Ladies and Gentlemen:

We are responsible for the identification of, and compliance with, all aspects of laws, regulations, contracts, or grants that could have a material effect on the operations of the University. We are responsible for and we have established and maintained an effective system of internal controls over compliance requirements. We have performed an evaluation of the University's compliance with the following assertions during the year ended June 30, 2005. Based on this evaluation, we assert that during the year ended June 30, 2005, the University has materially complied with the assertions below.

- A. The University has obligated, expended, received and used public funds of the State in accordance with the purpose for which such funds have been appropriated or otherwise authorized by law.
- B. The University has obligated, expended, received and used public funds of the State in accordance with any limitations, restrictions, conditions or mandatory directions imposed by law upon such obligation, expenditure, receipt or use.
- C. The University has complied, in all material respects, with applicable laws and regulations, including the State uniform accounting system, in its financial and fiscal operations.
- D. The State revenues and receipts collected by the University are in accordance with applicable laws and regulations and the accounting and recordkeeping of such revenues and receipts is fair, accurate and in accordance with law.

E. The money or negotiable securities or similar assets handled by the University on behalf of the State or held in trust by the University have been properly and legally administered, and the accounting and recordkeeping relating thereto is proper, accurate and in accordance with law.

Very truly yours,

B. Joseph White, President

Stephen K. Rugg, Comptroller  
Vice President for Administration

Thomas R. Bearrows, University Counsel

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
COMPLIANCE REPORT SUMMARY  
Year Ended June 30, 2005**

The compliance testing performed during this examination was conducted in accordance with *Government Auditing Standards* and in accordance with the Illinois State Auditing Act.

**Auditor's Reports**

The Independent Accountant's Report on State Compliance, on Internal Control Over Compliance, and on Supplementary Information for State Compliance Purposes does not contain scope limitations, disclaimers, or other significant nonstandard language.

**Summary of Findings**

<u>Number of</u>	<u>This Report</u>	<u>Prior Report</u>
Findings	8	8
Repeated findings	2	2
Prior recommendations implemented or not repeated	6	5

Details of the findings are presented in a separately tabbed report section.

A summary of current findings is located in the Matrix of Current Findings Summarizing the Status of the 2005 Recommendations and University Responses.

A summary of prior year audit findings is located in the Matrix of Prior Findings as Presented in the Compliance Audit Report for the Year Ended June 30, 2004.

**Exit Conference**

The findings and recommendations appearing in this report were discussed with management of the University on January 27, 2006, and the responses were provided by University personnel for publication by Kathe M. Shinham, Assistant Vice President for Business and Finance at Urbana-Champaign.

The following individuals participated in the exit conference:

**Independent Accountant's Report on State Compliance  
and on Internal Control Over Compliance  
for State Compliance Purposes**

Honorable William G. Holland  
Auditor General  
State of Illinois

**Compliance**

As Special Assistant Auditors for the Auditor General, we have examined the University of Illinois' compliance with the requirements listed below, as more fully described in the Audit Guide for Financial Audits and Compliance Attestation Engagements of Illinois State Agencies (Audit Guide) as adopted by the Auditor General, during the year ended June 30, 2005. The management of the University of Illinois is responsible for compliance with these requirements. Our responsibility is to express an opinion on the University of Illinois' compliance based on our examination.

- A. The University of Illinois has obligated, expended, received, and used public funds of the State in accordance with the purpose for which such funds have been appropriated or otherwise authorized by law.
- B. The University of Illinois has obligated, expended, received, and used public funds of the State in accordance with any limitations, restrictions, conditions, or mandatory directions imposed by law upon such obligation, expenditure, receipt, or use.
- C. The University of Illinois has complied, in all material respects, with applicable laws and regulations, including the State uniform accounting system, in its financial and fiscal operations.
- D. The State revenues and receipts collected by the University of Illinois are in accordance with applicable laws and regulations and the accounting and recordkeeping of such revenues and receipts is fair, accurate, and in accordance with law.
- E. Money or negotiable securities or similar assets handled by the University of Illinois on behalf of the State or held in trust by the University of Illinois have been properly and legally administered and the accounting and recordkeeping relating thereto is proper, accurate, and in accordance with law.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants; the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the Illinois State Auditing Act (Act); and the Audit Guide as adopted by the Auditor General pursuant to the Act; and, accordingly, included examining, on a test basis, evidence about the University of Illinois' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the University of Illinois' compliance with specified requirements.

In our opinion, the University of Illinois complied, in all material respects, with the aforementioned requirements during the year ended June 30, 2005. However, the results of our procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with criteria established by the Audit Guide, issued by the Illinois Office of the Auditor General and which are described in the accompanying schedule of State findings and questioned costs as findings 05-4, 05-5, 05-6, 05-7, and 05-8. As required by the Audit Guide, immaterial findings relating to instances of noncompliance excluded from this report have been reported in a separate letter to your office.

### **Internal Control**

The management of the University of Illinois is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws and regulations. In planning and performing our examination, we considered the University of Illinois' internal control over compliance with the aforementioned requirements in order to determine our examination procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Audit Guide, issued by the Illinois Office of the Auditor General.

Our consideration of internal control over compliance with the aforementioned requirements would not necessarily disclose all matters in internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws and regulations that would be material in relation to one or more of the aforementioned requirements being examined may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving internal control over compliance that we consider to be material weaknesses. As required by the Audit Guide, immaterial findings relating to internal control deficiencies excluded from this report have been reported in a separate letter to your office.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, the University Board of Trustees, and agency management, and is not intended to be and should not be used by anyone other than these specified parties.

