INDEPENDENT AUDITORS' REPORT

Honorable Frank J. Mautino
Auditor General
State of Illinois

Report on the Financial Statements

As Special Assistant Auditors for the Auditor General, we have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Lake County Regional Office of Education No. 34, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise Lake County Regional Office of Education No. 34's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Lake County Regional Office of Education No. 34, as of June 30, 2015, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

As discussed in Note 18, Lake County Regional Office of Education No. 34 adopted new accounting guidance related to Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27* and No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an amendment of GASB Statement No. 68*. The implementation of these statements resulted in a restatement of net position as of June 30, 2014. Our opinion is not modified with respect to this matter.

As discussed in Note 18, Lake County Regional Office of Education No. 34 has restated the previously issued financial statements for a correction of a material misstatement. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Teachers' Retirement System of the State of Illinois - Schedule of the Employer's Proportionate Share of the Net Pension Liability, Teachers' Retirement System of the State of Illinois - Schedule of Employer Contributions and Schedule of Funding Progress - Other Postemployment Benefits on pages 26 through 35 and 81 through 82 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Lake County Regional Office of Education No. 34's basic financial statements. The combining schedules of accounts, the budgetary comparison schedules and the combining fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining schedules of accounts, the budgetary comparison schedules and the combining fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining schedules of accounts, the budgetary comparison schedules and the combining fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 5, 2016 on our consideration of Lake County Regional Office of Education No. 34's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Lake County Regional Office of Education No. 34's internal control over financial reporting and compliance.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Frank J. Mautino
Auditor General
State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Lake County Regional Office of Education No. 34, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise Lake County Regional Office of Education No. 34's basic financial statements, and have issued our report thereon dated July 5, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Lake County Regional Office of Education No. 34's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Lake County Regional Office of Education No. 34's internal control. Accordingly, we do not express an opinion on the effectiveness of Lake County Regional Office of Education No. 34's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Responses, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying Schedule of Findings and Responses as items 2015-001, 2015-002 and 2015-003 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying Schedule of Findings and Responses as item 2015-004 to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Lake County Regional Office of Education No. 34's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Regional Office of Education No. 34's Responses to Findings

Lake County Regional Office of Education No. 34's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Responses. Lake County Regional Office of Education No. 34's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Lake County Regional Office of Education No. 34's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Lake County Regional Office of Education No. 34's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

LAKE COUNTY REGIONAL OFFICE OF EDUCATION NO. 34
SCHEDULE OF FINDINGS AND RESPONSES
Year Ended June 30, 2015

Section II: Financial Statement Findings:

FINDING NO. 2015-001 - Controls Over Financial Statement Preparation (Repeat from 14-001, 13-001, 12-1, 11-1 and 10-1)

Criteria/Specific Requirement:

Lake County Regional Office of Education No. 34 is required to maintain a system of controls over the preparation of financial statements in accordance with generally accepted accounting principles (GAAP). The Regional Office of Education No. 34's internal controls over GAAP financial reporting should include adequately trained personnel with the knowledge, skills and experience to prepare GAAP based financial statements and include all disclosures as required by the Governmental Accounting Standards Board (GASB).

GASB Statement No. 34, *Basic Financial Statements - Management's Discussion and Analysis - for State and Local Governments* (Statement), requires governments to present government-wide and fund financial statements as well as a summary reconciliation of the (a) total governmental funds balances to the net position of governmental activities in the Statement of Net Position, and (b) total change in governmental fund balances to the change in the net position of governmental activities in the Statement of Activities. In addition, the Statement requires information about the government's major and nonmajor funds in the aggregate to be provided in the fund financial statements.

GASB Statements No. 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27* and No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an amendment of GASB Statement No. 68*, require governments to record and present net accrued pension assets and liabilities, deferred outflows of resources, deferred inflows of resources, and pension expenses. These standards further prescribe the methods and assumptions that are to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of service.

Condition:

The Regional Office of Education No. 34 does not have sufficient internal controls over the financial reporting process. While the Regional Office of Education No. 34 maintains controls over the processing of most accounting transactions, there are not sufficient controls over the preparation of the GAAP based financial statements for management or employees in the normal course of performing their assigned functions to prevent or detect and correct financial statement misstatements and disclosure omissions in a timely manner.

LAKE COUNTY REGIONAL OFFICE OF EDUCATION NO. 34
SCHEDULE OF FINDINGS AND RESPONSES
Year Ended June 30, 2015

Section II: Financial Statement Findings:

FINDING NO. 2015-001 - Controls Over Financial Statement Preparation (Repeat from 14-001, 13-001, 12-1, 11-1 and 10-1) (Continued)

Condition: (continued)

The Regional Office of Education No. 34 did not have adequate controls to ensure financial statement balances were accurate. While the Regional Office of Education No. 34 did maintain records to indicate the balances of financial statement accounts, numerous material audit adjustments were proposed in order to ensure balances of supporting records and reconciliations agreed to the general ledger financial statement accounts, and to add or remove items not properly identified by the Regional Office of Education No. 34. The audit adjustments included those resulting from the implementation of GASB Statements No. 68 and No. 71.

