INDEPENDENT AUDITOR'S REPORT

Honorable Frank J. Mautino
Auditor General
State of Illinois

Governing Board
State of Illinois, Railsplitter Tobacco Settlement Authority

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities and major fund of the Railsplitter Tobacco Settlement Authority (Authority), a component unit of the State of Illinois, as of and for the years ended June 30, 2021, and June 30, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and major fund of the Authority, as of June 30, 2021, and June 30, 2022, and the respective changes in financial position thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority, and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 1, the financial statements of the Authority are intended to present the financial position and the changes in financial position of only that portion of the governmental activities and major fund of the State of Illinois that is attributable to the transactions of the Authority. They do not purport to, and do not, present fairly the financial position of the State of Illinois, as of June 30, 2021, or June 30, 2022, or the changes in its financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- exercise professional judgement and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 8-17 be presented to supplement the financial statements. Such information is the responsibility of management and, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 23, 2023, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Two Years Ended June 30, 2022

(UNAUDITED)

The Management's Discussion and Analysis is designed to explain significant financial issues, provide an overview of the Authority's financial activity, identify changes in the Authority's financial position, and identify individual issues and concerns. This document should be read in conjunction with the basic financial statements.

The Authority was legally established on July 1, 2010.

FINANCIAL HIGHLIGHTS

Net Position

The Authority's total assets of governmental activities were \$295.5 million as of June 30, 2022. The Authority reported total cash and cash equivalents of \$157.6 million, and tobacco settlement receivables of \$137.9 million.

The Authority's total assets of governmental activities were \$300.4 million as of June 30, 2021. The Authority reported total cash and cash equivalents of \$159.0 million, and tobacco settlement receivables of \$141.4 million. The Authority reported deferred outflows of resources of \$209.6 million for the unamortized balance of the payments to the State upon issuance of the bonds.

During FY 2022, the Authority reported liabilities of \$677.4 million, principal of which was \$612.9 million in revenue bonds payable (net). This resulted in a net position deficit of \$381.8 million as of June 30, 2022. During FY 2021, the Authority reported liabilities of \$796.7 million, principal of which was \$731.3 million in revenue bonds payable (net). This resulted in a net position deficit of \$286.7 million as of June 30, 2021.

The Authority does not conduct any business-type activities.

Revenues

During FY 2022, the governmental activities revenues totaled \$632.8 million. This consisted of \$632.4 million of recognized tobacco settlement revenues, and \$426 thousand in investment income. During FY 2021, the governmental activities revenues totaled \$292.0 million. This consisted of \$292.0 million of recognized tobacco settlement revenues, and \$29.0 thousand in investment income.

Cost of Authority Program

During FY 2022, the governmental activities expenses totaled \$727.9 million. Of this amount, \$491.3 million was for residual tobacco settlements to the State, \$209.6 million was amortization of the tobacco settlement deferred charges, and \$24.4 million was interest expense. The Authority funded the required cash amounts of \$2.5 million per year into the sub-account held by the Trustee for the benefit of the Attorney General as required by the indenture.

STATE OF ILLINOIS
RAILSPLITTER TOBACCO SETTLEMENT AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Two Years Ended June 30, 2022

(UNAUDITED)

During FY 2021, the governmental activities expenses totaled \$301.8 million. Of this amount, \$144.9 million was for residual tobacco settlements to the State, \$106.4 million was amortization of the tobacco settlement deferred charges, and \$47.8 million was interest expense. The Authority funded the required cash amounts of \$2.5 million per year into the sub-account held by the Trustee for the benefit of the Attorney General as required by the indenture.

Major Fund – Railsplitter Tobacco Settlement Authority Governmental Fund

For FY 2022, the revenues reported for the governmental fund (\$636.3 million) varied from revenues recognized for governmental activities (\$632.8 million). The difference between the amount recorded in the governmental fund and the amount reported in the government-wide Statement of Activities pertains to the change in revenue that was a deferred inflow in the fund because it was not collected in the availability period (TSRs receivable FY 2022 vs. FY 2021). At the fund level, expenditures totaled \$846.8 million. Included in this total is \$491.3 million for residual tobacco settlement payments to the State, \$209.6 million was amortization of the tobacco settlement deferred charges, \$143.2 million was for bond principal and interest expenditures, and \$2.5 million for the Attorney General expenses as discussed above. The principal difference between expenditures in the governmental fund and expenses in governmental activities pertains to debt related items. These differences are explained in the reconciliation provided on page 21.

For FY 2021, the revenues reported for the governmental fund (\$282.9 million) varied from revenues recognized for governmental activities (\$292.0 million). The difference between the amount recorded in the governmental fund and the amount reported in the government-wide Statement of Activities pertains to the change in revenue that was a deferred inflow in the fund because it was not collected in the availability period (TSRs receivable FY 2021 vs. FY 2020). At the fund level, expenditures totaled \$396.9 million. Included in this total is \$144.9 million for residual tobacco settlement payments to the State, \$106.4 million for amortization of the tobacco settlement deferred charges, \$142.9 million for bond principal and interest expenditures, and \$2.5 million for the Attorney General expenses as discussed above. The principal difference between expenditures in the governmental fund and expenses in governmental activities pertain to debt related items. These differences are explained in the reconciliation provided on page 22.

USING THIS ANNUAL REPORT

In the past, the primary focus of State and local government financial statements was summarized by fund type and presented on a current financial resource basis. Now, financial statements are presented from two perspectives: government-wide and major fund. These perspectives allow the user to address relevant questions, broaden a basis for comparison and enhance the Authority's accountability.