**Independent Auditor's Report on Internal Control Over  
Financial Reporting and on Compliance and Other Matters  
Based on an Audit of Financial Statements Performed  
in Accordance With *Government Auditing Standards***

Honorable William G. Holland  
Auditor General  
State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited the financial statements of the business-type activities and the aggregate discretely presented component units of the University of Illinois, as of and for the year ended June 30, 2005, which collectively comprise the University of Illinois' basic financial statements and the financial statements of the University of Illinois Auxiliary Facilities System, the University of Illinois Willard Airport Facility, and the University of Illinois Health Services Facilities System as of and for the year ended June 30, 2005, and have issued our reports thereon dated September 28, 2005. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audits, we considered the University of Illinois' internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted a certain matter involving the internal control over financial reporting and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the University of Illinois' ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. A reportable condition is described in the accompanying schedule of findings and questioned costs at item 05-1.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe that the reportable condition described above is not a material weakness.

We also noted certain deficiencies in the design or operation of internal control over financial reporting which do not meet the criteria for reporting herein and which are reported as State compliance findings in the schedule of findings. We also noted certain immaterial instances of internal control deficiencies which we have reported to management of the University of Illinois in a separate letter dated September 28, 2005.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the University of Illinois' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted certain matters which are reported as State compliance findings in the schedule of findings. We also noted certain other matters which we have reported to management of the University of Illinois, Auxiliary Facilities System, the University of Illinois Willard Airport Facility, and the University of Illinois Health Services Facilities System in a separate letter dated September 28, 2005.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, the University Board of Trustees, agency management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**Independent Auditor's Report on Compliance With  
Requirements Applicable to Each Major Program and on  
Internal Control Over Compliance and Schedule of Expenditures  
of Federal Awards in Accordance With OMB Circular A-133**

Honorable William G. Holland  
Auditor General  
State of Illinois

**Compliance**

We have audited the compliance of the University of Illinois with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement*, that are applicable to each of its major federal programs for the year ended June 30, 2005. The University of Illinois' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the University of Illinois' management. Our responsibility is to express an opinion on the University of Illinois' compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the University of Illinois' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the University of Illinois' compliance with those requirements.

In our opinion, the University of Illinois complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2005. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 05-2 and 05-3.

## **Internal Control Over Compliance**

The management of the University of Illinois is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the University of Illinois' internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

We noted certain matters involving the internal control over compliance and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in our judgment, could adversely affect the University of Illinois' ability to administer a major federal program in accordance with the applicable requirements of laws, regulations, contracts, and grants. Reportable conditions are described in the accompanying schedule of findings and questioned costs as items 05-2 and 05-3.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with the applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that could be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we consider item 05-3 to be a material weakness.

## **Schedule of Expenditures of Federal Awards**

We have audited the financial statements of the business-type activities and the aggregate discretely presented component units of the University of Illinois as of and for the year ended June 30, 2005, and have issued our report thereon dated September 28, 2005. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the University of Illinois' basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, the University Board of Trustees, agency management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2005**

***Current Findings - Government Auditing Standards***

**05-1 Finding: Class Trip Not in Compliance With University Policies and Procedures (Springfield Campus)**

A trip to China taken by a Springfield Campus class was not handled in accordance with various University policies and procedures.

We reviewed the procedures followed in connection with a 10 day class trip to China in January 2005 which was associated with the College of Business and Management's (CBM) Masters of Business Administration program at the University of Illinois at Springfield (UIS). There were 15 students enrolled in the class and the associated lab. A UIS Dean personally paid for the travel costs of the trip totaling \$48,429. When the Dean and students returned from the trip, the College of Business and Management billed and collected from the students \$1,300 each, primarily for airfare. We noted the following problems:

- We obtained policies for UIS class trips provided by the Provost of the Springfield Campus. The policies required trips to be approved and handled through the Office of International Affairs. Per the Office of Business and Financial Services, the Office of International Affairs was not involved in the CBM trip to China and the policies provided to the auditor were optional. No formal policy exists for approving class trips and establishing course fees at UIS.
- Expenses for the trip were paid out of State funds. Receipts from students were deposited in local funds by the University of Illinois Foundation in the same manner in which CBM collects gifts. As a result, the reimbursement income is not properly offsetting the travel expense on the University of Illinois accounting records in accordance with generally accepted accounting principles.
- The College of Business and Management was not authorized to collect or receive money. University of Illinois Business and Financial (OBFS) Policies and Procedures (Section 10.2) require that only those campus units approved in writing by the campus Assistant Vice President for Business and Finance or delegate, are authorized to collect or receive money for the University.
- The College of Business and Management instructed students to make checks payable to the College of Business and Management rather than the University. OBFS Policies and Procedures (Section 10.3) require that all checks given to any University unit for any and all purposes are to be made payable to the University of Illinois.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2005**

***Current Findings - Government Auditing Standards***

**05-1 Finding: Class Trip Not in Compliance With University Policies and Procedures (Springfield Campus) - Continued**

- Checks collected at CBM do not appear to have been submitted on a timely basis to the Bursar Office. Dates on the checks to CBM from the students for \$1,300 each were dated ranging from April 13 to May 21 and were not deposited until May 24. One student check for \$1,300 was dated July 10 and was not deposited until September 2. OBFS Policies and Procedures (Section 10.2) require that all money collected for the University from any source must be deposited with the Bursar Office daily if \$200 or more is collected or when \$200 has been accumulated over a period of days, or at least once a week if the amount collected is less than \$200.
- The UIS Dean used his personal credit card to pay the travel costs of the trip for himself, 15 UIS students, and a hired consultant. OBFS Policies and Procedures Travel Regulations and prudent business practices call for use of direct billing or Procurement Card (P-Card) whenever possible so that any volume discounts, frequent flyer miles, or other such benefits accrue to the University.
- The Dean and consultant purchased Executive rooms at all hotels in China. There appeared to be a lower rate available as students were charged less. The total difference in cost was approximately \$187. OBFS Policies and Procedures (Section 15.1) state that each employee is to request the lowest available rate when making lodging reservations.
- The Dean requested and received a travel advance for \$24,634. Per OBFS Policies and Procedures (Section 15.2) advances are not provided for expenses that can be charged on a University direct billing, credit plan, P-Card, or corporate card. Many of the charges for the trip could have been paid for using direct billing or P-Card.
- OBFS Policies and Procedures (Section 15.1) states that if a travel advance was provided, the settlement travel claim must be submitted within 15 days of return. The Dean returned from China January 17, 2005, but he did not sign his expense report until February 7, 2005, 21 days after his return.
- OBFS Policies and Procedures (Section 15.2) require that individuals requesting an advance of University funds prepare the Invoice Voucher and Travel/Program Advance form. This form was not used to request/pay the advance; rather the travel reimbursement form was used.

