INDEPENDENT AUDITORS' REPORT

Honorable Frank J. Mautino
Auditor General
State of Illinois

Report on the Financial Statements

As Special Assistant Auditors for the Auditor General, we have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Calhoun, Greene, Jersey, and Macoupin Counties Regional Office of Education No. 40, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Calhoun, Greene, Jersey, and Macoupin Counties Regional Office of Education No. 40's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Calhoun, Greene, Jersey, and Macoupin Counties Regional Office of Education No. 40, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Illinois Municipal Retirement Fund – Schedules of Changes in the Net Pension Liability (Asset) and Related Ratios, Illinois Municipal Retirement Fund – Schedule of Employer Contributions, Teachers’ Retirement System of the State of Illinois – Schedules of Employer’s Proportionate Share of the Net Pension Liability, Teachers’ Retirement System of the State of Illinois – Schedule of the Employer’s Contributions, Teacher’s Health Insurance Security Fund – Schedules of the Employer’s Contributions, Teacher’s Health Insurance Security Fund – Schedule of the Employer’s Proportionate Share of the Collective Net OPEB Liability, Other Post Employment Benefits – Schedule of the Employer’s Contributions, and Other Post Employment Benefits – Schedules of Changes in the Total OPEB Liability and Related Ratios on pages 66-74 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Management’s Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Calhoun, Greene, Jersey, and Macoupin Counties Regional Office of Education No. 40's basic financial statements. The combining schedules of accounts, the budgetary comparison schedules, and the combining fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining schedules of accounts, the budgetary comparison schedules, and the combining fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining schedules of accounts, the budgetary comparison schedules, and the combining fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 1, 2021 on our consideration of the Calhoun, Greene, Jersey, and Macoupin Counties Regional Office of Education No. 40's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Calhoun, Greene, Jersey, and Macoupin Counties Regional Office of Education No. 40's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Calhoun, Greene, Jersey, and Macoupin Counties Regional Office of Education No. 40's internal control over financial reporting and compliance.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

INDEPENDENT AUDITORS' REPORT

Honorable Frank J. Mautino
Auditor General
State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Calhoun, Greene, Jersey, and Macoupin Counties Regional Office of Education No. 40, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Calhoun, Greene, Jersey, and Macoupin Counties Regional Office of Education No. 40's basic financial statements, and have issued our report thereon dated March 1, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Calhoun, Greene, Jersey, and Macoupin Counties Regional Office of Education No. 40's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Calhoun, Greene, Jersey, and Macoupin Counties Regional Office of Education No. 40's internal control. Accordingly, we do not express an opinion on the effectiveness of the Calhoun, Greene, Jersey, and Macoupin Counties Regional Office of Education No. 40's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying Schedule of Findings and Responses as finding 2020-002 that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Calhoun, Greene, Jersey, and Macoupin Counties Regional Office of Education No. 40's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying Schedule of Findings and Responses as finding 2020-001.

Regional Office of Education No. 40's Responses to Findings

The Calhoun, Greene, Jersey, and Macoupin Counties Regional Office of Education No. 40's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Responses. Calhoun, Greene, Jersey, and Macoupin Counties Regional Office of Education No. 40's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Calhoun, Greene, Jersey, and Macoupin Counties Regional Office of Education No. 40's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Calhoun, Greene, Jersey, and Macoupin Counties Regional Office of Education No. 40's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SECTION II - FINANCIAL STATEMENT FINDINGS
For the year ended June 30, 2020**

FINDING NO. 2020-001 – Inadequate Internal Controls Over Compliance Requirements (Repeat of Finding 19-001)

Criteria/Specific Requirement:

For fiscal year 2019, the *Grant Accountability and Transparency Act (GATA) 30 ILCS 708/1* became effective for all federal and State award programs administered by the Regional Office of Education No. 40 (ROE). The GATA establishes that State grant programs are subject to the requirements set forth in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The Uniform Guidance (2 CFR 200.430) requires charges for salaries and benefits to be supported by a system of internal controls which provide reasonable assurance that the charges are accurate, and properly allocated. It also requires records be used to support the distribution of employee salaries and benefits among specific activities if the employee works on multiple programs. It further states that budget estimates alone do not qualify as support for salary and benefit expenditures charged to federal and State grants.

The GATA also requires the ROE to implement a procurement policy that is in accordance with the Uniform Guidance (2 CFR 200.317 through 200.326). In addition, the Illinois State Board of Education's (ISBE) State and Federal Grant Administration Policy, Fiscal Requirements, and Procedures requires the ROE to implement a fraud policy.

Condition:

The ROE did not use time and effort documentation to distribute salary and benefit costs for employees paid from multiple funding sources. The ROE did require all employees to submit time and effort documentation; however, the time and effort documentation was not reconciled to the payroll allocation used to record payroll expenses in the general ledger. Therefore, the ROE was unable to determine the reasonableness of the allocation of salaries and benefits amongst federal and State programs.

The ROE did not update their procurement policy to be in accordance with the requirements of the Uniform Guidance and did not implement a fraud policy.

Effect:

Since time and effort documentation was not used to allocate the salary and benefit costs of certain employees, there is an increased risk the salary and benefit costs charged to the various federal and State programs do not reflect the actual time worked on the programs.

Due to the ROE not implementing a procurement policy in accordance with the Uniform Guidance, the ROE could make purchases that are improper or not in compliance with grant requirements. Since the ROE has not implemented a fraud policy, employees of the ROE might not have the resources necessary to report fraud or improprieties to the appropriate parties.

SECTION II - FINANCIAL STATEMENT FINDINGS
For the year ended June 30, 2020**

FINDING NO. 2020-001 – Inadequate Internal Controls Over Compliance Requirements (Repeat of Finding 19-001) (Continued)

Cause:

While the ROE employees are keeping their time sheets that show time and effort, the time and effort sheets were not reconciled to amounts expensed in the general ledger. ROE personnel were unaware of that requirement.

