to their actuarial present values using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the **plan's** fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

Since the THIS fund is financed on a pay-as-you-go basis, a discount rate consistent with fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity's index's "20-year Municipal GO AA Index" has been selected. The discount rates are 3.13 percent as of June 30, 2019, and 2.45 percent as of June 30, 2020.

SENSITIVITY OF THE EMPLOYER'S PROPORTIONATE SHARE OF THE COLLECTIVE NET OPEB LIABILITY TO CHANGES IN THE DISCOUNT RATE

OPEB LIABILITIES, OPEB EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO OPEB

At June 30, 2021, the Regional Office of Education #20 reported a liability for its proportionate share of the collective net OPEB liability that reflected a reduction for State OPEB support provided to the Regional Office of Education #20. The amount recognized by the Regional Office of Education #20 as its proportionate share of the collective net OPEB liability, the related State support, and the total portion of the collective net OPEB liability that was associated with the Regional Office of Education #20 were as follows:

Employers proportionate share of the collective net OPEB liability	\$ 418,372
State's proportionate share of the collective net OPEB liability associated with the employer	534,432
Total	\$ 952,804

The collective net OPEB liability was measured as of June 30, 2020, and the total OPEB liability used to calculate the collective net OPEB liability was determined by an actuarial valuation as of June 30, 2019, and was rolled forward to the June 30, 2020 measurement date. The Regional Office of Education #20's proportion of the collective net OPEB liability was based on a projection of the Regional Office of Education #20's long-term share of contributions to the OPEB plan relative to the projected contributions of the Regional Office of Education #20, actuarially determined. At June 30, 2020, the Regional Office of Education #20's proportion was 0.001565 percent, which was an increase of 0.000308 percent from its proportion measured as of June 30, 2019 of 0.001257 percent. The State's support and total are for disclosure purposes only.

For the year ending June 30, 2021, the Regional Office of Education #20 recognized OPEB expense of \$14,896 and revenue of \$14,896 for support provided by the State. For the year ending June 30, 2021, the Regional Office of Education #20 recognized OPEB expense of \$23,262. At June 30, 2021, the Regional Office of Education #20 reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

13 OTHER POST EMPLOYMENT BENEFITS

PLAN DESCRIPTION

In addition to providing the pension and OPEB benefits described, the Regional Office of Education #20 also provides postemployment healthcare benefits (OPEB) for retired employees through a single employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the Regional Office of Education #20 and can be amended by the Regional Office of Education #20 through its personnel manual, except for the implicit subsidy which is governed by the State Legislature and Illinois Compiled Statutes (ILCS). The plan is not accounted for as a trust fund since an irrevocable trust has not been established by the Regional Office of Education #20. The plan does not issue a separate report.

BENEFITS PROVIDED

The Regional Office of Education #20 provides continued medical and prescription drug insurance coverage at the blended employer rate to all eligible retirees in accordance with Illinois Compiled Statutes, which creates an implicit subsidy of retiree health insurance. To be eligible for benefits, an employee must qualify for retirement in accordance with the requirements established by the Illinois Municipal Retirement Fund. Employees hired prior to January 1, 2011, Tier 1 employees, are eligible for retirement at age 55 with 35 years of service or age 60 with 8 years of service, and are eligible for early retirement at age 55 with 8 years of service. Employees hired after December 31, 2010, Tier 2 employees, are eligible for retirement at age 62 with 35 years of service or age 67 with 10 years of service, and are eligible for early retirement at age 62 with 10 years of service. Participants in the plan, including spouses and surviving spouses, are eligible to remain on the plan until age 65 when Medicare becomes the primary insurer.

EMPLOYEES COVERED BY BENEFIT TERMS

At June 30, 2021, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	-
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	16

ACTUARIAL ASSUMPTIONS AND OTHER INPUTS

The total OPEB liability in the June 30, 2021 interim actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified.

Inflation:	2.5 percent
Payroll growth:	3.25 percent wage inflation plus increases depending on age and service ranging from 0.14 percent to 7.10 percent
Discount rate:	2.66 percent
Healthcare cost trend rates:	7.5 percent for the fiscal year ended June 30, 2021, and decreasing 0.5 percent per year to an ultimate rate of 4.5 percent for the fiscal year ending June 30, 2027
Retirees' share of benefit-related costs:	Retirees contributions are assumed to increase according to health care trend rates.

The discount rate was based on a yield for 20-year tax-exempt general obligation municipal bonds with an average rating of AA/ Aa or higher.