Effect:

Management or employees in the normal course of performing their assigned functions may not prevent or detect and correct financial statement misstatements and disclosure omissions in a timely manner.

Cause:

Management did not effectively detect all of the material adjustments, including those required under GASB Statements No. 68 and No. 71, needed in order to present financial statements in accordance with GAAP.

Recommendation:

As part of internal control over the preparation of financial statements, including disclosures, the Regional Office of Education No. 34 should implement comprehensive preparation procedures to ensure the financial statements, including disclosures, are complete and accurate. The Regional Office of Education No. 34 should ensure all general ledger financial statement accounts agree to supporting records and reconciliations. In addition, the Regional Office of Education No. 34 should perform a detailed review of activity subsequent to fiscal year end to ensure all accruals are properly recorded. These procedures should be performed by a properly trained individual possessing a thorough understanding of applicable generally accepted accounting principles, GASB pronouncements, and knowledge of the Regional Office of Education No. 34's activities and operations.

SCHEDULE OF FINDINGS AND RESPONSES

Section II: Financial Statement Findings:

FINDING NO. 2015-001 - Controls Over Financial Statement Preparation (Repeat from 14-001, 13-001, 12-1, 11-1 and 10-1) (Continued)

Management's Response:

The Lake ROE agrees with the finding and will continue to implement comprehensive preparation and review procedures to ensure that financial statements including disclosures are complete and accurate. Included in the corrective activities are continued consulting services and training to Lake ROE finance staff regarding preparation of financial statements (including review for completeness and accuracy). In addition, the Lake ROE has continued to contract with a part-time business consultant who continues to review Lake ROE business procedures and controls. Finally, in an effort to streamline preparation of comprehensive financial statements, the Lake ROE will finalize efforts to consolidate multiple installations of the financial management software during Fiscal Years 2015 and 2016. This merged data system will be tested and validated by the end of Fiscal Year 2016 or early in Fiscal Year 2017 (Note: Previously scheduled for Fiscal Year 2015 completion).

LAKE COUNTY REGIONAL OFFICE OF EDUCATION NO. 34
SCHEDULE OF FINDINGS AND RESPONSES
Year Ended June 30, 2015

Section II: Financial Statement Findings:

FINDING NO. 2015-002 - Controls Over Fund Accounting (Repeat from 14-002)

Criteria/Specific Requirement:

Lake County Regional Office of Education No. 34 is required by the Illinois State Board of Education to maintain its accounting system in accordance with the *Regional Office of Education Accounting Manual* (Manual). The Manual requires the Regional Office of Education No. 34 to maintain an accounting system on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. These funds are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Condition:

The Regional Office of Education No. 34 did not ensure all holding accounts were cleared out, individual funds were self-balanced, opening fund balance amounts agreed to the prior period closing fund balance amounts, and all balance sheet accounts were reconciled to supporting documentation. Auditors specifically noted the following:

- Trial balance reports initially provided to auditors were not balanced in total. Additionally, the individual funds were not self-balancing and did not reconcile to supporting documentation.
- Trial balance reports initially provided to auditors had unallocated balances in holding accounts and opening fund balance amounts did not agree to June 30, 2014 closing fund balance amounts. The Regional Office of Education No. 34 uses holding accounts for cash and fund balance accounts. Some transactions are initially posted to the holding accounts and subsequently allocated to financial statement accounts.

Trial balance reports initially contained material errors; however auditors requested and subsequently received trial balances that were balanced.

Effect:

Lack of proper fund accounting may inhibit the Regional Office of Education No. 34 from tracking specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Cause:

The Regional Office of Education No. 34 is standardizing its chart of accounts across multiple locations and working to merge general ledgers for the Regional Office of Education Administrative, Educational Services Division, and Attendance and Truancy Divisions. These changes have not been fully completed and contributed to the deficiencies.

LAKE COUNTY REGIONAL OFFICE OF EDUCATION NO. 34
SCHEDULE OF FINDINGS AND RESPONSES
Year Ended June 30, 2015

Section II: Financial Statement Findings:

FINDING NO. 2015-002 - Controls Over Fund Accounting (Repeat from 14-002) (Continued)

Recommendation:

The Regional Office of Education No. 34 should assign a member of management with suitable skills, knowledge, and experience to review its trial balance reports at regular intervals throughout the year. The Regional Office of Education No. 34 should ensure all holding accounts are cleared out, individual funds are self-balanced, opening fund balance amounts agree to the prior period closing fund balance amounts, and all balance sheet accounts are reconciled to supporting documentation.

Management's Response:

The Lake ROE agrees with the finding and will assign members of management with suitable skills, knowledge, and experience to review trial balance reports at regular intervals throughout the year. This activity commenced with the lessons learned from the Fiscal Year 2014 and 2015 experiences and has been ongoing through Fiscal Year 2016. Activities have and will include ensuring all holding accounts are cleared out, individual funds are self-balanced, opening fund balance amounts agree to the prior period closing fund balance amounts, and all balance sheet accounts are reconciled to supporting documentation. Management designees include the newly hired Lake ROE accountant, the Assistant Regional Superintendent/Director of Educational Services, and a part-time business consultant.