Auditors' Recommendation:

We recommend the ROE use time and effort documentation to distribute salary and benefit costs for all employees. We also recommend that the ROE update the procurement policy to comply with the requirements of the Uniform Guidance and implement a formal fraud policy.

Management's Response:

The ROE will use time and effort documentation to distribute salary and benefits costs for all employees. The ROE will update the procurement policy to comply with the requirements of the Uniform Guidance and implement a formal fraud policy.

FINDING NO. 2020-002 - Controls over Financial Statement Preparation

Criteria/Specific Requirement:

The Regional Office of Education No. 40 (ROE) is required to maintain a system of controls over the preparation of financial statements in accordance with generally accepted accounting principles (GAAP). The ROE's internal controls over GAAP financial reporting should include adequately trained personnel with the knowledge, skills, and experience to prepare GAAP based financial statements and include all disclosures as required by the Governmental Accounting Standards Board (GASB).

GASB Statement No. 34, *Basic Financial Statements - Management's Discussion and Analysis - for State and Local Governments* (Statement), requires governments to present government-wide and fund financial statements as well as a summary reconciliation of the (a) total governmental fund balances to the net position of governmental activities in the Statement of Net Position, and (b) total change in governmental fund balances to the change in the net position of governmental activities in the Statement of Activities. In addition, the Statement requires information about the government's major and nonmajor funds in the aggregate to be provided in the fund financial statements.

Condition:

The ROE does not have sufficient internal controls over the financial reporting process. The ROE maintains its accounting records on the cash basis of accounting during the fiscal year and posts year-end accrual and other applicable entries for financial statement purposes. In addition, the ROE does not have sufficient internal controls over the processing of some accounting transactions. There are not sufficient controls over the preparation/review of GAAP based financial statements for management or employees in the normal course of performing their assigned functions to prevent or detect financial statement misstatements and disclosure errors and omissions in a timely manner. For example, auditors, in their review of the ROE's accounting records, noted the following:

- The ROE did not have adequate controls over the maintenance of complete records for payables.

Effect:

The ROE's management or its employees, in the normal course of performing their assigned functions, may not prevent or detect financial statement misstatements and disclosure errors and omissions in a timely manner.

**SCHEDULE OF FINDINGS AND RESPONSES
SECTION II - FINANCIAL STATEMENT FINDINGS
For the year ended June 30, 2020**

FINDING NO. 2020-002 - Controls over Financial Statement Preparation (Continued)

Cause:

Due to COVID-19, some vendor invoices were delayed in being sent to the ROE. ROE personnel inadvertently overlooked recording payables for a few FY20 invoices that were received after year end.

Auditors' Recommendation:

The ROE should implement comprehensive preparation and/or review procedures as a part of their internal control over the preparation of financial statements to ensure the financial statements, including disclosures, are complete and accurate. These procedures should be performed by a properly trained individual(s) possessing a thorough understanding of the applicable GAAP, GASB pronouncements, and knowledge of the ROE's activities and operations.

Management's Response:

The ROE has hired a CPA firm to aid with closing the books and preparing the financial statements. ROE personnel will follow up with the hired CPA firm to have them review accounts payable at year end to ensure that payables are complete.

GOVERNMENTAL FUNDS
For the year ended June 30, 2020**

Net change in fund balances \$ (52,788)

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay	\$ 2,930	
Depreciation expense	<u>(6,305)</u>	(3,375)

The issuance of long-term debt (e.g. capital lease) provides current financial resources to the governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. However, neither transaction has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt.

NOTES TO FINANCIAL STATEMENTS

**CALHOUN, GREENE, JERSEY, AND MACOUPIN COUNTIES
REGIONAL OFFICE OF EDUCATION NO. 40**

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Regional Office of Education No. 40's accounting policies conform to generally accepted accounting principles, which are appropriate to local governmental units of this type.

A. Reporting Entity

The Regional Office of Education No. 40 was created by Illinois Public Act 76-735, as amended, effective August 7, 1995. The Regional Office operates under the School Code (105 ILCS 5/3 and 5/3A). The region encompasses Calhoun, Greene, Jersey, and Macoupin counties.

The Regional Superintendent of Schools is the chief administrative officer of the region and is elected to the position for a four-year term. The Regional Superintendent is responsible for the supervision and control of the school districts.

The Regional Superintendent's responsibilities for administering the school educational service region programs include, but are not limited to, providing directions to teachers and school officials on science, art and teaching methods; implementing the State Board of Education's Policy Programs; encouraging camaraderie among teachers through the teachers' institute; making public notice of unfilled teaching positions within the region; and ensuring of the safety, health and welfare of the students in the region by periodically inspecting the school buildings and ensuring that the bus drivers have valid driving licenses and are properly trained to operate the school buses. The Regional Superintendent is also responsible for apportionment and payment of funds received from the State for the districts in the region, or seeing that no payments are made unless the treasurer has filed or renewed appropriate bond and that the district has certified publication of the annual financial report.

The Regional Office of Education No. 40 derives its oversight power and authority over the school districts from the School Code and is responsible for its own fiscal and budgetary matters. The Regional Office of Education No. 40 exercises no oversight responsibility on financial interdependency, selection of governing authority, designation of management or the ability to significantly influence the operations of any other outside agencies. Control or dependency is determined on the basis of budget adoption, taxing authority, funding and appointment of the respective governing order. Therefore, no other agency has been included as a component unit in the Regional Office of Education No. 40's financial statements. In addition, the Regional Office of Education No. 40 is not aware of any entity that would exercise oversight as to result in the Regional Office of Education No. 40 being considered a component unit of the entity.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by intergovernmental revenues, are reported separately from the business-type activities, which rely to a significant extent on fees and charges for support.

CALHOUN, GREENE, JERSEY, AND MACOUPIN COUNTIES
REGIONAL OFFICE OF EDUCATION NO. 40

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Government-wide and Fund Financial Statements (Continued)

The Statement of Net Position includes all of the Regional Office of Education No. 40's assets, including capital assets, deferred outflows of resources, liabilities, and deferred inflows of resources. The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column.