University officials indicated that international class trips are a fairly new concept for this College and procedures had not been standardized or routinized. They stated College personnel were not familiar with the University's cash handling policies or the procedures used by the other campuses for this type of activity.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2005**

***Current Findings - Government Auditing Standards***

**05-1 Finding: Class Trip Not in Compliance With University Policies and Procedures (Springfield Campus) - Continued**

Failure to adhere to University policies and procedures could result in the University incurring unnecessary costs associated with travel. Failure to follow University policies and procedures for the collection of funds may result in loss or misuse of funds, forgone benefits, or other irregularities. (Finding Code No. 05-1)

**Recommendation:**

We recommend that the University take immediate steps to ensure that the College of Business and Management and other affected Colleges are aware of University policies and procedures on Travel and Cash Collections. In addition, UIS should establish formal policies for approving class trips and establishing course fees, similar to those at UIUC and UIC.

**University Responses:**

Accepted. UIS is in the process of developing a student trips policy. Once the policy is developed, training will be provided to the campus. In addition, University cash handling training will be provided to the College.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2005**

**Current Findings - Federal Compliance**

**05-2 Finding: Inappropriate Charges, Inadequate Documentation of Charges, and Duplicate Expenditures Paid by the University (University - Urbana Campus) - Continued**

The University paid vouchers with inappropriate charges, inadequate documentation and duplicate billings.

University personnel became aware of questionable charges on vouchers presented by an investigator for reimbursement from federal awards and contacted the Provost's office. The Provost's Office requested that the Office of University Audits conduct an internal audit of the investigator's and co-investigators' (related faculty members) charges to the federal awards. The Office of University Audits examined charges from July 1999 through February 2005. They noted vouchers which contained inappropriate charges (i.e., second hotel rooms for children, excessive per diems, transportation costs without justification, excessive charges for luxury items, and airfare not in compliance with policies), inadequate documentation, and duplicate billings totaling \$24,948. In addition, one person was paid \$33,643 of housing reimbursement without adequate approval and support. The other person was inappropriately paid a \$5,000 lump sum, charged to a grant, in which she and her relative were co-Principal Investigators, and was overpaid \$2,965 of sabbatical salary in April 2001. The first person also was paid \$15,402 in excess of the allowable sabbatical salary. Of the total charges of \$81,958 which were questionable, \$35,054 was paid with Federal grant funds.

The Office of University Audits noted violations of Office of Business and Financial Services Policies and Procedures Section 15, Travel and Other Employee Reimbursements; University Sabbatical Guidelines; Office of the Provost, Communication 19, Sabbatical Leaves of Absence; and Office of the Provost, Communication 20, Leaves of Absence Without Pay.

The cause of these inappropriate payments was an insufficient review and approval of vouchers and a lack of communication between three University Departments when faculty members work on projects and there is more than one department involved. There was no designation of one person or department to review and supervise the parties involved.

One individual is now deceased and the other has terminated his employment with the University subsequent to the investigation. Per discussion with the University, the departing employee agreed to a cash settlement, whereas he would reimburse the University and \$12,804 was withheld from his final termination payment. In addition, per the University all unallowable costs on sponsored projects have been transferred from grants and charged to unrestricted departmental funds. In October 2005, the University repaid federal agencies for \$35,024 in federal questioned costs.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2005**

**Current Findings - Federal Compliance**

**05-2 Finding: Inappropriate Charges, Inadequate Documentation of Charges, and Duplicate Expenditures Paid by the University (University - Urbana Campus) - Continued**

University policies on documentation requirements, allowable costs, and sabbaticals were violated. In addition, Federal grant requirements related to allowable costs as specified in each specific grant agreement were violated. Questioned costs could lead to loss of Federal funds. Inappropriate charges paid by the University results in a misappropriation of University funds. (Finding Code No. 05-2)

**Recommendation:**

The University should emphasize the importance of the review and approval of vouchers to avoid inappropriate charges being paid. In addition, the University should improve the communication between departments when faculty members are working on projects for more than one department.

**University Response:**

Accepted. The departments affected by the finding are implementing procedures to identify potential conflicts of interest and developing plans to manage any conflicts of interest once identified in accordance with the "University Policy on Conflicts of Commitment and Interest." Departments have been reminded of their responsibility to comply with University policies and procedures as well as Federal guidelines when reviewing and approving expenditures.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2005**

**Current Findings - Federal Compliance**

**05-3 Finding: Inaccurate Amounts Were Submitted on the FISAP (University - Urbana Campus)**

Federal Agency: Department of Education  
Program Name: Student Financial Aid - Perkins Loan Program  
Grant: Perkins Loan  
CFDA: 84.038  
Questioned Costs: None

The Urbana campus reported inaccurate Federal Perkins Loan program information on their fiscal year 2004 Fiscal Operations Report and Application to Participate (FISAP) to the Federal government. The FISAP is an annual report required by the Department of Education to apply for and report activity related to the Perkins Loan Program, Federal Supplemental Educational Opportunity Grant Program, and Federal Work Study Program.

During our testing, we determined that several numbers reported in Part III of the FISAP could not be verified in the general ledger system. These included funds advanced to students understated by \$65,045, interest income on loans overstated by \$193,662, institutional capital contribution understated by \$35,786, other income understated by \$40,926, and administrative cost allowance and collection costs understated by \$91,872.

Amounts reported on the FISAP should be accurate and verifiable. Per discussions with the University, they are working on a corrected FISAP which will be submitted as soon as complete.

University personnel stated that it changed accounting systems during fiscal year 2004. In addition, there was no review process in place to determine that the amounts in the general ledger system agreed with what was reported on the FISAP.