Government-Wide Financial Statements

The government-wide financial statements are designed to emulate the corporate sector in that all government and business-type activities are consolidated into columns, which add to a total for the primary government. In the case of the Authority, there are currently no activities that are classified as business-type. The focus of the Statement of Net Position is designed to be similar

to bottom line results for the Authority and its governmental-type activities. This statement combines and consolidates the governmental fund's current financial resources (short-term spendable resources) with long-term obligations using the accrual basis of accounting and economic resources measurement focus. This statement reports information on the Authority's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position.

The Statement of Activities is focused on both the gross and net cost of governmental activities, which are supported primarily by the tobacco settlement revenues. This Statement is intended to summarize and simplify the user's analysis of the cost of governmental services.

Fund Financial Statement

The Governmental Major Fund presentation is presented on a sources and uses of liquid resources basis. The flow and availability of liquid resources is a clear and appropriate focus of any analysis of a government. Funds are established for various purposes and the Fund Financial Statement allows the demonstration of sources and uses and compliance associated therewith.

There are several transactions that will affect the comparability of the Statement of Net Position summary presentation for the Authority.

- 1) Net Results of Activities – which will impact (increase/decrease) current assets and unrestricted net position.
- 2) Borrowing of Capital – which will increase current assets and long-term debt.
- 3) Spending Borrowed Proceeds on New Capital – which will reduce current assets and increase noncurrent assets.
- 4) Principal Payment on Debt – which will reduce current assets and reduce long-term debt.
- 5) Reduction of Noncurrent Assets through Amortization – which will reduce deferred outflows of resources and unrestricted net position.

The decrease in net position from 2021 to 2022 of \$95.2 million was a result of several factors. Total assets plus deferred outflows of resources decreased by \$214.5 million. The decrease was primarily due to the amortization of the payment to the State of \$209.6 million. Additionally, tobacco settlement receivables decreased by \$3.5 million (2.5%), and cash decreased by \$1.4 million (1%). Total liabilities decreased by \$119.3 million, primarily due to 1) the principal retirement of revenue bonds of \$109.7 million, 2) the amortization of bond premium of \$8.7 million, and 3) a \$1.5 million decrease in residual TSRs owed to the State.

The decrease in net position from 2020 to 2021 of \$9.8 million was a result of several factors. Total assets plus deferred outflows of resources decreased by \$120.1 million. The decrease was primarily due to the amortization of the payment to the State of \$106.4 million, and amortization of deferred refunding amount of \$18.2 million resulting from the issuance of the 2017 series bonds to partially refund the 2010 series bonds in a previous year. The refunding resulted in a loss, which is reported as a deferred outflow of resources, and became fully amortized in FY 2021. Additionally, tobacco settlement receivables increased by \$9.1 million (6.9%), while cash decreased by \$4.6 million (2.8%). Total liabilities decreased by \$110.4 million, primarily due to 1) the principal retirement of revenue bonds of \$103.9 million and 2) the amortization of bond premium of \$9.0 million.

There are several impacts on revenues and expenses for the Authority as reflected below:

Revenues:

- 1) Changing Patterns in Tobacco Settlement Revenues – TSRs may experience significant changes periodically and are less predictable than many governmental revenues and often distort year-to-year comparisons.
- 2) Market Impacts on Investment Income – Market conditions may cause investment income to fluctuate.

Expenses:

- 3) Interest Rates – The Series 2010 revenue bonds were issued at fixed rates that vary over the life of the debt (from 3.00% to 6.25%, depending on maturity date). This will be seen in year-to-year comparisons of interest expense. The interest rate on the Series 2017 refund bonds is fixed at 5% over the life of the bonds.

(UNAUDITED)

- 4) Changing Patterns in Tobacco Settlement Revenues – Changes in TSRs will cause a corresponding change in the excess residual payments to the State. Changes in TSRs also impact the amortization of the deferred charges.

For the fiscal year ended June 30, 2022, revenues from governmental activities totaled \$632.8 million compared with \$292.0 million in the prior year, an increase of \$340.8 million (116.7%). The increase is primarily attributable to a one-time settlement of tobacco settlement litigation during FY 2022 which resulted in receipt of \$546.3 million by the Authority in FY 2022. This revenue was recognized in FY 2022 as it related to previous fiscal years.

For the fiscal year ended June 30, 2021, revenues from governmental activities totaled \$292.0 million compared with \$262.0 million in the prior year, an increase of \$30.0 million (11.4%). The increase is due to an increase in tobacco settlement revenues of \$32.4 million, offset by a decrease in investment income of \$2.4 million.

Total expenses for the year ended June 30, 2022 were \$727.9 million compared to \$301.8 million in the previous year. The \$426.2 million increase (141.2%) is attributable to the increase in excess residual payments to the State of \$346.4 million and amortization of deferred tobacco settlement revenues to the State of \$103.2 million. This increase was due to the increase in tobacco settlement revenues. Interest expense decreased by \$23.4 million from the prior year due to a decrease in outstanding debt.

Total expenses for the year ended June 30, 2021 were \$301.8 million compared to \$275.1 million in the previous year. The \$26.7 million increase (9.7%) is attributable to the increase in excess residual payments to the State of \$21.5 million and increase in amortization of payment to the State for TSRs of \$11.8 million. This increase was due to the increase in tobacco settlement revenues. This was offset by a \$6.6 million decrease in interest expense from the prior year due to a decrease in outstanding debt.