Certain eliminations have been made as prescribed by governmental accounting standards in regards to interfund activities, such as payables, receivables and transfers. Interfund activities between governmental funds and between governmental funds and proprietary funds appear as due to/due from on the governmental fund Balance Sheet and the proprietary fund Statement of Net Position, and as transfers in/out on the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances and on the proprietary fund Statement of Revenues, Expenses, and Changes in Fund Net Position. All interfund transactions between governmental funds are eliminated on the government-wide financial statements. All internal balances in the Statement of Net Position have been eliminated.

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures, and Changes in Fund Balances for all major governmental funds and nonmajor funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net position and changes in net position presented in the government-wide financial statements.

Proprietary fund financial statements include a Statement of Net Position, a Statement of Revenues, Expenses, and Changes in Fund Net Position, and a Statement of Cash Flows for each major proprietary fund and nonmajor funds aggregated.

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues from exchange transactions are recognized when they are earned, and expenses are recognized when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they become both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The Regional Office of Education No. 40 considers revenues to be available if they are collectible within 60 days after year-end. Expenditures are generally recognized in the accounting period in which the fund liability is incurred, if measurable, with the exception of expenditures for prepaid items and other long-term obligations, which are recognized as liabilities when due, as well as expenditures related to compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Revenues susceptible to accrual are recognized in the current fiscal period. Those revenues include local sources, State sources, federal sources, and interest. Unearned revenues arise when potential revenue does not meet both the measurable and available criteria or when resources are received prior to the government having legal claim to them. The revenues are subsequently recognized when both recognition criteria are met or when the government has legal claim to the resources. Revenues received after the Regional Office's availability period are reported as deferred inflows of resources - unavailable revenue in the fund statements and are reported as current revenue in the Statement of Activities.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Regional Office of Education No. 40's enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

It is the Regional Office of Education No. 40's policy to first apply restricted resources when an expenditure or expense is incurred for which both restricted and unrestricted resources are available. For unrestricted fund balances, committed fund balances are used first, then assigned fund balances, then unassigned, if any.

1. Governmental Funds

The Regional Office of Education No. 40 reports the following major governmental funds:

General Fund – The General Fund is the general operating fund of the Regional Office of Education No. 40. It is used to account for all financial resources, except those required to be accounted for and reported in another fund. This fund is available to pay general and administrative expenditures of the Regional Office of Education No. 40. Included in this fund are:

Administrative Fund – This fund is the general operating fund of the Regional Office of Education No. 40. It is used to account for all financial resources except those required to be accounted for in another fund.

Alternative Schools Fund – This fund accounts for monies received to educate, serve, and support students, at no cost to the students, in an effort to improve the quality of life of high school dropouts. The funds are used to provide basic skills, obtain high school credit, or prepare for the GED test.

Direct Services – This fund is used for student testing and cooperative services conducted through the Regional Office of Education for the benefit of member districts.

General State Aid – This fund accounts for General State Aid grant monies received from the Illinois State Board of Education and used for the general operations of the Regional Safe Schools program.

Jerseyville Office Account – Accounts for general operations at the Jerseyville Regional Office of Education No. 40.

Macoupin County Monies – Monies received from Macoupin County to pay ROE expenses, such as payroll, phone, rent and office supplies.

Regional Initiative Fund – This fund is utilized for special regional initiatives with the consent and approval of the Macoupin County district superintendents.

Special Revenue Funds – Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt service or capital projects. Included among these funds are:

Education – This Special Revenue Fund is used to account for and report the proceeds of specific revenue sources that are restricted by grant agreements or contracts to expenditures for specified purposes supporting education enhancement programs as follows:

Adult Education – This fund accounts for monies received from the Illinois Community College Board for academic and vocational adult education programs including the following:

Federal Basic – This fund accounts for federal monies received from the Illinois Community College Board which provide for adult basic education (GED) services for adult education clients.

State Basic – This fund accounts for State monies received from the Illinois Community College Board for vocational training, including computer and certified nurse assistant classes.

State Performance – This fund accounts for State monies received from the Illinois Community College Board that can be used for any purpose that supports the adult education program.

Regional Safe Schools – This program provides instruction services and materials for an alternative school program for at-risk youth who are eligible for suspension or expulsion from their home school districts, creating alternative placement for those students into a safe school program.

ROE/ISC Operations – This fund accounts for monies received and payment of expenditures in assisting schools in all areas of school improvement.

Teen Parent Services – This program is funded through local donations and provides diapers and other parenting supplies to teen parents involved in the Truants Alternative/Optional Education program.

Truants Alternative/Optional Education – This fund provides alternative educational program services to truant students referred from local schools to the Regional Office of Education No. 40. It offers prevention and intervention services, which include case management, home visits, school visits, student advocacy, wraparound, referrals to community agencies, and technical assistance to individual school districts and the community.

Education (Continued)

Title II Teacher Quality Leadership – The purpose of this program is to provide training and professional development for the improvement of teacher and principal performance evaluations. The training is delivered through an online portal called Growth Through Learning and is mandated by the Illinois State Board of Education before a supervisor may provide a performance evaluation.

Learning Technology Center Program – The Learning Technology Center is an Illinois State Board of Education program that supports all public K-12 districts, schools, and educators through technology initiatives, services, and professional learning opportunities.

Institute – This Special Revenue Fund accounts for fees collected for the registration and renewal of teaching licenses. These fees are used to defray administrative expenses incidental to teachers' institutes, workshops, or meetings of a professional nature that are designed to promote the professional growth of teachers or to defray the expense of any general or special meeting of teachers or school personnel. All funds generated remain restricted until expended only on the aforementioned activities.

Nonmajor Special Revenue Funds – Special Revenue Funds are used to account for and report the proceeds of specific revenue sources (other than fiduciary or major capital projects) that are restricted to expenditures for specific purposes. Nonmajor special revenue funds include the following:

Bus Driver Permit Fund – Accounts for funds received from registrations and user fees which are used to test and train bus drivers.