Inaccurate reporting is a violation of the reporting requirements of the Department of Education. (Finding Code No. 05-3)

**Recommendation:**

We recommend that a review process be established to ensure that the amounts reported to funding agencies are accurate.

**University Response:**

Accepted. These reporting inaccuracies occurred as a result of a university-wide system conversion. The University will establish procedures to ensure that FISAP data is reviewed and verified in the future.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2005**

**Current Findings - State Compliance**

**05-4 Finding: Contracts Not Filed Timely (University Wide)**

Contracts were not filed with the State of Illinois, Office of the Comptroller on a timely basis.

Of twenty-six contracts tested, ten were not filed with the Office of the Comptroller at all and fifteen were not filed timely. The late filings ranged from twenty-one days to two hundred ninety-nine days late.

The Illinois Procurement Code (30 ILCS 500/20-80(b)) and the Statewide Accounting Management System (Procedure 15.10.40) require State agencies to file contracts for professional and artistic services exceeding \$5,000 and contracts for other goods and services exceeding \$10,000 with the State Comptroller within 15 calendar days after execution.

University personnel stated that three of the contracts were filed; however, the Office of the Comptroller does not have record of them. University personnel also stated that they did not fully understand the requirements for filing contract amendments and contracts formed with purchase orders. The University misinterpreted the timing required for filing and filed the contracts within the fiscal year of the contract rather than within 15 days of execution.

Failure to file contracts with the Office of the Comptroller on a timely basis is not in compliance with State statutes and regulations. (Finding Code Nos. 05-4, 04-8)

**Recommendation:**

We recommend the University revise its procedures to ensure contracts are filed with the Office of the Comptroller in accordance with State statutes and guidelines.

**University Response:**

Partially accepted. We agree that the University failed to file four (4) contracts with the Office of the Comptroller due to an oversight. Eighteen (18) contracts were filed in accordance with historical procedures used at the University (on the Start date of the contract versus the Execution date). Based on an audit finding for FY2004, these procedures have now been changed for filing to occur within 15 days of Execution date in order to comply with State statutes and guidelines. Three (3) purchase orders were not filed with the Office of the Comptroller because the University has never filed purchase orders unless accompanied by a separate contract agreement. These purchase orders did not have separate contract agreements. This interpretation of "contract" as it relates to filing requirements is currently under review. One (1) land acquisition contract was not filed with the Office of the Comptroller because it is the understanding of the University that land acquisition contracts are not subject to filing requirements.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2005**

**Current Findings - State Compliance**

**05-5 Finding: Real Estate Leases Not in Accordance With Guidelines (University Wide)**

Real estate leases were not in accordance with guidelines nor were they all filed with the State of Illinois, Office of the Comptroller or Secretary of State on a timely basis.

We examined 30 real estate leases from all areas of the University. Of the 30 leases selected for testing, 12 were executed in fiscal year 2005, 11 were extended in fiscal year 2005, and 7 were executed prior to fiscal year 2005. The following problems were noted:

- The property on one of the leases was sublet to another entity without a written sublease agreement. The original lease agreement forbids subletting the premises without prior written consent of the Landlord.
- 15 leases were not filed with the Office of the State Comptroller and 6 leases were filed late. The late filings ranged from 13 to 150 days late.
- 3 leases were not filed with the Secretary of State and 24 leases were filed late. The late filings ranged from 7 to 200 days late.
- 4 leases were executed after the lease term began. The lease executions ranged from 11 days to 47 days late.
- 3 leases for freestanding buildings did not contain an option to purchase the building or documentation that a purchase option was not feasible or in the State's best interest.
- 2 leases including provisions for the reimbursement of expenses to the Landlord did not include a requirement for the Landlord to maintain books and records relating to the expenses charged to the University for a period of at least 3 years.

The Illinois Procurement Code (30 ILCS 500 et seq.), Statewide Accounting Management System (Procedure 15.20.40) and the University of Illinois Business and Financial Policies and Procedures (Section 2.3) require all real estate leases to include certain clauses and certifications. The Statewide Accounting Management System (Procedure 15.20.40) also requires State agencies to file real estate leases exceeding \$10,000 with the State of Illinois, Office of the Comptroller within 15 calendar days after execution. The State Finance Act (30 ILCS 105/9(a)) requires State agencies to file leases with the Secretary of State within 15 days after execution.

University personnel stated that obtaining a written, approved sublease agreement was overlooked and that the lease expired on July 1, 2005. In addition, University personnel were filing leases with the Secretary of State but stated they were unaware of the 15 day filing requirement. University personnel cited lack of consistent application of procedures as the cause for the other issues.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2005**

**Current Findings - State Compliance**

**05-5 Finding: Real Estate Leases Not in Accordance With Guidelines (University Wide) - Continued**

Failure to adhere to the provisions of lease agreements leaves the University vulnerable to unnecessary liabilities. In addition, failure to file and include all appropriate clauses and certifications in real estate leases results in noncompliance with State statutes and regulations. (Finding Code Nos. 05-5, 04-5, 03-6)

**Recommendation:**

We recommend that the University improve its procedures to ensure adherence to the terms and conditions of all lease agreements. We also recommend that the University implement uniform procedures to ensure all appropriate clauses and certifications are obtained prior to execution for all real estate lease agreements. We further recommend that the University file all real estate leases in excess of \$10,000 with the State of Illinois, Office of the Comptroller as required by State guidelines. We also recommend that leases be filed with the Secretary of State within the required 15 day deadline.

**University Response:**

Accepted. The University reviewed its clauses and certifications to ensure they are up-to-date and will incorporate them into all new leases or renewals. Efforts are ongoing to enhance procedures to ensure compliance. Further, University will ensure that all real estate leases in excess of \$10,000 have been filed with the Comptroller's Office in accordance with state guidelines and that all leases are filed with the Secretary of State's office within the required 15-day deadline.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2005**

**Current Findings - State Compliance**

**05-6 Finding: Time Sheets Not Required (University Administration)**

The University did not require all employees to submit time sheets as required by the State Officials and Employees Ethics Act (Act).