FINANCIAL ANALYSIS OF THE AUTHORITY'S FUNDS

Governmental Funds

The focus of the Authority's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Restricted fund balance represents amounts for which the Authority has little or no spending discretion, as external constraints limit how these funds may be used.

At June 30, 2022, the governmental fund reported restricted fund balance of \$95.5 million, compared with \$305.9 million as of June 30, 2021. The \$210.4 million decrease is mainly due to the amortization of the deferred outflows of resources (\$209.6 million).

At June 30, 2021, the governmental fund reported restricted fund balance of \$305.9 million, compared with \$419.9 million as of June 30, 2020. The \$114.0 million decrease is mainly due to the amortization of the deferred outflows of resources (\$106.4 million).

(UNAUDITED)

Fund balance is presented as restricted because the Trust Indenture pertaining to the Authority's revenue bonds strictly limits how all resources in the fund may be used.

Total revenues for the governmental fund for 2022 and 2021 were \$636.3 and \$282.9 million, respectively, an increase of \$353.4 million (124.9%). The 2022 tobacco settlement revenues increased from 2021 amounts by \$353 million. The 2022 investment income increased from 2021 amounts by \$397.4 thousand.

Total revenues for the governmental fund for 2021 and 2020 were \$282.9 and \$267.1 million, respectively, an increase of \$15.8 million (5.9%). The 2021 tobacco settlement revenues increased from 2020 amounts by \$18.2 million. The 2021 investment income decreased from 2020 amounts by \$2.4 million.

Total expenditures for the governmental fund for the years ended June 30, 2022 and 2021, were \$846.8 and \$396.9 million, respectively. The \$49.9 million increase is due to the increased residual payments to the State (\$346.4 million), increase in amortization of payments to the State (\$103.2 million) and a lower interest expenditures on the bonds (\$5.5 million), offset by a larger principal payment in 2022 (\$5.8 million).

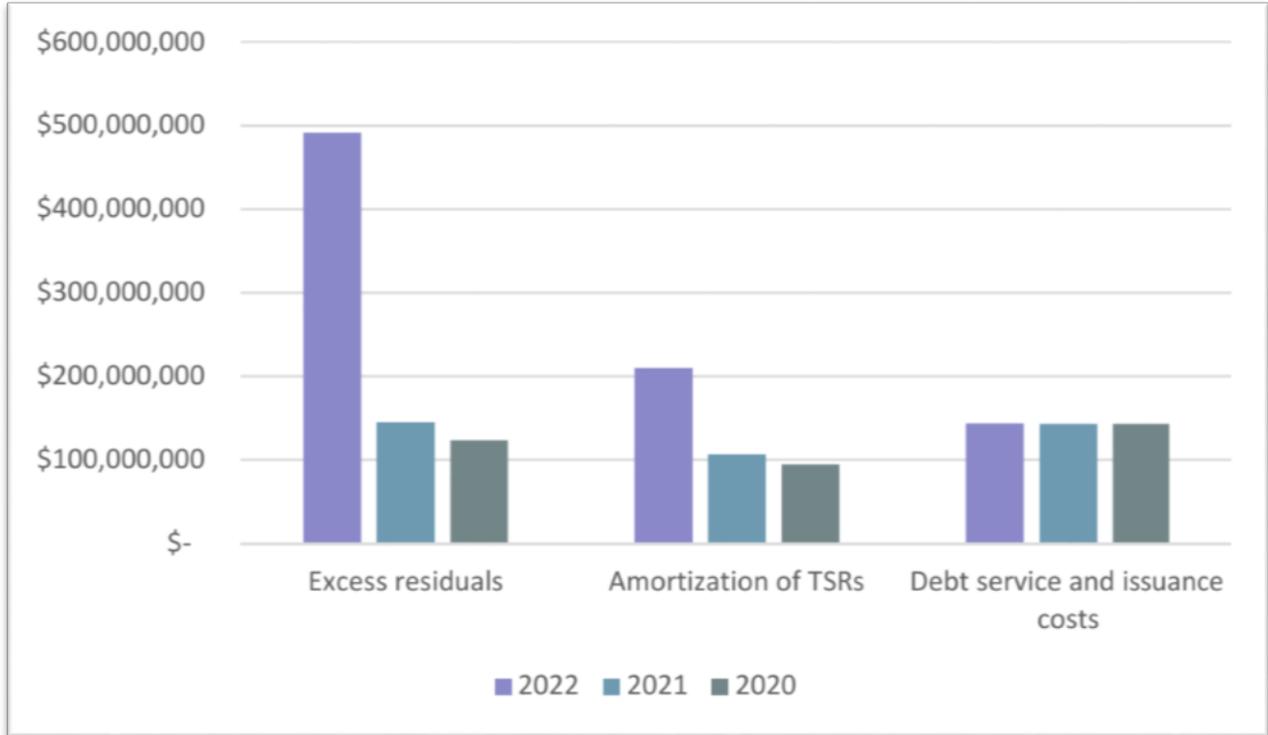

Total expenditures for the governmental fund for the years ended June 30, 2021 and 2020, were \$396.9 and \$363.5 million, respectively. The \$33.4 million increase is due to the increased residual payments to the State (\$21.5 million), and increased amortization of payments to the State for TSRs (\$11.8 million).

Outstanding Debt

In December 2010, the Authority issued \$1,503,460,000 Tobacco Settlement Revenue Bonds (Series 2010) pursuant to a purchase and sale agreement between the Authority and State of Illinois (State). Of the total \$1.51 billion in bond proceeds, \$1.35 billion was paid to the State of Illinois in FY 2011. An additional amount of \$308,209 was paid in FY 2012. The remaining bond proceeds were deposited in 4 restricted accounts held by the bond trustee and are generally restricted for the payment of debt issuance costs, interest and principal.