General Education Development Fund – Accounts for the administration of the General Education Development (GED) Testing Program with revenues from testing and diploma fees used to pay administrative expenses incurred.

2. Proprietary Funds

Enterprise Funds – Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprise where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis should be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control accountability, or other purposes. The Regional Office of Education No. 40 reports Workshops as a major enterprise fund and the other two as nonmajor enterprise funds:

Workshops – This fund accounts for expenses incurred for workshops that offer either college credit or other professional development activities.

Administrators' Academy – Accounts for the process by which local school administrators meet the legislated requirement for training and by which administrators may improve their skills in instructional and administrative leadership.

Olympiad Fund – Accounts for a four-day event involving gifted students using activities designed directly applicable to the State Learning Standards. These activities are intended to challenge students to exercise higher level intellectual skills and talents.

3. Fiduciary Funds

Agency Funds – Agency Funds are used to account for assets held by the Regional Office of Education No. 40 in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. These funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The Regional Office of Education No. 40 reports the following agency funds:

Central Illinois Rural Region Career & Technical Education System – This fund accounts for the assets held in trust for the benefit of the Central Illinois Rural Region Career & Technical Education System.

Trustee Fund – This fund accounts for monies received from individuals filing petitions requesting annexation or detachment of school district boundary hearings with the Regional Board of School Trustees. Monies are expended to cover hearing expenses.

School Facility Sales Tax – Voters in Calhoun, Greene, Jersey, and Macoupin Counties approved the use of a sales tax to be used exclusively for school facility capital projects. Regional Office of Education No. 40 is the fiscal agent for processing payments from the State of Illinois to the school districts.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Fund Balance

1. Cash and Investments

The Regional Office of Education No. 40 considers cash on hand, checking accounts, savings accounts, money market accounts, and investments held with an original maturity date of 90 days or less to be cash and cash equivalents. State regulations require that Regional Office of Education No. 40 deposit funds under its control into accounts insured by the federal governments, accounts secured by substantial collateral, or pooled investment trusts. All funds not needed for immediate disbursement are maintained in interest bearing accounts.

Statutes authorize the Regional Office of Education No. 40 to make deposits or invest in obligations of states and their political subdivisions, savings accounts, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, and the Illinois Funds.

2. Interfund Transactions

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds" in the fund financial statements. Balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

3. Capital Assets

Capital assets are reported in the applicable columns in the government-wide and proprietary fund financial statements. Capital assets purchased or acquired with an original cost of \$500 or more and estimated useful lives of greater than one year are recorded at historical cost or estimated historical cost. Contributed assets are recorded at acquisition value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Equipment and furniture	3-10 years
Building improvements	10-15 years

In the governmental fund financial statements, capital assets used in governmental operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

D. **Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Fund Balance** (Continued)

4. **Deferred Outflows of Resources and Deferred Inflows of Resources**

Deferred Outflows of Resources – Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension and OPEB expense and contributions from the employer after the measurement date but before the end of the employer’s reporting period.

Deferred Inflows of Resources – Deferred inflows of resources represent an acquisition of net position/fund balance that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources are reported in the governmental fund financial statements as unavailable revenue and represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year.

Deferred inflows of resources on the governmental funds Balance Sheet consist of grant receivables not collected within sixty days after the year end. Deferred inflows of resources in the Statement of Net Position consist of unrecognized items that have not yet reduced pension and OPEB expense.

5. **Postemployment Benefits Other Than Pensions (OPEB)**

For purposes of measuring the Regional Office of Education No. 40’s OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Regional Office of Education No. 40’s OPEB Plan, and additions to/deductions from the Regional Office of Education No. 40’s fiduciary net position have been determined on the same basis as they are reported by the Regional Office of Education No. 40’s Plan. For this purpose, the Regional Office of Education No. 40’s Plan recognizes benefit payments when due and payable in accordance with the benefit terms. The Regional Office of Education No. 40’s OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense for the ROE’s single-employer defined benefit OPEB plan have been actuarially determined using the Alternative Measurement Method.

6. **Compensated Absences**

Employees earn vacation days after completing a full year of service. Part-time employees and individuals hired for less than a twelve month position do not accumulate paid vacation time. Vacation time is considered an expenditure in the year it is paid. All vacation time has to be used before fiscal year end, so no accrual is required.

7. Equity Classifications

Government-wide and Proprietary Fund Statements

Equity is classified as net position and displayed in three components:

Net investment in capital assets - Consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net position - Consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

Unrestricted net position - The net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

Governmental Fund Statements

Governmental fund equity is classified as fund balance. Fund balance is the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources in a governmental fund. The following types of fund balances may be presented on the Governmental Funds Balance Sheet, the General Fund and Education Fund Combining Schedules of Accounts, and the Nonmajor Special Revenue Funds Combining Balance Sheet:

Nonspendable Fund Balance - The portion of a governmental fund's fund balance that is not available to be spent, either short term or long term, in either form or through legal restrictions. The Regional Office of Education No. 40 has no nonspendable fund balances.

Restricted Fund Balance - The portion of a governmental fund's fund balance that is subject to external enforceable legal restrictions. The following accounts' fund balances are restricted by Illinois Statutes: Institute Fund, Bus Driver Permit Fund, and General Education Development Fund. The following accounts' fund balances are restricted by donor restrictions: Regional Safe Schools, ROE/ISC Operations and Teen Parent Services.

Assigned Fund Balance - The portion of a governmental fund's fund balance to denote an intended use of resources. The accounts presented with assigned fund balances are specified for a particular purpose by the Regional Superintendent. The Regional Office of Education No. 40 has no assigned fund balances.

Unassigned Fund Balance - Available expendable financial resources in a governmental fund that are not designated for a specific purpose. The following accounts comprise unassigned fund balance: Administrative, Alternative Schools Fund, Direct Services, General State Aid, Jerseyville Office Account, Macoupin County Monies, and Regional Initiative.