The Act required the Illinois Board of Higher Education (IBHE), with respect to State employees of public universities, to adopt and implement personnel policies. The Act (5 ILCS 430/5-5(c)) states, "The policies shall require State employees to periodically submit time sheets documenting the time spent each day on official State business to the nearest quarter hour; contractual State employees may satisfy the time sheets requirement by complying with the terms of their contract, which shall provide for a means of compliance with this requirement." The IBHE adopted personnel policies for public universities on February 3, 2004 in accordance with the Act. The University has not incorporated these policies into the University's policies.

We noted most of the University's employees did not submit time sheets in compliance with the Act. Employees classified as board members, faculty, and academic professionals generally track their time using a "negative" timekeeping system whereby the employee is assumed to be working unless noted otherwise. No time sheets documenting the time spent each day on official State business to the nearest quarter hour are maintained for the majority of University employees. The employees classified as civil service, academic hourly and graduates/students are documenting time worked to the nearest tenth of an hour.

University management stated they relied on advice provided from the Executive Inspector General, during an in-person meeting on May 11, 2004. The meeting was attended by numerous representatives of public institutions of higher education for the express purpose of interpreting the Act's provisions and compliance therewith. During that meeting, the Executive Inspector General stated that agencies using a negative reporting system would be in compliance with the Act.

By not requiring appropriate time sheets from its employees, the University is not in compliance with the Act. (Finding Code No. 05-6)

**Recommendation:**

We recommend the University amend its policies to require all employees to submit time sheets in compliance with the Act.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2005**

**Current Findings - State Compliance**

**05-6 Finding: Time Sheets Not Required (University Administration) - Continued**

**University Response:**

Not accepted. The University has several reasons for its decision not to accept the recommendation.

- The finding and recommendation do not take into account language in the Ethics Act (5 ILCS 430/5-5), which provides that “contractual State employees may satisfy the time sheets requirement by complying with the terms of their contract...” Towards this end, the University relied on advice from the Executive Inspector General, Z. Scott, which was provided in person by Ms. Scott to representatives from various public universities in the State. This advice was confirmed in correspondence from the OEIG dated 24 May 2004. She wrote the following: “...it appears that a system of “absence reporting” would be an appropriate method of time keeping under the Ethics Act. Under this system, an employee would only report time during the normal work schedule that was not spent at work and provide the category of leave time away.” The University, along with other public universities in the State, relied on this advice when implementing the provisions of the legislation.
- Additionally, the OAG’s interpretation of the statute has ramifications under the federal Fair Labor Standards Act. If the University were to require employees who are considered exempt to track time in quarter-hour increments as outlined in the finding and recommendation and then were to take adverse employment-related action for not working the requisite time in a given day (based on a quarter-hour increment), this very well could cause these employees to be considered non-exempt, and therefore eligible for overtime pay. Hence, strict compliance with the OAG’s interpretation of the statute not only is at odds with Federal law, it also could result in significant additional costs to the University.

**Auditors’ Comment:**

The State Officials and Employees Ethics Act defines “State agency” to include “public institutions of higher learning...” 5 ILCS 430/1-5. The University of Illinois is defined as a public institution of higher education in Section 2 of the Higher Education Cooperation Act. 110 ILCS 220/2. Further, the State Officials and Employees Ethics Act defines “State employee” to be “any employee of a State agency.” 5 ILCS 430/1-5.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2005**

**Current Findings - State Compliance**

**05-6 Finding: Time Sheets Not Required (University Administration) - Continued**

**Auditors' Comment - Continued:**

As noted in the finding, the State Officials and Employees Ethics Act requires "State employees to periodically submit time sheets documenting the time spent each day on official State business to the nearest quarter hour..." 5 ILCS 430/5-5 (c). This timekeeping requirement went into effect March 1, 2004. The negative timekeeping system used for several categories of University employees requires those employees to report only time away from State business, not the time spent each day on State business. Further, it is logical to assume that, by adopting this language, the legislature meant to effect a change in the method used by State employees to record their time - that is, to adopt a positive timekeeping system.

The University raises three general points:

1. With regard to contractual employees, the University points out that the Act provides that "contractual State employees may satisfy the time sheets requirement by complying with the terms of their contract." The University fails, however, to complete the quoted portion of the statute. The full quote is as follows: "contractual State employees may satisfy the time sheets requirement by complying with the terms of their contract, which shall provide for a means of compliance with this requirement." 5 ILCS 430/5-5 (c). Therefore, contractual employees are not exempted from the timekeeping requirement as the University would apparently have us believe.
2. With regard to the advice from the Office of Executive Inspector General upon which the University states it relied in maintaining its customary, long-standing negative timekeeping system, the auditors would point out that the memorandum clearly states that it "is not a legal opinion."
3. With regard to the Fair Labor Standards Act (FLSA), the University's arguments are completely without merit for the following reasons:
  - First, this finding deals only with the keeping of time sheets by employees. It is well settled that the Fair Labor Standards Act does not prohibit employers from requiring employees to fill out time sheets and that such a requirement does not, in and of itself, affect their status under the FLSA. See, for instance, U.S. Department of Labor opinion letter dated July 9, 2003, stating: "...the tracking or accounting of actual hours worked by exempt employees does not violate the 'salary basis' requirements [of the FLSA]."

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2005**

**Current Findings - State Compliance**

**05-6 Finding: Time Sheets Not Required (University Administration) - Continued**

**Auditors' Comment - Continued:**

- The University states in its response that, if it were to take adverse employment-related action against an employee because he or she did not work the requisite time in a given day, “this very well could cause these employees to be considered non-exempt [under the FLSA], and therefore eligible for overtime pay.” This argument is specious on three grounds. First, the FLSA explicitly allows docking of public employees under certain circumstances in accordance with policies and practices established pursuant to principles of public accountability (see 29 CFR 541.710). Second, an entity is not in violation of the FLSA when it considers an employee’s absences in conducting performance evaluations. As stated in a U.S. Department of Labor opinion dated April 11, 2005, “The FLSA contains no provision that in any way limits the factors that may be considered in employee performance evaluations.” Finally, if the University is concerned about taking “adverse employment-related action” against an employee based on the time sheet record, then we simply suggest the University not take such action. This finding - and the auditors’ recommendation - merely deals with keeping a record of the time each employee spends each day on official State business - as required by State law.

