SUMMARY (CONTINUED)

The auditor's report that covers the Supplementary Information for State Compliance Purposes presented in the Compliance Report Section states that it has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in the auditor's opinion, it is fairly stated, in all material respects, in relation to the basic financial statements as a whole from which it has been derived. The auditor's report also states the Analysis of Operations Section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, the auditor does not express an opinion or provide any assurance on it.

Independent Auditor's Report on Supplementary Information for State Compliance Purposes

Honorable Frank J. Mautino
Auditor General, State of Illinois
and
Board of Trustees
Southern Illinois University

As Special Assistant Auditors for the Auditor General, we have audited the financial statements of the business-type activities of Southern Illinois University (the "University") and its aggregate discretely presented component units, collectively a component unit of the State of Illinois, as of and for the year ended June 30, 2018, and have issued our report thereon under separate cover dated February 13, 2019, which contained an unmodified opinion on those financial statements. We did not audit the financial statements of the University's aggregate discretely presented component units (the "University Related Organizations"). Those statements were audited by other auditors whose reports thereon have been provided to us, and our opinion on the financial statements, insofar as it relates to the amounts included for the University Related Organizations, is based solely on the reports of the other auditors. Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the University's basic financial statements. We have not performed any procedures with respect to the audited financial statements subsequent to February 13, 2019.

The accompanying supplementary information for the year ended June 30, 2018 in Schedules 1 through 11 is presented for the purposes of additional analysis and is not a required part of the basic financial statements of the University. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The accompanying supplementary information for the year ended June 30, 2018 in Schedules 1 through 11 has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information for the year ended June 30, 2018 in Schedules 1 through 11 is fairly stated in all material respects in relation to the basic financial statements as a whole for the year ended June 30, 2018.

Honorable Frank J. Mautino
Auditor General, State of Illinois
and
Board of Trustees
Southern Illinois University

The University's basic financial statements for the year ended June 30, 2017 (not presented herein) were audited by other auditors, whose report dated February 28, 2018 expressed an unmodified opinion. The report of other auditors dated March 6, 2018 stated that the accompanying supplementary information for the year ended June 30, 2017 in Schedules 1 through 11 were subjected to the auditing procedures applied in the audit of the 2017 basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America, and in their opinion, were fairly stated in all material respects in relation to the basic financial statements as a whole for the year ended June 30, 2017.

The accompanying supplementary information in the Analysis of Operations Section is presented for the purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Note 1: Expenditure authority, appropriations, expenditures, and lapsed balances were obtained from the State Comptroller's records as of September 30, 2018 and 2017, and have been reconciled to the University's records.

Note 2: Expenditure amounts are vouchers approved for payment by the University and submitted to the State Comptroller for payment to the vendor.

Note 3: For Fiscal Year 2017, The Circuit Court of St. Clair County in AFSCME Council 31 v. Munger (15 CH 475) ordered the State Comptroller, in the absence of enacted annual appropriations, to "draw and issue warrants accomplishing payment of wages [for all State employees] at their normal rates of pay." As Public Act 100-0021 states appropriation authority granted by the General Assembly does not supercede any court order directing the expenditure of funds and states such payments are added to the appropriations granted by the General Assembly, the University was able to submit vouchers to pay its court-ordered involuntary withholding payroll payments previously processed through the State Treasury within Fund 007 in full without a maximum expenditure limit during Fiscal Year 2017.

Note 4: Public Act 99-524 authorized the University to pay Fiscal Year 2016 costs using its Fiscal Year 2017 appropriations for non-payroll expenditures.

Note 5: During Fiscal Year 2017, the University operated without enacted appropriations sufficient to cover Fiscal Year 2017 costs until Public Act 100-0021 was approved on July 6, 2017. During the impasse, the University incurred reimburseable payroll and non-payroll obligations within Fund 001, Fund 007, and Fund 022; however, the University was unable to process a reimbursement for these expenditures incurred by the University's Income Fund until the passage of Public Act 100-0021.

University Functions and Planning Program

Southern Illinois University (SIU) is a comprehensive university with medical, dental, law, nursing and pharmacy schools, and with degree programs from the associate to the professional and doctoral levels. It primarily serves the citizens of Illinois, but its students come from all 50 states and many foreign countries. It is the only senior system of higher education serving the people of the southern half of the State of Illinois. It has two main campuses, Southern Illinois University Carbondale and Southern Illinois University Edwardsville. The University's Interim President is Dr. Kevin Dorsey.

The SIU System offers an extensive inventory of baccalaureate, graduate and professional degrees, research, public service and continuing education programs. Southern Illinois University is pledged: (1) to maintain the high quality of its programs of instruction, research, and public service; (2) to monitor judiciously the development of, and additions to, these programs; and, (3) to sustain, through these programs, its diverse and comprehensive educational contribution to the people of the region, state, and the nation.

Each campus has established planning procedures for developing new and expanded programs and associated budget requests. The formal planning document is the Resource Allocation Management Plan (RAMP) required by the Illinois Board of Higher Education (IBHE). After approval by the President and the SIU Board of Trustees, the Plan is transmitted to the IBHE for consideration and approval. The IBHE coordinates the Plan with the goals and objectives of other State universities, with the needs of Illinois citizens (as defined by the four goals of the Illinois Public Agenda), and with available resources. The Plan represents the formal long-term and short-term goals for the University. Included in the Plan are requests for substantial changes in academic programs and requests for capital and deferred maintenance funds, as well as funds for personnel and operating needs.