E. New Accounting Pronouncements

The global pandemic, coronavirus disease (COVID-19), has resulted in significant business disruptions due to mandated temporary work stoppages, limitations on travel, limitations on the size and duration of group meetings, and employee absences. In light of the pandemic, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. This Statement postpones the effective dates for certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later. Due to the Regional Office of Education No. 40's implementation of this Statement, only certain provisions of GASB Statement No. 92, *Omnibus 2020* and GASB Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans* were required to be implemented for the year ended June 30, 2020. The implemented provisions of these Statements had no significant impact on the financial statements of the Regional Office of Education No. 40. The Regional Office of Education No. 40 decided not to implement any postponed provisions of the GASB Statements prior to their adjusted effective dates.

2. BUDGETS AND BUDGETARY ACCOUNTING

The Regional Office of Education No. 40 was not legally required to adopt annual budgets for all funds under its control, and some annual budgets prepared were not based upon the same operating period. Therefore, budgetary reports comparing budgeted to actual expenditures are not presented.

2. BUDGETS AND BUDGETARY ACCOUNTING (Continued)

Budgets relating to programs funded by grants from the Illinois State Board of Education are prepared and submitted to the State Board for approval as part of the grant awards process. The State Board must also approve amendments to these budgets. Grant project budgets are based on the award period. Budgets relating to programs funded by grants from the Illinois Community College Board must be prepared and submitted for approval. Budgets are also prepared for certain grants awarded through other pass-through entities. Budgetary Comparison Schedules have been presented for the following grants: Adult Education – Federal Basic, Adult Education – State Basic, Adult Education – State Performance, Regional Safe Schools, ROE/ISC Operations, Truants Alternative/Optional Education, Title II Teacher Quality Leadership, and Learning Technology Center.

3. USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

4. DEPOSITS AND INVESTMENTS

At June 30, 2020, the carrying amount of the Regional Office of Education No. 40's deposits for the governmental activities, business-type activities, and fiduciary funds were \$392,238, \$21,218, and \$20,260, respectively. The bank balances for the governmental activities, business-type activities, and fiduciary funds totaled \$610,296 all of which was secured by federal depository insurance or collateralized with securities held by the pledging financial institution's trust department in the Regional Office of Education No. 40's name, and were, therefore, not exposed to custodial credit risk. The Illinois Funds accounts had a total carrying amount of \$260 and bank balance of \$260 for the governmental activities at June 30, 2020. This amount is fully collateralized and not subject to credit risk.

5. INTERFUND RECEIVABLES AND PAYABLES

At June 30, 2020, interfund receivables and payables were as follows:

A. Teachers' Retirement System of the State of Illinois

Plan Description

The Regional Office of Education No. 40 participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <https://www.trsil.org/financial/cafrs/fy2019>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

Benefits Provided

TRS provides retirement, disability, and death benefits. Tier 1 members have TRS or reciprocal system service prior to January 1, 2011. Tier 1 members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest consecutive years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the highest four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different from Tier 1.

Essentially all Tier 1 retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2021. One program allows retiring Tier 1 members

to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and are funded by bonds issued by the State of Illinois.

Contributions

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2019, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the Regional Office of Education No. 40.

On behalf contributions to TRS – The State of Illinois makes employer pension contributions on behalf of the Regional Office of Education No. 40. For the year ended June 30, 2020, State of Illinois contributions recognized by the Regional Office of Education No. 40 were based on the State's proportionate share of the pension expense associated with the Regional Office of Education No. 40, and the Regional Office of Education No. 40 recognized revenue and expenditures of \$320,860 in pension contributions from the State of Illinois.

2.2 formula contributions – Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2020, were \$2,426, and are deferred because they were paid after the June 30, 2019 measurement date.

Federal and special trust fund contributions – When TRS members are paid from federal and special trust funds administered by the Regional Office of Education No. 40, there is a statutory requirement for the Regional Office of Education No. 40 to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Contributions (Continued)

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the State contribution rate to TRS and were much higher.

For the year ended June 30, 2020, the employer pension contribution was 10.66 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2020, salaries totaling \$1,505 were paid from federal and special trust funds that required employer contributions of \$160. These contributions are deferred because they were paid after the June 30, 2019 measurement date.

Employer retirement cost contributions – Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The Regional Office of Education No. 40 is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2020, the Regional Office of Education No. 40 made no payments to TRS for employer contributions due on salary increases in excess of 6 percent or for sick leave days granted in excess of the normal annual allotment.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the Regional Office of Education No. 40 reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for State pension support provided to the employer. The State's support and total are for disclosure purposes only. The amount recognized by the employer as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the employer follows below:

The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018, and rolled forward to June 30, 2019. The Regional Office of Education No. 40's proportion of the net pension liability was based on the employer's share of contributions to TRS for the measurement year ended June 30, 2019, relative to the contributions of all participating TRS employers and the State during that period. At June 30, 2019, the Regional Office of Education No. 40's proportion was 0.0000511953 percent, which was an increase of 0.0000062925 from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the Regional Office of Education No. 40 recognized pension expense of \$320,860 and revenue of \$320,860 for support provided by the State. For the year ended June 30, 2020, the Regional Office of Education No. 40 recognized a pension benefit of \$9,226. At June 30, 2020, the Regional Office of Education No. 40 reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Actuarial Assumptions (Continued)

The long-term (20 year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

Discount Rate

At June 30, 2019, the discount rate used to measure the total pension liability was 7.0 percent, which was the same as the June 30, 2018 rate. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and State contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2019 was projected to be available to make all projected future benefit payments to current active and inactive members and all benefit recipients. Tier 1's liability is partially funded by Tier 2 members, as the Tier 2 member contribution is higher than the cost of Tier 2 benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Regional Office of Education No. 40's proportionate share of the net pension liability to changes in the discount rate

The following presents the Regional Office of Education No. 40's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the Regional Office of Education No. 40's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate.