Year Ended June 30, 2015

Section II: Financial Statement Findings:

FINDING NO. 2015-003 - Inadequate Review of Journal Entries (Partially Repeated from 14-003)

Criteria/Specific Requirement:

Lake County Regional Office of Education No. 34 is responsible for establishing and maintaining an internal control system over journal entries to prevent or detect and correct financial statement misstatements in a timely manner.

Condition:

During fiscal year 2015, supporting documents for journal entries did not always include the written review and approval of someone other than the preparer.

Effect:

Management or employees in the normal course of performing their assigned functions may not prevent or detect and correct financial statement misstatements in a timely manner if journal entries recorded lack proper review and approval.

Cause:

The Regional Office of Education No. 34 implemented a policy and journal entry form in March 2015 to document review and approval of journal entries. However, the policy and form were not in effect for the entire fiscal year 2015.

Recommendation:

The Regional Office of Education No. 34 should follow its new policy and ensure a member of management with suitable skills, knowledge, and experience will review for propriety and provide written approval of all journal entries along with supporting documentation prior to the entries being posted to the accounting records.

Management's Response:

The Lake ROE agrees with this finding and has assigned a member of management with suitable skills, knowledge and experience to review for propriety and provide written approval of all journal entries along with supporting documentation prior to the entries being posted to the accounting records. The implementation began in Fiscal Year 2015 and has continued throughout Fiscal Year 2016.

SCHEDULE OF FINDINGS AND RESPONSES
Year Ended June 30, 2015

Section II: Financial Statement Findings:

FINDING NO. 2015-004 - Inaccurate Expenditure Report

Criteria/Specific Requirement:

Lake County Regional Office of Education No. 34 is responsible for ensuring amounts submitted on grant expenditure reports agree and reconcile with expenditures posted in the general ledger.

Condition:

Auditors, during their review of expenditure reports, noted the final expenditure report for the McKinney Education for Homeless Children grant program was inaccurately reported. When compared to the expenditures recorded in the general ledger, all categories were inaccurately reported. The Regional Office of Education No. 34 reported final budget amounts as opposed to actual amounts. In total, grant expenditures incurred were in excess of the grant award.

Effect:

Inaccurate reporting of expenditures may result in the Regional Office of Education No. 34 receiving funding for expenditures that were not allowable or actually incurred. It could also result in the Regional Office of Education No. 34 refunding portions of its grant awards or having portions of its current or future grant awards altered.

Cause:

The Regional Office of Education No. 34 did not ensure the expenditure report submitted to the granting agency agreed and reconciled with amounts recorded in the general ledger.

Recommendation:

The Regional Office of Education No. 34 should review expenditure reports and supporting documentation prior to submission to granting agencies to ensure expenditures are properly classified. Supporting expenditure documentation should be included with a copy of the report and be available for subsequent internal and external review and analysis.

Management's Response:

The Lake ROE agrees with this finding and has renewed efforts to ensure that all quarterly and final expenditure reports are reviewed and that supporting documentation is included with the report on file. This documentation is available for subsequent internal and external reviews and analyses.

The Regional Office of Education No. 34 does not have sufficient internal controls over the financial reporting process. The audit adjustments included those resulting from the implementation of GASB Statements No. 68 and No. 71.

Auditors specifically noted the following:

- Trial balance reports initially provided to auditors were not balanced in total. Additionally, the individual funds were not self-balancing and did not reconcile to supporting documentation.
- Trial balance reports initially provided to auditors had unallocated balances in holding accounts and opening fund balance amounts did not agree to June 30, 2014 closing fund balance amounts. The Regional Office of Education No. 34 uses holding accounts for cash and fund balance accounts. Some transactions are initially posted to the holding accounts and subsequently allocated to financial statement accounts.

Trial balance reports initially contained material errors; however auditors requested and subsequently received trial balances that were balanced.

Plan:

- Review all trial balance reports to ensure reports include all appropriate funds.
- Review all FY 2016 trial balance reports to ensure they are balanced in total.
- Ensure individual funds are self-balancing and reconciled to supporting documentation.
- Ensure FY 2016 opening fund balances in holding accounts (if any) agree with June 30, 2015 closing fund balance amount (as adjusted via FY 2015 audit recommendations).

Anticipated Completion Date:

July 31, 2016 following successful review of merged database and receipt of FY 2015 audit recommendations.

- Continue written review and approval procedures for journal entries under a management position other than the preparer through FY 2016.
- Continue contract with part-time business consultant to provide preparer and reviewer training regarding properly recording journal entries and appropriate documentation. This includes orientation of a newly hired accountant.
- Continue contract with part-time business consultant to conduct periodic independent review of journal entry preparer and reviewer accuracy through FY 2016.

FINDING NO. 2015-004 - Inaccurate Expenditure Report

Condition:

Auditors, during their review of expenditure reports, noted the final expenditure report for the McKinney Education for Homeless Children grant program was inaccurately reported. When compared to the expenditures recorded in the general ledger, all categories were inaccurately reported. The Regional Office of Education No. 34 reported final budget amounts as opposed to actual amounts. In total, grant expenditures incurred were in excess of the grant award.