In December 2017, the Authority issued \$670,965,000 Tobacco Settlement Revenue Bonds (Series 2017) to currently refund \$104.9 million and advance refund \$577.4 million of the Series 2010 bonds. The Series 2017 Refunding bonds were issued at a premium of \$90.8 million. The proceeds from the bonds were used to refund a portion of the outstanding 2010 Series bonds and pay issuance costs. As a result of the Series 2017 issuance, excess funds in the Reserve account (\$6.4 million) and excess funds in the issuance account (\$18 thousand) were paid to the State in FY 2018.

STATE OF ILLINOIS
RAILSPLITTER TOBACCO SETTLEMENT AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Two Years Ended June 30, 2022

(UNAUDITED)

In exchange for the \$1.35 billion in bond proceeds/excess funds, the State sold to the Authority its rights to substantially all Tobacco Settlement Revenues (TSRs), made pursuant to the Master Settlement Agreement entered into with participating tobacco product manufacturers. These TSRs have been pledged to pay principal and interest on the bonds. TSRs received that are in excess of a specified formula are defined as "Residual Revenues" and are paid back to the State. TSRs collected in FY 2022 and FY 2021 were sufficient to pay the upcoming and current interest requirements on the debt. Residual revenues of \$492.8 and \$141.0 million, respectively, were determined by the Trustee to be owed to the State for the calendar years 2021 and 2020 TSR collections, respectively, and were paid to the State during the fiscal year. Additionally, the Authority has estimated an additional \$59.6 million in residual revenues owed to the State for the period January 1, 2022 through June 30, 2022, and an additional \$61.2 million in residual revenues owed to the State for the period January 1, 2021 through June 30, 2021.

As of June 30, 2022, the Authority has \$612.9 million of outstanding debt, and \$731.3 million of outstanding debt as of June 30, 2021. Additional information as well as the debt service requirements associated with this issue are outlined in Note 5 of these Financial Statements.

Economic Factors and a Look to the Future

The tobacco settlement revenue in FY 2022 of \$635.8 million was higher than the anticipated amount of \$208 million. On a cumulative basis, collections are \$617.3 million higher than the original estimate. The amount of TSRs received each year can fluctuate greatly and are difficult to predict.

The tobacco settlement revenues received in FY 2021 (cash received) of \$282.9 million was higher than the anticipated amount of \$215.9 million. On a cumulative basis, collections are \$189.4 million higher than the original estimate. The amount of TSRs received each year can fluctuate greatly and are difficult to predict.

STATE OF ILLINOIS
RAILSPLITTER TOBACCO SETTLEMENT AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
For the Two Years Ended June 30, 2022

Note 1. Summary of Significant Accounting Policies

The Railsplitter Tobacco Settlement Authority (Authority) was created by 30 ILCS 171 on July 1, 2010 as a special purpose corporation, which has a body corporate and politic of, but is legally independent and separate from the State of Illinois.

The authority was established to sell revenue bonds, repayment of which is supported solely by future tobacco settlement revenues (TSRs) (pledged revenues). Rights to approximately \$4.1 billion of the State's TSRs were relinquished by the State of Illinois (State) to the Authority in exchange for a significant portion of the Series 2010 revenue bond proceeds (\$1.35 billion) and a residual certificate. The residual certificate represents the State's ownership in excess TSRs to be received by the Authority during the term of the Sales Agreement. Residual TSRs are defined as all pledged revenues that are in excess of amounts needed to pay annual debt service and fund the various accounts established under the Trust Indenture (see Note 5). The Sales Agreement continues until the Authority's liabilities (including the bonds) have been met or otherwise discharged.

The Authority is governed by a three-member board consisting of the State's Budget Director and two other members appointed by the Governor. The financial statements of the Authority have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Authority's accounting policies are described below.

Reporting Entity

Accounting principles generally accepted in the United States of America require the reporting entity to include (1) the primary government, (2) organizations for which the primary government is financially accountable, and (3) other organizations for which the nature and significance of their relationship with the primary government are such that the exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Based on these criteria there are no potential component units which should be included with the Authority's financial statements; however, the Authority considered a component unit of the State of Illinois. These financial statements are included in the State's comprehensive annual financial report.

Government-wide and Fund Financial Statements

Government-wide Financial Statements: The government-wide Statement of Net Position and Statement of Activities report the overall financial activity of the Authority. The financial activities of the Authority consist only of governmental activities, which are primarily supported by TSRs.

The Statement of Net Position presents the Authority's assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference reported in three potential categories:

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds and other debt that are attributable to the acquisition,

STATE OF ILLINOIS
RAILSPLITTER TOBACCO SETTLEMENT AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
For the Two Years Ended June 30, 2022

construction, or improvement of those assets, if any. The Authority does not report any capital assets as of June 30, 2022 or June 30, 2021.

Restricted net position results when constraints placed on net position use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation. When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

Unrestricted net position consists of net position that does not meet the criteria of the two preceding categories.

The Statement of Activities demonstrates the degree to which the direct expenses of the Authority are offset by program revenues. Direct expenses are those that are clearly identifiable with the Authority's principal function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs (including fines and fees), and (b) grants and contributions that are restricted to meeting the operational requirements of a particular program. Tobacco settlement revenues are considered program revenues because the Trust Indenture restricts use of those revenues to debt repayment (including reserve requirements). Revenues that are not classified as program revenues, such as investment income, are presented as general revenues.