IMRF Plan Description

The Regional Office of Education No. 40's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The Regional Office of Education No. 40's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Benefits Provided (Continued)

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

As of December 31, 2019, the following employees were covered by the benefit terms:

Retirees and beneficiaries currently receiving benefits	10
Inactive plan members entitled to but not yet receiving benefits	17
Active plan members	10
 Total	 37

Contributions

As set by statute, the Regional Office of Education No. 40's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The Regional Office of Education No. 40's annual contribution rate for calendar year 2019 was 8.33%. For the fiscal year 2020, the Regional Office of Education No. 40 contributed \$26,414 to the plan. The Regional Office of Education No. 40 also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability

The Regional Office of Education No. 40's net pension liability was measured as of December 31, 2019. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The following are the methods and assumptions used to determine total pension liability at December 31, 2019:

- The Actuarial Cost Method used was Entry Age Normal.
- The Asset Valuation Method used was Market Value of Assets.
- The Inflation Rate was assumed to be 2.50%.
- Salary Increases were expected to be 3.35% to 14.25%, including inflation.
- The Investment Rate of Return was assumed to be 7.25%.
- Projected Retirement Age was from the Experience-based table of rates, specific to the type of eligibility condition, last updated for the 2017 valuation pursuant to an experience study of the period 2014-2016.
- For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Healthy Annuitant Mortality Table with adjustments to match current IMRF experience.
- For Disabled Retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustments that were applied for non-disabled lives.
- For Active Members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.
- The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2019:

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 2.75%, and the resulting single discount rate is 7.25%.

THIS Plan Description

The Regional Office of Education No. 40 participates in the Teachers' Health Insurance Security (THIS) fund. The THIS fund is a non-appropriated trust fund held outside the State Treasury, with the State Treasurer as custodian. Additions deposited into the Trust are for the sole purpose of providing the health benefits to retirees, as established under the plan, and associated administrative costs. The THIS fund is a cost-sharing multiple-employer defined benefit postemployment healthcare plan that covers retired employees of participating employers throughout the State of Illinois, excluding the Chicago Public School System. THIS health coverage includes provisions for medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits.

THIS Plan Description (Continued)

Annuitants may participate in the State administered Preferred Provider Organization plan or choose from several managed care options. As a result of the Governor's Executive Order 12-01, the responsibilities in relation to THIS were transferred to the Department of Central Management Services (Department) as of July 1, 2013. The Department administers the plan with the cooperation of the Teachers' Retirement System (TRS).

Benefits Provided

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 required all active contributors to TRS who are not employees of the State to make a contribution to the THIS Fund.

A percentage of employer required contributions in the future will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

On-behalf contributions to the THIS Fund

The State of Illinois makes employer retiree health insurance contributions on behalf of the Regional Office of Education No. 40. For the year ended June 30, 2020, State of Illinois contributions recognized by the Regional Office of Education No. 40 were based on the State's proportionate share of the collective net OPEB liability associated with the Regional Office of Education No. 40, and recognized revenue and expenditures of \$26,695 in OPEB contributions from the State of Illinois.

Employer contributions to the THIS Fund

The Regional Office of Education No. 40 also makes contributions to the THIS Fund. The employer THIS Fund contribution was 0.92 percent during the year ended June 30, 2020, 0.92 percent for the year ended June 30, 2019, and 0.88 percent during the year ended June 30, 2018. For the year ended June 30, 2020, the Regional Office of Education No. 40 paid \$3,848 to the THIS Fund, which was 100 percent of the required contribution. For the years ended June 30, 2019 and 2018, the Regional Office of Education No. 40 paid \$3,678 and \$2,829 to the THIS Fund, respectively, which was 100 percent of the required contribution.

Further information on the THIS Fund

Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of June 30, 2018, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

- The inflation rate was assumed to be 2.50%.
- Salary increases depend on service and ranges from 9.50% at 1 year of service to 4.00% at 20 or more years of service. Salary increase includes a 3.25% wage inflation assumption.
- The investment rate of return was assumed to be 0%, net of OPEB plan investment expense, including inflation.
- Healthcare cost trend rates were based on actual trends for fiscal year 2019. For fiscal years on and after 2020, trend starts at 8.00% and 9.00% for non-Medicare costs and Medicare costs, respectively, and gradually decreases to an ultimate trend of 4.50%. Additional trend rate of 0.31% is added to non-Medicare costs on and after 2022 to account for Excise Tax.

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table, adjusted for TRS experience. For disabled annuitants, mortality rates were based on the RP-2014 Disabled Annuitant table. Mortality rates for pre-retirement were based on the RP-2014 White Collar Table. All tables reflect future mortality improvements using Projection Scale MP-2017.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2014 through June 30, 2017.

Single Discount Rate

Projected benefit payments were discounted to their actuarial present values using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since the THIS fund is financed on a pay-as-you-go basis, a discount rate consistent with fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity's index's "20-year Municipal GO AA Index" has been selected. The discount rates are 3.62 percent as of June 30, 2018, and 3.13 percent as of June 30, 2019.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2020, the Regional Office of Education No. 40 reported a liability for its proportionate share of the collective net OPEB liability that reflected a reduction for State OPEB support provided to the Regional Office of Education No. 40. The amount recognized by the Regional Office of Education No. 40 as its proportionate share of the collective net OPEB liability, the related State support, and the total portion of the collective net OPEB liability that was associated with the Regional Office of Education No. 40 were as follow:

Employer's proportionate share of the collective net OPEB liability	\$ 450,138
State's proportionate share of the collective net OPEB liability associated with the employer	<u>609,618</u>
Total	<u>\$1,059,756</u>

The collective net OPEB liability was measured as of June 30, 2019, and the total OPEB liability used to calculate the collective net OPEB liability was determined by an actuarial valuation as of June 30, 2018, and was rolled forward to the June 30, 2019 measurement date. The Regional Office of Education No. 40's proportion of the collective net OPEB liability was based on a projection of the Regional Office of Education No. 40's long-term share of contributions to the OPEB plan relative to the projected contributions of the Regional Office of Education No. 40, actuarially determined. At June 30, 2019, the Regional Office of Education No. 40's proportion was 0.001626 percent, which was an increase of 0.00027 from its proportion measured as of June 30, 2018 (0.001356 percent). The State's support and total are for disclosure purposes only.