Plan:

- Ensure accurate reporting of expenditures by categories in quarterly and final expenditure reports for FY 2016.
- Amend FY 2016 budget as required to correctly align with future expenditure requirements.

2015 FINANCIAL HIGHLIGHTS

- Within the Governmental Funds, the General Fund revenues decreased from \$3,356,233 in 2014 to \$3,213,878 in 2015 mostly due to reductions in on-behalf payments from Lake County. The General Fund expenditures also decreased from \$3,232,785 in 2014 to \$3,063,475 in 2015 mostly due to reductions in on-behalf expenses (salary/benefits) from Lake County.
- Within the Governmental Funds, the Special Revenue Fund revenues increased from \$2,462,192 in 2014 to \$2,699,783 in 2015. The Special Revenue Fund expenditures also increased from \$2,370,347 in 2014 to \$2,468,022 in 2015. The increases were mostly due to an increase in ROE/ISC Operations grant funds and partial payment of coordinator salaries with funds received.
- The Proprietary Fund revenues increased from \$256,748 reported in 2014 to \$349,541 reported in 2015. The increase is mostly attributable to recording a net pension benefit due to the implementation of GASB statements No. 68 and 71 in fiscal year 2015. The Proprietary Fund expenditures decreased from \$481,943 in 2014 to \$326,587 in 2015 due to shifts in payment of portions of salary and benefits from the Proprietary Fund (workshops) to Governmental Funds.

MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2015

Governmental Activities

In fiscal year 2015, revenues and expenses for governmental activities increased by \$690,680 and \$235,207, respectively. The increase in revenues and expenses was primarily due to increases in grant and teacher registration revenues accompanied by a shift in salary/benefit expenses from business-type activities expenses to governmental activities expenses.

Business-Type Activities

In fiscal year 2015, revenues for business-type activities increased by \$92,273 while expenses decreased by \$155,356. The decrease in expenses was primarily due to a shift of business-type activities expenses (salary/benefits) to governmental activities expenses.

As Lake County Regional Office of Education No. 34 completed the year, its governmental funds reported a combined fund balance of \$3,473,511, above last year's ending fund balance of \$2,947,398 (not restated).

Governmental Fund Highlights

The General Fund's fund balance decreased from \$1,084,060 in 2014 to \$1,014,346 in 2015. The main reason for the decrease is due to a slight decrease in the General State Aid fund and increases in salary/benefits expenses.

The Institute Fund's fund balance increased from \$569,653 in 2014 to \$738,016 in 2015. The main reason for the increase is due to an increase in teacher licensure revenues.

The Education Fund's fund balance increased from \$1,073,869 (not restated) in 2014 to \$1,446,821 in 2015. The main reason for the increase is due to a restatement which increased fund balance to reflect additional tuition revenue under the Regional Safe Schools program.

The Educational Services Division's fund balance slightly decreased from \$(34,076) in 2014 to \$(35,897) in 2015.

The Nonmajor Special Revenue Funds' fund balance increased from \$253,892 in 2014 to \$310,225 in 2015. The main reason for the increase is due to decreases in purchased services (GED) and supplies and materials.

Net change in fund balance (page 41) \$ 364,248

Amounts reported for governmental activities in the
 Statement of Activities are different because:

Governmental funds report capital outlays as expenditures.

However, in the Statement of Activities the cost of those
 assets is allocated over their estimated useful lives and
 reported as depreciation expense.

Depreciation (21,441)

Some receivables will not be collected for several months
 after fiscal year end, so they are not considered as
 "available" revenues in the governmental funds, and
 they are instead counted as deferred inflows of resources.
 They are, however, recorded as revenues in the Statement
 of Activities.

 year 2015 (306,235)
 Fiscal year 2015 unavailable revenue 506,622

Repayment of long-term capital lease obligations are reported
 as expenditures in the governmental funds, but the
 repayment reduces long-term liabilities in the Statement
 of Net Position.

The current year pension contributions are reported as
 expenditures in the governmental funds, but are reported
 as deferred outflow of resources in the Statement of
 Net Position.

Some expenses in the Statement of Activities do not require
 the use of current financial resources and therefore, are not
 reported as expenditures in governmental funds. These
 activities consist of:

Decrease in compensated absences 2,562
 Increase in OPEB expense (14,000)
 Increase in pension benefit 191,523

Basis of Presentation

Government-wide Financial Statements - The government-wide financial statements (i.e. Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. The statements distinguish between those activities of the Regional Office of Education that are governmental in nature and those that are considered business-type activities. *Governmental activities* normally are supported by operating grants and contributions, charges for services and intergovernmental revenues. *Business-type activities* normally are supported by amounts assessed or received from local sources for the Regional Office of Education programs.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants, contributions and interest restricted to meeting the operational requirements or capital requirements of a particular function or segment. Items not properly included among program revenues are reported instead as *general revenues*. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Revenues received more than 60 days after the end of the current period are considered unavailable revenue and are shown as deferred inflows of resources in the governmental fund financial statements but are recognized as current revenues in the government-wide financial statements.

Intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the Lake County Regional Office of Education No. 34.