Fund Financial Statements: Separate financial statements are provided for the Authority's governmental fund.

Measurement Focus and Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flow takes place. On an accrual basis, revenues from tobacco settlements are recognized when the Authority has a legal claim to the resources. Interest income is recorded as it is earned.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Authority considers revenues available if they are collected within 2 months of the end of the fiscal year (availability period). Tobacco settlement revenues for the period of January 1, 2021 through June 30, 2021, and January 1, 2022, through June 30, 2022, have been estimated and accrued as of June 30, 2021, and June 30, 2022, respectively. These revenues will not be collected, however, within the availability period, and accordingly have been reported as deferred inflows of resources in the governmental fund.

Expenditures generally are recorded when the liability is incurred, as under accrual accounting. However, accrued interest on long-term debt is not reported as expenditures in governmental funds.

STATE OF ILLINOIS
RAILSPLITTER TOBACCO SETTLEMENT AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
For the Two Years Ended June 30, 2022

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The “Deferred Outflow of Resources – Payment to the State” is being amortized over the life of the agreement based on the estimated amount of tobacco settlement revenues expected to be collected over the life of the bonds, as detailed in the debt issuance prospectus. Actual receipts could differ significantly from this estimated total of \$4,125,334,734.

Cash and Cash Equivalents

Cash and cash equivalents consist solely of a money market fund that invests in U.S. Treasury securities only.

Deferred Inflows of Resources –TSRs

Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered available to liquidate liabilities of the current period.

Deferred Outflows of Resources – Payment to the State

In accordance with GASB Statement 48, Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues, bond proceed amounts paid to the State under the Sales Agreement have been reported as deferred outflows of resources and will be recognized as an expense ratably over the life of the agreement. For this purpose, the Authority has used an amortization rate of 36.445% of recognized TSRs. The rate used represents the ratio of the original principal (\$1,503,460,000) to the total estimated TSRs sold to the Authority by the State (\$4,125,334,734). The Authority’s policy requires that this estimate be assessed after 5 years of collection data is available (FY 2017) and every 5 years thereafter, throughout the period debt is outstanding. In FY 2021 and FY2022, the Authority reviewed the rate used and determined that no change to the estimate was necessary.

Long-term Obligations

In the government-wide financial statements, long-term debt is reported as a liability. Bond premiums are reported net of bonds payable and amortized over the life of the bonds using the straight-line method. Bond issuance costs are expensed when incurred. Gains or losses on debt refundings are deferred and amortized over the remaining life of the old or new debt, whichever is shorter.

In the fund financial statements, governmental funds recognize bond premiums as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are also reported as other financing sources.

STATE OF ILLINOIS
RAILSPLITTER TOBACCO SETTLEMENT AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
For the Two Years Ended June 30, 2022

Fund Balance and Net Position

As of June 30, 2022, the governmental fund of the Authority reported \$95,454,606 of fund balance that is restricted for the retirement of debt principal and interest, or restricted for various debt reserve requirements. As of June 30, 2021, the governmental fund of the Authority reported \$305,936,222 of fund balance that is restricted for the retirement of debt principal and interest, or restricted for various debt reserve requirements. The Authority considers restricted amounts to have been spent first when an expenditure is incurred for purposes for which both unrestricted and restricted fund balances are available. In the government-wide Statement of Net Position, the Authority has reported its net position deficit of \$381,841,849 as unrestricted as of June 30, 2022 and its net position deficit of \$286,682,588 as unrestricted as of June 30, 2021.

Residual Tobacco Settlement Revenues

As part of the consideration for the sale to the Authority by the State of the pledged settlement payments, the Authority issued a residual certificate to the State. In accordance with the provisions of the Trust Indenture, upon payment in full of the deposits required by the Trust Indenture (see Note 5), the remaining balance of pledged revenues shall be transferred to the State as owner of the residual certificate. During the year ended June 30, 2022, \$805 million of residual revenues were paid to the State (cash basis amount). Of this, \$141.4 million pertained to FY 2021, \$117.3 million pertained to FY 2022, and \$546.3 pertained to a one-time settlement of tobacco settlement litigation in FY22. An additional amount of \$59.6 million was recorded as a liability to the State as of year-end for FY 2022 estimated balances. During the year ended June 30, 2021, \$141.0 million of residual revenues were paid to the State (cash basis amount). Of this, \$57.2 million pertained to FY 2020 and \$83.8 pertained to FY 2021. An additional amount of \$61.2 million was recorded as a liability to the State as of year-end for FY 2021 estimated balances.

Expenditures/Expenses

The Authority's expenditures/expenses consist solely of excess residuals paid to the State, amortization of the deferred outflow of resources, debt related items such as principal, interest and issuance costs related to debt, amortization of debt related balances, professional fees for audit and rating services and Attorney General expenses. The Authority has no employees and is not liable for any post-employment related employee obligations.

Note 2. Cash and Cash Equivalents

The Authority maintains various cash equivalent accounts, established in accordance with the Trust Indenture for specific purposes. The Authority categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. All of the Authority's cash equivalents of \$157,593,780 at June 30, 2022, and \$158,961,218 at June 30, 2021, were invested in a money market fund comprised of U.S. Treasury securities, valued using quoted market prices (Level 1 inputs).