For the year ending June 30, 2020, the Regional Office of Education No. 40 recognized OPEB expense of \$26,695 and revenue of \$26,695 for support provided by the State. For the year ending June 30, 2020, the Regional Office of Education No. 40 recognized OPEB expense of \$40,221. Plan Description

The Regional Office of Education No. 40 provides a single-employer defined-benefit postemployment healthcare plan to retirees who participate in the IMRF or TRS retirement plans. This plan extends the same health benefits to annuitants as to active employees in the IMRF plan. The Governmental Accounting Standards Board (GASB) issued Statement No.'s 74 and 75 that established generally accepted accounting principles for the annual financial statements for postemployment benefit plans other than pension plans. The required information is as follows:

Eligibility Provisions

Full-Time Employees – IMRF

Tier I IMRF Full-Time employees:

- Age 55 with at least 8 years of service (Reduced Pension)
- Age 55 with at least 30 years of service (Reduced Pension)
- Age 55 with at least 35 years of service (Full Pension)
- Age 60 with at least 8 years of service (Full Pension)

Tier II IMRF Full-Time employees:

- Age 62 with at least 10 years of service (Reduced Pension)
- Age 62 with at least 30 years of service (Reduced Pension)
- Age 62 with at least 35 years of service (Full Pension)
- Age 67 with at least 10 years of service (Full Pension)

Full-Time Employees – TRS

Tier I TRS Full-Time employees:

Benefits Provided

The Regional Office of Education No. 40 provides continued health insurance coverage at the blended employer rate to all eligible Regional Office of Education No. 40 retirees in accordance with Illinois Compiled Statutes, which creates an implicit subsidy of retiree health insurance. The Regional Office of Education No. 40 offers various types of coverage through Egyptian Area Schools Employee Benefit Trust to full-time IMRF and TRS employees. Coverage becomes secondary to Medicare once eligible. Retirees may continue coverage in retirement past Medicare eligibility, however they are responsible for paying the full cost of the medical premium. Eligible spouse/dependent coverage may continue should the retiree coverage terminate under COBRA provisions when an applicable qualifying event occurs. The spouse/dependent is responsible for the full cost of coverage. If the Retiree elects outside coverage (such as that offered through the Teacher Health Insurance Security Fund), the Regional Office of Education No. 40 does not pay for any portion of the premium in retirement nor provide a reimbursement/stipend for insurance costs.

The Regional Office of Education No. 40 provides dental, vision, and life insurance coverage to all eligible employees in accordance with Illinois Compiled Statutes. Retirees may continue dental or vision coverage into retirement. The retiree is responsible for the full premium cost of coverage for the dental and vision plans. Life insurance is not available to retirees.

Funding Policy and Contributions

There is no funding policy that exists for the postretirement plan at this time, as the total OPEB liabilities are currently an unfunded obligation.

The employer contributions and benefit payments are related to the increase in active premiums due to the presence of retirees in the determination of blended retiree/active premiums.

The contributions of \$3,290 from other Regional Office of Education No. 40 resources and benefit payments of \$3,290 from other Regional Office of Education No. 40 resources are contributions made to and benefit payments made from the OPEB Plan that were not directly made to or from the OPEB Trust.

Total OPEB Liability

The total OPEB liability for the current fiscal year has been developed based on the July 1, 2020 actuarial valuation date and adjusted to the June 30, 2020 measurement date based on procedures that conform to the Alternative Measurement Method and generally accepted actuarial principles and practices.

B. Other Postemployment Benefits (Continued)

Actuarial Assumptions

- The discount rate used for the Total OPEB liability was 3.50% for beginning of year and 2.21% for end of year.
- The long-term expected rate of return on plan assets is not applicable as the OPEB obligation is unfunded.
- The high quality 20 year tax-exempt G.O. bond rate was 3.50% for beginning of year and 2.21% for end of year.
- The salary increase assumption of 2.50% was based on a review of the IMRF Experience Study Report dated November 8, 2017 and TRS Experience Study Report dated September 18, 2018.
- Premiums charged for coverage of retiree and spouse for both under age 65 and age 65-&-Over depend upon the plan:
 - Plan A – Retiree \$12,388 and Spouse \$13,212
 - Plan B – Retiree \$11,264 and Spouse \$11,864
 - Plan C – Retiree \$9,676 and Spouse \$10,358
 - Plan D – Retiree \$8,254 and Spouse \$8,686
 - Plan E1 – Retiree \$10,380 and Spouse \$11,040
- The initial healthcare trend rate is based on the 2020 Segal Health Plan Cost Trend Survey. For fiscal years on and after 2021, trend starts at 6.80% for non-Medicare costs and post-Medicare costs for PPO Plans and 7.00% for non-Medicare costs and post-Medicare costs for HDHP Plans and gradually decreases to an ultimate trend of 5.00% for both.
- Retiree contribution rates are the same as Healthcare Trend Rates.

IMRF mortality rates use the RP-2014 with Blue Collar Adjustment and MP-2016 Improvement, weighted per IMRF Experience Study dated November 8, 2017 using age 85 for males and age 88 for females. TRS mortality rates use RP-2014 with White Collar Adjustment and MP-2017 Improvement, weighted per TRS Experience Study Report dated September 18, 2018 using age 88 for males and age 89 for females.

The retirement rates based on rates from the IMRF Experience Study Report dated November 8, 2017 and the TRS Experience Study Report dated September 18, 2018 were used to estimate the single retirement ages pursuant to the Alternative Measurement Method for GASB 74/75.

For any active participant who will not meet the service requirement necessary to retire at assumed retirement ages, it is assumed they have prior service with a different employer and therefore will be eligible to retire. In the current valuation, there are 3 participants impacted by this assumption.