The auditors continue to believe that a positive timekeeping system for State employees - including University employees - is required by the State Officials and Employees Ethics Act. If the University disagrees with this conclusion, we further recommend that it seek a formal, written opinion from the Attorney General’s Office on the requirements of this statutory provision.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2005**

**Current Findings - State Compliance**

**05-7 Finding: Travel Headquarters Reports Not Filed (University Administration)**

The University did not file Travel Headquarters reports with the Legislative Audit Commission as required by the State Finance Act.

The State Finance Act (30 ILCS 105/12-3) states that each state agency “shall file reports of all of its officers and employees for whom official headquarters have been designated at any location other than that at which their official duties require them to spend the largest part of their working time.” The reports should list, for each applicable officer or employee, the place designated as his or her official headquarters and the reason for that designation. The reports are to be filed with the Legislative Audit Commission no later than each July 15 for the period from January 1 through June 30 of that year and no later than each January 15 for the period from July 1 through December 31 of the preceding year.

The University prepared a report for the period from July 1 through December 31, 2004 with a noted filing date of March 31, 2005, which is after the required reporting deadline of January 15, 2005. The University did not file a report for the period from January 1 through June 30, 2005. According to personnel at the Legislative Audit Commission, they did not receive a report of travel headquarters for either reporting period in fiscal year 2005.

University management stated that the personnel responsible for completing and filing these reports was changed during the fiscal year. They are unsure why the first report is not on record as filed at the Legislative Audit Commission. The second report was inadvertently overlooked.

Failure to file the required reports with the Legislative Audit Commission results in noncompliance with State statutes. (Finding Code No. 05-7)

**Recommendation:**

We recommend that the University comply with the statute by filing the reports of official headquarters with the Legislative Audit Commission by the required due dates.

**University Response:**

Accepted. Procedures will be implemented to ensure the University is in compliance with the statute by filing the official headquarters report with the Legislative Audit Commission by the required due dates.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2005**

**Current Findings - State Compliance**

**05-8 Finding: University Publications (University Administration)**

The University did not include information required by the Illinois Procurement Code on publications printed for the University.

The Illinois Procurement Code (30 ILCS 500/20-105) requires that “all books, pamphlets, documents, and reports published through or by the State of Illinois or any State agency, board, or commission shall have printed thereon “Printed by authority of the State of Illinois,” the date of each publication, the number of copies printed, and the printing order number.” We interpret this requirement as being applicable to the State universities.

University personnel stated they believed this section of the statute does not apply to State universities. According to discussions with University personnel, universities were excluded from this requirement prior to the Illinois Procurement Code, which became effective in 1998. The University has taken the position that the General Assembly did not intend to apply this section of the Procurement Code to materials published by State universities.

Failure to include the information listed above is not in compliance with the Illinois Procurement Code. (Finding Code No. 05-8)

**Recommendation:**

We recommend the University begin printing the information required by the Illinois Procurement Code on all publications or pursue a statutory change.

**University Response:**

Accepted. Prior to 1998, the state universities were specifically excluded from complying with this requirement and we still operate under that premise. We believe current legislation was not intended to apply to the universities. If necessary, we will seek legislative clarification. It is important to note two particular aspects that are problematic with applying this requirement to university publications.

1. Aside from annual reports, the university does not publish any official state documents. Unlike other kinds of state publications, such as the Rules of the Road or pamphlets setting out the requirements for hunting licenses, university-published books and articles do not represent official state policies or regulations and such publications are not in any way officially approved or authorized by the State. To include language indicating that such publications were printed “by authority of the State of Illinois” would be misleading since the publications do not reflect the official position of the State.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2005**

**Current Findings - State Compliance**

**05-8 Finding: University Publications (University Administration) - Continued**

**University Response - Continued:**

2. Many publications of state universities are not supported by appropriated funds.

In a number of cases, publications are supported by other public or private sponsors, and require acknowledgement of that sponsor in the publication. Examples of this include but are not limited to:

- 4-H and other Co-operative Extension publications,
- Publications resulting from federal research funding, and
- Publications resulting from funding by private foundations.

In those cases, it would not be accurate to describe the publication as being “printed by authority of the State of Illinois.” Instead, the publication is printed by the university under the authority of some other body who provided the funding for the publication.

In other cases, publications are printed by auxiliary units of a state university, such as a university press. Those units are required by state laws and regulations to be self-supporting and may not use appropriated funds to support their operations. The application of this statute could severely impair, if not ruin, these types of commercial operations by revealing to competitors the size of each and every press run for each book published. With the use of modern technology, press runs can be as small as one book.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2005**

**Prior Findings Not Repeated**

**Government Auditing Standards**

**05-9 Finding: Bank Reconciliation Process (University Wide)**

During the prior examination, we noted numerous reconciling items on a student loan collection account that were left unresolved. We also noted a payroll bank account that was not reconciled on a timely basis. (Finding Code No. 04-1)

During our current examination, we noted account reconciliations were current and reconciling items are being cleared on a timely basis.

**05-10 Finding: Gifts in Kind (University - Chicago Campus)**

During the prior examination, we noted an instance in which University personnel did not record a land donation on a timely basis. (Finding Code No. 04-2)

During our current examination, we did not note any similar instances of untimely recording of donations. The University staff implemented an internal communication and reconciliation process that ensures the inclusion of capital asset additions in the Banner fixed asset system, and subsequently in the University Annual Financial Report and bondholder reports.

**Federal Compliance**

**05-11 Finding: Compliance With Funding Requirements - Statement of Appointments (University - Chicago Campus)**

During the prior examination, we noted that the Statements of Appointments for the Occupational Safety and Health Training Grants were often not being completed at all or were completed late. (Finding Code No. 04-3)

In the current examination, we found that Statements of Appointment are being completed now, however, there were still some that were late; therefore, this finding has been moved to Immaterial Finding No. IM05-4.