Authorized Deposits and Investments

The Authority is permitted by the Public Funds Investment Act (30 ILCS 235) to engage in a wide variety of investment activities. These include:

- bonds, notes, certificates of indebtedness, treasury bills or other securities guaranteed by the United States Government;
- bonds, notes, debentures, or other similar obligations of the United States of America, its agencies and its instrumentalities;
- interest-bearing savings accounts, certificates of deposit, interest-bearing time deposits or any other investments that constitute direct obligations of any bank;
- short-term obligations of certain qualified United States Corporations;
- short-term discount obligations of the Federal National Mortgage Association;
- shares or other securities legally issued by certain state or federal savings and loans associations;
- insured dividend-bearing share accounts and certain other accounts of chartered credit unions;
- certain money market mutual funds;
- the Illinois funds investment pool;
- repurchase agreements that meet certain instrument and transactions requirements.

The Trust Indenture for the Series 2010 Revenue Bonds authorizes the Authority to invest in the following, to the extent permitted by the Public Funds Investment Act:

- Direct obligations of, or obligations the principal of and the interest on which are unconditionally guaranteed by, the United States of America and which are entitled to the full faith and credit thereof;
- Bonds, notes, debentures, or other obligations or securities issued by a federal government agency that is rated “AAA” (or equivalent) by Standard & Poor’s and Fitch, or if not rated by both of them, so rated by one of them and in the equivalent category by another nationally recognized rating agency;
- Prime commercial paper of a corporation incorporated under the laws of any state of the United States of America with assets exceeding \$500,000,000 if (i) such obligations are rated at the time of purchase rated “A-1” and “F1” by Standard & Poor’s and Fitch, respectively, or if not rated by both of them, so rated by one of them and in the equivalent category by another nationally recognized rating agency and which mature not later than 180 days from the date of purchase, (ii) such purchases do not exceed 10% of the corporation’s outstanding obligations and (iii) no more than one-third of the public agency’s funds may be invested in short-term obligations of corporations;
- Bankers’ acceptances issued by a domestic bank or a federally chartered domestic office of a foreign bank which are eligible for purchase by the Federal Reserve System, rated “A-1” and “F1” by Standard & Poor’s and Fitch, respectively or, if not rated by either of them, rated in the equivalent category by another nationally recognized rating agency;
- Demand deposits, including interest bearing money market accounts, time deposits, trust funds, trust accounts, overnight bank deposits and interest-bearing deposits of depository institutions, including the Trustee or any of its affiliates, rated in the equivalent category by another nationally recognized rating agency or which are fully FDIC-insured;

NOTES TO THE BASIC FINANCIAL STATEMENTS
For the Two Years Ended June 30, 2022

- Shares in diversified open-end, no load investment funds, provided such funds are registered under the Investment Company Act of 1940, which is a money market mutual fund, which has been rated “AAAm” and “AAAm-G” or the equivalent by Standard & Poor’s and Fitch, or if not rated by either of them, rated in the equivalent category by another nationally recognized rating agency, and such fund is limited to obligations described above and to agreements to repurchase such obligations, including those for which the Trustee or an affiliate performs services for a fee, whether as a custodian, transfer agent, investment advisor or otherwise;
- Federally insured or collateralized certificates of deposit issued by banks (which may include the Trustee) which are state chartered banks, federally chartered banks or foreign banks with domestic offices. Collateralized certificates of deposit shall be collateralized by obligations described in the first and second paragraphs above, which such obligations at all times have a market value (exclusive of accrued interest) at least equal to a minimum of one hundred and two percent (102%) of such bank deposits so secured, including interest;
- Repurchase agreements relating to securities of the type specified in the first and second paragraph above; provided that such securities in an amount at least equal to a market value at all times of at least one hundred and two percent (102%) of the amount of the agreements shall be delivered as security for such agreements to the account of the Trustee to be held therein during the term of the agreements; and
- Any other obligations conforming to the requirements of the Public Funds Investment Act, so long as such obligations are rated at least in the two highest rating categories of each of Standard & Poor’s and Fitch, or if not rated by both of them, so rated by one of them and in the equivalent category by another nationally recognized rating agency.

The Authority does not have a policy that further limits its permitted deposits and investments. The Authority adheres to the Public Funds Investment Act and Trust Indenture identified above and has not adopted any additional policies addressing custodial risk, interest rate risk or credit risk.

Credit Risk, including Custodial Credit Risk

Custodial credit risk for investments is the risk that, in the event of a failure of the counterparty, the Authority will not be able to recover the value of the investments that are in the possession of an outside party. The Authority’s investments are all held by the Trustee, BNY Mellon, in the name of the Authority. The money market investments were rated AAAm-G and Aaa by Standard & Poor’s and Moody’s, respectively, as of June 30, 2022. The money market investments were rated AAAm and Aaa-mf by Standard & Poor’s and Moody’s, respectively, as of June 30, 2021.

Interest Rate Risk

Interest rate risk is the risk that the fair value of investments will decrease as a result of an increase in interest rates. The Authority’s investments in the money market account are highly liquid with a weighted average maturity of 47 days and 59 days during FY 2022 and FY 2021, respectively.

Note 3. Receivables – Tobacco Settlement Revenues (TSRs)

The Master Settlement Agreement (MSA) is an industry-wide settlement of litigation between the settling states (including Illinois), and the tobacco product manufacturers (PMs), dated November 23, 1998. The settlement represents the resolution of a large potential financial liability of the PMs for smoking related injuries. Pursuant to the MSA, the settling states agreed to settle all their past, present and future smoking related claims against the PMs in exchange for agreements and undertakings by the PMs concerning a number of issues. These issues include, among others, making payments to the settling states, abiding by more stringent advertising restrictions, funding educational programs and more.

Under the MSA, annual payments are required each April 15th in perpetuity and are based on several factors, including the volume of domestic cigarette shipments during the previous calendar year.