The mortality rates were used to estimate the assumed ages at death per participant pursuant to the Alternative Measurement Method for GASB 74/75.

The probability of working to the assumed retirement age was determined based on the underlying termination rates pursuant to the Alternative Measurement Method for GASB 74/75.

Discount Rate

The discount rate used in the determination of the total OPEB liability is based on a combination of the expected long-term rate of return on plan assets and the municipal bond rate. If the employer does not have a trust dedicated exclusively to the payment of OPEB benefits, as is the case with the Calhoun, Greene, Jersey, and Macoupin Counties Regional Office of Education No. 40, then only the municipal bond rate is used in determining the total OPEB liability.

If the postretirement plan is funded, cash flow projections are used to determine the extent which the plan's future net position will be able to cover future benefit payments. To the extent future benefit payments are covered by the plan's projected net position, the expected rate of return on plan assets is used to determine the portion of the net OPEB liability associated with those payments. To the extent future benefit payments are not covered by the plan's projected net position, the municipal bond rate is used to determine the portion of the net OPEB liability associated with those payments.

Projected benefit payments are determined during the valuation process based on the assumptions. The expected contributions are based on the funding policy of the plan.

Municipal Bond Rate

The municipal bond rate assumption is based on The Bond Buyer 20-Bond GO Index. The beginning of year rate is 3.50% and the end of year rate is 2.21%. The 20-Bond GO Index is based on an average of certain general obligation municipal bonds maturing in 20 years and having an average rating equivalent of Moody's Aa2 and Standard & Poor's AA.

The 20-Bond Index consists of 20 general obligation bonds that mature in 20 years. The average rating of the 20 bonds is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corp.'s AA.

The indexes represent theoretical yields rather than actual price or yield quotations. Municipal bond traders are asked to estimate what a current-coupon bond for each issuer in the indexes would yield if the bond was sold at par value. The indexes are simple averages of the average estimated yield of the bonds.

Sensitivity of the Discount Rate

The following presents the Regional Office of Education No. 40's total OPEB liability calculated using a discount rate of 2.21%, as well as what the Regional Office of Education No. 40's total OPEB liability would be if it were calculated using a single discount rate that is 1-percentage-point higher (3.21%) or 1-percentage-point lower (1.21%) than the current discount rate:

	1% Decrease	Current Discount Rate	1% Increase
	<u>1.21%</u>	<u>2.21%</u>	<u>3.21%</u>

The key trend rates are 6.80% for PPO Plans and 7.00% for HDHP Plans in 2021 decreasing to an ultimate trend rate of 5.00% in 2030 for both non-Medicare coverage and post-Medicare coverage.

12. RISK MANAGEMENT

The Regional Office of Education No. 40 is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; workers' compensation; and natural disasters. The Regional Office of Education No. 40 is covered by commercial insurance to cover these risks of loss. No settlements have exceeded insurance coverage in the current or three previous years.

13. BOND

The Illinois School Code (105 ILCS 5/3-2) directs the Regional Office of Education No. 40 to execute a bond of not less than \$100,000 on the Regional Superintendent. The Regional Office of Education No. 40 has secured and maintained such a bond with coverage of \$100,000 on the Regional Superintendent.

14. CONTINGENCIES

The Regional Office of Education No. 40 has received funding from federal and State grants in the current and prior years, which are subject to audits by granting agencies. The Regional Office of Education No. 40 believes any adjustments that may arise will be insignificant to the Regional Office of Education No. 40's operations.

15. DEFICIT FUND BALANCE

The following fund had a negative fund balance as of June 30, 2020:

Workshops	\$ (37,154)

Summary of Actuarial Methods and Assumptions Used in the Calculation of the 2019 Contribution Rate*

Valuation Date:

Actuarially determined contribution rates are calculated as of December 31 each year, which is 6 months prior to the beginning of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine 2019 Contribution Rates:

Actuarial Cost Method:	Aggregate entry age normal
Amortization Method:	Level percentage of payroll, closed
Remaining Amortization Period:	24-year closed period
Asset Valuation Method:	5-year smoothed market; 20% corridor
Wage Growth:	3.25%
Price Inflation:	2.50%
Salary Increases:	3.35% to 14.25%, including inflation
Investment Rate of Return:	7.50%
Retirement Age:	Experience-based table of rates that are specific to the type of eligibility condition; last updated for the 2017 valuation pursuant to an experience study of the period 2014 to 2016.

Notes to Schedules:

Changes of assumptions

For the 2019, 2018, 2017 and 2016 measurement years, the assumed investment rate of return was 7.0 percent, including an inflation rate of 2.5 percent and a real return of 4.5 percent. Salary increases were assumed to vary by service credit, but the rates of increase in the 2018 measurement year were slightly higher.

For the 2015 measurement year, the assumed investment rate of return was 7.5 percent, including an inflation rate of 3.0 percent and a real return of 4.5 percent. Salary increases were assumed to vary by service credit. Various other changes in assumptions were adopted based on the experience analysis for the three-year period ending June 30, 2014.

For the 2014 measurement year, the assumed investment rate of return was also 7.5 percent, including an inflation rate of 3.0 percent and a real return of 4.5 percent. However, salary increases were assumed to vary by age.

Changes to Benefit Terms

There have been no changes of benefit terms from the prior period.

Changes in Assumptions

The assumed rate on High Quality 20-year Tax-Exempt G.O. Bonds was changed from 3.50% to 2.21% for the current year. The underlying index used is the Bond Buyer 20-Bond GO Index. The choice of index is unchanged from the prior year. The rate has been updated to the current fiscal year end based on changes in market conditions as reflected in the Index. The change was made to reflect our understanding of the requirements of GASB under Statement 74 and Statement 75.

Since the Regional Office of Education No. 40 does not have a trust dedicated exclusively to the payment of OPEB benefits, the discount rate used in the determination of the total OPEB liability was also changed from 3.50% to 2.21%.