The IBHE has established an eight-year program review schedule whereby all academic programs are reviewed on a recurring cycle. Performance measures (i.e., number of graduates, credit hours generated, cost per credit hour and quality of instruction and research) are reviewed by the internal and external consultants and by the college deans. Specific recommendations are made for improvement, expansion or deletion of programs. Progress in implementing recommendations is monitored by the Office of Academic Affairs at both the campus and system levels and by the IBHE.

University Functions and Planning Program (Continued)

The campuses have also developed an evaluation process whereby research and public service centers and institutes are reviewed on a recurring eight-year cycle. Other non-academic areas (i.e., student services) either participate in specialized accreditation that is available through external agencies (e.g., childcare, student health center) or respond to specific IBHE-mandated "focus" reviews which are part of IBHE's evaluation process.

The University has a budget and planning process that: (1) establishes University priorities and shifts resources to those priorities that advance the mission of the institution; (2) identifies resources to address unexpected expenses and emergencies to avoid major resource reallocations during the year; and, (3) builds a structure to identify resources for planned asset maintenance (facilities, equipment and professional development).

SIU has a deep commitment to excellence in teaching, scholarly creative activities, service and the achievement of these objectives while offering an affordable educational experience for all students.

An annual performance report is made to the Board which presents accomplishments related to the goals established for the fiscal year and an annual financial performance report summarizes overall financial results.

Explanation of Significant Variations in Revenues and Expenses
June 30, 2018 and 2017
(Unaudited)

The following explains variations in revenues and expenses in excess of 10 percent and \$16,000,000 or more between fiscal years 2018 and 2017. The information was obtained from the University financial statements.

Operating Expenses:

	<u>Fiscal Year 2018</u>	<u>Fiscal Year 2017</u>	<u>Difference</u>
Institutional Support	\$ 85,973,713	\$ 101,738,900	\$ (15,765,187)

The decrease in expense is primarily related to University insurance activities. In fiscal year 2017, Self-Insurance funds experienced an under-recovery of costs of \$7.4 million compared to an over-recovery of costs in fiscal year 2018 of \$5.4 million. These two factors combined for a decrease in institutional support expenditures of \$12.8 million which is a substantial amount of the change compared to fiscal year 2017.

Non-Operating Revenues (Expenses):

	<u>Fiscal Year 2018</u>	<u>Fiscal Year 2017</u>	<u>Difference</u>
State appropriations	\$ 276,429,700	\$ 106,963,500	\$ 169,466,200

The increase is primarily related to revenue recognition guidelines reflected in GASB Statement No. 33. The University received \$182 million in appropriations from the Illinois General Assembly for fiscal year 2018. In accordance with GASB 33, the University also had to report \$94 million of fiscal year 2017 appropriations as revenue in fiscal year 2018 as the \$94 million appropriation was not signed into law by the General Assembly until July 6, 2017.

	<u>Fiscal Year 2018</u>	<u>Fiscal Year 2017</u>	<u>Difference</u>
Grants and contracts	\$ 85,230,426	\$ 50,157,134	\$ 35,073,292

The increase can be attributed to receipts related to the Illinois Monetary Award Program (MAP) grant. Due to State budget shortfalls in fiscal year 2017, the University only received \$8 million of MAP payments from the State of Illinois. In fiscal year 2018, the University received \$43 million of MAP payments which included current fiscal year payments as well as prior fiscal year payments that were in arrears.

Explanation of Significant Variations in Assets and Liabilities
June 30, 2018 and 2017
(Unaudited)

Following are the changes in assets and liabilities between June 30, 2018 and June 30, 2017 that involved increases or decreases in excess of 10 percent and \$16,000,000 or more. This information was obtained from the University financial statements.

	Fiscal Year 2018	Fiscal Year 2017	Difference
Cash & Cash Equivalents	\$ 91,075,865	\$ 67,870,182	\$ 23,205,683
Investments	\$ 221,886,168	\$ 109,178,306	\$ 112,707,862

The increase in cash and investments is primarily related to the University receiving a full operating appropriation from the State of Illinois in fiscal year 2018. The University hadn't received a full appropriation since fiscal year 2015 which depleted cash and investment balances over the last two fiscal years. With a full appropriation in fiscal year 2018, the University was able to partially replenish cash balances as State reimbursements were being received regularly for operations, primarily personal service costs. Receiving regular reimbursements also allowed the University to invest more funds than the previous two fiscal years. As a result, the University's pooled investments balances increased significantly.

	Fiscal Year 2018	Fiscal Year 2017	Difference
Liability for OPEB	\$ 174,634,628	\$ -	\$ 174,634,628
Deferred inflows of resources--OPEB	\$ 53,340,170	\$ -	\$ 53,340,170

As a result of implementing GASB Statement No. 75 in fiscal year 2018, the University was required to report its proportionate share of the State of Illinois' liability to Other Post-Employment Benefits (OPEB). The University was also required to report its share of the State's deferred inflows of resources related to OPEB. These requirements did not exist prior to fiscal year 2018.

Analysis of Indirect Cost Recoveries
Year Ended June 30, 2018
(Unaudited)**

The indirect costs incurred in relation to grants and contracts are reimbursed by a portion of such grants and contracts received from governmental agencies and private sources. The indirect costs incurred and the subsequent reimbursements of such costs are accounted for in the University's general ledger as current unrestricted general funds. The reimbursement funds are needed for the following purposes:

- To provide monies for the prefunding of grants and contracts (i.e. expenditures made before grant monies are received);
- To fund central research administrative costs and research-related indirect costs; and
- To fund facility development programs and activities relative to obtaining new contracts.

The University uses its authority the State Finance Act (30 ILCS 105/6a-2) for retaining and expending indirect costs reimbursement funds on a local basis.