The Authority received \$804,986,693 in April 2022, under the MSA, pertaining to calendar year 2021. Of this amount, \$141,435,967 was recorded as a receivable in FY 2021 and pertains to the period January 1, 2021 to June 30, 2021. Likewise, the Authority has accrued \$137,929,209 in TSRs receivable for the period beginning January 1, 2022 and ending June 30, 2022. The amount accrued is considered earned but will not be received by the Authority until April 2023, and has been reported as a deferred inflow of resources in the governmental fund.

The Authority received \$282,871,933 in April 2021, under the MSA, pertaining to calendar year 2020. Of this amount, \$132,349,145 was recorded as a receivable in FY 2020 and pertains to the period January 1, 2020 to June 30, 2020. Likewise, the Authority has accrued \$141,435,967 in TSRs receivable for the period beginning January 1, 2021 and ending June 30, 2021. The amount accrued is considered earned but will not be received by the Authority until April 2022, and has been reported as a deferred inflow of resources in the governmental fund.

Note 4. Balances and Transactions with the State of Illinois - Related Party Transactions

Transactions and balances with the State of Illinois are as follows:

Deferred outflow of resources – payment to State – For FY 2021, this \$209,630,464 balance represents the payments of bond proceeds and excess issuance/reserve funds made to the State of \$1,356,749,680, less accumulated amortization of \$1,147,119,216. The balance is being amortized over the life of the Sales Agreement, which corresponds with the final maturity of the related revenue bonds.

Due to State – residual TSRs – For FY 2022, this liability represents the estimated amount that will be paid to the State upon receipt of the April 2023 TSRs that pertain to the period beginning January 1, 2022 through June 30, 2022 of \$59,639,174. Residual TSRs are estimated to be 43.239% of TSRs receivable. For FY 2021, this liability represents the estimated amount that will be paid to the State upon receipt of the April 2022 TSRs that pertain to the period beginning January 1, 2021 through June 30, 2021 of \$61,155,460. Residual TSRs are estimated to be 43.239% of TSRs receivable.

STATE OF ILLINOIS
RAILSPLITTER TOBACCO SETTLEMENT AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
For the Two Years Ended June 30, 2022

Excess Residual Payment to State – For FY 2022, this \$491,330,634 expenditure/expense includes the residual payments made to the State in FY 2022 of \$492,846,920, plus the accrued portion of the estimated residuals for the period beginning January 1, 2022 through June 30, 2022 of \$59,639,174, and less the prior year accrual of \$61,155,460. For FY 2021, this \$144,916,832 expenditure/expense includes the residual payments made to the State in FY 2021 of \$140,987,783, plus the accrued portion of the estimated residuals for the period beginning January 1, 2021 through June 30, 2021 of \$61,155,460, and less the prior year accrual of \$57,226,411.

Due to Attorney General – For FY 2022, as reported on page 17, the “Attorney General Sub-Account”, reported as cash and cash equivalents of \$2,500,605, represents amounts funded into the Attorney General Sub-Account as required under the Indenture, that have not yet been drawn by the Attorney General, as well as investment income earned in the sub-account which is not available to the Attorney General. It is expected that a portion of this amount will be drawn by the Attorney General in FY 2023. For FY 2021, as reported on page 18, the “Attorney General sub-account”, reported as cash and cash equivalents of \$1,500,003, represents amounts funded into the Attorney General sub-account as required under the Indenture, that have not yet been drawn by the Attorney General, as well as investment income earned in the sub-account which is not available to the Attorney General. It is expected that a portion of this amount will be drawn by the Attorney General in FY 2022. Expenditures/expenses of \$2,500,000 represent the annual amount required to be provided to the Attorney General’s Office under the Trust Indenture.

Revenue Bonds – Series 2017

On December 27, 2017, the Authority issued \$670,965,000 in Tobacco Settlement Revenue Bonds, series 2017 at a premium of \$90,804,355, to currently refund \$104.9 million and advance refund \$577.4 million of the 2010 series revenue bonds. The net proceeds of \$757.0 million (after payment of \$4.8 million in underwriting fees and other issuance costs) were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded 2010 series revenue bonds. As a result, a portion of the 2010 series bonds are considered to be defeased and the liability for those bonds has been removed from the Statement of Net Position. Of the total refunded debt, \$561.3 million remains outstanding at June 30, 2022. The bonds remaining in escrow were called and paid off on June 1, 2021.

The 2017 series revenue bonds are due in annual installments of \$23,270,000 to \$112,260,000 plus interest at 5.0% through June 1, 2028.

As of June 30, 2022, debt service requirements to maturity on the outstanding debt, including interest, are as follows:

Pledged Revenues

The Authority has pledged future tobacco settlement revenues (TSRs), net of specified operating expenditures, to retire the remaining revenue bonds and interest. The bonds are payable solely from TSRs and are payable through 2028. Annual principal and interest on the bonds are expected to require on average, less than 70% of net revenues. The total principal and interest remaining to be paid on the bonds is approximately \$647.9 million as of June 30, 2022, and \$791.1 million as of June 30, 2021. Debt service expenditures for FY 2022 and total TSR revenues received were \$143.2 million and \$805 million, respectively. Debt service expenditures for FY 2021 and total TSR revenues received were \$142.9 million and \$282.9 million, respectively.