Lake County Regional Office of Education No. 34 records on-behalf payments made by the State to the Teachers' Retirement System as revenue and expenditures.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Capital asset acquisitions are reported as expenditures in governmental funds.

Under the terms of grant agreements, Lake County Regional Office of Education No. 34 funds certain programs by a combination of specific cost-reimbursement grant resources to such programs, and then general revenues. It is the Regional Office of Education No. 34's policy to first apply restricted funds, then unrestricted. For unrestricted funds, committed funds are used first, then assigned funds, then unassigned, if any.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Lake County Regional Office of Education No. 34's enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Lake County Regional Office of Education No. 34 maintains its financial records on the cash basis. The financial statements of Lake County Regional Office of Education No. 34 are prepared by making memorandum adjusting entries to the cash basis financial records.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital assets - Capital assets result from expenditures in the governmental and proprietary funds. These assets are reported in the governmental and business-type activities column of the government-wide Statement of Net Position but are not reported in the fund financial statements in the governmental funds. Capital assets are recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Lake County Regional Office of Education No. 34 capitalizes items costing \$5,000 or more. Depreciation is calculated on a straight-line basis over the estimated useful lives (three to seven years) of the respective assets.

Lake County Regional Office of Education No. 34 reviews long-lived assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell.

Deferred outflows of resources - Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension expense and contributions from the employer after the measurement date but before the end of the employer's reporting period.

Pensions - For purposes of measuring the net pension asset/liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers' Retirement System of the State of Illinois (TRS) and additions to/deductions from TRS' fiduciary net position have been determined on the same basis as they are reported by TRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred inflows of resources - Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the governmental funds consist of receivables not collected within 60 days after year end. Deferred inflows of resources in the Statement of Net Position relate to pensions and consist of the unamortized portion of the net difference between expected and actual experience, changes of assumptions, and the net difference between projected and actual earnings on pension plan investments.

Unearned revenue - Lake County Regional Office of Education No. 34 reports unearned revenue when proceeds have been received but will be earned or spent in a succeeding fiscal year.

Governmental Fund Balance

Fund Balance is the difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources in a Governmental Fund. The following types of fund balances may be presented in the Governmental Funds Balance Sheet and Governmental Funds Combining Schedule of Accounts:

The following fund balance accounts are restricted by grant agreements or contracts: Title I - Reading First Part B SEA Funds, Regional Safe Schools, McKinney Education for Homeless Children, Juvenile Detention Fund, Principal Mentoring Program, EFAST Pilot Program, Soaring with SAVE, Regional Board of School Trustees, Reading Recovery Installation Fees, Reading Recovery Operations, Distributive Interest, and Attendance and Truancy Division (ATD). Assigned Fund Balance - the portion of a Governmental Fund's net position to denote an intended use of resources. The accounts presented with assigned fund balances are specified for a particular purpose by the Regional Superintendent. A portion of the General State Aid fund balance and the Attendance and Truancy Division (ATD) represents assigned fund balance.

Unassigned Fund Balance - available expendable financial resources in a governmental fund that are not designated for a specific purpose. The unassigned balance is made up of a portion of Educational Services Division, General State Aid, Educational Services Division Local Operations, Truants Alternative/Optional Education, Teacher Mentoring Program, ROE/ISC Operations, and Learning Technology Center.

Net Position

Net position of the Regional Office of Education is classified as follows:

Net Investment in Capital Assets - consists of capital assets, net of accumulated depreciation reduced by the outstanding balances of borrowings that are attributable to the acquisition of those assets.

Restricted Net Position - consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

Unrestricted Net Position - the net amount of assets, deferred outflows of resources, liabilities and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

Interfund Activity

Interfund activity is reported as either loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or between proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

Revenue

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available.

Non-exchange transactions, in which the Regional Office of Education receives value without directly giving value in return, include grants and donations. On an accrual basis, revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the Regional Office of Education must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the Regional Office of Education on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must be available before it can be recognized.

Revenues from Federal and State grant awards are recorded net of the amount due to the State for the unused portion of the grant or the amount carried over to the following fiscal year project. Amounts due to the State or carried over to the following year project are recorded as liabilities.

Charges for services result from exchange or exchange-like transactions, in which customers or applicants who purchase, use, or directly benefit from the goods, services, or privileges provided, or are otherwise directly affected by the services. Teacher licensure and permit revenues are recognized in the year for which the licenses and permits are issued.

Illinois State Board of Education funds received by the Regional Office of Education for the Distributive Fund accrue interest for the period of time between the receipt of funds and clearance of checks to recipients. Interest is distributed among the funds of the Regional Office of Education.

Budgetary Data

The Lake County Regional Office of Education No. 34 did not adopt a formal budget nor is it legally required to do so for the year ended June 30, 2015; subsequently, the accompanying financial statements are not presented on a budgetary basis whereby budget and actual revenues and expenditures are compared; however, the Illinois State Board of Education, a granting agent, requires budgets for certain program money. For the year ended June 30, 2015, a budgetary comparison schedule is presented for the following grant funds: Regional Safe Schools, Truants Alternative/Optional Education, McKinney Education for Homeless Children, ROE/ISC Operations, Title II - Teacher Quality Leadership and Learning Technology Center.