**05-12 Finding: Operation of Unapproved Storeroom (University - Chicago Campus)**

During the prior examination, we noted the biochemistry department was operating a storeroom that was not approved by the University and was not following University policies and procedures. (Finding Code No. 04-4)

During the current examination, we noted the University has notified their cognizant agency and is waiting for their direction in regard to the repayment of funds. Procedures to identify storerooms were reviewed this year as part of the examination and certain storerooms were tested with no issues noted.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2005**

**Prior Findings Not Repeated**

**State Compliance**

**05-13 Finding: Expenses Charged to the Wrong Fiscal Year (University Wide)**

During the prior examination, we noted instances where University personnel did not record expenses in the correct fiscal year. (Finding Code No. 04-6)

During the current examination, we did not note significant expenses charged to the wrong fiscal year.

**05-14 Inadequate Property Listing (University - Urbana and Chicago Campuses)**

During the prior examination, the University's property and equipment listing contained inaccurate information, including items capitalized at incorrect amounts, disposed equipment, transferred equipment, and unrecorded equipment. (Finding Code No. 04-7)

During our current examination, less significant problems were noted in the property and equipment listing; therefore, this finding has been moved to Immaterial Finding No. IM05-2.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
MATRIX OF PRIOR FINDINGS AS PRESENTED  
IN THE COMPLIANCE EXAMINATION REPORT  
Year Ended June 30, 2004**

As part of the University of Illinois examination for the year ended June 30, 2005, we have evaluated the recommendations made during the prior year examination of the University. The following schedule summarizes the results of the evaluation. The recommendation numbers correspond to the University of Illinois Compliance Examination Report for the year ended June 30, 2004.

<u>Recommendation</u>	<u>Repeated</u>	<u>Not Repeated</u>
<b>Prior Findings - Government Auditing Standards</b>		
<u>University Wide</u>		
04-1. <u>Bank Reconciliation Process</u> (Finding Code No. 04-1)		
Research and resolve all reconciling items on a timely basis. Establish procedures to review reconciliations in a timely manner to ensure they are being performed on a timely basis and to assist in resolving reconciling items as they occur.		05-9
<u>University - Chicago Campus</u>		
04-2. <u>Gifts in Kind</u> (Finding Code Nos. 04-2)		
Review procedures regarding gifts in kind to ensure that documentation is submitted in a timely manner so that gifts in kind will be recorded in the University's accounting system on a timely basis.		05-10
<b>Prior Findings - Federal Compliance</b>		
<u>University - Chicago Campus</u>		
04-3. <u>Compliance With Funding Requirements - Statement of Appointments</u> (Finding Code No. 04-3, 03-4)		
Follow through with the oversight procedures developed to ensure all Statements of Appointments follow the guidelines that are set out in the Notice of Award.		05-11

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS

<b>Prior Findings - State Compliance (Continued)</b>		
<u>University - Urbana and Chicago Campuses</u>		
04-7. <u>Inadequate Property Listing</u> (Finding Code No. 04-7)		
Take the necessary steps to comply with the State Property Control Act and with the University's Business and Financial Policies and Procedures manual. Ensure that the procedures are clearly understood by personnel responsible for property control within each department.		05-14
<u>University - Urbana and Chicago Campuses</u>		
04-8. <u>Contracts Not Filed Timely</u> (Finding Code No. 04-8)		
Implement procedures to ensure all contracts over \$10,000 are filed with the Office of the State Comptroller in accordance with State statutes and guidelines.	05-4	
	----- <u>2</u>	----- <u>6</u>

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
MATRIX OF CURRENT FINDINGS SUMMARIZING  
THE STATUS OF THE 2005 RECOMMENDATIONS  
AND UNIVERSITY RESPONSES**

As part of our examination of the University of Illinois, we have summarized the status of our 2005 recommendations and University responses:

<u><b>Recommendation</b></u>	<u><b>Accepted</b></u>	<u><b>Rejected</b></u>
<b>Current Finding - Government Auditing Standards</b>		
<u>University - Springfield Campus</u>		
05-1. <u>Class Trip Not in Compliance With University Policies and Procedures</u> (Finding Code No. 05-1)		
Review procedures on travel and cash collections with University personnel. Establish formal policies for class trips and course fees.	X	
<b>Current Findings - Federal Compliance</b>		
<u>University - Urbana Campus</u>		
05-2. <u>Inappropriate Charges, Inadequate Documentation of Charges, and Duplicate Expenditures Paid by the University</u> (Finding Code No. 05-2)		
Emphasize the importance of the review and approval of vouchers to avoid inappropriate charges being paid. In addition, the University should improve the communication between departments when faculty members are working on projects for more than one department.	X	
<u>University - Urbana Campus</u>		
05-3. <u>Inaccurate Amounts Were Submitted on the FISAP</u> (Finding Code No. 05-3)		
Establish procedures that create a review process that will ensure amounts reported to funding agencies are accurate.	X	
<b>Current Findings - State Compliance</b>		
<u>University Wide</u>		
05-4. <u>Contracts Not Filed Timely</u> (Finding Code Nos. 05-4, 04-8)		
Review procedures related to contract filing and revise current University procedure to ensure contracts are filed with the Office of the Comptroller in accordance with State statutes and guidelines.	X	

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
MATRIX OF CURRENT FINDINGS SUMMARIZING  
THE STATUS OF THE 2005 RECOMMENDATIONS  
AND UNIVERSITY RESPONSES**