Trust Indenture Agreement

On December 1, 2010, the Authority executed a Trust Indenture with the Trustee acting as fiduciary for the bondholders. The Indenture provides for the following transactions: a) the Authority's issuance of the Residual Certificate and the Bonds, including specifically the Series 2010 Bonds and b) the Authority's assignment and pledge to the Trustee, in trust for the benefit and security of the beneficiaries, of the Pledged Revenues (TSRs), Pledged Accounts and assets thereof to be received and held by the Trustee. With the issuance of the Series 2017 bonds, certain provisions of the Indenture were amended and are reflected in the information that follows.

The Indenture establishes the following funds:

- (i) Tobacco Assets Account
- (ii) Pledged Revenues Account
- (iii) Operating Account
- (iv) Authority Operating Sub-Account
- (v) State Attorney General Operating Sub-Account
- (vi) Debt Service Account
- (vii) Debt Service Reserve Account
- (viii) Costs of Issuance Account
- (ix) Lump Sum Account
- (x) Residual Account
- (xi) Rebate Account

Application of Tobacco Assets and Pledged Revenues

Under the Trust Indenture, upon the Bond closing date, the Attorney General of the State directed the MSA agent to pay all Tobacco Assets (tobacco settlement payments pursuant to the terms of the MSA) to the Trustee on behalf of the Authority. All Tobacco Assets received by the Trustee are required to be deposited in the Tobacco Assets Account. From there, the assets shall be transferred first to the Pledged Revenues Account then distributed as described below:

No later than five business days following each deposit of pledged revenues to the Pledged Revenues Account (but in no event later than the next distribution date), the Trustee will withdraw pledged revenues on deposit in the Pledged Revenues Account and transfer such amounts as follows and in the following order of priority; provided, however, that investment earnings on amounts in the funds and accounts (other than the Debt Service Reserve Account, investment earnings on which shall be retained therein until the amounts on deposit therein are at least equal

to the debt service reserve requirement, and on the fifth business day preceding each distribution date amounts on deposit in the Debt Service Reserve Account in excess of the debt service requirement may, at the direction of the Authority, be deposited directly to the Debt Service Account) will be deposited directly to the Debt Service Account; and provided, further, that upon the occurrence of a payment default, pledged revenues shall be transferred as set forth in clauses (1), (2) and (4) below and then all remaining pledged revenues will be applied to make extraordinary prepayments:

- (1) (a) to the Authority Operating Sub-Account, the amount required to pay (i) Trustee fees and expenses (including reasonable attorney's fees, if applicable) reasonably expected to be due during the next fiscal year and (ii) an amount specified by the Officer's certificate for operating expenses of the Authority (provided that such amounts paid pursuant to this clause (a) shall not exceed the operating cap and operating expenses shall not include any termination payments or loss amounts on related contracts) and (b) to the State Attorney General Operating Sub-account, the amount required to be deposited therein to fund such sub-account in an amount not to exceed \$2,500,000 for the next fiscal year;
- (2) To the Debt Service Account an amount sufficient to cause the amount therein (together with interest and earnings reasonably expected by the Authority to be received on investments in the Debt Service Account on or prior to the next distribution date) to equal interest (including interest at the stated rate on the principal of outstanding bonds and on overdue interest, if any) due on the next succeeding distribution date;
- (3) To the Debt Service Account, exclusive of the amount on deposit therein under clause (2) above, an amount sufficient to cause the amount therein (together with any partial lump sum payment to be applied to the payment of principal or Sinking Fund installments on the next succeeding June 1 and interest and earnings reasonably expected by the Authority to be received on investments in the Debt Service Account on or prior to the next succeeding June 1 to the extent not counted for purposes of clause (2) above), to equal the principal and Sinking Fund installments due on the next succeeding June 1;
- (4) To the Debt Service Account, exclusive of the amounts deposited therein pursuant to clauses (2) and (3) above, an amount sufficient to cause the amount on deposit therein (together with interest and earnings reasonably expected by the Authority to be received on investments in the Debt Service Account on or prior to the second succeeding distribution date to the extent not counted for purposes of clause (2) or (3) above) to equal interest (including interest at the stated rate on the principal of outstanding bonds and on overdue interest, if any) due on the second succeeding distribution date;
- (5) To replenish the Debt Service Reserve Account until the amount on deposit therein equals the debt service reserve requirement of \$140,461,875;
- (6) In the amounts and to the funds and accounts established by Series Supplement for Junior Payments; and
- (7) To the Residual Account, the remaining pledged revenues.

OFFICE OF THE AUDITOR GENERAL
FRANK J. MAUTINO

INDEPENDENT AUDITOR'S REPORT
ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Frank J. Mautino
Auditor General
State of Illinois

and

Governing Board
State of Illinois, Railsplitter Tobacco Settlement Authority

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and major fund of the State of Illinois, Railsplitter Tobacco Settlement Authority (Authority), as of and for the years ended June 30, 2021, and June 30, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and we have issued our report thereon dated March 23, 2023.

Report on Internal Control Over Financial Reporting

Management of the Authority is responsible for establishing and maintaining effective internal control over financial reporting (internal control).

In planning and performing our audit of the financial statements, we considered the Authority's internal control as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination

of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SCHEDULE OF FINDINGS – PRIOR FINDING NOT REPEATED
For the Two Years Ended June 30, 2022

A. **FINDING** (Lack of Adequate Controls Over the Review of Internal Controls Over Service Providers)

During the prior examination, the Railsplitter Tobacco Settlement Authority (Authority) did not obtain or conduct an independent internal control review over its service provider. Specifically, the Authority did not obtain a System and Organization Control (SOC) report or conduct an independent internal control review of its service provider.

During the current examination, the Authority obtained SOC reports for its service provider and conducted an independent internal control review of the SOC reports. (Finding Code No. 2020-001)