Mortality rates have been updated from RPH-2017 Total Dataset Mortality Table fully generational using Scale MP-2017 to SOA Pub-2010 General Headcount Weighted Mortality Table fully generational using Scale MP-2019 for surviving spouses. The impact of this change is a slight increase in liabilities.

The payroll growth assumptions are based on the Illinois Municipal Retirement Fund's (IMRF) GASB actuarial assumptions.

The initial healthcare cost trend rate was based on a combination of employer history, national trend surveys, and professional judgment. The ultimate healthcare cost trend rate was based on historical medical consumer price index information.

Balance at June 30, 2021	\$ 64,299

Changes in assumptions include the following:

The actuarial cost method has been updated from Projected Unit Credit with linear proration to decrement to Entry Age Normal Level % of Salary. As a part of this change, the payroll growth rate assumption has been updated based on the most recent IMRF GASB report.

The discount rate as of the Measurement Date has been updated from 3.51 percent as of the beginning of the year and 2.66 percent as of the end of the year based on the yield for 20-year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another rating scale) tax-exempt, high quality 20-year municipal bonds.

Mortality rates have been updated from RPH-2017 Total Dataset Mortality Table fully generational using Scale MP-2017 to SOA Pub-2010 General Headcount Weighted Mortality Table fully generational using Scale MP-2019 for surviving spouses.

The termination rates have been updated based on the same assumptions first used in the IMRF GASB report as of December 31, 2019.

The health care trend rates have been reset to an initial rate of 7.5% decreasing by 0.5% annually to an ultimate rate of 4.5%.

Changes of assumptions

For the 2020-2016 measurement years, the assumed investment rate of return was of 7.0 percent, including an inflation rate of 2.5 percent and a real return of 4.5 percent. Salary increases were assumed to vary by service credit and were consistent in 2019 and 2020. These actuarial assumptions were based on an experience study dated Sept. 18, 2018.

For the 2015 measurement year, the assumed investment rate of return was 7.5 percent, including an inflation rate of 3.0 percent and a real return of 4.5 percent. Salary increases were assumed to vary by service credit. Various other changes in assumptions were adopted based on the experience analysis for the three-year period ending June 30, 2014.

Summary of Actuarial Methods and Assumptions Used in the Calculation of the 2020 Contribution Rate\*

Valuation Date:

Notes Actuarially determined contribution rates are calculated as of December 31 each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine 2020 Contribution Rates:

<i>Actuarial Cost Method:</i>	Aggregate entry age normal
<i>Amortization Method:</i>	Level percentage of payroll, closed
<i>Remaining Amortization Period:</i>	23-year closed period
<i>Asset Valuation Method:</i>	5-year smoothed market; 20% corridor
<i>Wage Growth:</i>	3.25%
<i>Price Inflation:</i>	2.50%
<i>Salary Increases:</i>	3.35% to 14.25%, including inflation
<i>Investment Rate of Return:</i>	7.25%
<i>Retirement Age:</i>	Experience-based table of rates that are specific to the type of eligibility condition; last updated for the 2017 valuation pursuant to an experience study of the period 2014 to 2016.
<i>Mortality:</i>	For non-disabled retirees, IMRF specific mortality rates were used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, IMRF specific mortality rates were used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

Other Information:

Notes: There were no benefit changes during the year.

\* Based on Valuation Assumptions used in the December 31, 2018, actuarial valuation; note two year lag between valuation and rate setting.

This schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, information is presented for those years for which information is available.

Notes to Required Supplementary Information:

1 CHANGES OF BENEFIT TERMS

In the June 30, 2019 actuarial valuation, there have been no changes of benefit terms from the prior period.

2 CHANGES OF ASSUMPTIONS

The following OPEB-related assumption changes were made since the last actuarial valuation as of June 30, 2018:

- The discount rate was changed from 3.13 percent at June 30, 2019, to 2.45 percent at June 30, 2020;
- The healthcare trend assumption was updated based on claim and enrollment experience through June 30, 2019, projected plan cost for plan year end June 30, 2020, premium changes through plan year end 2021, and expectation of future trend increases after June 30, 2020;
- The Excise Tax has been repealed and no longer affects the trend rates.
- Per capita claim costs for plan year end June 30, 2020, were updated based on projected claims and enrollment experience through June 30, 2020, and updated premium rates through plan year 2021.
- Healthcare plan participation rates by plan were updated based on observed experience.