Lake County Regional Office of Education No. 34 participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active nonannuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <http://trs.illinois.gov/pubs/cafr>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 877-0890, option 2.

Benefits provided

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service. Disability and death benefits are also provided.

Tier II members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

Essentially all Tier I retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Contributions

The state of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2015, was 9.4 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by Lake County Regional Office of Education No. 34.

On behalf contributions to TRS. The state of Illinois makes employer pension contributions on behalf of Lake County Regional Office of Education No. 34. For the year ended June 30, 2015, state of Illinois contributions recognized by Lake County Regional Office of Education No. 34 were based on the state's proportionate share of the collective net pension liability associated with Lake County Regional Office of Education No. 34, and Lake County Regional Office of Education No. 34 recognized revenue and expenditures of \$221,476 in pension contributions from the state of Illinois.

2.2 formula contributions. Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2015, were \$2,881, and are deferred because they were paid after the June 30, 2014 measurement date.

Federal and special trust fund contributions. When TRS members are paid from federal and special trust funds administered by Lake County Regional Office of Education No. 34, there is a statutory requirement for Lake County Regional Office of Education No. 34 to pay an employer pension contribution from those funds. Under a policy adopted by the TRS Board of Trustees that has been in effect since the fiscal year ended June 30, 2006, employer contributions for employees paid from federal and special trust funds will be the same as the state contribution rate to TRS. Public Act 98-0674 now requires the two rates to be the same.

For the year ended June 30, 2015, the employer pension contribution was 33.00 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2015, salaries totaling \$0 were paid from federal and special trust funds that required employer contributions of \$0. When incurred, these contributions are deferred because they were paid after the June 30, 2014 measurement date.

Employer retirement cost contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. Lake County Regional Office of Education No. 34 is required to make a one-time contribution to TRS for members retiring under the Early Retirement Option (ERO). The payments vary depending on the member's age and salary. The maximum employer ERO contribution under the current program is 146.5 percent and applies when the member is age 55 at retirement. For the year ended June 30, 2015 Lake County Regional Office of Education No. 34 paid no employer contributions under the ERO program.

Lake County Regional Office of Education No. 34 is also required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary. A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2015 Lake County Regional Office of Education No. 34 did not make any employer contributions to TRS due on salary increases in excess of 6 percent or for sick leave days granted in excess of the normal annual allotment.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2015, Lake County Regional Office of Education No. 34 reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for state pension support provided to the employer. The state's support and total are for disclosure purposes only. The amount recognized by the employer as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the employer were as follows:

Employer's proportionate share of the net pension liability	\$ 28,138
State's proportionate share of the net pension liability associated with the employer	<u>2,750,897</u>
Total	<u>\$ 2,779,035</u>

The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2013, and rolled forward to June 30, 2014. Lake County Regional Office of Education No. 34's proportion of the net pension liability was based on Lake County Regional Office of Education No. 34's share of contributions to TRS for the measurement year ended June 30, 2014, relative to the projected contributions of all participating TRS employers and the state during that period. At June 30, 2014, Lake County Regional Office of Education No. 34's proportion was .0000462350 percent.

The net pension liability as of the beginning of this first measurement period under GASB Statement No. 68 was measured as of June 30, 2013, and the total pension liability was based on the June 30, 2013, actuarial valuation without any roll-up. Lake County Regional Office of Education No. 34's proportion of the net pension liability as of June 30, 2013, was based on Lake County Regional Office of Education No. 34's share of contributions to TRS for the measurement year ended June 30, 2013, relative to the projected contributions of all participating TRS employers and the state during that period. At June 30, 2013, Lake County Regional Office of Education No. 34's proportion was .0023805021 percent.

NOTE 8 - RETIREMENT FUND COMMITMENTS (CONTINUED)

For the year ended June 30, 2015, Lake County Regional Office of Education No. 34 recognized pension expense of \$221,476 and revenue of \$221,476 for support provided by the state. For the year ended June 30, 2015, Lake County Regional Office of Education No. 34 recognized a pension benefit of \$283,403. At June 30, 2015, Lake County Regional Office of Education No. 34 reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 15	\$ -
Net difference between projected and actual earnings on pension plan investment	-	1,414
Changes of assumptions	-	-

Employer contributions subsequent to the measurement date	<u>2,881</u>	<u>-</u>
Total	<u>\$ 2,896</u>	<u>\$ 1,178,188</u>

\$2,881 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:	
2016	\$ (285,975)
2017	(285,975)
2018	(285,975)

Actuarial assumptions

The total pension liability in the June 30, 2014 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.00 percent
Salary increases	5.75 percent, average, including inflation
Investment rate of return	7.50 percent, net of pension plan investment expense, including inflation

NOTE 8 - RETIREMENT FUND COMMITMENTS (CONTINUED)

Mortality rates were based on the RP-2000 White Collar Table with projections using scale AA that vary by member group.