<u>Recommendation</u>	<u>Accepted</u>	<u>Rejected</u>
<b>Current Findings - State Compliance (Continued)</b>		
<u>University Wide</u>		
05-5. <u>Real Estate Leases Not in Accordance With Guidelines</u> (Finding Code Nos. 05-5, 04-5, 03-6)		
Implement uniform procedures to ensure the appropriate clauses and certifications are obtained for all real estate lease agreements. File all real estate leases in excess of \$10,000 with the Comptroller's office. Ensure that leases are filed with the Secretary of State within the 15 day deadline.	X	
<u>University Administration</u>		
05-6. <u>Time Sheets Not Required</u> (Finding Code No. 05-6)		
Review requirements of State Officials and Employees Ethics Act and amend University policies to require all employees to submit time sheets in compliance with the Act.		X
<u>University Administration</u>		
05-7. <u>Travel Headquarters Reports Not Filed</u> (Finding Code No. 05-7)		
Take the necessary steps to comply with the State Finance Act by filing the reports of official headquarters with the Legislative Audit Commission by the required due dates.	X	
<u>University Administration</u>		
05-8. <u>University Publications</u> (Finding Code No. 05-8)		
Take the necessary steps to either begin printing all required information under the Illinois Procurement Code or pursue a statutory change.	X	

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
FINANCIAL RELATED INFORMATION SUMMARY  
Year Ended June 30, 2005**

Financial related information presented in this section of the report includes the following:

- Financial Related Schedules:
  - Schedule of Expenditures of Federal Awards
  - Attachment to Schedule of Expenditures of Federal Awards
  - Notes to the Schedule of Expenditures of Federal Awards

The Schedule of Expenditures of Federal Awards presented in this section has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in the auditor's opinion, it is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The findings and auditor's reports on compliance testing and questioned costs and internal control related to federal awards are presented in the Compliance Report section of this report.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
Year Ended June 30, 2005**

**NOTE 1 - SCOPE OF AUDIT PURSUANT TO OMB CIRCULAR A-133**

All federal grant operations of the University of Illinois (University) are included in the scope of the audit pursuant to Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* (Single Audit). The Single Audit was performed in accordance with the provisions of the *OMB Circular A-133 Compliance Supplement*. Testing of all applicable compliance requirements, as described in the Compliance Supplement, was performed in accordance with the guidance provided by the Compliance Supplement. For programs not included in the Compliance Supplement, compliance testing was performed in accordance with the compliance requirements determined by researching the statutes, regulations, and grant agreements governing the individual programs or by researching the *Catalog of Federal Domestic Assistance*. Additionally, some agencies have developed audit guidance for programs not included in the Compliance Supplement. The University's major programs for which compliance testing was performed are as follows:

- Research and Development Cluster
- Student Financial Aid Cluster
- Child Care and Development Fund Cluster/Temporary Assistance for Needy Families
- Maternal and Child Health Services
- Food Stamps
- National Resource Centers and Fellowship Program
- Special Education Technical Assistance and Dissemination
- National Institute on Disability and Rehabilitation

The Office of the Inspector General of the U.S. Department of Defense has been designated as the University's cognizant agency for the Single Audit.

**NOTE 2 - FISCAL PERIOD AUDITED**

Single Audit testing procedures were performed for program transactions occurring during the fiscal year ended June 30, 2005, in accordance with OMB Circular A-133.

**NOTE 3 - BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards includes the federal awards activity of the University of Illinois for the year ended June 30, 2005, and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

The schedule designates federal awards as direct, pass-through, or indirect. Direct awards represent federal funding awarded directly to the University by a federal funding agency. Pass-through awards are federal awards passed through a State of Illinois department or agency to the University. Indirect awards represent federal awards passed to the University through nongovernmental entities or governmental entities other than the State of Illinois.

**STATE OF ILLINOIS  
UNIVERSITY OF ILLINOIS  
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
Year Ended June 30, 2005**

**NOTE 4 - FINDINGS**

There was a material weakness in internal control over compliance that was identified in connection with the 2005 Single Audit as disclosed in the schedule of findings and questioned costs. The status of the findings of noncompliance identified in connection with the 2004 and previous audits is presented in the Matrix of Prior Findings section of this Compliance Report.

**NOTE 5 - MAJOR PROGRAMS**

In accordance with OMB Circular A-133, major programs of the University are an individual award or a number of awards in a category of federal awards determined to be major using a risk-based approach. The risk-based approach includes consideration of such criteria as current and prior audit experience, oversight by federal agencies and pass-through entities, and the inherent risk of the federal program. Under the risk-based approach, programs are classified as either "Type A" or "Type B." A Type A program is determined pursuant to formulas based on total federal awards expended. For the University, all programs with federal awards expended exceeding \$3 million are identified as Type A programs. Federal programs not identified as Type A programs are Type B programs.

**NOTE 6 - CHILD CARE CLUSTER (93.575, 93.558, 93.667, and 93.596)**

The University of Illinois received a pass-through grant from Illinois Department of Human Services (IDHS) to review the applications of families for subsidized day care. The University expended federal funds in the amount of \$920,095 during fiscal year ended June 30, 2005 to provide this service. The applications were reviewed according to guidelines set by the Illinois Department of Human Services, who was the prime recipient of the federal funds. As a result of the University's application review, the State Comptroller distributed \$12,069,973 to day care providers. The application review procedures were audited as part of the FY05 A-133 audit.

**NOTE 7 - STUDENT LOAN PROGRAMS**

As disclosed in the noncash federal awards section of the schedule of expenditures of federal awards, the Federal Direct Student Loan Program (84.268) administered by the University awarded approximately \$129.8 million at the Urbana campus and \$110.2 million at the Chicago campus. The value of federal loans issued at the Springfield campus under the Federal Family Education Loans Program (84.032) totaled approximately \$11.1 million.

The value of the federal capital contributions received for the year ended June 30, 2005 under the Federal Perkins Loan Program (Perkins) was approximately \$737,000, \$180,000 for the Health Professions Student Loans Program (HPSL), and \$166,000 for the Loans to Disadvantaged Students (LDS). The values of new loans issued to students for the year ended June 30, 2005 were approximately \$5.8 million for Perkins (84.038), \$1.3 million for HPSL (93.342), and \$.1 million for LDS (93.342). The total loan balances outstanding at June 30, 2005 were approximately \$38.8 million for Perkins, \$9.1 million for HPSL, and \$.3 million for LDS.