For GASB disclosure purposes, the actuarial assumptions for the years ended June 30, 2014 and 2013 were assumed to be the same. However, for funding purposes, the actuarial valuations for those two years were different. The actuarial assumptions used in the June 30, 2014 valuation were based on updates to economic assumptions adopted in 2014 which lowered the investment return assumption from 8.0 percent to 7.5 percent. The salary increase and inflation assumptions were also lowered. The actuarial assumptions used in the June 30, 2013 valuation were based on the 2012 actuarial experience analysis and first adopted in the June 30, 2012 valuation. The investment return assumption was lowered from 8.5 percent to 8.0 percent and the salary increase and inflation assumptions were also lowered. Mortality assumptions were adjusted to anticipate continued improvement in mortality.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
U.S. large cap	18%	8.23%
Global equity excluding U.S.	18	8.58
Aggregate bonds	16	2.27
U.S. TIPS	2	3.52
NCREIF	11	5.81
Opportunistic real estate	4	9.79
ARS	8	3.27
Risk parity	8	5.57
Diversified inflation strategy	1	3.96
Private equity	14	13.03
Total	100%	

Discount rate

The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and state contributions will be made at the current statutorily-required rates.

NOTE 8 - RETIREMENT FUND COMMITMENTS (CONTINUED)

Based on those assumptions, TRS's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. Tier I's liability is partially-funded by Tier II members, as the Tier II member contribution is higher than the cost of Tier II benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. Therefore, the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of Lake County Regional Office of Education No. 34's proportionate share of the net pension liability to changes in the discount rate

The following presents Lake County Regional Office of Education No. 34's proportionate share of the net pension liability calculated using the discount rate of 7.5 percent, as well as what Lake County Regional Office of Education No. 34's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5 percent) or 1-percentage-point higher (8.5 percent) than the current rate.

	1% Decrease (6.5%)	Current Discount Rate (7.5%)	1% Increase (8.5%)

Illinois Municipal Retirement Fund

Employees participating in IMRF are required to contribute 4.50% of their annual covered salary. The member rate is established by State Statute. The Regional Office of Education No. 34 is required to contribute at an actuarially determined rate. The Regional Office of Education No. 34 reimburses Lake County for the contributions made for the participating employees.

Retirement Fund

A number of employees of the Regional Office of Education No. 34 are paid by, and considered employees of, Lake County. As such, related retirement obligations associated with these employees are the responsibility of county government and are included in the total county on-behalf payments.

NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS

Plan Description. Lake County Regional Office of Education No. 34 provides postemployment medical benefits to eligible retirees, spouses and survivors through the Lake County Group Health Insurance Plan, a single-employer, self-insured health care plan. The benefit levels, employee contributions, and employer contributions are governed and can be amended by the Lake County Board.

Benefits Provided. Employees who terminate after meeting the age and service requirements for retirement are eligible to continue their medical care plan coverage with Lake County by paying the monthly premium rate. The benefit levels are the same as those afforded to active employees. The benefits include general outpatient and inpatient medical services and prescriptions. Because the actuarial cost of health benefits for retirees exceeds the average amount paid by retirees, the additional cost is paid by Lake County and is the basis for the OPEB obligation accounted for under GASB Statement No. 45.

Membership. At June 30, 2015, membership consisted of twenty-two active participants and six retired participants.

Funding Policy. GASB Statement No. 45 requires recognition of the current expense of OPEB based on each governing body's annual required contribution, but does not require funding of the related liability. As of June 30, 2015, Lake County Regional Office of Education has chosen not to fund the liability.

Annual OPEB Cost and Net OPEB Obligation. Lake County Regional Office of Education No. 34's annual OPEB cost is calculated based on the annual required contribution, an amount actuarially determined in accordance with GASB Statement No. 45. The annual required contribution represents a level of funding which, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed thirty years.

Components of Net OPEB Obligation and Expense

<u>Item</u>	<u>Amount as of June 30, 2015</u>
Annual required contribution	\$ 20,000
Interest on net OPEB obligation	4,000
Adjustment to annual required contribution	<u>(4,000)</u>
Annual OPEB cost	20,000

Increase in net OPEB obligation	14,000
Net OPEB obligation - beginning of year	<u>124,000</u>
Net OPEB obligation - end of year	<u>\$ 138,000</u>

06/30/14	20,000	30%	124,000
06/30/15	20,000	30%	138,000

Funded Status and Funding Progress. As of July 1, 2012, the most recent actuarial valuation date for the period July 1, 2014 through June 30, 2015, the actuarial accrued liability was \$145,000, with no actuarial value of assets, resulting in an unfunded actuarial accrued liability of \$145,000. The covered payroll (annual payroll of active employees covered by the plan) was approximately \$1,053,000 and the ratio of the unfunded actuarial accrued liability to the covered payroll was 13.8%.

Actuarial Method and Assumption. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the health care cost trend. Actuarial determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan understood by the employer and plan members) and include the benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the actuarial valuation for the fiscal year ended June 30, 2015, the projected unit credit cost method was used. The actuarial assumptions include a discount (interest) rate of 4.0% as well as a salary inflation rate of 3.0% per year. The projected annual healthcare trend rate is 7%. The ultimate healthcare trend rate is 4.5%. The healthcare trend rate is reduced 0.5% each year until reaching the 4.5% ultimate trend rate.

Mortality rates are from the RPU-2000, Scale AA, Fully Generational table. Annual retirement and termination probabilities were determined based on County experience.

Teachers Health Insurance Security Fund

Lake County Regional Office of Education No. 34 participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS).

Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. Effective July 1, 2012, in accordance with Executive Order 12-01, the plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the state to make a contribution to the THIS Fund.

The percentage of employer required contributions in the future will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

- **On-behalf Contributions.** The state of Illinois makes employer retiree health insurance contributions on behalf of Lake County Regional Office of Education No. 34. State contributions are intended to match contributions to the THIS Fund from active members which were 1.02 percent of pay during the year ended June 30, 2015. State of Illinois contributions were \$5,067, and Lake County Regional Office of Education No. 34 recognized revenue and expenditures of this amount during the year. State contributions intended to match active member contributions during the years ended June 30, 2014 and June 30, 2013 were 0.97 and 0.92 percent of pay, respectively. State contributions on behalf of Lake County Regional Office of Education No. 34's employees were \$4,671 and \$4,604, respectively.

NOTE 10 - COMPENSATED ABSENCES

Under terms of employment, employees are granted general and sick leave in varying amounts. Only benefits considered to be vested are disclosed in these statements.

All vested general and sick leave pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements, and are payable with expendable available resources.

Upon the termination of an employee eligible to use general leave, all accumulated leave credit will be paid as of the date of termination up to a maximum of 330 hours. Effective July 1, 2010 the Regional Office of Education amended their policy for general leave accrual and carryover as it applies to grant-funded employees. Any grant-funded employees hired after the effective date will be allowed to accrue general leave according to county policy during the Regional Office of Education's fiscal year. These hours must be used by August 31 following that fiscal year. Any unused general leave not used by August 31 following a fiscal year will be lost and not paid out upon subsequent termination. Any grant-funded employees hired before the effective date will not lose their carryover balance as of June 30, 2010 to a maximum of 330 hours. However, at August 31 following a Regional Office's fiscal year the grant-funded employees' carryover balance cannot exceed their carryover balance as of the beginning of the fiscal year. Any unused general leave earned during a fiscal year starting July 1, 2010 not used by August 31 following that fiscal year end will be lost and not paid out upon subsequent termination. Employees will not be able to carryover additional general leave that they earned starting on July 1, 2010; the only carryover allowed is their balance as of June 30, 2010 that has not been used subsequent to that date. The allowed carryover will be paid as of the date of termination.

NOTE 10 - COMPENSATED ABSENCES (CONTINUED)

Eligible employees who terminate and are in good standing may receive payment for 50% of their accumulated sick leave bank in excess of 30 days to a maximum of 60 days. Reimbursements are paid at the employee's then current pay rate. Under certain conditions, a retiring, vested employee can receive up to a maximum of one year of pension service credit for accumulated, unused, unpaid sick leave.

Eligible employees with at least 30 unused sick leave days in their sick bank may elect to receive cash reimbursement for sick leave days that they accrued during the current fiscal year, less any sick leave days taken that year, at 50% value. This reimbursement option is only offered to employees once a year, usually at the end of the fiscal year. Lake County Regional Office of Education No. 34 records accrued sick leave for amounts payable to employees who elected to be paid for sick days that accumulated during the current year. Accrued sick leave reimbursement amounted to \$0 as of June 30, 2015 and June 30, 2014. Lake County Regional Office of Education No. 34 suspended the sick leave day reimbursement option in fiscal year 2010 as part of its cost saving programs.

NOTE 17 - NEW PRONOUNCEMENTS

In 2015, Lake County Regional Office of Education No. 34 implemented Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions - an Amendment of GASB No. 27*; and GASB No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an Amendment of GASB Statement No. 68*. NOTE 18 - ACCOUNTING CHANGE/RESTATEMENTS

Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions - an Amendment of GASB No. 27* was implemented during fiscal year 2015. The revised requirements establish new financial reporting requirements for state and local governments which provide their employees with pension benefits, including additional note disclosures and required supplementary information. In addition, GASB No. 68 requires a state or local government employer to recognize a new pension asset/liability and changes in the net pension asset/liability, deferred outflows of resources and deferred inflows of resources which arise from other types of events related to pensions. During the transition year, as permitted, beginning balances for deferred outflows of resources and deferred inflows of resources will not be reported, except for deferred outflows of resources related to contributions made after the measurement date of the beginning net pension asset/liability which is required to be reported by GASB No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an Amendment of GASB Statement No. 68*.

In addition, the Regional Safe Schools fund was restated to account for due from other governments and revenue that were attributable to fiscal year 2014.

Changes of assumptions

Amounts reported in 2014 reflect an investment rate of return of 7.5 percent, an inflation rate of 3.0 percent and real return of 4.5 percent, and a salary increase assumption of 5.75 percent. In 2013, assumptions used were an investment rate of return of 8.0 percent, an inflation rate of 3.25 percent and real return of 4.75 percent, and salary increases of 6.00 percent. However, the total pension liability at the beginning and end of the year was calculated using the same assumptions, so the difference due to actuarial assumptions was not calculated or allocated.

This schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, information is presented for those years for which information is available.
